MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, DECEMBER 20, 1945.

A total of 243 attacks with 127 deaths from Plague was returned from 70 villages in 36 taluks in 8 districts during the week against 199 attacks with 92 deaths in the previous week. Cities of Bangalore and Mysore reported 6 attacks (imported 1) with 9 deaths (imported 1) and 1 attack with 1 death, respectively, while Kolar Gold Field Area reported 3 attacks (imported 1) with 1 death. Comparative figures for the corresponding week in 1944 and 1943 were 271 attacks with 173 deaths and 167 attacks with 110 deaths, respectively. Civil and Military Station Bangalore reported 2 attacks with 1 death.

A total of 13 attacks with 2 deaths from Small-pox were reported from one village in Closepet Taluk and Kolar Gold Field area.

The State remained free from Cholera, Influenza and Relapsing Fever.

The total mortality for Bangalore City amounted to 168 (55 in hospitals) representing a calculated death-rate of 31·0 (20·8 excluding hospital deaths) per mille of population as against 28·7 for the corresponding week of last year. Classified according to causes the deaths numbered 9 under Plague, 1 under Malaria, 2 under Typhoid, 7 under Other Fevers, 2 under Phthisis, 19 under Dysentery and Diarrhœa and 128 under All Other Causes. The reported mortality was high due to Dysentery and Diarrhœa and All Other Causes.

During the week the Civil and Military Station, Bangalore, returned 100 deaths (20 in hospitals) representing a calculated death-rate of 30·7 (24·6 excluding hospital deaths) per mille of population as against 42·5 for the corresponding week of last year. Classified according to causes the deaths were: Plague 1, Small-pox 2, Malaria 1, Broncho-Pneumonia 3, Pneumonia 6, Other Fevers 1, Phthisis 3, Dysentery and Diarrhœa 18, and all other causes 65.

The total mortality for Mysore City was 44 (25 in hospitals) representing a calculated death-rate of 14·6 (5·0 excluding hospital deaths) per mille of population as against 23·6 for the corresponding week of last year. Classified according to causes the deaths were: Plague 1, Malaria 1, Typhoid 1, Other Fevers 6, Phthisis 1, Dysentery and Diarrhœa 6, and all other causes 28. The reported mortality was low.

There were 36 deaths (3 in hospitals) from all causes in Kolar Gold Field Area equivalent to a calculated death-rate of 17·3 (15·8 excluding hospital deaths) per mille of population as against 32·4 for the corresponding week of last year. Classified according to causes the deaths numbered: 1 under Plague, 2 under Malaria, 1 under Other Fevers, 2 under Dysentery and Diarrhœa and 30 under all other causes. The reported mortality was low.

4233

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, 27TH DECEMBER 1945.

A total of 192 attacks with 78 deaths from Plague was returned from 51 villages in 34 taluks in all the Districts, during the week against 243 attacks with 127 deaths in

the previous week. Cities of Bangalore and Mysore reported 2 attacks with 4 deaths, (Imp. 1) and 3 attacks with 3 deaths, respectively, while Kolar Gold Field Area reported 2 attacks (Imp. 1) with 3 deaths. (Imp 1). Comparative figures for the corresponding week in 1944 and 1943 were 208 attacks with123 deaths and 104 attacks with 85 deaths, respectively. C. & M. Station reported 1 attack (Imp 1) with nil death.

A total of 16 attacks with 5 deaths from Small pox were reported from C. & M. Station, Bangalore City, Kolar Gold Fields, Dodballapur Town, Nelamangala Taluk and Krishnarajanagar Taluk.

The State remained free from Cholera, Influenza and Relapsing Fever.

The total mortality for Bangalore City amounted to 116 (12 in Hospitals) representing a calculated death-rate of 21·4 (19·2 excluding hospital deaths) per mille of population as against 23·0 for the corresponding week of last year. Classified according to causes the deaths numbered 4 under Plague, 1 under Small-pox, 2 under Typhoid, 5 under Other Fevers, 5 under Phthisis, 10 under Dysentery and Diarrhœa, and 89 under all other causes

During the week the Civil and Military Station, Bangalore, returned 85 deaths (10 in hospitals), representing a calculated death-rate of 28·2 (23·1 excluding hospital deaths) per mille of population as against 37·3 for the corresponding week of last year. Classified according to causes, the deaths were Malaria 1, Broncho-Pneumonia 1, Pneumonia 9, Phthisis 4, Dysentery and Diarrhœa 9, and all other causes 61.

The total mortality for Mysore City was 29 (15 in hospitals) representing a calculated death-rate of 8·9 (1·3 excluding hospital deaths) per mille of population as against 17·4 for the corresponding week of last year. Classified according to causes the deaths were Plague 3, Other Fevers 3, Dysentery and Diarrhœa 4, and all other causes 19.

There were 31 deaths (15 in hospitals) from all causes in Kolar Gold Field Area equivalent to a calculated death-rate of 14·9 (7·7 excluding hospital deaths) per mille of population as against 41·0 for the corresponding week of last year. Classified according to causes the deaths numbered : 3 under Plague, 1 under Other fevers, and 27 under all other causes.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of the season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE.

8. Generally well supplied.

9. *Standing Crops.*—Ragi, paddy, sugarcane, etc., have suffered for want of rain.

Crops harvested.—Ragi and paddy are being harvested.

10. Crops have suffered for want of adequate rainfall.

11. Cattle are generally healthy. Water and fodder are available except Nelamangala Taluk where some difficulty is felt for fodder.

KOLAR.

8. Moderately supplied.

9. *Agricultural operations : Seeds sown.*—Nil.

Standing Crops.—Sugarcane, horsegram, paddy, avare, thogari. Condition of standing crops is not very hopeful. Sugarcane and paddy under the Kapile wells which have sufficient water are reported to be fair.

Crops harvested.—Ragi, Vaisakhi paddy, same, and groundnut, sugarcane also is being milled in some parts of the District.

10. Fair.

11. Cattle are reported to be healthy except for the prevalence of "Rinderpest" in Nadimpalli and Jodi Kanapalli Villages of Nagepalli Taluk and Blackquarter in Gowdanahalli and Anur Villages of Chintamani Taluk and in Hobbani of Mulbagal Taluk. It is reported that Preventive steps have been taken to check further spread of the disease.

Pasture, fodder and water are available for the cattle. The District and State Forests have also been thrown open for free grazing of cattle in this District.

Cooly classes find sufficient labour. Road works under Inter-village Communication estimated at Rs. 1,805 has been also taken up to provide labour to cooly class in Kolar Taluk and a sum of Rs. 350 was also spent during the week for the work. Small Village Panchayet works have been taken up in Srinivaspur hasaba Hobli also to provide labour to the people of affected Hobli.

Public health is generally good except for the prevalence of Plague in the following Taluks:—(1) In Peresandra and Chikballapur Town of Chikballapur Taluk, (2) Doddakurgodu, Kadalavani, Kinarli Godasandra, Bhunnamahalli and Goribidnur of Goribidanur Taluk, (3) Madanahalli and Uratiagrahara of Kolar Taluk. (4) Pothendahalli and Mulbagal Town Mulbagal Taluk. (5) Basavapatna, Doddadasenahalli and Kundlaguriki of Sidlaghatta Taluk. (6) Thotappalli and Renur of Sreeenivaspur Taluk. (7) Begenahalli of Gudibanda Sub-Taluk. Preventive measures are reported to have been taken to check the spread of the disease.

TUMKUR.

8. Fair.

9. *Seeds sown.*—Jola is sown in some parts of Gubbi Taluk and Koratagere Taluk and Bengalgram in Koratagere Taluk.

Standing Crops.—Paddy under some tanks in Tumkur, Gubbi and Kunigal Taluks, well irrigated paddy and sugarcane in Madhugiri Taluk, avare, jola, horsegram, castor and hutchellu in Tiptur Taluk are reported to be in good condition.

Crops harvested.—Ragi and groundnut in Madhugiri and Gubbi Taluks, ragi jola, save, navane and baraka in Chiknayakanahalli Taluk, ragi navane, huraka and groundnut in Sira Taluk, ragi, horsegram and paddy in Kunigal Taluk; ragi and horsegram and paddy in some parts of Koratagere Taluk are reported to have been harvested during the week.

10. Fair.

11. Cattle are reported to be generally healthy throughout the district. Water and fodder are available in all the taluks except in some parts of Sira, Chiknayakanahalli and Gubbi Taluks where fodder difficulty is felt. State Forests in Tumkur, Kunigal, Chiknayakanahalli, Sira, Koratagere and Turuvekere Taluks have been thrown open for free grazing of cattle. Relief works such as village improvement works, Gokattes, inter-village communication and rural drive works have been started besides tank restoration, maintenance works have been in progress in Sira, Madhugiri, Koratagere Pavagada, Gubbi and Chiknayakanahalli Taluks—affording employment to the labour class in the village parts.

MYSORE.

8. Normally well supplied.

9. *Seeds sown.*—Nil.

Standing Crops.—Mysore—Paddy, avare, castor and gingelly; Chamarajnagar—Paddy, horsegram, thogari, avare, sugarcane, groundnut, mulberry; Hunsur—paddy, castor, grams and tobacco; Krishnarajnagar—Paddy, cari ragi, groundnut and horsegram, Heggaddevankote—Paddy, horsegram, Bengalgram and thogari, Gundlupet—Paddy, ragi and horsegram; Nanjangud—Paddy, ragi, tur, avare and horsegram; T. Narsipur—Paddy, thogari, avare, horsegram. Periyapatna—Paddy, pulses, chillies and coriander.

All the standing crops are in good condition. All other sundry crops have ripened and will be reaped in course of a fortnight. Paddy and ragi crops in Hunsur, Heggaddevankote, Chamarajnagar are withering as already reported.

Crops harvested.—Paddy and ragi harvesting has commenced in all the taluks of this district. Groundnut in Krishnarajnagar Taluk.

10. Generally good, Rainfall insufficient; Nil; None under relief; Sufficient stock of foodgrains are available in all the depots of this district.

11. Water and fodder are available for cattle in all the parts of this district. Cattle are reported to be healthy except in some parts of Heggaddevankote and Mysore Taluks. Action is being taken to check the spread of the epidemic.

MANDYA.

8. Well supplied.

9. *Standing Crops.*—Sugarcane, paddy, ragi and other dry crops are in good condition except in some parts of Nagamangala and Krishnarajpet taluks where they failed on account of insufficient rains. Ragi has been reaped in all the taluks. Paddy is being harvested in the channel area. Sugarcane is being reported harvested in Mandya, Maddur, Seringapatam and French-Rocks taluks. The paddy crop in some parts of Nagamangala is reported to be withering for want of water in the Tanks.

10. The seasonal conditions were satisfactory during the week. There were sufficient stocks of foodgrains.

11. Public health is reported to be generally good except for plague in Seringapatam, Krishnarajpet and Maddur Towns and in some villages of Seringapatam, Krishnarajpet, Malavalli and Nagamangala taluks and small-pox in some parts of Malavalli taluk. Action has been taken to arrest the spread of the epidemics.

The cattle are reported to be generally healthy. Fodder and water were available in sufficient quantities.

HASSAN.

8. Rice and ragi are being distributed from Government and Municipal Depots and from Co-operative Stores.

Crops Sown.—Nil.

9. *Standing Crops.*—Sugarcane in the Hassan, Alur, Belur, and Channarayapatna Taluks; Paddy and Jolam in the Hassan and Hole-Narasipur Taluks, avare in the Hassan, Arsikere and Hole-Narasipur Taluks; togari in the Hassan and Arsikere Taluks; Bengalgram in the Hassan, Channarayapatna and Hole-Narsipur Taluks; blackgram and coriander in the Hassan Taluk, castor in the Arsikere and Hole-Narsipur Taluks and Huchellu, Horsegram and Chillies in the Hole-Narsipur Taluk are reported to be generally in good condition. The standing paddy crop in parts of Hole-Narsipur Taluk, except under tanks and in the tail-end of Sreeramadevaru South Channel and in some parts of Belur Taluk is reported to be generally in good condition. The standing avare and horsegram crops are reported to have been damaged by insects "Caterpillar" in parts of Halebid Hobli in the Belur Taluk.

Crops harvested.—Horsegram in the Hassan, Alur and Hole-Narsipur Taluks, Paddy in the Channarayapatna and Hole-Narsipur Taluks are being reaped. Sugarcane is being milled in the Hassan Taluk.

10. Favourable. There was no rainfall anywhere in this district during the week. The standing crops are in need of rains.

11. Water and fodder are generally available. Owing to the scarcity of fodder in parts of Kanakatte Hobli in the Arsikere Taluk. The Amrithamahal Kavel at Kanakatte has been thrown open for free grazing purposes. Cattle are

ported to be generally healthy except for the prevalence of "Foot and Mouth" disease in Ojanahalli Village, Hallymysore Hobli, Hole-Narsipur Taluk. The Veterinary Inspector is reported to have been addressed for taking remedial measures to check the spread of the disease.

SHIMOGA.

8. Markets are fairly well supplied.

9. *Agricultural Operations*:—Seeds sown—Nil.

Standing Crops.—Sugarcane is reported to be in fairly good condition in the Channel area in Shimoga Taluk and Shikaripur, Sorab, Sagar, Nagar and Thirthahalli Taluks and in Kumsi Sub-Taluk, avare, thogari and gingelly in Channagiri Taluk; paddy in Thirthahalli Taluk are reported to be in good condition.

Crops harvested.—Paddy and ragi in Shimoga Taluk; paddy, ragi and jola in Channagiri Taluk; paddy, ragi and horsegram in Sorab Taluk; paddy and areca in Sagar Taluk, paddy in Nagar and Tirthahalli Taluks in Kumsi Sub-Taluk are being harvested. Sugarcane is being crushed in Shikarpur Taluk.

10. Prospects of the season are fair. Cooly classes find sufficient labour. Foodgrains are available.

11. Cattle are reported to be generally healthy all over the district. Fodder and water are available in all the taluks except in some bordering villages of Kasaba Hobli in Channagiri Taluk.

KADUR.

8. Markets well supplied.

9. *Crops Sown.*—Nil.

Standing Crops.—Paddy, sugarcane, avare, greengram in Chikmagalur Taluk; sugarcane, coriander, horsegram in Kadur Taluk; ragi and jola in Tarikere Taluk; paddy and sugarcane in Koppa and in Narasimharajapura Sub-Taluk, paddy in Mudigere and in Sringeri Sub-Taluk are the standing crops.

Crops harvested.—Paddy and sugarcane in Chikmagalur Taluk; ragi and jola in Tarikere Taluk; and paddy in the remaining Taluks are being harvested.

Public Health.—Public health is generally good in the District, except for the prevalence of plague in some villages of Kadur, Chikmagalur and Tarikere Taluks; in Harihar-pura of Koppa Taluk and in Narasimharajapura Town.

Necessary action to check the spread of the disease is being taken both by this Department and the Health Department.

Labour is available and the condition of the labour classes is satisfactory.

10. The standing crops are withering away for want of rains. Owing to insufficiency of rains, the seasonal conditions are not satisfactory.

11. Cattle are reported to be healthy in all parts of the District.

Fodder and water are available.

CHITALDRUG.

8. Markets are fairly well supplied except with controlled commodities which are being supplied through Depots.

9. *Sowing.*—Nil.

Standing Crops.—In Chitaldrug and Molakalmuru the dry crops are reported to be withering. In Harihar, the standing crops are reported to be fair. It is reported that the crops at Holalkere are affected by draught and the out-turn is poor.

Harvest.—Jola and sajje in some parts of Bharamasagara hobli of Chitaldrug, togari and horsegram in Jagalur and sajje, avare, navane and ragi in Holalkere Taluks are reported to be harvested.

10. Prospects of the season are reported to be fair. The cooly classes are finding sufficient labour all over the district. Relief works have been started in almost all the taluks and they are under progress.

11. Cattle are reported to be healthy throughout the district except for the prevalence of "Black Quarter" and "Epizootic Apbita" in some villages of Challakere and Jagalur Taluks. Necessary preventive measures are reported to have been taken by the Veterinary Department to check the spread of the disease.

Water is available throughout the district. For fodder most of the State Forests are thrown open for free grazing. Some of the Amrit Mahal havals in Hosdurga, Holalkere and Challakere Taluks have also been thrown open for free grazing.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of the season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE.

8. Generally well supplied.

9. *Standing Crops.*—Ragi, paddy, and sugarcane have suffered for want of rain.

10. Crops have suffered for want of adequate rainfall.

11. Cattle are generally healthy. Water and fodder are available except in Nelamangala where there is some difficulty for fodder.

KOLAR.

8. Moderately supplied.

9. *Agricultural operations : Seeds sown.*—Nil.

Standing Crops.—Sugarcane, horsegram, paddy, avare, and thogari. The condition of standing crops is not hopeful as they are reported to be withering for want of water. Sugarcane and paddy under the irrigation wells are reported to be fair

Crops harvested.—Ragi, paddy, same, groundnut, sugarcane is being milled in some parts of the District.

10. Fair.

11. Cattle are reported to be healthy except for the prevalence of "Blackquarter" in Venkunte Village in Chagopalli Taluk Pasture and fodder are available for the cattle. The District and State forests have also been thrown open for free grazing of cattle in this district.

Coolly classes find sufficient labour. In the affected parts of this district relief works, i.e., Road works under Inter-village Communications and Small Village Panchayet works have been started and they are reported to be in progress in Kolar, Srinivasapur and Chintamani Taluks. A sum of Rs. 146 has been spent as cooly in Kolar Taluk during the week.

Public health is generally good except for Plague in the places noted below —

Srinivaspur Taluk :—Ronur, Kotapalli, Hebbata, and Kalam.

Bowringpet Taluk :—Hulkoor, Mavahalli and Hudukula.

Gudibanda Taluk :—Somenahalli, Someswara, Minchalahalli, Jambigemaradahalli, Kadirisettyhalli and Kammadiko.

Chintamani Taluk :—Bannahalli.

Gowribidnur Taluk :—Kadalaveni, Doddakurgod, and Kurdi

Chikballapur Taluk :—Peresandra, Mandikal, and Gollahalli

Mulbagal Taluk :—Feddihalli, Korahanur, Maddeeri, Motahajahalli, Hosakote, Kappalmadgu, Jogalhasti, Mustur, Seegehalli, Mirchihalli, Kolahalli, Bommasandra, Balla, Belaganahalli, Doddagutta, Pethandahalli, and Vegamadugu Villages.

Siddaghatta Taluk —Hosapete, Donahalli, Kundalagurki, Sadah, Doddadaseri Halli, Yennagur.

Preventive measures have been adopted to check the spread of the disease.

TUMKUR.

8. Fairly well supplied.

9. *Seeds sown*—Jola in Gubbi Taluk, Jola and Bengalgram in tank beds of Koratagere Taluk.

Standing Crops—Paddy in some parts of Tumkur, Sira, Madhugiri Gubbi, avare, horsegram, and castor in Tiptur Taluk, paddy and sugarcane in Kunigal and Koratagere Taluks are reported to be in good condition.

Crops harvested.—Ragi in Tumkur Taluk; paddy, groundnut and jola in Madhugiri Taluk, ragi, jola save, navane and haraka in Chiknaikanahalli Taluk; paddy, and groundnut in Pavagada Taluk, paddy in Kunigal Taluk; ragi and paddy in Koratagere Taluk are reported to have been harvested during the week.

10. Fair.

11. Cattle are reported to be generally healthy throughout the district.

Water and fodder are available except in Sira, Gubbi and Chiknaikanahalli Taluks where fodder scarcity is felt. State Forests in Tumkur, Madhugiri, Chiknaikanahalli, Sira Kunigal, Koratagere and Turuvekere Taluks have been thrown open for free grazing. Fodder obtained from Sandur State is supplied to Sira Taluk and is being distributed to the ryats

Relief works have been started in the distress areas and they are reported to have been in progress.

MYSORE.

8. Normally well supplied.

9. *Seeds sown*—Nil.

Standing Crops—Mysore—Avare, thogari and kulthi; Chamarajanagar. Paddy, horsegram, tur, avare, sugarcane, groundnut, mulberry; Hunsur.—Paddy, horsegram, castor, and tobacco; Krishnarajanagar. Paddy, kar ragi, horsegram and groundnut. Heggadevankote—horsegram, bengalgram, thogari. Gundlupet—Paddy, ragi and horsegram. Nanjangud—Paddy, thogari and avare T.-Narsipur—Paddy, thogari, avare, and horsegram. Periyapatna—Paddy, pulses, chillies and coriander.

All the standing crops are in good condition. Reaping of other sundry crops are coming to an end.

Crops harvested.—Paddy and ragi in all the taluks of this district and groundnut in Krishnarajanagar Taluk and Chamarajanagar.

10. (1) Generally good (2) Nil. (3) Nil. (4) None under relief. (5) Sufficient stock of foodgrains are available in all the depots of this district.

Water and fodder are available for cattle in all the parts of the district. Cattle are reported to be healthy except in some parts of Heggadevankote and Mysore Taluks where "Rind pest" is prevailing. Action is being taken to check the spread of the epidemic.

MANDYA.

8. Well supplied.

9. *Standing Crops*—Sugarcane and paddy are in good condition. Paddy and all the dry crops are being harvested in all the Taluks. Sugarcane is being harvested in Mandya, Maddur, Seringapatam and French-rocks Taluks. Paddy crop is reported to be withering for want of water in the tanks in some parts of Nagamangala.

10. The seasonal conditions were satisfactory during the week. There were sufficient stocks of foodgrains.

11. Public health is reported to be generally good except for plague in Krishnarajpet Town and in some parts of Malavalli, Nagamangala and Krishnarajpet Taluks. Action has been taken to arrest the spread of the epidemic.

The cattle are reported to be generally healthy. Fodder and water were available in sufficient quantities.

HASSAN.

8. Rice and ragi are being distributed from Government and Municipal Depots and from Co-operative Stores.

Crops Sown.—Nil.

9. *Standing Crops.*—Sugarcane in the Hassan, Alur, Belur, and Channarayapatna Taluks; Avare and Jolam in the Hassan and Hole-Narsipur Taluks, Bengalgram in the Hassan Hole-Narsipur and Channarayapatna Taluks, Paddy, Blackgram and Coriander in the Hassan Taluk, Huchellu, togari, Chillies and Castor in the Hole-Narsipur taluk are reported to be generally in good condition. The standing paddy crop in parts of Hole-Narsipur Taluk, except under tanks and in the tail-end of Sreeramadevaru South Channel is generally good,

Crops Harvested.—Paddy in the Hassan, Manjarabad, Belur and Hole-Narsipur Taluks, Horsegram in the Hassan and Hole-Narsipur Taluks are being reaped, Ragi and paddy are being thrashed in the Arkalgud Taluk and Sugarcane is being milled in the Hassan Taluk.

10. Favourable.

11. Water and fodder are generally available. Owing to the scarcity of fodder in parts of Kanakatte Hobli in the Arsikere Taluk; people have been grazing there cattle in some villages of Kasaba Hobli and they are getting the fodder supply from the neighbouring Taluks. The Kanakatte Amrith Mahal Kaval lies also been thrown open for free grazing purposes Cattle are reported to be healthy in all the Taluks.

SHIMOGA.

8. Markets are fairly well supplied.

9. *Agricultural Operations* :—Seeds sown—Nil.

Standing Crops.—Togari and horsegram in Channagiri Taluk Sugarcane and dry crops in Shikaripur Taluk; Sugarcane in

Sorab, Sagar, Nagar and Thirthahalli Taluks and in Kumsi Sub-Taluk are reported to be fairly in good condition.

Crops harvested.—Paddy in all the taluks, ragi, jola and avare in Chennagiri Taluk, ragi and horsegram in Sorab Taluk, Areca in Sagar Taluk are being harvested.

Sugarcane is being crushed in some parts of Shimoga Taluk.

10. Prospects of the season are fair. Cooly classes find sufficient labour. Foodgrains are available.

11. Cattle are reported to be generally healthy all over the District. Fodder and water are available in all the taluks except in some parts of Kasaba Hobli in Channagiri Taluk.

KADUR.

8. Markets well supplied.

9. *Crops Sown.*—Nil.

Standing Crops.—Paddy, sugarcane, bengalgram in Chikmagalur Taluk; Bengalgram, sugarcane, and coriander in Kadur Taluk; paddy, ragi, jola in Tarikere Taluk; and sugarcane in Koppa Taluk are the standing crops.

Crops harvested.—Paddy and sugarcane in Chikmagalur Taluk, ragi and jola in Tarikere Taluk; and paddy in the remaining Taluks are being harvested.

Public Health.—Public health is generally good in the District, except for the prevalence of plague in some villages of Kadur and Chikmagalur Taluks; and in Harihar pura of Koppa Taluk.

Necessary action to check the spread of the disease is being taken both by this Department and the Health Department.

Labour is available and the condition of the labour classes is satisfactory.

10. The standing crops are withering away for want of rain. The seasonal conditions are not satisfactory.

11. Cattle are reported to be healthy in all parts of the District.

Fodder and water are available.

CHITALDRUG.

8. Markets are fairly well supplied except with the controlled commodities, which are being supplied through Depots.

9. *Sowing.*—Nil.

Standing Crops.—In Chitaldrug and Molakalmuru, the dry crops are reported to be withering. In Harihar, the standing crops are reported to be fair. It is reported that the crops at Holalkere are affected by draught and the out-turn is poor.

Harvest.—Ragi, sajje and save in Holalkere and horsegram in Jagalur Taluks are reported to be harvested.

10. Prospects of the season are reported to be fair. The cooly classes are finding sufficient labour all over the district. Relief works have been started in almost all the taluks and they are under progress.

11. Cattle are reported to be healthy throughout the district except for the prevalence of "Black Quarter" and "Epizootic Aphta" in some villages of Jagalur Taluk. Necessary preventive measures are reported to have been taken by the Veterinary Department to check the spread of the disease. Water is available throughout the district. For fodder most of the State Forests are thrown open for free grazing. Some of the Amrit Mahal Kavals in Hosaduruga, Holalkere and Challakere Taluks have also been thrown open for free grazing.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of the season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE.

8. Generally well supplied.

9. *Standing Crops.*—Ragi, paddy and sugarcane have suffered for want of rain.

Crops harvested:—Ragi and paddy are being harvested.

10. Crops have suffered for want of adequate rainfall.

11. Cattle are generally healthy. Water and fodder are available except in Nelamangala where there is some difficulty for fodder.

KOLAR.

8. Moderately supplied.

9. *Standing Crops.*—Sugarcane, horsegram, paddy, avare, and thogari. The condition of crops is not hopeful as they are reported to be withering for want of rain. Sugarcane and paddy under irrigation wells are reported to be fair.

Crops harvested.—Ragi, paddy, same and groundnut, sugarcane is being milled in some parts of the District.

10. Fair.

11. Cattle are reported to be generally healthy except for the prevalence of "Blackquarter" in Bandakindapalli and Nandimpalli Villages of Bagepalli Taluk and Hobbni of Mulbagal Taluk.

Pasture and Fodder are available for the cattle. The District and State Forests have also been thrown open for free grazing of cattle in this district.

Cooly classes find sufficient labour. In the affected parts of this District relief works such as Road works under the Inter-village Communications and Small Village Panchayet works have been started. They are reported to be in progress in Kolar, Srinivasapur and Chintamani Taluks. A sum of Rs. 312 has been spent during the week for payment of cooly to the labourers employed on work in Kolar Taluk.

Public health is generally good except for Plague in the places noted below:—

Srinivasapur Taluk:—Ronur, Kallur Hebbata, Kotapalli, and Pathabalapalli.

Gadibanda Taluk:—Verlakonda, Kammadikere, Thirumani, Someswara, and Appirereddyhalli.

Goribidnur Taluk:—Doddakurgodu, Kadalaveni, Kurdi and Vychakurhalli

Bagepalli Taluk:—Chokkampalli, Chikballapur, Peresandra and Gollahalli.

Sidlaghatta Taluk:—Hosapete, Kundalagurki, Donahalli, Thigani, Sadali, Doddadasenahalli, Sarvamanya Venkatapura, Yennangoor and Sidlaghatta Town.

Mulbagal Taluk;—Reddihalli, Madderi, Koravanur, Hosakere, Kappalmadgu, Seegehalli, Mustoor, Kondihalli, Balla, Mintehalli and a few other villages of Mulbagal Taluk.

Preventive measures have been taken to check the spread of the disease with the co operation of the medical department.

TUMKUR.

8. Markets are fairly well supplied.

9. *Seeds sown.*—Nil.

Standing Crops.—Paddy in some parts of Tumkur Taluk; Sugarcane in Madhugiri Taluk; Paddy in Gubbi Taluk; Castor and hadale in Tiptur Taluk, Sugarcane and paddy in Kunigal Taluk and Koratagere Taluk are reported to be in good condition.

Crops harvested.—Ragi in Tumkur Taluk; Groundnut, ragi and paddy in Madhugiri Taluk; Ragi, savo, navane and haraka in Chiknaikanahalli Taluk; Avare, thogari and ground nuts in Sira Taluk; Groundnuts, avare, thogari and horsegram in Gubbi Taluk; Paddy in Kunigal Taluk; Paddy, avare and thogari in Koratagere Taluk are reported to have been harvested during the week.

10. Fair.

11. Cattle are reported to be generally healthy throughout the district except for the outbreak of "Blackquarter" in Sadarahalli, Chiknaikanahalli Taluk. The Local Veterinary Inspector has been requested to take immediate steps to check the spread of the disease.

Fodder and water are available except in Sira, Chiknaikanahalli, Gubbi and Pavagada Taluks where fodder scarcity is keenly felt. State Forests in Tumkur, Madhugiri, Chiknaikanahalli, Sira, Kunigal, Koratagere and Turuvekere Taluks have been thrown open for free grazing.

Relief works have been started to provide labour to the labouring classes.

MYSORE.

8. Normally well supplied.

9. *Seeds sown*—Nil.

Standing Crops.—Mysore—Avare, thogari and kulthi; Chamarajanagar.—Horsegram, tur, avare, mulberry; Hunsur.—Horsegram, castor and tobacco; Krishnarajanagar.—Car ragi horsegram, groundnut. Heggaddevankote—horsegram, bengalgram and thogari. Gundlupet—Horsegram and paddy. Nanjangud—Paddy. Periyapatna—Paddy, bengalgram, chillies and coriander.

All the standing crops are in good condition. The reaping of other crops are coming to an end.

Crops harvested.—Paddy and ragi in all the taluks of this district and groundnut in Krishnarajanagar and Chamarajanagar, horsegram in Periyapatna.

10. (1) Generally good. (2) Nil. (3) Nil. (4) None under relief. (5) Sufficient stock of foodgrains are available in all the depots of this district.

Water and fodder are available for cattle in all the parts of the district. Cattle are reported to be healthy except for the prevalence of rinderpest in some parts of Heggaddevankote and Mysore Taluks. Action is being taken to check the spread of the epidemic.

MANDYA.

8. Well supplied.

9. *Standing Crops.*—Sugarcane, paddy are in good condition. Paddy and all the dry crops are being harvested in all the Taluks. Sugarcane is being harvested in Mandya, Maddur, Seringapatam and French-Rocks Taluks, paddy crop is reported to be witheringfor want of water in the tanks in some parts of Nagamangala.

10. The seasonal conditions were on the whole satisfactory during the week. There were sufficient stocks of all food grains.

11 Public health is reported to be generally good except for plague in Krishnarajapet Town and in some parts of Krishnarajpet and Nagamangala Taluks. Action has been taken to arrest the spread of the epidemic.

The cattle are reported to be generally healthy. Fodder and water were available in sufficient quantities.

HASSAN.

8. Well supplied. Food grains are being distributed from Government Municipal Co-operative and Village Panchayet Depots.

Crops Sown.—Nil.

9. *Standing Crops.*—Sugarcane in the Hassan, Alur, Belur, and Channarayapatna Taluks; Avare in all the Taluks except in the Manjarabad Taluk, Bengalgram in the Hassan, Hole-Narsipur, Channarayapatna and Arsikere Taluks; and Paddy in small area in the Hassan and Arsikere Taluks are reported to be generally in good condition.

Crops Harvested.—Paddy in all the Taluks so also Horsegram in all the Taluks except Manjarabad Taluk are being reaped. Ragi and paddy are being thrashed in all the Taluks and Sugarcane is being milled here and there in Hassan and Channarayapatna Taluks.

10. Favourable.

In Kankatte Hobli, in the Arsikere Taluk, there was shortage of rainfall. Some difficulty is felt for water. Temporary wells are being sunk to provide water. Arrangements are being made to sink temporary wells in some villages of Hallimysore and Halkote Hoblies in the Hole-Narsipur Taluk.

11. Water and fodder are generally available. Owing to scarcity of fodder in some parts of Kanakatte Hobli in the Arsikere Taluk, the Kanakatte Amrith Mahal Kaval has been thrown open for free grazing purposes.

Cattle are reported to be generally healthy except for prevalence of "Foot and Mouth" disease in some parts of Kasaba Hobli in the Manjarabad Taluk and in Parasanahalli, Kattebelaguli and Mangalapura villages in the Hole-Narsipur Taluk. The Veterinary Inspectors are reported to have been addressed for taking remedial measures to check the spread of the disease.

SHIMOGA.

8. Markets are fairly well supplied.

9. *Agricultural Operations*:—Seeds sown—Nil.

Crops harvested.—Paddy in all the taluks, ragi, jola and avare in Chennagiri Taluk; horsegram and ragi in Sorab Taluk; areca in Sagar Taluk and ragi in Kumsi Sub-Taluk are being harvested Sugarcane is being crushed in Shimoga and Hosnagar Taluks.

Standing Crops.—Togari in Channagiri Taluk; sugarcane in Shikaripur, Sorab, Sagar and Thirthahalli Taluks and in Kumsi Sub-Taluk are reported to be in fairly good condition.

10. Prospects of the season are fair. Cooly classes find sufficient labour. Foodgrains are available.

11. Cattle are reported to be generally healthy all over the District. Fodder and water are available in all the taluks except in some parts of bordering villages of Kasaba Hobli in Channagiri Taluk.

KADUR.

8. Markets well supplied.

9. *Crops Sown.*—Nil.

Standing Crops.—Paddy, sugarcane, avare, bengalgram in Chikmagalur Taluk; sugarcane, bengalgram, coriander and summer jola in Kadur Taluk; paddy, ragi and jola in Tarikere Taluk and sugarcane in Koppa Taluk are the standing crops.

Crops harvested.—Paddy and sugarcane in Chikmagalur Taluk; coriander in Kadur Taluk; paddy, ragi and jola in Tarikere Taluk and paddy in the remaining taluks are being harvested.

Public Health.—Public health is generally good in the District, except for the prevalence of plague in some villages of Kadur and Chikmagalur Taluks.

Necessary action is being taken to check the spread of the disease both by the Revenue Department and the Health Department.

Labour is available and the condition of the labour classes is satisfactory.

10. The standing crops are withering away for want of rain The seasonal conditions are not satisfactory.

11. Cattle are reported to be healthy in all parts of the District.

Fodder and water are available.

CHITALDRUG.

8. Markets are fairly well supplied.

9. *Sowing.*—Nil.

Standing Crops.—In Chitaldrug, Hiriyur and Molakalmuru the crops are reported to be withering. In Hosadurga and Harihar Taluks, the crops are reported to be fair. It is reported that the crops at Holalkere are affected by draught and the out-turn is poor.

Harvest.—Ragi, sajje and save in Holalkere and paddy in the channel villages of Hiriyur Taluks are reported to be harvested.

10. Prospects of the season are reported to be fair. The cooly classes are finding sufficient labour all over the district. Relief works have been started in almost all the taluks and they are under progress.

11. Cattle are reported to be healthy throughout the district except for the prevalence of "Black Quarter" and "Epizootic Aphta" in some villages of Kasaba hobli of Molakalmuru Taluk Necessary preventive measures are reported to have been taken by the Veterinary Department to check the spread of the disease. Water is available throughout the district except in some villages of Challakere. Necessary action is being taken to provide water by sinking fresh wells and deepening existing wells. For fodder most of the State Forests are thrown open for free grazing. Some of the Amrit Mahal Kavals in Hosadurga, Holalkere and Challakere Taluks have also been thrown open for free grazing.

DISTRICT REPORTS.

8. Market how supplied

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of the season, tracts in which, rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc

BANGALORE.

8. Generally well supplied.

9. *Standing Crops.*—paddy and sugarcane have suffered for want of rain.

Crops harvested:—paddy and sugarcane are being harvested.

10. Crops have suffered for want of adequate rain.

11. Cattle are generally healthy. Water and fodder are available except in parts of Nelamangala and Devanhalli taluks where there is fodder difficulty.

KOLAR

8 Moderately supplied.

Agricultural Operations.—Seeds sown—Potatoes.

9. *Standing Crops*—Sugarcane, avare, thogari, and horsegram The condition of the standing crops is disappointing and they are reported to be withering for want of moisture. Sugarcane under irrigation wells is reported to be fair

Crops harvested.—sugarcane, vaisaki paddy, groundnut and Ragi in some parts of the District are being harvested.

10. Fair.

11. Cattle are reported to be generally healthy except for prevalence of "Blackquarter" in Jodi Jakkarsakoppa of Bowringpet Taluk.

Preventive measures are reported to have been taken to check the spread of the disease.

Cooly classes find sufficient labour.

Tank maintenance works and road works under Inter-Village Communication also have been started to provide labour in Kolar, Chintamani and Srinivaspur Taluks.

Pasture, fodder and water are available to the cattle. Instructions have been given to local Officers to sink temporary wells in tank beds wherever scarcity for drinking water is felt.

Public health is generally good except for prevalence of Plague in the following Taluks.

Sidlaghatta :—Hosapete, Kundalagurki, Sadali, Donahalli, Doddadasenahalli and S. M. Venkatapura.

Chikballapur .—Peresandra and Gollahalli.

Mulbagal :—Kuppampalya, Maddern Hosakere, Seegehalli and Mindihalli.

Chintamani :—Anur.

Srinivaspur :—Ronur, Kaliur and Katapalli.

Goribidnur :—Maralur and Doddakurugodu.

Gudibanda Sub-taluk :—Kammadike

TUMKUR.

8. Fairly well supplied.

9. *Seeds sown.*—Nil.

Standing Crops.—Paddy in some parts of Tumkur Taluk; paddy, jola, bengalgram and giddaragi in Gubbi Taluk; Castor and kadale in Tiptur Taluk, and paddy, sugarcane in Kunigal and Koratagere Taluks are reported to be in good condition.

Crops harvested.—Paddy in Tumkur Taluk; sugarcane in Madhugiri Taluk; ragi, save and haraka in Chiknaikanahalli Taluk; horsegram and paddy in Gubbi Taluk; save, thogari and navane in Pavagada Taluk; paddy and sugarcane in Koratagere Taluk are reported to have been harvested during the week.

10. Fair.

11. Cattle are reported to be generally healthy throughout the district. Water and fodder are available except in Sira, Chiknaikanahalli and Gubbi Taluks where fodder difficulty is keenly felt. State Forests in Tumkur, Madhugiri, Chiknaikanahalli, Sira, Pavagada, Kunigal, Koratagere and Turuvekere Taluks have been thrown open for free grazing.

Relief works have been started in the distress areas to provide labour to the agricultural classes and they are reported to be in progress.

MYSORE

8. Normally well supplied.

9. *Seeds sown*—Nil.

Standing Crops.—Mysore—Nil—Chamarajanagar.—Horsegram, togari and avare; Hubsur.—Horsegram, castor and tobacco; Krishnarajanagar.—Horsegram, and groundnut; Heggaddevankote—Horsegram, bengalgram and thogari; Gundlupet—Horsegram, chillies and paddy; Nanjangud—Paddy; T.-Narsipur—Nil and Periyapatna—Paddy, bengalgram, coriander and chillies.

All the standing crops are in good condition. The reaping of other crops have come to an end.

Crops harvested.—Paddy in all the taluks of this district and groundnut in Chamarajanagar and Krishnarajanagar, horsegram in Periyapatna were harvested.

10. (1) Generally good. (2) Nil. (3) Nil. (4) None under relief. (5) Sufficient stock of foodgrains are available in all the depots of this district.

11. Water and fodder are available for cattle in all parts of the district. Cattle are reported to be generally healthy.

MANDYA.

8. Well supplied.

9. *Standing Crops.*—Sugarcane and paddy are in good condition. Paddy is being harvested in all the Taluks. Sugarcane is being harvested in Mandya, Maddur, Seringapatam and French-Rocks Taluks. paddy is reported to be withering for want of water in tanks in some parts of Nagamangala. Horsegram is reported to be withering for want of rains in Nagamangala Taluk.

10. The seasonal conditions were on the whole satisfactory during the week. There were sufficient stocks of all food grains.

11. Public health is reported to be generally good except for plague in Krishnarajapet Town and in some parts of Krishnarajpet and Malvalli Taluks. Action has been taken to arrest the spread of the epidemic.

The cattle are reported to be generally healthy. Fodder and water are available in sufficient quantities.

HASSAN.

8. Well supplied. Food grains are being distributed from Government, Municipal, Co-operative and Village Panchayet Depots.

Crops Sown.—Ploughing operations are going on in Alur Taluk.

9. *Standing Crops.*—Avare, jola, bengalgram, coriander, and sugarcane in Hassan Taluk; sugarcance in Alur Taluk, huchellu, avare, thogari, bengalgram, chillies, castor and ibbani jola in the Holenarsipur Taluk, and sugarcance in Belur Taluk are reported to be in good condition.

Crops Harvested.—Sugarcane in Hassan Taluk; paddy in Manjarabad Taluk; avare, horsegram thogari and castor in Arsikere Taluk: horsegram, thogari in Hole-narsipur Taluk, and paddy in Belur Taluk; are reported to have been harvested.

Thrashing of paddy and ragi is reported to have been done in Arkalgud Taluk.

10. Favourable.

For want of sufficient rains there has been some difficulty for water in Kanakatte Hobli in Arsikere Taluk and some villages of Halekote and Hallimysore Hoblies in the Holenarsipur Taluk. Arrangements have been made to sink temporary wells in those parts.

Two relief works are reported to have been started, one at Ramanahalli and the other at Mylanahalli in Arsikere Taluk.

11. Fodder and water are generally available to cattle except in some villages of Kanakatte Hobli in the Arsikere Taluk and as a measure of relief Kanakatte Amrith Mahal Kaval has been thrown open for free grazing and fodder supply is also being obtained in Arsikere Taluk from the neighbouring Taluks

Cattle are reported to be generally healthy except for the prevalence of (Chappo) "Black-quarter" in Kasaba Hobli and Foot and Mouth" disease in Kasaba and Hethur Hoblies of Manjarabad Taluk. The Veterinary Inspector is reported to have been addressed for taking remedial measures to check the spread of the epidemic.

SHIMOGA.

8. Markets are fairly well supplied.

9. *Agricultural Operations*:—Seeds sown—Nil.

Standing Crops.—Sugarcane, horsegram and togari in Channgiri Taluk. Sugarcane and dry crops in Shikarpur Taluk and Sugarcane in Sorab, Sagar and Hosanagar Taluks and in Kumsi Sub-Taluk are reported to be in fairly good condition

Crops harvested.—Avare, ragi andjola in Channagiri Taluk; paddy in Shikarpur, Sorab, Sagar, Nagar and Tirthahalli Taluks, and in Kumsi Sub-Taluk are being harvested. Sugarcane is being crushed in Shimoga, Sorab, Sagar and Nagar Taluks and in Kumsi Sub-Taluk.

10. Prospects of the season are fair. Cooly classes find sufficient labour. *Foodgrains* are available.

11. Cattle are reported to be generally healthy all over the district except for prevalence of "ಕಡಬೆಜ್ವರ" in Kulenoor village, Channagiri Taluk. *Fodder* and water are available in all the taluks except in some bordering villages of Kasaba Hobli in Channagiri Taluk.

KADUR.

8. Markets well supplied.

9. *Crops Sown.*—Nil.

Standing Crops.—Paddy, sugarcane, avare, bengalgram in Chikmagalur Taluk; sugarcane, bengalgram, horsegram and summer jola in Kadur Taluk are the standing crops.

Crops harvested.—Sugarcane and paddy are being harvested in Chikmagalur Taluk and the harvesting of paddy is nearing completion in the remaining Taluks.

Public Health.—Public health is generally good in the District, except for the prevalence of plague in some villages of Kadur Taluk and in Belavadi village of Chikmagalur Taluk.

Necessary action is being taken to check the spread of the disease both by the Revenue Department and the Health Department.

Labour is available and the condition of the labour classes is satisfactory.

10. The seasonal conditions are not satisfactory. Standing crops are withering away for want of rains

11. Cattle are reported to be healthy in all the parts of the District except that diseases *viz.*, "Black Quarter" and "Foot and Mouth" are broken out in Nidugatta village of Kadur Taluk and that preventive action to check the spread of disease is taken by the Veterinary Department.

CHITALDRUG.

Markets are fairly well supplied.

9. *Sowing.*—Nil

Standing Crops.—It is reported that cotton and pulses in Chitaldrug Taluk have withered. In Holalkere, the bihjola crop has been affected by draught and the outturn is poor. Paddy and bengalgram in Hosadurga Taluk, bihjola, cotton and bengalgram in Harihar Taluk, Wheat and bengalgram in Davangere Taluk are reported to be fair.

Harvest.—Jola, horsegram and pulses in Harihar Taluk Ragi, (sajje) bajara and save in Holalkere Taluk are being harvested.

10. Prospects of the season are reported to be fair The cooly classes are finding sufficient labour all over the district. Relief works have been started in almost all the taluks and they are under progress.

11 Cattle are reported to be healthy throughout the district except for the prevalence of "Black Quarter" in Donehalli village, Jagalur Taluk. Necessary preventive measures are reported to have been taken by the Veterinary Department to check the spread of the disease. Water is available throughout the district except in some villages of Challakere. Necessary action is being taken to provide water by sinking fresh wells and deepening existing wells For fodder most of the State Forests are thrown open for free grazing. Some of the Amrit Mahal Kavals in Hosadurga, Holalkere and Challakere Taluks have also been thrown open for free grazing. Karada grass is being obtained from Shimoga District and is being distributed to several needy centres.

BANGALORE,
Dated 17th January 1946.

N. V. SIDDALINGAPPA,
For Director of Industries and Commerce.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, JANUARY 10, 1946.

A total of 158 attacks with 87 deaths from Plague was returned from 57 villages in 35 taluks in 8 districts during the week against 225 attacks with 128 deaths in the previous week. Cities of Bangalore and Mysore reported 5 attacks (3 imported) with 7 deaths (3 imported) and 3 attacks with 1 death, respectively, while Kolar Gold Field Area reported 1 attack with nil death. Comparative figures for the corresponding week in 1945 and 1944 were 210 attacks with 122 deaths and 101 attacks with 52 deaths, respectively. The Civil and Military Station, Bangalore, reported 2 attacks and 2 deaths.

A total of 20 attacks with 4 deaths from Small-pox were reported from one village in each of Anekal, Closepet, Mandya, Krishnarajanagar Taluks and Bangalore City and Civil and Military Station and Mysore City.

The State remained free from Cholera, Influenza and Relapsing Fever.

The total mortality for Bangalore City amounted to 169 (36 in hospitals) representing a calculated death-rate of 30·4 (23·9 excluding hospital deaths) per mille of population as against 29·5 for the corresponding week of last year. Classified according to causes the deaths numbered : 7 under Plague, 1 under Small-pox. 1 under Malaria, 1 under Typhoid, 9 under Other Fevers, 4 under Phthisis, 19 under Dysentery and Diarrhœa and 127 under All Other Causes. The reported mortality was high due to Dysentery and Diarrhœa, and all other causes.

During the week the Civil and Military Station, Bangalore, returned 137 deaths (26 in hospitals) representing a calculated death-rate of 41·6 (35·7 excluding hospital deaths) per mille of population as against 51·6 for the corresponding week of last year. Classified according to causes the deaths were : Plague 2, smallpox 4, Broncho-Pneumonia 5, Pneumonia 19, Typhoid 2, Phthisis 8, Dysentery and Diarrhœa 26, and all other causes 1.

The total mortality for Mysore City was 41 (28 in hospitals) representing a calculated death-rate of 12·3 (3·9 excluding hospital deaths) per mille of population as against 17·2 for the corresponding week of last year. Classified according to causes the deaths were : Smallpox 2, Malaria 3, Other Fevers 8, Phthisis 2, Dysentery and Diarrhœa 1, and all other causes 25. The reported mortality was very low.

There were 109 deaths (nil in hospitals) from all causes in Kolar Gold Field Area equivalent to a calculated death-rate of 35·5 (35·5 excluding hospital deaths) per mille of population as against 31·9 for the corresponding week of last year. Classified according to causes the deaths numbered : 5 under Other Fevers, 6 under Dysentery and Diarrhœa, and 98 under All Other Causes. The reported mortality was high due to All Other Causes.

5226 E. R. SUNDARARAJAN, For *Director*.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, 17TH JANUARY 1946.

A total of 133 attacks with 79 deaths from Plague was returned in 55 villages in 32 taluks in seven districts, during the week against 158 attacks with 87 deaths in the previous week. Cities of Bangalore and Kolar Gold Field reported 6 attacks (3 imported) with 5 deaths (imported 3) and 1 attack with nil death, respectively, while Mysore City remained free from infection Comparative figures for the corresponding week in 1945 and 1944 were 323 attacks with 187 deaths and 143 attacks with 82 deaths, respectively The C. & M. Station, Bangalore, reported 1 attack with nil death.

A total of 55 attacks with 4 deaths from Small-pox were reported from one village in each of Arsikere and Krishnarajanagar Taluks, and Bangalore City, Mysore City, Kolar Gold Fields, and C. & M. Station, Bangalore.

Six attacks with 5 deaths from Cholera were reported from one village in each of Kumsi and Honnali Taluks

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore City amounted to 151 (30 in Hospitals) representing a calculated death-rate of 2.'7 (22 3 excluding hospital deaths) per mille of population as against 26 4 for the corresponding week of last year. Classified according to causes the deaths numbered 5 under Plague, 4 under Small-pox, 1 under Malaria, 1 under Typhoid, 10 under Other Fevers, 5 under Phthisis, 23 under Dysentery and Diarrhœa, and 105 under all other causes. The reported mortality was high due to Dysentery and Diarrhœa.

During the week the Civil and Military Station, Bangalore, returned 85 deaths (14 in hospitals), representing a calculated death-rate of 30'3 (25'3 excluding hospital deaths) per mille of population as against 42 2 for the corresponding week of last year. Classified according to causes, the deaths were. Small-pox 4, Malaria 1, Broncho-Pneumonia 1, Pneumonia 12, Typhoid 4, Phthisis 3, Dysentery and Diarrhœa 14, and all other causes 46.

The total mortality for Mysore City was 33 (14 in hospitals) representing a calculated death-rate of 11'4 (7'2 excluding hospital deaths) per mille of population as against 25'6 for the corresponding week of last year Classified according to causes the deaths were Malaria 3, Phthisis 6, Typhoid 1, Other Fevers 6, and all other causes 22 The reported mortality was very low.

There were 47 deaths (12 in hospitals) from all causes in Kolar Gold Field Area equivalent to a calculated death-rate of 15 3 (1'4 excluding hospital deaths) per mille of population as against 26'7 for the corresponding week of last year Classified according to causes the deaths numbered 1 under Other Fevers, 3 under Dysentery and Diarrhœa, and 43 under all other Fevers The reported mortality was very low.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of the season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE.

8. Generally well supplied.

9. *Standing Crops.*—paddy and sugarcane have suffered for want of rain.

Crops harvested:—paddy and sugarcane are being harvested.

10. Crops have suffered for want of adequate rainfall.

11. Cattle are generally healthy. Water and fodder are available except in parts of Nelamangala and Devanahalli where there is fodder difficulty.

KOLAR.

8. Moderately supplied.

Agricultural Operations.—Nil.

Seeds Sown:—Jola is reported to have been sown in some villages of Bagepalli Taluk.

9. *Standing Crops.*—Sugarcane under wells are reported to be fair and avare, thogari, and horsegram are withering for want of moisture in the soil

Crops harvested—Sugarcane is being milled. Ragi, paddy and thogari are being harvested.

10. Fair.

11. Cattle are reported to be healthy except for the prevalence of "Blackquarter" in Jakkanakoppa of Bowringpet Taluk.

Preventive measures are reported to have been taken to check further spread of the disease.

Pasture, fodder and water are available. State Forests have been thrown open for free grazing.

Cooly classes find sufficient labour.

It is also reported that temporary wells in tank beds have also been sunk to provide water facility to men and cattle where difficulty for the same is felt.

Well works, V. P. works and Road works under Inter-Village Communication Scheme have also been started to provide labour to the cooly class particularly in the effected parts of the district

Public health is generally good except for prevalence of Plague in Mustoor Village in Bowringpet Taluk in Sulthanpet village of Chikballapur Taluk, in Sadali village. Narayanadasarahalli, S. M. Venkatapura of Sidlaghatta Taluk in Doddakuragodu and Kudumulakunte of Goribidnur Taluk in Madderi, Virupakshi, Gutlahalli and Hosakere of Mulbagal Taluk, in Mylandahalli, Kurubur and Anur villages of Chintamani Taluk and in Somenahalli and Kammadika of Gulibanda Sub-Taluk. Preventive measures are reported to have been taken to check the spread of the disease.

TUMKUR.

8. Fairly well supplied.

9 *Seeds sown.*—Transplantation of paddy under irrigated wells in Madhugiri Taluk.

Standing Crops.—Paddy in Tumkur Taluk, paddy, jola, Bengalgram and giddaragi in Gubbi Taluk; kadale in Tiptur Taluk, paddy and sugarcane in Kunigal and Koratagere Taluks; sugarcane in Turuvekere Taluk are reported to be in good condition.

Crops harvested.—Ragi in Chiknaikanahalli Taluk; avare and thogari in Sira Taluk; horsegram and paddy in Gubbi Taluk; horsegram in Pavagada Taluk; paddy in Kunigal Taluk; sugarcane in Koratagere Taluk are reported to have been harvested during the week.

10. Fair.

11. Cattle are reported to be generally healthy throughout the district except for the prevalence of 'Black quarter' in Basavanahalli and Hulettakaloti villages of Madhugiri Taluk and 'Sheep Pox' at Dasihalli in Chiknaikanhalli Taluk. The Local Veterinary Inspectors have been addressed to take immediate necessary measures.

Water and fodder are available except in Chiknaikanhalli Sira, Gubbi and Pavagada Taluks where fodder scarcity is keenly felt. State Forests in Tumkur, Madhugiri, Chiknaikanhalli, Sira, Pavagada, Kunigal, Koratagere and Turuvekere Taluks have been thrown open for free grazing. Cooly classes have been provided with labour in Distress Relief works consisting of Tank Maintenance work and Village Improvement works.

MYSORE.

8. Normally well supplied.

9. *Seeds sown*—Nil.

Standing Crops.—Mysore—Nil;—Chamarajanagar.—Grams and Mulberry; Hunsur.—Horsegram, castor and tobacco; Krishnarajanagar.—Horsegram, and groundnut; Heggaddevankote—Thogari Bengalgram and tobacco; Gundlupet—Horsegram, Bengalgram and paddy; Nanjangud—Nil; T.-Narsipur—Nil and Periyapatna—Bengalgram, coriander and chillies.

All the standing crops are reported to be in good condition.

Crops harvested.—Paddy, ragi, horsegram, Bengalgram, avare, thogari, gingelly, kulthi, corinder, groundnut, sugarcane and mulberry are reported to be being harvested.

10. (1) Generally good. (2) Nil. (3) Nil. (4) None under relief. (5) Sufficient stock of food-grains are available in all the depots of this District.

11. Water and fodder are available for cattle in all the parts of the district. Cattle are reported to be generally healthy.

MANDYA.

8. Well supplied.

9. *Standing Crops and Seeds sown.*—Sugarcane is being planted in Mandya Taluk, sugarcane and paddy are in good condition. Paddy is being harvested in all the Taluks. Sugarcane is being harvested in Mandya, Maddur, Seringapatam and French-Rocks Taluks.

10. The seasonal conditions were on the whole satisfactory during the week. There were sufficient stocks of all food-grains.

11 Public health is reported to be generally good except for plague in Krishnarajpet and Maddur Towns and in some parts of Krishnarajapet, Maddur and Malvalli Taluks Action has been taken to arrest the spread of the epidemic.

The Cattle are reported to be generally healthy. Fodder and water were available in sufficient quantities.

HASSAN.

8. Well supplied. Rice and ragi are being distributed from Government, Municipal, Co-operative and Village Panchayet Depots.

Ploughing operations are going on in Alur Taluk.

Crops Sown.—Nil.

9. *Standing Crops.*—Sugarcane in the Hassan, Alur, Channarayapatna, Belur and Holenarsipur Taluks, Avare in Hassan and Holenarsipur Taluks, Jolam and coriander in the Hassan Taluk, Castor in the Holenarsipur Taluk and bengalgram in the Hassan, Channarayapatna, Arsikere and Holenarsipur Taluks are reported to be in good condition.

Crops harvested—Ragi in the Arkalgud, Arsikere and Alur Taluks and paddy in the Manjarabad, Arkalgud and Alur Taluks are being harvested. Sugarcane is being milled in some parts of Hassan Taluk.

10. Favourable. For want of sufficient rains there has been some difficulty for water in Kanakatte Hobli in the Arsikere Taluk and in some villages of Halekote and Halli mysore Hoblies in the Holenarsipur Taluk. Some wells have been already sunk and arrangements have been made to sink some more temporary wells in these parts. Two relief works are reported to have been started one at Ramanahalli and the other at Mylanahalli in the Arsikere Taluk

11. Water and fodder are generally available to cattle except in some villages of Kanakatte Hobli in the Arsikere Taluk and as a measure of relief Kanakatte Amrith Maha Kaval has been thrown open for free grazing purpose Fodder supply is also being obtained from the neighbouring Taluks to Arsikere and Holenarsipur Taluks. Cattle are reported to be generally healthy except for the prevalence of "Foot and Mouth" disease in Kasaba and Hethur Hoblies in the Manjarabad Taluk and in Doddabyaghathavalli of Kasaba Hobli and in Doddahalli of Hallimysore Hobli in Holenarsipur Taluk. The Veterinary Inspectors are reported to have been addressed for taking remedial measures to check the spread of the epidemic.

SHIMOGA.

8. Markets are fairly well supplied.

9. *Agricultural Operations*:—Nil.

Standing Crops.—Such as Sugarcane, in almost all the Taluks, Areca in Thirthahalli Taluk and dry crops in Shikarpur Taluk are reported to be fairly in good condition. Paddy is reaped in almost all the Taluks. Sugarcane is being crushed in the Taluk of Shimoga, Shikarpur, and Sagar and in Kumsi Sub-Taluk. Areca is being plucked in Sagar Taluk. Dry crops are harvested in the Taluks of Channagiri and Sorab Taluks and in Kumsi Sub-Taluk.

10. Prospects of the season are fair. Cooly classes are finding sufficient labour.

11. Cattle are generally healthy throughout the district. Food and fodder are also sufficient for the present except in the bordering villages of Kasaba Hobli in Channagiri Taluk.

KADUR.

8. Markets well supplied.

9. *Crops Sown.*—Sugarcane, avare, Bengalgram in Chikmagalur Taluk, sugarcane, summer jola, Bengalgram, horsegram in Kadur Taluk are the standing crops.

Crops harvested.—Sugarcane in Chikmagalur Taluk, Bengalgram and horsegram in Kadur Taluk are being harvested. Harvesting of paddy is nearing completion in the District.

Public Health.—Public health is generally good in the District, except for the prevalence of plague in Gundasagara village of Kadur Taluk and in Belavadi village of Chikmagalur Taluk.

Needful action to check the spread of the disease is being taken both by the Revenue Department and the Health Department.

Labour is available and the condition of the labour classes is satisfactory.

10. The seasonal conditions are not satisfactory. Standing crops are withering away for want of rain

11. *Cattle are reported to be healthy in all the parts of the District.*

Fodder and water are available.

CHITALDRUG.

8. Markets are fairly well supplied.

9. *Sowing.*—Nil

Standing Crops.—It is reported that cotton and pulses have withered in Chitaldrug Taluk. In Holalkere Taluk the bilijola and bengalgram crops have been affected by draught. In Molakalmuru Taluk the crops under Kapile wells have withered. Paddy and bengalgram in Hosadurga Taluk, jola, cotton and bengalgram in Haribar Taluk; paddy, wheat and bengalgram in Davangere Taluk are reported to be fair.

Harvest.—Ragi, bajra and save in Holalkere Taluk; jola horsegram and bengalgram in Harihar Taluk are being harvested.

10. Prospects of the season are reported to be fair. The cooly classes are finding sufficient labour all over the district. Relief works have been started in almost all the taluks and they are under progress.

11. Cattle are reported to be healthy throughout the district except for the prevalence of "Blackquarter" in Hanumanthapura village of Jagalur Taluk Necessary preventive measures are reported to have been taken by the Veterinary Department to check the spread of the disease. Water is available throughout the district except in some parts of Challakere. Necessary action is being taken to provide water by sinking fresh wells and deepening existing wells. For fodder, most of the State Forests are thrown open for free grazing. Some of the Amrithamahal Kavals in Hosadurga, Holalkere and Challakere Taluks have also been thrown open for free grazing. Karada grass is being obtained from Shimoga District and is being distributed to several needy centres.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE.

Dated Bangalore,
29th January 1946.

M. SESHADRI,
Revenue Commissioner.

5573

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, JANUARY 24, 1946.

A total of 121 attacks with 51 deaths from Plague was returned from 45 villages in 27 taluks in 7 districts during the week against 133 attacks with 79 deaths in the previous week Cities of Bangalore and Mysore reported 5 attacks (1 imported) with 4 deaths and 2 attacks with 1 death, respectively, while Kolar Gold Field Area remained free. Comparative figures for the corresponding week in 1945 and 1944 were 270 attacks with 146 deaths and 115 attacks with 75 deaths, respectively.

A total of 41 attacks with 9 deaths from Small-pox were reported from Channapatna Town, Goribidanur Taluk, Bangalore City, Civil and Military Station, Bangalore, Mysore City and Kolar Gold Field Area

The State remained free from Cholera, Influenza and Relapsing Fever.

The total mortality for Bangalore City amounted to 183 (35 in hospitals) representing a calculated death rate of 32·9 (26·6 excluding hospital deaths) per mille of population as against 27·2 for the corresponding week of last year Classified according to causes the deaths numbered 4 under Plague, 2 under Small pox 6 under Malaria, 1 under Typhoid, 14 under Other Fevers, 8 under Phthisis, 36 under Dysentery and Diarrhœa and 112 under All Other Causes. The reported mortality was high due to Dysentery and Diarrhœa and fever.

During the week the Civil and Military Station, Bangalore, returned 98 deaths (22 in hospitals) representing a calculated death rate of 34 9 (27·0 excluding hospital deaths) per mille of population as against 41·5 for the corresponding week of last year. Classified according to causes the deaths were Plague 1, Small-pox ,8 Malaria 2, Broncho Pneumonia 1, Pneumonia 14, Phthisis 4, Dysentery and Diarrhœa 16, and all other causes 52

The total mortality for Mysore City was 30 (15 in hospitals) representing a calculated death rate of 9 0 (4 5 excluding hospital deaths) per mille of population as against 20 0 for the corresponding week of last year Classified according to causes the deaths were Plague 1, Small pox 1, Malaria 3, Other Fevers 6, Phthisis 3, Dysentery and Diarrhœa 1, and all other causes 15 The reported mortality was very very low.

There were 46 deaths (3 in hospitals) from all causes in Kolar Gold Field Area equivalent to a calculated death-rate of 14 9 (14 0 excluding hospital deaths) per mille of population as against 27 6 for the corresponding week of last year. Classified according to causes the deaths numbered 1 under Small-pox, 2 under Other Fevers, 1 under Phthisis, and 42 under All Other Causes The reported mortality was very low.

DISTRICT REPORTS

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of the season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11 Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE

8. Generally well supplied.

9. *Standing Crops.*—Paddy and sugarcane have suffered for want of rain.

Crops harvested:—Paddy and sugarcane are being harvested.

10. Crops have suffered for want of adequate rainfall.

11. Cattle are generally healthy. Fodder and water are generally available except in parts of Nelamangala and Devanahalli where there is fodder difficulty. Bettakote, Koramangala Forests and Sambargiddada Kaval have been thrown open in Devanhalli Taluk for free grazing of cattle. Some cattle in Nelamangala have been moved to Magadi where fodder is readily available

KOLAR

8 Moderately supplied

9. *Agricultural Operations*—Nil

Seeds Sown:—Sugarcane is being planted in some parts of Gudibanda Sub-Taluk under wells

Standing Crops—Sugarcane under some irrigation wells are reported to be fair

Crops harvested.—Avare, ragi, thogari and horsegram and milling of sugarcane is going on in some parts of the district

10. Fair

11. Cattle are reported to be healthy except for the prevalence of "Blackquarter" in Thayalur and Dulappalli of Mulbagal Taluk. Preventive measures are reported to have been taken to check further spread of the disease

Pasture, fodder and water are available. State Forests have been thrown open for free grazing.

Temporary wells in tank beds have also been sunk to provide drinking water facilities to men and cattle in parts where scarcity for water felt.

Well works, V. P. works and Road works under Inter-village Communication Scheme have been started to provide employment to cooly classes, particularly in the affected parts of the district.

Public health is generally good except for the prevalence of Plague in Madderi, Hosakere, Virupakshiguttahalli, Mallekoppa, Nangli of Mulbagal Taluk, in Sadali, Narayanadasarahalli, S. M. Venkatapura and Hosapete of Sidlaghatta Taluk, Thirumani of Gudibanda Sub-Taluk, Doddakurgod, Kudumulakunte and Marlur of Gowribidnur Taluk Mylandahalli, Kurubor and Anur of Chintamani Taluk, Kollur, Ronur of Srinivaspur Taluk and Mustur of Bowringpet Taluk. Preventive measures have been adopted to check the spread of the disease.

TUMKUR

8. Well supplied.

9. *Seeds sown.*—Nil.

Standing Crops.—Paddy in Tumkur, jola, paddy, bengalgram and giddaragi in Gubbi Taluk, kadale in Tiptur Taluk, sugarcane and paddy in Kunigal and Koratagere Taluks are reported to be in good condition.

Crops harvested.—Paddy in Tumkur, Gubbi and Kunigal Taluks, ragi in Chiknaikanhalli Taluk, groundnuts in Sira Taluk, horsegram and thogari in Pavagada Taluk are reported to have been harvested during the week.

10. Fair.

11. Cattle are reported to be generally healthy throughout the district. Water and fodder are available. But in Chiknaikanhalli, Sira, Gubbi and Pavagada Taluks fodder scarcity is keenly felt. State Forests in Tumkur, Madhugiri, Chiknaikanhalli, Sira, Pavagada, Kunigal, Koratagere and Turuvekere Taluks have been thrown open for free grazing. Arrangements have been made to get hay from Mysore District Forests and to distribute the same to the affected areas. Cooly classes have been provided with labour by undertaking Distress Relief works.

MYSORE

8. Normally well supplied.

9. *Seeds sown*—Nil.

Standing Crops.—Mysore—Nil; Chamarajanagar—Mulberry chillies and bengalgram, Hunsur—Nil; Krishnarajnagar—Nil, Heggaddevankote—Bengalgram and tobacco, Gundlupet—Nil, Nanjangud—Nil; T.-Narsipur—Nil and Periyapatna—Bengalgram.

All the standing crops are reported to be in good condition

Crops harvested.—Paddy, horsegram, avare, tur, sugarcane mulberry are reported to be being harvested.

10. (1) Generally good. (2) Nil. (3) Nil. (4) None under relief. (5) Sufficient stock of food-grains are available in all the parts of this district.

11. Water and fodder are available to cattle in all the parts of the district. Cattle are reported to be generally healthy except for the prevalence of Rinderpest in some parts of Chamarajnagar Taluk. Action is being taken to check the spread of the disease

MANDYA.

8. Well supplied.

9. *Seeds sown.*—Sugarcane is being planted in Mandya Taluk.

Standing Crops.—Sugarcane and paddy are in good condition. Paddy is being harvested in all the Taluks Sugarcane is being harvested in Mandya, Maddur, Seringapatam and French-Rocks Taluks. Ragi is being thrashed in Nagamangala Taluk.

10. The seasonal conditions were on the whole satisfactory during the week. There were sufficient stocks of all food grains.

11 *Public Health.*—Public health is reported to be generally good except for plague in Krishnarajpet Town and in some villages of Krishnarajpet, Malvally and Nagamangala Taluks Action has been taken to arrest the spread of the epidemic.

Cattle are reported to be generally good. Fodder and water were available in sufficient quantities.

HASSAN.

8. Well supplied. Rice and ragi are being distributed from Government, Municipal, Co-operative and Village Panchayet Depots.

9. Ploughing operations are going on in the Alur Taluk

Crops Sown.—Nil.

Standing Crops.—Sugarcane in the Hassan, Belur, Alur Chennarayapatna and Hole-Narsipur Taluks, bengalgram in the Arsikere and Hole-Narsipur Taluks, and Castor in the Hole-Narsipur Taluk are reported to be generally in good condition

Crops harvested.—Paddy in the Manjarabad, Arkalgud, Belur and Alur Taluks, ragi in the Arkalgud, Arsikere and Alur Taluks are being thrashed. Bengalgram is being reaped in some parts of Hole Narsipur Taluk.

10. Favourable. For want of sufficient rains there has been some difficulty for water in Kanakatte Hobli in the Arsikere Taluk and in some parts of Hole-Narsipur Taluk Temporary wells have been sunk in these places and action is being taken to sink thirty more wells in Hole Narsipur Taluk. Relief works have been undertaken at Ramanahalli and Mylanahalli Villages in the Arsikere Taluk providing labour for nearly 200 persons

11 Water and fodder are generally available to cattle except in some parts of Kanakatte Hobli in the Arsikere Taluk

Fodder supply is being obtained from the neighbouring Taluks of this district to Arsikere Taluk Cattle are reported to be generally healthy except for the prevalence of "Foot and Mouth disease" in parts of Kasaba and Hethu Hoblies in the Manjarabad Taluk The Veterinary Inspector has been addressed for taking remedial measures to check the spread of the epidemic.

SHIMOGA.

8 Markets are fairly well supplied.

9. *Agricultural Operations.—Seeds sown* —Nil.

Standing Crops.—Sugarcane is reported to be in fairly good condition in all the Taluks.

Crops harvested—Sugarcane is being crushed in all the Taluks. Ragi, jola, togari, avare and gingelly in Chennagiri Taluk, paddy, ragi and horsegram in Shikaripur, Sorab Taluk and in Kumsi Sub Taluk are being harvested, and paddy in Sagar and Hosanagar Taluks are being thrashed.

10. Prospects of the season are fair. Cooly classes find sufficient labour. Food grains are available.

11. Cattle are reported to be generally healthy all over the district. Fodder and water are reported to be available t

cattle in all the Taluks except in some bordering villages of Kasaba Hobli in Channagiri Taluk

KADUR

8 Markets well supplied

9. *Crops Sown.*—Nil

Standing Crops.—Sugarcane, avare, Bengalgram in Chikmagalur Taluk, sugarcane, summer jola Bengalgram, in Kadur Taluk are the standing crops

Crops harvested.—Sugarcane in Chikmagalur Taluk, Bengalgram and horsegram in Kadur Taluk are being harvested.

Public Health.—Public health is generally good in the district except for the prevalence of plague in Gundasagara village of Kadur Taluk and in Belavadi village of Chikmagalur Taluk.

Preventive measures are being taken to check the spread of the disease both by the Health Department and this department.

Labour is available and the condition of the labour classes is satisfactory.

10 The seasonal conditions are not satisfactory

11 Cattle are reported to be healthy in all the parts of the district except for the prevalence of 'Foot and Mouth Disease' in Gowdahalli Village of Mudigere Taluk.

The District Veterinary and Live-Stock Officer, Chikmagalur, has been addressed in the matter of taking preventive measures

Fodder and water are available

CHITALDRUG

8 Markets are fairly well supplied.

9 *Sowing.*—Nil

Standing Crops.—It is reported that the cotton and pulses crops have completely withered in Chitaldrug Taluk, Paddy and Bengalgram in Hosadurga Taluk is reported to be fair, but in some parts, these crops have withered on account of drought Jola, cotton and Bengalgram in Harihar Taluk, Bengal gram and wheat in Davangere Taluk in Anaji Tank bed, Bengalgram in Holalkere Taluk are reported to be fair

Harvest.—Jola, horsegram and greengram in Harihar Taluk are being harvested It is reported by the Amildar Hiriyur that paddy harvest has been closed.

10 Prospects of the season are reported to be fair The cooly classes are finding sufficient labour all over the district Relief works have been started in almost all the taluks and they are under progress.

11 Cattle are reported to be generally healthy throughout the district except for the prevalence of "Blackquarter" in Hanumanthapur of Jagalur Taluk and at Soojkere in Hosadurga Taluk Necessary preventive measures are reported to have been taken by the Veterinary Department to check the spread of the disease Water is available throughout the district except in some parts of Challakere. Necessary action is being taken to provide water by sinking fresh wells and deepening existing wells For fodder, most of the state Forests are thrown open for free grazing Some of the Amrithamahal Kavals in Hosadurga, Holalkere and Chitalkere Taluks have also been thrown open for free grazing Karada grass is being obtained from Shimoga District and is being distributed to several needy centres

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, JANUARY 31, 1946.

A total of 184 attacks with 75 deaths from Plague was returned from 41 villages in 32 taluks in 8 districts during the week against 121 attacks with 51 deaths in the previous week. Cities of Bangalore and Kolar Gold Field reported 11 attacks (imported 1) with 6 deaths and 4 attacks (imported 2) with 1 death, respectively, while Mysore City remained free from the disease. Comparative figures for the corresponding week in 1945 and 1944 were 298 attacks with 169 deaths and 126 attacks with 74 deaths, respectively. The Civil and Military Station, Bangalore reported 3 attacks with 1 death.

A total of 54 attacks with 21 deaths from Small-pox were reported from one village in each of Bangalore (North, Channapatna, Nelamangala, Arkalgud and Krishnarajnagar Taluks and from Cities of Bangalore, Mysore and Kolar Gold Field and Civil and Military Station, Bangalore.

The State remained free from Cholera, Influenza and Relapsing Fever

The total mortality for Bangalore City amounted to 158 (41 in hospitals) representing a calculated death-rate of 28·4 (21·1 excluding hospital deaths) per mille of population as against 28·7 for the corresponding week of last year. Classified according to causes the deaths numbered : 6 under Plague, 4 under Small-pox 1 under Malaria, 1 under Typhoid, 10 under Other Fevers, 2 under Phthisis, 28 under Dysentery and Diarrhœa and 106 under All Other Causes. The reported mortality was high due to Dysentery and Diarrhœa and other fevers.

During the week the Civil and Military Station, Bangalore, returned 109 deaths (22 in hospitals) representing a calculated death-rate of 33·1 (26·4 excluding hospital deaths) per mille of population as against 37·9 for the corresponding week of last year. Classified according to causes the deaths were: Plague 2, Small pox 8, Malaria 1, Broncho-Pneumonia 4, Pneumonia 11, Typhoid 2 Phthisis 5, Dysentery and Diarrhœa 21 and all other causes 55.

The total mortality for Mysore City was 15 (11 in hospitals) representing a calculated death rate of 4·5 (3·3 excluding hospital deaths) per mille of population as against 16·9 for the corresponding week of last year Classified according to causes the deaths were: Small pox 2, Malaria 1, Typhoid 1, Phthisis 2, Dysentery and Diarrhœa 1, and all other causes 8. The reported mortality was very very low

There were 43 deaths (4 in hospitals) from all causes in Kolar Gold Field Area equivalent to a calculated death-rate of 14·0 (12·7 excluding hospital deaths) per mille of population as against 27·6 for the corresponding week of last year. Classified according to causes the deaths numbered 1 under Plague, 2 under Small-pox, 2 under Other Fevers, 1 under Dysentery and Diarrhœa and 37 under All Other Causes. The reported mortality was very low.

DISTRICT REPORTS.

8. Market how supplied

9 Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities

10. Prospects of the season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE

8. Generally well supplied.

9. *Standing Crops.*—Paddy and sugarcane have suffered for want of rain and the estimated yield is 4 to 6 annas Paddy and sugarcane are being harvested.

10. Seasonal conditions are not favourable. Rainfall is deficient in all parts of the District except Closepet. In parts of Nelamangala, Devanahalli and Anekal Taluks, crops have been badly affected.

11. Cattle are generally healthy. Water and fodder are available except in parts of Nelamangala and Devanahalli where there is fodder difficulty. Bettakote, Kotamangala Forests and Sambargi Hada Kaval have been thrown open for free grazing in Devanahalli Taluk Some cattle of Nelamangala have moved to Magadi where fodder is readily available

KOLAR

8 Moderately supplied

Agricultural Operations.—Seeds Sown (Irrigated ragi) Nat ragi and Sugarcane under wells are being planted in some parts of Kolar, Goribidanur Sidlaghatta Taluks

9. *Standing Crops* Sugarcane and Nat-ragi under the wells are reported to be in fair condition. Jola is reported to be in good condition in Bagepally and Goribidanur Taluks. Ragi is being threshed, Sugarcane is being milled in different parts of the District

10. Proposals for sanction of seasonal remissions have been sent in respect of all the Taluks in this district as wet crops failed owing to failure of monsoons

11 Cattle are reported to be healthy except for the prevalence of "Blackquarter" at Thayalur, Dulappalli and Sanganahalli of Mulbagal Taluk and in Kammadike of Gudibanda Sub-Taluk. Sheep-pox in Adinarayanahalli of Gudibanda Sub-Taluk Preventive steps are reported to have been taken to check the spread of the disease

Temporary wells are reported to have been sunk to provide drinking water to men and cattle in places where scarcity for water is felt. Regular well works, Village Panchayet works and Road works under Inter-village Communication and tank maintenance works have been started, to provide labour to cooly classes, particularly in the affected parts of the district

Public health is generally good except for the prevalence of Plague in the following Places. (1) In Mylandahalli, Kumbur, Siddimatta and Nayandrahalli of Chintamani Taluk. (2) In Madderi, Virupakshagollahalli, Nangli Hosakote, Kothamangala of Mulbagal Taluk, (3) In Chickballapur Town, (4) In Doddakurugodu, Kudimulakunte and Kallude Villages of Goribidanur Taluk, (5) In Mallu Kunte, Srinivasapur Taluk. (6) In Thumani and Hampasandra of Gudibanda Sub-Taluk. Preventive measures are reported to have been taken to check the spread of the disease.

TUMKUR

8. Markets are well supplied

9 *Seeds sown.*—Transplanation of paddy in well irrigated lands in Madhugiri Taluk

Standing Crops.—Sugarcane in Madhugiri Taluk, bengalgram in the tank beds of Chiknaikanahalli Taluk, paddy, jola, bengalgram and Gidda-ragi in Gubbi Taluk, bengalgram in Tiptur Taluk, sugarcane and paddy in some parts of Kunigal and Koratagere Taluks are reported to be not bad.

Crops harvested.—Ragi in Chiknaikanhalli Taluk, groundnut, horsegram, haruka and navane in Sira Taluk, Paddy in some parts of Gubbi, Tumkur and Kunigal Taluk; sugarcane in Koratagere Taluk are reported to have been harvested during the week.

10. Not good on account of failure of rains Distress Relief works have been started in 8 taluks.

11. Cattle are reported to be generally healthy throughout the district except for the prevalence of black quarter in Kantalagere and Byadarahalli villages of Chiknaikanhalli Taluk The Local Veterinary Inspector has been requested to take immediate necessary steps for prevention of the disease Water is available in all the Taluks except in Sira and Madhugiri Taluks in Honnavalli hobli in Tiptur Taluk Fodder scarcity is also keenly felt in some parts of Tumkur Taluk and in Madhugiri, Chiknaikanhalli, Sira, Gubbi and Pavagada Taluks. State Forests have been thrown open in Tumkur, Madhugiri, Chiknaikanhalli, Sira, Pavagada, Kunigal, Koratagere and Turuvekere Taluks for free grazing Arrangements are made to import fodder from Mysore District and to distribute the same to Sira, Gubbi, Madhugiri and Pavagada Taluks. To provide labour to the cooly classes Distress Relief works have been started. In Tumkur and parts of Chiknaikanahalli taluk labour is reported to be not forthcoming with the result the works are reported to be in slow progress.

MYSORE

8. Normally well supplied

9. *Seeds sown*—Nil.

Standing Crops.—Bengalgram in Chamarajanagar—Heggadevankote and Periyapatna. Mulberry in Chamarajanagar and tobacco in Heggadevanakote Taluk are reported to be in good condition.

Crops harvested.—Horsegram, avare, sugarcane and mulberry are reported to be being harvested

10. (1) Generally good. (2) Nil. (3) Nil. (4) None under relief. (5) Sufficient stock of food-grains are available in all the parts of this district.

11. Water and fodder are available to cattle in all the parts of the district. Cattle are reported to be generally healthy.

MANDYA.

8. Well supplied.

9. *Standing Crops.*—Sugarcane and paddy are in good condition in Mandya and French-Rocks Taluks and sugarcane in Maddur, Malvalli and Seringapatam Taluks is also in good condition Sugarcane is being harvested in Mandya, Maddur, Seringapatam and French-Rocks Taluks. Paddy is still being harvested in Mandya and French-Rocks Taluks Paddy, avare, thogari and Bengalgram are being harvested. Ragi is being thrashed and lands are being ploughed for sowing 'Gid' ragi in Nagamangala Taluk.

10. The seasonal conditions were fairly satisfactory during the week in all the taluks except Nagamangala and portions of Krishnarajapet and Mandya There were sufficient stocks of foodgrains in all the taluks. The cooly classes are finding sufficient labour

11 *Public Health.*—Public health is reported to be generally good except for plague in Krishnarajpet Town and in some parts of Krishnarajpet and Malvally Taluks and small-pox in some parts of Malvalli Taluk. Action has been taken to arrest the spread of the epidemics.

Cattle are reported to be generally healthy. Fodder and water were available in sufficient quantities.

HASSAN.

Well supplied. Rice and ragi are being distributed from Government, Municipal, Co-operative and Village Panchayet Depots.

9. Ploughing operations are going on in some parts of Alur Taluk.

Crops Sown.—Nil.

Standing Crops.—Sugarcane in the Hassan, Belur, Alur and Chennarayapatna Taluks, jolam in the Hassan Taluk, Bengalgram in the Hassan, Belur, Arsikere and Chennarayapatna Taluks, coriander in the Hassan and Hole-Narsipur Taluks and castor and menthya in the Hole-Narsipur Taluk are reported to be generally in good condition.

Crops harvested.—Paddy in the Arkalgud, Manjarabad and Alur Taluks, ragi in the Arkalgud, Belur, Arsikere and Alur Taluks are being thrashed. Bengalgram in the Hole-Narasipur, Chennarayapatna Taluks and avare in the Hole-Narsipur Taluk are being reaped. Sugarcane is being milled in some parts of Hassan Taluk.

10. Favourable. The difficulty for water is felt in some parts of Kanakatte Hobli in the Arsikere Taluk and in some parts of Hallimysore and Kasaba Hoblis in the Hole-Narsipur Taluk. Temporary wells have been sunk in these parts. Action is being taken to sink some more wells wherever necessary. Two relief works and the V.P. works which have been undertaken in Ramanahalli and Mylanahalli Villages in the Arsikere Taluk are under progress and these works have been providing labour for about 200 persons who are in need

11. Water and fodder are generally available for cattle except in some parts of Kanakatte Hobli in the Arsikere Taluk The Kanaktte Amritmahal Kaval is thrown open for

free grazing purposes and the people of these parts have also been getting the supply of fodder from the neighbouring taluks of this District.

Cattle are reported to be generally healthy.

SHIMOGA.

8. Markets are fairly well supplied.

9. *Agricultural Operations.—Seeds sown.*—Nil.

Standing Crops.—Sugarcane is reported to be in fairly good condition in all the Taluks.

Crops harvested.—Sugarcane is being crushed in all the Taluks; ragi and jola in Chennagiri Taluk, ragi and Kulthi in Shikarpur Taluk and in Kumsi Sub Taluk; ragi in Sorab Taluk are being harvested. Paddy is being thrashed in Shikarpur, Sorab, Sagar, Nagar and Thirthahalli Taluks and in Kumsi Sub-Taluk.

10. Prospects of the season are fair. Cooly classes find sufficient labour. Food-grains are available. Relief works in Chennagiri Taluk are in progress.

11. Cattle are reported to be generally healthy in all the Taluks. Fodder and water are available to cattle in all the Taluks except in some villages of Kasaba Hobli, Chennagiri Taluk.

KADUR.

8. Markets well supplied.

9. *Crops Sown.*—Nil.

Standing Crops.—Sugarcane, avare, bengalgram in Chikmagalur Taluk; sugarcane, summer jola and bengalgram in Kadur Taluk are the standing crops.

Crops harvested.—Sugarcane in Chikmagalur Taluk and in Narasimharajapura Sub-Taluk, summer jola and bengalgram in Kadur Taluk are being harvested.

Public Health.—Public health is generally good in the district except for the prevalence of Plague in Gundasagara village of Kadur Taluk and in Belavadi village of Chikmagalur Taluk.

Preventive measures are being taken to check the spread of the disease both by this Department and the Health Department.

Labour is available and the condition of the labour classes is satisfactory.

10. The seasonal conditions are unsatisfactory for want of rains.

11. Cattle are reported to be generally healthy except for the prevalence of "Foot and Mouth" disease in Gowdahalli Village of Mudgere Taluk and in some villages of Kadur Taluk.

The District Veterinary and Live-Stock Officer, Chikmagalur, has been requested to take immediate preventive measures.

Fodder and water are available.

CHITALDRUG

8. Markets are fairly supplied.

9. *Sowing.*—Nil

Standing Crops.—Cotton, thogari and avare in Chitaldrug taluk are reported to have been withered. In Hosdurga Taluk paddy, bengalgram are fair but in some parts, it is reported that they are withering on account of draught.

Bilijola.—Bilijola in Harihar Taluk, bengalgram in Holalkere Taluk; jola, paddy and navane under irrigated wells and malas in Chellakere Taluk and bengalgram in Anaji Tank are reported to be fair.

Harvest.—Horsegram, greengram and thogari in Harihar Taluk are reported to have been harvested.

10. Relief works have been started in almost all the taluks and they are progressing. Except in Davangere and Harihar Taluks the seasonal conditions are not very satisfactory due to failure of rains and separate special fortnightly reports are being sent to Government and to the Revenue Commissioner.

11. Cattle are reported to be generally healthy in the district except for the prevalence of "Blackquarter" in Goravinkal village of Hosdurga Taluk and also in Hanumanthapura of Jagalur Taluk. Necessary preventive measures are reported to have been taken by the Veterinary Department to check the spread of the disease. Water is available throughout the district except in some parts of Challakere. Necessary action is being taken to provide water by sinking fresh wells and deepening existing wells. For fodder, most of the State Forests are thrown open for free grazing. Some of the Amrith mahal Kavals in Hosdurga, Holalkere and Challakere taluks have also been thrown open for free grazing. Karada grass is being obtained from Shimoga District and is being distributed to several needy centres.

OFFICE OF THE REVENUE COMMISSIONER
IN MYSORE, BANGALORE.
5907 *Dated* 11th February 1946.

M. SESHADRI,
Revenue Commissioner.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, FEBRUARY 7, 1946.

A total of 132 attacks with 56 deaths from Plague was returned from 44 villages in 29 taluks in 8 districts during the week against 184 attacks with 75 deaths in the previous week. Cities of Bangalore and Mysore reported 9 attacks (6 imported) with 6 deaths (3 imported) and 2 attacks with 1 death, respectively, while Kolar Gold Field Area reported 1 attack with 1 death. Comparative figures for the corresponding week in 1945 and 1944 were 285 attacks with 138 deaths and 120 attacks with 77 deaths, respectively. The Civil and Military Station, Bangalore reported 1 attack with nil death.

A total of 38 attacks with 7 deaths from Small-pox were reported from one village in each of Channapatna, Nelamangala, T.-Narsipur, Krishnarajnagar and Nanjangud Taluks and from Mysore City and Kolar Gold Field Area and Civil and Military Station, Bangalore.

The State remained free from Cholera, Influenza and Relapsing Fever.

The total mortality for Bangalore City amounted to 138 (49 in hospitals) representing a calculated death-rate of 24·8 (16·0 excluding hospital deaths) per mille of population as against 25·0 for the corresponding week of last year. Classified according to causes the deaths numbered : 6 under Plague, 1 under Malaria, 10 under Other Fevers, 5 under Phthisis, 27 under Dysentery and Diarrhœa and 89 under All Other Causes. The reported mortality was normal.

During the week the Civil and Military Station, Bangalore, returned 64 deaths (10 in hospitals) representing a calculated death-rate of 27·3 (23·0 excluding hospital deaths) per mille of population as against 40·4 for the corresponding week of last year. Classified according to causes the deaths were : Small-pox 4, Broncho-pneumonia 10, Pneumonia 4, Typhoid 1, Phthisis 2, Dysentery and Diarrhœa 6 and all other causes 37.

The total mortality for Mysore City was 24 (18 in hospitals) representing a calculated death-rate of 7·2 (1·8 excluding hospital deaths) per mille of population as against 22·4 for the corresponding week of last year. Classified according to causes the deaths were : Plague 1, Malaria 1, Other Fevers 3, Phthisis 2, Dysentery and Diarrhœa 2, and all other causes 15. The reported mortality was very very low.

There were 29 deaths (2 in hospitals) from all causes in Kolar Gold Field Area equivalent to a calculated death-rate of 9·4 (8·8 excluding hospital deaths) per mille of population as against 32·4 for the corresponding week of last year. Classified according to causes the deaths numbered : 1 under Plague, 1 under Small-pox, 1 under Typhoid, 3 under Other Fevers, 2 under Dysentery and Diarrhœa and 21 under All Other Causes. The reported mortality was very very low.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity. Number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE.

8. Generally well supplied.

9. *Standing Crops.*—Paddy and sugarcane have suffered for want of rain. The estimated yield is 4 to 6 annas. Paddy and sugarcane are being harvested.

10. Seasonal conditions are not favourable. Rainfall is deficient in all parts of the district except Closepet. In parts of Nelamangala, Devanahalli and Anekal Taluks crops have been badly affected.

11. Cattle are generally healthy except for the prevalence of blackquarter in Madabal and Adarangi villages of Magadi Taluk. Water and fodder are available except in parts of Nelamangala and Devanhalli Taluks where there is difficulty for fodder. Certain State Forests have been thrown open for free grazing of cattle in Devanhalli Taluk and some cattle from Nelamangala have moved to Magadi where fodder is available.

KOLAR.

8. Moderately supplied.

Agricultural Operations.—Seeds sown:—Vaisakhy paddy in a few villages under Kapile wells in Chintamani Taluk.

9. *Standing Crops.*—Sugarcane, jola, tomatoes chillies, nat-ragi and potatoes are reported to be in good condition under irrigation wells in some parts of Goribidnur, Bagepally Sidlaghatta, Mulbagal, Chintamani and Bowringpet Taluks.

Crops harvested.—Milling of sugarcane is going on in some parts of the district.

10. Proposals for sanction of seasonal remissions have been sent up. Question of remissions and suspensions of dry assessment is under consideration.

11. Cattle are reported to be generally healthy except for the prevalence of Anthrax in Peddatumkepally of Bagepally Taluk, "Blackquarter" at Kammadike Village of Gudibanda Sub-Taluk, Talalur, Dulappalli and Sangondahalli of Mulbagal Taluk and Chapperoga in Junjanahalli of Chintamani Taluk. Preventive steps are reported to have been taken to check the spread of the diseases.

Temporary wells are reported to have been sunk to provide drinking water to men and cattle in places where scarcity of water is felt. Regular well works, Village Panchayet works and Road works under Inter-village Communication Scheme and Tank Maintenance Works have been started, to provide labour to cooly classes, particularly in the affected parts of the district, which have been notified by Government.

Public health is generally good except for the prevalence of Plague in the following places.

Taluk		*Places*
(1) Bowringpet	...	Ballaraballi
(2) Chintamani	...	Gadadasanahalli, Siddimutt, Mylandahalli, Kumbu and Nayandrahalli.
(3) Mulbagal	...	Madderi, Virupakshi, Guttaballi, Hosakere, Mustur, Vegamadugu, Mallekoppa, Nangli, Doddagurki and Kothamangala.
(4) Sidlaghatta	...	Sadali, S. Devaganahalli, Gundlahalli, Hospete and Kundalagurki.
(5) Goribidnur	...	Doddakurugodu, Kudmulakunte, Maralur and Kalludi.
(6) Srinivasapur	...	Hosa ote.
(7) Gudibanda	...	Bhogenahalli and Hampasandra.

Preventive measures are reported to have been taken to check the spread of the disease.

TUMKUR.

8. Fairly well supplied.

9. *Seeds sown.*—Vaishaki paddy transplanted in Madhugiri Taluk.

Standing Crops.—Paddy, jola, Bengalgram, Gidda-ragi in Gubbi Taluk; kadale in Tiptur Taluk; sugarcane and paddy in Kunigal Taluk; sugarcane in Turuvekere Taluk.

Crops harvested.—Ragi, paddy in 8 taluks, sugarcane in Madhugiri Taluk and jaggery manufactured the out-turn are reported to be meagre.

10. Not good on account of failure of rains. Cooly classes are finding labour. Distress relief works have been started.

11. Cattle are reported to be generally healthy throughout the district. Water is available in all the taluks of the district except in Madhugiri Taluk and Sira Taluk and Honnavalli in Tiptur Taluk. Fodder scarcity is also keenly felt in some parts of Tumkur Taluk. Madhugiri, Chiknaikanhalli, Sira, Gubbi, and Pavagada Taluks. State Forests have been thrown open in Tumkur, Madhugiri, Chiknaikanhalli, Sira, Pavagada, Kunigal, Koratagere and Turuvekere Taluks for free grazing. Fodder from Mysore District has arrived and arrangements are made to distribute the same. To provide labour to the cooly classes Distress Relief works have been started in Tumkur and parts of Madhugiri, Chiknaikanahalli, Gubbi and Pavagada.

MYSORE.

8. Normally well supplied.

9. *Seeds sown*—Pulses in tank bed of Harohally and Varuna in Mysore Taluk.

Standing Crops.—Bengalgram in Heggaddevankote and Periyapatna Taluks, Mulberry in Chamarajanagar are reported to be in good condition.

Crops harvested.—Bengalgram and Mulberry.

10. (1) Generally good. (2) Nil. (3) None under relief. (4) Sufficient stock of food-grains are available in all the parts of this district.

11. Water and fodder are available for cattle in all the parts of the district. Cattle are reported to be generally healthy.

MANDYA.

8. Well supplied.

9. *Seeds sown.*—Jola is being sown in the receded area of Krishnarajasagar Reservoir.

Standing Crops.—Sugarcane and paddy are reported to be in good condition

Crops harvested.—Sugarcane is being harvested in Mandya, Maddur, French-Rocks and Seringapatam Taluks.

10. The seasonal conditions were fairly satisfactory in all the taluks except Nagamangala and Basaral Hobli in Mandya Taluk. There were sufficient stocks of all food-grains.

Public health is reported to be generally good except for plague in some villages of Malvalli, Krishnarajpet and Nagamangala Taluks, small-pox in Kodiyala of of Seringa patam Taluk, Bindiganavale in Nagamangala Taluk. Action has been taken to arrest the spread of the epidemics.

11. Cattle are reported to be generally healthy throughout the district except for Blackquarter in some parts of Nagamangala Taluk and Foot and mouth disease in Nagamangala and French-Rocks Taluks. Action has been taken to check the spread of the diseases. Fodder and water were available in sufficient quantities.

HASSAN.

8. Well supplied. Rice and ragi are being distributed from Government, Municipal, Co-operative and Village Panchayet Depots.

9. Ploughing operations are going on in some parts of Alur Taluk.

Crops sown.—Nil.

Standing Crops.—Sugarcane in the Hassan, Belur, Alur and Chennarayapatna Taluks; Bengalgram in the Belur, Arsikere, Chennarayapatna and Alur Taluks; and Castor, coriander and menthya in the Hole-Narsipur Taluk are reported to be generally in good condition.

Crops harvested.—Paddy in the Manjarabad Arkalgud, Belur, and Alur Taluks; ragi in the Arkalgud, Arsikere and Alur Taluks, are being thrashed. Bengalgram is being reaped in some parts of Belur and Hole-Narasipur Taluks and sugarcane is being milled in the Hassan Taluk.

10. Favourable. Difficulty for water is felt in some parts of the Kanakatte Hobli in the Arsikere Taluk and in some villages of Halekote, Kasaba and Hallimysore Hoblis in the Hole-Narsipur Taluk. Temporary wells have been sunk in these places Arrangements have been made to sink 20 more wells in parts of Hallimysore Hobli in the Hole-Naasipur Taluk. The relief works and the V.P. works started in the Arsikere and Hole-Narsipur Taluk are under progress.

11. Water and fodder are generally available for cattle except in some villages of Kanakatte Hobli in the Arsikere Taluk and as a measure of relief the Kanaktte Amritmahal

aval is thrown open for free grazing purposes and the people f these parts are also having the fodder supply from the eighbouring Taluks of this district. Cattle are reported to e generally healthy.

SHIMOGA.

8. Markets are fairly well supplied.

9. *Agricultural Operations*.—Some lands have been cultivated with Summer Ragi in the channel area in Shimoga Taluk.

Standing Crops.—Sugarcane is reported to be in fairly good condition in all the taluks.

Crops harvested.—Dry crops such as avare, togari, jola and agi in Chennagiri Taluk; Paddy in Sagar, Nagar and Tirthahally Taluk, and paddy, ragi and horsegram in Kumsi Sub-Taluk, are being thrashed. Sugarcane is being crushed in all he taluks.

10. Prospects of the season are fair. Cooly classes find ufficient labour. Relief works started in Channagiri Taluk re under progress. Sufficient stocks of food grains have been rranged to be kept in all the Sales Depots in the district.

11. Cattle are reported to be generally healthy in all ver the district, except for prevalence of "ಕಾಯಿಲೆ ರೋಗ" n some villages in Channgiri Taluk. The Veterinary Inpector is reported to have been addressed to take prompt ction to arrest the spread of the disease. Fodder and water re generally available in all the taluks except in some villages of Channagiri Taluk.

KADUR.

8. Markets are well supplied.

9. *Crops sown*.—Nil.

Standing Crops.—Sugarcane, avare, bengalgram in Chikmagalur Taluk; sugarcane, summer jola and bengalgram in Kadur Taluk are the standing crops.

Crops harvested.—Sugarcane in Chikmagalur Taluk, Bengalgram and horsegram in Kadur Taluk are being harvested.

Public Health.—Public health is generally good in the district except for the prevalence of Plague in Gundasagara village of Kadur Taluk and in Belavadi village of Chikmagalur Taluk.

Preventive measures are being taken to check the spread of the disease both by this Department and the Health Department.

Labour is available and the condition of the labour classes s satisfactory.

10. As the rains are held up, the seasonal conditions are ot satisfactory.

11. Cattle are reported to be generally healthy except for he prevalence of "Foot and Mouth" disease in Mudigere nd Kadur Taluks as already reported.

The District Veterinary and Live-Stock Officer, Chikmagalur, has been requested to take immediate preventiv measures.

Fodder and water are available.

CHITALDRUG.

8. The controlled commodities including food-grains are not supplied in the markets. The other articles are reported to be fairly well supplied.

9. *Sowing*.—Sowing of groundnuts in Channel area of Hiriyur taluk is in progress.

Standing Crops.—The condition of Bilijola in Harihar, paddy and navane under wells and nalas in Chellakere Taluk; bengalgram in tank beds in Holalkere Taluk, is reported to be air. In Hosadurga, it is reported that paddy and bengalgram n some parts are withering on account of draught.

Harvest.—Thogari, bengalgram and cotton in Harihar are reported to have been harvested.

10. Relief works have been started in almost all the taluks and they are progressing, except in Davangere and Harihar Taluks. The seasonal conditions are not very satisfactory due to failure of rains and separate special fortnightly reports are being sent to Government and to the Revenue Commissioner.

11. Cattle are reported to be generally healthy in the district except for the prevalence of "Blackquarter" at Hanumanthapura of Jagalur Taluk and at Attimage of Hosadurga Taluk. Necessary preventive measures are reported to have been taken by the Veterinary Department to check the spread of the disease. Water is available throughout the district except in some parts of Challakere. Necessary action is being taken to provide water by sinking fresh wells and deepening existing wells. For fodder, most of the State Forests are thrown open for free grazing. Some of the Amrithmahal Kavals in Hosdurga, Holalkere and Challakere taluks have also been thrown open for free grazing. Karada grass is being obtained from Shimoga District and is being distributed to several needy centres. Pressed hay from Yesavantanagar has been received and stocked.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE.

Dated Bangalore, 19th February 1946.

M. SESHADRI,
Revenue Commissioner.

5941

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, FEBRUARY 14, 1946.

A total of 127 attacks with 74 deaths from Plague was returned from 57 villages in 33 taluks in 8 districts during the week against 132 attacks with 56 deaths in the previous week. Cities of Bangalore and Mysore reported 6 attacks (3 imported) with 4 deaths (2 imported) and 1 attack with 1 death, respectively, while Kolar Gold Field Area reported 1 death. Comparative figures for the corresponding week in 1945 and 1944 were 211 attacks with 93 deaths and 128 attacks with 49 deaths respectively. The Civil and Military Station, Bangalore, reported 1 attack with 1 death.

A total of 68 attacks with 23 deaths from Small-pox were reported from one village in each of Bangalore South, Channapatna, Nelamangala, Hiriyur, Arsikere, Belur, Hassan, Krishnarajpet, Nagamangala, Gundlupet, T.-Narsipur and Nanjangud Taluks and from Cities of Bangalore, Mysore and Kolar Gold Field Area.

The State remained free from Cholera, Influenza and Relapsing Fever.

The total mortality for Bangalore City amounted to 170 (37 in hospitals) representing a calculated death-rate of 30·6 (23·9 excluding hospital deaths) per mille of population as against 26·3 for the corresponding week of last year. Classified according to causes the deaths numbered 4 under Plague, 4 under Small pox, 3 under Malaria, 2 under Typhoid, 12 under Other Fevers, 3 under Phthisis, 26 under Dysentery and Diarrhœa and 116 under All Other Causes. The reported mortality was high due to Dysentery and Diarrhœa and All Other Causes.

During the week the Civil and Military Station, Bangalore, returned 130 deaths (27 in hospitals) representing a calculated death-rate of 39·4 (31·2 excluding hospital deaths) per mille of population as against 47·7 for the corresponding week of last year. Classified according to causes the deaths were: Plague 1, Small-pox 7, Malaria 1, Broncho pneumonia 1, Pneumonia 24, Typhoid 2, Phthisis 1, Dysentery an Diarrhœa 27 and all other causes 66.

The total mortality for Mysore City was 31 (23 in hospitals representing a calculated death-rate of 9·3 (2·4 excludin hospital deaths) per mille of population as against 21·5 for th corresponding week of last year. Classified according t causes the deaths were: Plague 1, Malaria 1, Phthisis 4, Dysentery and Diarrhœa 1, and all other causes 24. Th reported mortality was very very low.

There were 48 deaths (15 in hospitals) from all causes in Kolar Gold Field Area equivalent to a calculated death-rate of 15·6 (10·7 excluding hospital deaths) per mille of population as against 21·0 for the corresponding week of last year. Classified according to causes the deaths numbered 1 under Plague, 3 under Small-pox, 1 under Malaria, 1 under Typhoid, 3 under Other Fevers, 2 under Dysentery and Diarrhœa and 37 under All Other Causes. The reported mortality was low.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity. Number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE.

8. Generally well supplied.

9. *Standing Crops.*—Sugarcane has suffered for want of rain. Paddy and sugarcane were harvested.

10. Seasonal conditions are not favourable. Rainfall is deficient in all the taluks except Closepet. Crops have been badly affected in parts of Devanhalli, Nelamangala and Anekal Taluks.

11. Cattle are generally healthy except for the prevalence of "Blackquarter" in Adarangi and Neralekere and "Pig disease" in Chodibegur villages of Magadi Taluk. Water and fodder are available except in parts of Nelamangala and Devanhalli Taluks where there is difficulty for fodder. Certain State Forests have been thrown open for free grazing of cattle in Devanhalli Taluk and some cattle from Nelamangala have moved to Magadi where fodder is available.

KOLAR.

8. Moderately supplied (through Government Depots).

Agricultural Operations.—Seeds sown : Nil.

9. *Standing Crops.*—Nattagi, jola and sugarcane under wells in some parts of the district are reported to be in good condition.

Crops harvested.—Milling of sugarcane and threshing of ragi is going on.

10. Notifications for declaring the tanks as affected have been sent. Proposals for grant of remission of dry assessment have been called for and they will be submitted to Government.

11. Cattle are reported to be healthy except for the prevalence of "Blackquarter" in Boovanahalli and Nadimpalli villages of Bowringpet Taluk. Preventive measures are reported to have been taken to check the spread of the disease.

Fodder is available.

Arrangements have also been made to replenish the stock from Forest Department. 255 tons of hay have been allotted to this district and the Forest Department has been addressed to supply this quota from July 1946. Temporary wells in tank beds are being sunk to provide for drinking water to men and cattle. Intervillage Communication and tank maintenance works have been started to provide labour to cooly class particularly in the affected parts of the district notified by Government.

Public health is generally good except for the prevalence of Plague in Bavaraballi and Bethamangala villages of Bowringpet taluk in some villages of Ronur and Yeldur Hobbies of Srinivasapur taluk in Doddakurugodu, Kudumulakunte, Marlur and Kalludi villages of Goribidnur taluk. Preventive steps are reported to have been taken to check the spread of the disease.

TUMKUR.

8. Fairly well supplied.

9. *Seeds sown.*—Vaishaki paddy is sown in some parts of Pavagada Taluk.

Standing Crops.—Bengalgram in some parts of Sira Taluk; paddy, jola, bengalgram and gidda-ragi in Gubbi Taluk; kadale in Tiptur and sugarcane and paddy in Kunigal and Kortagere Taluks under some tanks and sugarcane in Turuvekere Taluk.

Crops harvested.—Paddy, jola, bengalgram, sugarcane are harvested in some taluks of the District and out-turn reported to be meagre.

10. Not good on account of failure of rains.

Cooly classes are finding labour.

Distress relief works are in progress.

11. Cattle are reported to be generally healthy except for the prevalence of "Blackquarter" in Hanumanahalli, Madhugiri taluk. The local Veterinary Inspector is addressed to take precautionary measures. Fodder scarcity is felt in Madhugiri, Sira and Gubbi Taluks. State Forests have been thrown open in Tumkur, Madhugiri, Chiknaikanhalli, Sira, Pavagada, Kunigal, Kortagere and Turuvekere Taluks for free grazing. Water is available in all Taluks except in Sira, Honnavalli Hobli in Tiptur taluk. To provide labour the cooly classes distress relief works have been started in all the taluks of the District.

MYSORE.

8. Normally well supplied.

9. *Seeds sown*—Pulses in tank bed of Harohally and Varuna in Mysore Taluk. Jola crop is being sown on the water receded area of Krishnaraja Sagar lake.

Standing Crops.—Bengalgram and mulberry in Heggaddevankote and Chamarajnagar respectively are reported to be in good condition.

Crops harvested.—Bengalgram and mulberry in the Taluks of Heggaddevankote and Chamarajnagar, respectively are reported to be being harvested.

10. (1) Generally good. (2) Sufficient. (3) Nil. (4) None under relief. (5) Sufficient stock of food-grains are available in all the parts of this district.

11. Water and fodder are available for cattle in all the parts of this district. Cattle are reported to be generally healthy.

MANDYA.

8. Well supplied.

9. *Seeds sown.*—Jola is being sown in the receded area of Krishnarajasagar Reservoir and in some tank beds of Nagamangala Taluk. Irrigated ragi is being sown in some parts of Mandya Taluk.

Standing Crops.—Sugarcane and paddy are reported to be in good condition in Mandya Taluk and sugarcane is reported to be in good condition in the other taluks

Crops harvested.—Sugarcane is being harvested in Mandya, Maddur, French-Rocks and Seringapatam Taluks.

10. The seasonal conditions were fairly satisfactory in all the taluks except Nagamangala and Basaral Hobli in Mandya Taluk. There were sufficient stocks of all food-grains.

Public health is reported to be generally good except for plague in some of the villages of Malvalli Taluk and small-pox in Kodiyala of Seringapatam Taluk. Action has been taken to arrest the spread of the epidemics.

11. Cattle are reported to be generally healthy throughout the district except for "Foot and Mouth" disease in Nagamangala Taluk. Action has been taken to check the spread of the disease. Fodder and water were available in sufficient quantities.

HASSAN.

8. Well supplied. Rice and ragi are being distributed from Government, Municipal, Co-operative and Village Panchayet Depots.

9. Ploughing operations are going on in some parts of Alur Taluk.

Crops sown.—Nil.

Standing Crops.—Sugarcane in Hassan, Belur, Alur and Chennarayapatna Taluks; jolam in Hassan Taluk; Bengalgram in Hassan, Belur and Arsikere Taluks; Coriander in Hassan and Hole-Narsipur Taluks and "Menthya" in Holenarsipur Taluk are reported to be generally in good condition.

Crops harvested.—Paddy in Manjarabad, Belur, Arkalgud and Alur Taluks; ragi in some parts of Arkalgud and Alur Taluks are being thrashed. Bengalgram is being harvested in some parts of Chennarayapatna Taluk and sugarcane is being milled in some parts of Hassan Taluk.

10. Fair. Difficulty for water is felt in some parts of Kanakatte Hobli in Arsikere Taluk and in some villages of Halekote, Kasaba and Hallimysore Hoblis in the Hole-Narsipur Taluk. Temporary wells have been sunk in these places. Relief works and Village Panchayet works started in Arsikere and Hole-Narsipur Taluks are under progress.

11. Water and fodder are generally available for cattle except in some villages of Kanakatte Hobli in Arsikere Taluk and as a measure of relief the Kanakatte Amritmahal Kaval is thrown open for free grazing purposes and people of these parts are also having the fodder supply from the neighbouring taluks of this district.

Cattle are reported to be generally healthy.

SHIMOGA.

8. Markets are fairly well supplied.

Seeds Sown.—Sugarcane is being planted in Shikarpur Taluk.

9. *Crops harvested.*—Sugarcane is being crushed in all the taluks; avare, togari and jola are being threshed and cleaned in Chennagiri Taluk; ragi and horsegram in Shikarpur Taluk and Kumsi Sub-Taluk, are being harvested. Paddy is being threshed in Shikarpur, Sagar, Tirthahally Taluks and in Kumsi Sub-Taluk.

10. Prospects of the season are fair in all the Taluks except in some parts of Chennagiri Taluk where relief works have been started to provide labour to the labourers. Sufficient stocks of controlled food-grains have been arranged to keep in all the Sales Depots in the district. Food-grains are available in all the taluks.

11. Cattle are reported to be generally healthy all over the district, except for prevalence of "ಕಾಲು ಬಾಯಿ ರೋಗ" (Foot and Mouth Disease) in some parts of Basavapatna and Kasaba Hobbies in Chennagiri Taluk. The Veterinary Inspector is reported to have been addressed to do the needful in the matter. Fodder and water are generally available in all the taluks except in some border villages of Chennagiri Taluk.

KADUR.

8. Markets are well supplied.

9. *Crops sown.*—Nil.

Standing Crops.—Sugarcane, avare, bengalgram in Chikmagalur Taluk and sugarcane and summer jola in Kadur Taluk are the standing crops.

Crops harvested.—Sugarcane, avare, bengalgram in Chikmagalur Taluk; summer jola in Kadur Taluk and sugarcane in Narasimharajapura Sub-Taluk are being harvested.

Public Health.—Public health is generally good in the district except for the prevalence of plague in Gundasagara village of Kadur Taluk and in Belavadi village of Chikmagalur Taluk. Small-pox has also broken out in Tarikere Town.

Preventive measures are being taken to check the spread of the disease both by this Department and the Health Department.

Labour is available and the condition of the labour classes is satisfactory.

10. The seasonal conditions continue to be unsatisfactory for want of rains.

11. Cattle are reported to be generally healthy except for the prevalence of "Foot and Mouth" disease in some villages of Mudgere and Kadur Taluks.

Needful preventive measures are being taken by the Veterinary Department.

Fodder and water are available.

CHITALDRUG.

8. The controlled commodities including food-grains are not supplied in the market. The other articles are reported to be fairly well supplied.

9. *Sowing.*—Nil.

Standing Crops.—The condition of Bilijola in Harihar Taluk; wheat and bengalgram in Anaji tank bed in Davangere Taluk; paddy and navane under wells and nalas in Chellakere Taluk; bengalgram in a few tank beds of Holalkere Taluk is reported to be fair. Paddy and bengalgram in some parts of Hosdurga Taluk is withering on account of drought.

Harvest.—Nil.

10. Relief works have been started and are progressing, in almost all the taluks except in Harihar Taluk. The seasonal conditions are not very satisfactory due to failure of rains and separate special fortnightly reports are being sent both to Government and to the Revenue Commissioner.

11. Cattle are reported to be generally healthy in the district except for the prevalence of "Blackquarter" in Hanumanthapura and Epizootic Aphtha in Anivala and Attimage of Hosdurga Taluk. Necessary preventive measures are reported to have been taken by the Veterinary Department to check the spread of the disease. Arrangements have been made to deepen the existing wells and to sink temporary wells in Challakere, Chitaldrug, Molakalmuru, Hiriyur, Jagalur and some parts of Hosdurga Taluks. For fodder, State Forests are thrown open for free grazing. Some of the Amrithmahal Kavals in Hosdurga, Holalkere and Challakere taluks have also been thrown open for free grazing. Karada grass is being distributed to several needy centres. Pressed hay from Kesavantanagar has been received and stocked.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, FEBRUARY 21, 1946.

A total of 69 attacks with 38 deaths from Plague was returned from 47 villages in 33 taluks in all the districts during the week against 127 attacks with 71 deaths in the previous week. Cities of Bangalore and Mysore reported attacks with 2 deaths, and nil attack with nil death respectively, while Kolar Gold Field Area reported 2 attacks with 3 deaths (imported 1). Comparative figures for the corresponding week in 1945 and 1944 were 275 attacks with 131 deaths and 92 attacks with 60 deaths respectively.

A total of 71 attacks with 24 deaths from Small-pox were reported from one village in Chitaldrug, Nagamangala, Pavagada, Bangalore North, Bangalore South Belur, Chintamani Nanjangud, Channapatna, T Narsipur Taluks and in the Cities of Bangalore, Mysore, Kolar Gold Field and Civil and Military Station, Bangalore

1 attack with 1 death from Cholera were reported from one village in Malvalli Taluk

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore City amounted to 181 (46 in hospitals) representing a calculated death rate of 32·6 (24·3 excluding hospital deaths) per mille of population as against 21·3 for the corresponding week of last year Classified according to causes the deaths numbered 2 under Plague, 8 under Small pox, 4 under Malaria, 2 under Typhoid, 17 under Other Fevers, 4 under Phthisis, 26 under Dysentery and Diarrhœa and 118 under All Other Causes. The reported mortality was high due to Dysentery and Diarrhœa and All Other Causes

During the week the Civil and Military Station, Bangalore, returned 159 deaths (18 in hospitals) representing a calculated death rate of 42 2 (36·7 excluding hospital deaths) per mille of population as against 40·1 for the corresponding week of last year. Classified according to causes the deaths were Small pox 8, Broncho-pneumonia 10, Pneumonia 22, Typhoid 1, Phthisis 4, Dysentery and Diarrhœa 32, and all other causes 62.

The total mortality for Mysore City was 26 (21 in hospitals) representing a calculated rate of 7·8 (1·5 excluding hospital deaths) per mille of population as against 20 0 for the corresponding week of last year Classified according to causes the deaths were Small-pox 1, Typhoid 1, Phthisis 2, Dysentery and Diarrhœa 3, and all other causes 19. The reported mortality was very very low

There were 38 deaths (11 in hospitals) from all causes in Kolar Gold Field Area equivalent to a calculated death-rate of 12 4 (8·3 excluding hospital deaths) per mille of population as against 26·2 for the corresponding week of last year Classified according to causes the deaths numbered. 3 under Plague, 2 under Small-pox, 1 under Malaria 5 under Other Fevers, 1 under Dysentery and Diarrhœa and 26 under All Other Causes The reported mortality was very low.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity. Number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE.

8. Generally well supplied.

9. *Standing Crops.*—Sugarcane has suffered for want of rain. Sugarcane is being harvested.

10. The seasonal conditions are not favourable. Rainfall was deficient in all the parts of the district except in Closepet. Crops have been affected in parts of Devanhalli, Nelamangala and Anekal Taluks.

11. Cattle are generally healthy. Water and fodder are available except in parts of Nelamangala and Devanhalli Taluks where there is difficulty for fodder. Certain State Forests have been thrown open for free grazing of cattle in Devanhalli Taluk and some cattle from Nelamangala taluk have moved to Magadi where fodder is available.

KOLAR.

8. Moderately supplied (through Government Depots).

Agricultural Operations.—

Seeds sown.—Sweet potatoes and irrigated ragi are sown in some places of Bowringpet and Srinivaspur Taluks under Kapile wells.

Crops harvested.—Sugarcane milling is going on in some places of Chintamani, Sidlaghatta, and Goriddinur Taluks.

9. *Standing Crops.*—Jola, bengalgram and irrigated ragi and potatoes in some parts of Bowringpet, Bagepalli and Srinivaspur Taluks; sugarcane and paddy in some parts of Chintamani, Sidlaghatta and Goribidnur Taluks under Kapile wells are reported to be in good condition.

10. Tanks which are affected in this district have all been notified for purposes of granting remission of wet assessment under the rules. Proposals for the grant of remission of dry assessment in individual villages where dry crops have suffered have been submitted to Revenue Commissioner in respect of all the taluks except Goribidnur, Bagepalli, Chintamani and Malur and the proposals in respect of the latter four taluks are under scrutiny.

11. Cattle are reported to be generally healthy except for the prevalence of "Blackquarter" in Polenahalli and Bananhalli villages of Bowringpet Taluk, in Tayalur, Doolappalli and Sangondahalli villages of Mulbagal Taluk and G. Charlapalli of Begepalli Taluk.

Preventive measures are reported to have been taken to check further spread of the disease. Fodder and water are available. Arrangements have been made to replenish the stock of hay from the Forest Department. Two hundred and fifty-five tons of hay have been allotted to this district and the Forest Department has been addressed to supply this quota from July 1946 to this district.

Temporary wells in tank beds have also been excavated to procure water for men and cattle. V. P. Works, Road Works under Inter Village Communication and tank maintenance works have been started to provide labour to cooly class particularly in the affected parts of the district notified by Government.

Public health is generally good except for the prevalence of plague in Kadriyanakuppa and Kurubur villages of Bowringpet taluk in Madikere, Golappalli and Mylandahalli villages of Chintamani Taluk in Madderi, Hosakere and Nangli villages of Mulbagal Taluk, Sadli, S. Devaganahalli and Gundlahalli villages of Sidlaghatta Taluk, in Doddakurugodu, Meralur and Kalludi villages of Goribidnur Taluk, in Kalkunte and Manigananalli villages of Srinivaspur Taluk.

Preventive measures are reported to have been taken to check the spread of the disease.

TUMKUR.

8. Fairly well supplied.

9. *Seeds sown.*—Nil.

Standing Crops.—Well irrigated paddy in Madhugiri and Chiknaikanhalli Taluks; well irrigated ragi in Sira Taluk; paddy in Gubbi Taluk; kadale in Tiptur Taluk; sugarcane and paddy in Kunigal and Kortagere Taluks and sugarcane in Turuvekere Taluk are reported to be fair.

Crops harvested.—Paddy, in some parts of Tumkur Taluk; paddy, jola and bengalgram, in Gubbi Taluk; sugarcane in Kortagere Taluk are reported to have been harvested during the week.

10. Not good on account of failure of rains. Food-grains have been supplied to all the depots.

11. Cattle are reported to be generally healthy throughout the district. Water and fodder are available except in Madhugiri, Chiknaikanhalli, Sira and Gubbi Taluks where fodder difficulty and water scarcity for cultivation purposes is felt. Grass obtained from Mysore District is being distributed to these taluks. Cooly classes have been provided with labour under distress relief works which are in progress.

MYSORE.

8. Normally well supplied.

9. *Seeds sown.*—Jola crop is reported to be being sown in the water receded area of Krishnarajasagara lake. Pulses in the tank bed area of Harohally and Varuna villages in Mysore Taluk.

Standing Crops.—Nil.

Crops harvested.—Bengalgram and mulberry in the Taluks of Heggaddevankote and Chamarajnagar are reported to be being harvested.

10. (1) Generally good. (2) Sufficient. (3) Nil. (4) None under relief works. (5) Sufficient stock of food-grains are available in all the parts of this district.

11. Water and fodder are available for cattle in all the parts of this district. Cattle are reported to be generally healthy.

MANDYA.

8. Well supplied.

9. *Seeds sown.*—Irrigated ragi is being sown in some parts of Mandya Taluk and lands are being prepared for sowing Irrigated Ragi and jola in other parts of the taluk. Jola is being sown in the receded area of Krishnarajasagar Reservoir and in some tank beds of Nagamangala Taluk.

Standing Crops.—Sugarcane and paddy in Mandya Taluk and sugarcane in other taluks are reported to be in good condition.

Crops harvested.—Paddy and sugarcane in Mandya Taluk and sugarcane in other taluks are reported to have been harvested during the week.

10. The seasonal conditions were fairly satisfactory in all the taluks except Nagamangala and Basaral Hobli in Mandya Taluk. There were sufficient stocks of all food-grains.

Public Health.—Public health is reported to be generally good except for small-pox at Kodiyala in Seringapatam Taluk and at Belakavadi and Kiragasoor in Malavalli Taluk. Action has been taken to arrest the spread of the epidemic.

11. Cattle are reported to be generally healthy throughout the district except for Blackquarter at Hullagala village and Epizootic Aphtha at Belakavadi in Malavalli Taluk and "foot and mouth" diseases in Belagola and Kurubarasettihalli hoblies in Seringapatam Taluk. Action has been taken to check the spread of the epidemics.

HASSAN.

8. Well supplied. Rice and ragi are being distributed from Government, Municipal, Co-operative and Village Panchayet Depots.

9. *Crops sown.*—Nil.

Standing Crops.—Sugarcane in Hassan, Belur, Alur and Chennarayapatna Taluks and Coriander in Hole-Narsipur Taluk are reported to be generally in good condition.

Crops harvested.—Paddy in Manjarabad, Arkalgud, Belur and Alur Taluks; ragi in Arkalgud and Alur Taluks and bengalgram in Arsikere Taluk are being thrashed.

10. Fair. Difficulty for water is felt in some parts of Kanakatte Hobli in Arsikere Taluk and in some villages of Halkote, Kasaba and Hallimysore Hoblis in the Hole-Narsipur Taluk. Temporary wells have been sunk in these places and are being sunk wherever found necessary. Relief works and Village Panchayet works started in the Arsikere and Hole-Narsipur Taluks are under progress. Estimates for taking up tank maintenance works are being prepared to take up further relief works in Hole-Narsipur Taluk, particularly in Hallimysore Hobli.

11. Water and fodder are generally available for cattle except in some villages of Kanakatte Hobli in Arsikere Taluk and as a measure of relief the Kanakatte Amritmahal Kaval is thrown open for free grazing purposes and people of these parts are also having the fodder supply from the neighbouring taluks of this district. Cattle are reported to be

generally healthy except for prevalence of "Foot and Mouth disease" in all the Hoblis of Manjarabad Taluk and "Haradi Roga" in the Hethur Hobli of the same taluk. The Veterinary Inspector is reported to have been addressed for taking remedial measures to check the spread of the epidemic.

SHIMOGA.

8. Markets are fairly well supplied.

9. *Agricultural operations.—Seeds Sown.*—Summer ragi is being sown in some lands under Bhadra Right Bank Channel, Shimoga Taluk; Sugarcane is being planted in Shikarpur Taluk.

Crops harvested.—Sugarcane is being crushed in all the taluks; avare, togari and jola are being threshed in Chennagiri Taluk, Ragi and horsegram in Shikarpur Taluk and in Kumsi Sub-Taluk, are being harvested. Paddy is being threshed in Shikarpur, Sagar, and Thirthahalli Taluks and in Kumsi Sub-Taluk.

10. Prospects of the season are fair in all the Taluks except in some parts of Chennagiri Taluk where relief works have been started to provide labour to the labourers. Sufficient stocks of food-grains have been arranged to be kept in all the Sales Depots in the district. Food-grains are available in all the taluks.

11. Cattle are reported to be generally healthy all over the district, except for prevalence of "ಕಾಲು ಬಾಯಿ ರೋಗ" (Foot and Mouth Disease) in some parts of Basavapatna and Kasaba Hoblis in Chennagiri Taluk. It is reported that the Veterinary Inspector has been addressed to do the needful in the matter. Fodder and water are generally available in all the taluks except in some border villages of Chenna Taluk.

KADUR.

8. Markets well supplied.

9. *Standing Crops.*—Sugarcane, avare, and Bengalgram in Chikmagalur Taluk, sugarcane and summer jola in Kadur Taluk are the standing crops.

Crops harvested.—Sugarcane, avare, Bengalgram in Chikmagalur Taluk, sugarcane in Kadur Taluk are being harvested.

Public Health.—Public health is generally good in the district except for the prevalence of Small-pox in Tarikere Kadur and Birur Towns.

Preventive measures are being taken both by this Department and the Health Department to check the spread of the disease.

Labour is available and the condition of the labour classes is satisfactory.

10. The seasonal conditions are unsatisfactory for want of rains.

11. Cattle are reported to be generally healthy except for the prevalence of "Foot and Mouth" disease in some villages of Mudgere and Kadur Taluks and in Saragodu village of Chikmagalur Taluk.

Preventive measures are being taken by the Veterinary Department to bring the disease under control.

Fodder and water are available.

CHITALDRUG.

8. The controlled commodities including food-grains are not supplied in the markets. The other articles are reported to be fairly well supplied

9. *Sowing.*—Nil.

Standing Crops.—The condition of paddy and navane under wells and nalas in Chellakere Taluk; jola, cotton, bengalgram in Harihar Taluk, ragi, paddy and groundnut in the channel area in Hiriyur Taluk: paddy and bengalgram in Hosdurga Taluk; onions, paddy, chillies and fodder jola which are grown in small extents under Kaplie wells in Molakalmuru Taluk is reported to be fair.

Harvest.—In Harihar, it is reported that cotton is being harvested.

10 Relief works have been started and also progressing, in almost all the taluks except in Harihar Taluk. The seasonal conditions are not very satisfactory due to failure of rains and separate special fortnightly reports are being sent both to the Revenue Commissioner and Government.

11. Cattle are reported to be generally healthy in the district except for the prevalence of "Blackquarter" in Hanumanthapura, Jagalur Taluk and "Foot and Mouth" disease at Attimage, Soojikal and Kurubarahatty, Hosdurga Taluk. Necessary preventive measures are reported to have been taken by the Veterinary Department to check the spread of the disease. To improve the supply of water, arrangements have been made to deepen the existing wells and to sink temporary wells in Challakere, Chitaldrug, Molakalmuru, Hiriyur, Jagalur and some parts of Hosdurga Taluks. For fodder, State Forests, Amrutmahal Kavals and date groves are thrown open for free grazing. In Hosdurga, Holalkere and Challakere taluks, Karada grass is being distributed to several needy centres. Pressed hay from Yesavantanagar has been received and stocked and is made available to the public.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE.

Dated Bangalore,
6th March 1946.

M. SESHADRI,
Revenue Commissioner.

6535

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, 28TH FEBRUARY 1946.

A total of 77 attacks with 29 deaths from Plague was returned from 28 villages in 15 taluks in seven districts, during the week against 69 attacks with 38 deaths in the previous week. Cities of Bangalore and Mysore reported 7 attacks with 3 deaths and 11 attacks with 5 deaths respectively, while Kolar Gold Field Area reported 2 attacks with 3 deaths. Comparative figures for the corresponding week in 1945 and 1944 were 132 attacks with 94 deaths and 275 attacks with 131 deaths, respectively. The C. & M. Station, Bangalore, reported 3 attacks and 1 death.

A total of 96 attacks with 23 deaths from Small-pox were reported from Bangalore North, Bangalore South, Channapatna, Magadi, Nelamangala, Chitaldrug, Harihar, Sringeri, Hassan, Tarikere, Kolar, Nanjangud and Shimalkoppa Taluks and from Cities of Bangalore, Mysore, Kolar Gold Field and C. & M. Station, Bangalore.

The State remained free from Cholera, Influenza and Relapsing Fever.

The total mortality for Bangalore City amounted to 193 56 in hospitals) representing a calculated death-rate of 34·7 (24·7 excluding hospital deaths) per mille of population as against 28·5 for the corresponding week of last year. Classified according to causes the deaths numbered 3 under Plague, 5 under Small-pox, 4 under Malaria, 14 under Other Fevers, 3 under Phthisis, 30 under Dysentery and Diarrhœa and 134 under all other causes. The reported mortality was high due to Dysentery and Diarrhœa and All Other Causes.

During the week the Civil and Military Station, Bangalore, returned 132 deaths (22 in hospitals), representing a calculated death-rate of 40·0 (33·4 excluding hospital deaths) per mille of population as against 33·2 for the corresponding week of last year. Classified according to causes, the deaths were: Plague 1, Small-pox 3, Broncho-Pneumonia 11, Pneumonia 9, Typhoid 1, Phthisis 3, Dysentery and Diarrhœa 29, and all other causes 75.

The total mortality for Mysore City was 27 (15 in hospitals) representing a calculated death-rate of 8·1 (3·6 excluding hospital deaths) per mille of population as against 14·4 for the corresponding week of last year. Classified according to causes the deaths were: Smallpox 5, Malaria 2, Phthisis 4, Dysentery and Diarrhœa 1, and all other causes 15. The reported mortality was very very low.

There were 35 deaths (5 in hospitals) from all causes in Kolar Gold Field Area equivalent to a calculated death-rate of 11·4 (9·8 excluding hospital deaths) per mille of population as against 18·6 for the corresponding week of last year. Classified according to causes the deaths numbered: 2 under Plague, 4 under Other Fevers, 1 under Phthisis, 5 under Dysentery and Diarrhœa and 23 under all other causes. The reported mortality was low.

DISTRICT REPORTS.

8. Market how supplied.

9 Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity. Number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE.

8. Generally well supplied.

9. *Standing Crops.*—Sugarcane has suffered for want of rain

10. The seasonal conditions are not favourable. Rainfall was deficient in all parts of the district except Closepet. Crops were badly affected in parts of Devanhalli, Nelamangala and Anekal Taluks.

11. Cattle are generally healthy. Water and fodder are available except in parts of Nelamangala and Devanhalli Taluks where there is difficulty for fodder. Certain State Forests have been thrown open for free grazing of cattle in Devanhalli Taluk and some cattle from Nelamangala have moved to Magadi where fodder is available.

KOLAR.

8. Moderately supplied (through Government Depots).

Agricultural Operations.—Seeds sown, Vaisaki Paddy and Sugar cane in Goribidnur.

9. *Standing Crops.*—Thuragi, sweet potatoes, sugarcane, onions under Kapile wells.

Bengal gram in Goribidnur Taluk and jola in tank beds in Bowringpet, Bagepalli Taluks, are reported to be in good condition.

Crops harvested.—Sugarcane is being milled in some parts of Bowringpet, Mulbagal, Sidlaghatta, Goriddnur and Malur Taluks.

Tanks which are affected in this district have all been notified for purpose of granting remission of wet assessment under the rules.

10. Proposals for grant of remissions of dry assessment in individual villages where dry crops have suffered have been submitted to Revenue Commissioner in respect of all the Taluks.

Cattle are reported to be healthy except for the prevalence of "Blackquarter" at Sangendahalli, Tayalur, and Dodpalli villages of Mulbagal Taluk. Preventive measures are reported to have been taken to check further spread of the disease.

Arrangements have been made to replenish the stock of hay from the Forest Department, two hundred and fifty-five tons of hay have been allotted to this district and the Forest Department has been addressed to supply this quota from July 1946 to this district.

11. Temporary wells in tank beds have also been excavated to procure water for men and cattle. Village Panchayet Works, Road Works under Inter Village Communication and Tank Maintenance works have been started to provide labour to cooly class, particularly in affected parts of the district notified by Government.

Public health is generally good except for the prevalence of plague in Kurubur, Yegavakote and Jodi Hosahalli villages of Chintamani Taluk in Madderi, Hosakare Nangli and Sanyaikoppa of Mulbagal Taluk in Sadli, S. Devaganahalli and Basavapatna villages of Sidlaghatta Taluk, in Muniganahalli, Dimbala and Muthukupalli of Srinivasapur Taluk.

Preventive measures are reported to have been taken to check the spread of the disease.

TUMKUR.

8. Fairly well supplied.

9. *Seeds sown.*—Nati ragi in Tumkur taluk; paddy in Pavagada taluk; ragi and jola in Kunigal taluk.

Standing Crops.—Paddy under irrigated wells in Madhugiri taluk; paddy and gidda ragi in Gubbi taluk; kadale in Tiptur taluk, paddy and sugarcane in Kortagere taluk are reported to be fairly in good condition.

Crops harvested.—Paddy in Tumkur taluk; bengalgram in Sira taluk; sugarcane in Gubbi taluk; paddy in Kunigal taluk are reported to have been harvested during the week.

10. Not good on account of advers seasonal conditions.

11. Cattle are reported to be generally healthy throughout the district except for the prevalence of "Rinderpest" at Gudde Thippasandra, Kunigal taluk and "Black-quarter" at Chiknotgunte in Gubbi taluk. The local Veterinary Inspectors are reported to have taken necessary preventive measures. Water and fodder are available except in Madhugiri, Chiknaikanhalli, Sira, Gubbi, Pavagada Taluks where fodder scarcity is felt. State Forests have been thrown open and fodder obtained from Mysore District has been sent to the affected parts. Cooly classes have been provided with labour under distress relief works which are reported to be in progress

MYSORE.

8. Normally well supplied.

9. *Seeds sown.*—Jola and pulses in Krishnarajanagar taluk and Mysore taluk were sown.

Standing Crops.—Nil.

Crops harvested.—Nil.

10. (1) Generally good. (2) Sufficient. (3) Nil. (4) None under relief works. (5) Sufficient stock of food-grains is available in all the parts of this district.

11. Water and fodder are available for cattle in all the parts of this district. Cattle are reported to be generally healthy.

MANDYA.

8. Well supplied.

9. *Seeds sown.*—Irrigated ragi and jola are being sown in some parts of Mandya Taluk and fields are being prepared for sowing Irrigated Ragi and jola in some parts of the taluk Pulses are sown in Seringapatam Taluk. Jola is sown some tank beds of Nagamangala Taluk, and lands are being prepared for sowing ragi in the taluk. Jola is being sown in in the receded area of Krishnarajasagar Reservoir.

10. *Crops harvested.*—Paddy and sugarcane in Mandya Taluk and sugarcane in other taluks are reported to have been harvested during the week.

Standing Crops.—Sugarcane and paddy in Mandya Taluk and sugarcane in other taluks are reported to be in good condition.

The seasonal conditions were fairly satisfactory in all the taluks except Nagamangala and Basaral Hobli in Mandya Taluk. There were sufficient stocks of all food-grains.

11. *Public Health.*—Public health is reported to be generally good except for plague in Hosalli Village, Seringapatam Taluk and Ramanakoppal in Santhebachalli Hobli, Krishnarajpet Taluk. Action has been taken to arrest the spreadof the epidemic.

Cattle are reported to be generally healthy throughout the district except for "Foot and Mouth" diseases in some villages of Seringapatam Taluk. Action has been taken to check the spread of the epidemic. Water and fodder were available in sufficient quantities.

HASSAN.

8. Well supplied Rice and ragi are being distributed from Government, Municipal, Co-operative and Village Panchayet Depots.

9. *Crops sown.*—Nil.

Standing Crops.—Sugarcane in Hassan, Belur, Alur and Chennarayapatna Taluks and bengalgram in some parts of Belur Taluk are reported to be generally in good condition.

Crops harvested.—Paddy in Manjarabad, Arkalgud, Belur and Alur Taluks, ragi in Arkalgud and Alur Taluks are being thrashed; bengalgram is being harvested in some parts of Arsikere Taluk and sugarcane is being milled in some parts of Hassan Taluk.

10. Fair. Difficulty for water is felt in some parts of Kanakatte Hobli in Arsikere Taluk and in some villages of Halekote, Kasaba and Hallimysore Hoblis in the Hole-Narsipur Taluk. Temporary wells have been sunk in these places. Twenty three wells are reported to have been sunk in some villages of Hole-Narsipur Taluk. Relief works and Village Panchayet works started in the Arsikere and Hole-Narsipur Taluks are under progress. Estimates for Tank Maintenance works are being prepared to take up in Hole-Narsipur Taluk, particularly in Hallimysore Hobli. Three estimates have already been countersigned and issued for execution'

11. Water and fodder are generally available for cattle except in some villages in Kanakatte Hobli in Arsikere Taluk. The Kanakatte Amritmahal Kaval is thrown open for free grazing and people of these parts are having the fodder supply from Hassan and Belur Taluks.

Cattle are reported to be generally healthy except for the prevalence of "Foot and Mouth Disease" in all the Hoblis of and "Naradi Roga" in Hethur Hobli in Manjarabad Taluk. The Veterinary Inspector is reported to have been addressed for taking remedial measures to check the spread of the epidemic.

SHIMOGA.

8. Markets are fairly well supplied.

9. *Agricultural operations.—Seeds Sown.*—Summer Ragi is being sown in the Bhadra Right Bank Channel area in Shimoga Taluk and Sugarcane is being planted in Shikaripur Taluk.

Standing Crops.—Sugarcane is reported to be in fairly good condition in all the taluks.

Crops harvested.—Sugarcane is being crushed in all the taluks. Paddy is being threshed in some parts of Sagar Taluk and Kumsi Sub-Taluk, Ragi and Horsegram are being harvested in some parts of Kumsi Sub-Taluk.

10. Prospects of the season are fair in all the Taluks except in some parts of Channagiri Taluk where relief works have been started in the affected areas to provide labour to the labourers. Sufficient stock of food grains have been arranged to be kept in all the Sales Depots in the district.

Food-grains are available in all the taluks.

11. Cattle are reported to be generally healthy all over the district, except for prevalence of "ಕಾಲು ಬಾಯಿ ರೋಗ" in some parts of Channagiri Taluk and "ಚಪ್ಪಳರೋಗ" in Mahagondanahalli, Honnali Taluk. It is reported that the concerned Veterinary Inspectors are taking necessary action to check the spread of the disease in Honnali Taluk. Fodder and water are generally available in all the taluks except in some border villages of Channagiri Taluk.

KADUR.

8. Markets well supplied.

9. *Crops Sown.*—Nil

Standing Crops.—Sugarcane, Avare and Bengalgram in Chikmagalur Taluk, and sugarcane in Kadur Taluk are the standing crops.

Crops harvested.—Sugarcane, avare, Bengalgram in Chikmagalur Taluk and Sugarcane in Kadur Taluk are being harvested.

Public Health.—Public health is generally good in the district except for the prevalence of Small-pox in Tarikere, Kadur and Birur Towns and Plague in Nidugatta Village of Kadur Taluk.

Preventive measures to check the spread of the diseases are being taken by this Department and the Health Department.

Labour is available and the condition of the labour classes is satisfactory.

10. The seasonal conditions are not good as rains were held up.

11. Cattle are reported to be generally healthy except for the prevalence of "Foot and Mouth" disease in some villages of Mudigere and Kadur Taluks and in Saragodu village of Chikmagalur Taluk.

Preventive measures are being taken by the Veterinary Department to bring the disease under control.

Fodder and water are available.

CHITALDRUG

8. The controlled commodities including food-grains are not supplied in the markets. The other articles are reported to be fairly well supplied.

9. *Sowing.*—Nil.

Standing Crops.—The condition of jola, onion, chillies are grown in small extents by irrigation well water in Molakalmuru taluk. paddy and navane grown under irrigation wells in Chellakere taluk; bilijola in Harihar taluk; paddy and bengalgram in Hosdurga Taluk are reported to be fair.

Harvest.—It is reported that wheat and bengalgram from the tank beds are being harvested.

10 Relief works have been started and are progressing in almost all the taluks except in Harihar Taluk. The seasonal conditions are not satisfactory due to failure of rains and separate special fortnightly reports are being sent to the Revenue Commissioner and to Government

11. Cattle are reported to be healthy throughout the district. It is reported that "Pleuro Pneumonia" is prevailing in Kurubaraballi Village in Sri Rampura Hobli, Hosdurga Taluk. The Veterinary Inspector, Hosdurga, has been instructed to take necessary precaution to prevent the spread of the disease. Arrangements have been made to deepen the existing wells and to sink temporary wells in Chitaldrug and Molakalmuru Taluks. For fodder, State Forests are thrown open for free grazing in Hosdurga, Holalkere and Challakere taluks. Karada grass is being distributed to several centres.

Pressed hay from Yesavantanagar has been received and stocked and is made available to the public.

N. V. SIDDALINGAPPA,
For *Director of Industries and Commerce*

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, MARCH 7, 1946.

A total of 81 attacks with 38 deaths from Plague was returned from 33 villages in 23 taluks in 8 districts during the week against 77 attacks with 29 deaths in the previous week. Cities of Bangalore and Mysore reported 1 attack with 2 deaths, and nil attacks with nil death respectively, while Kolar Gold Fields Area reported 2 attacks with 2 deaths. Comparative figures for the corresponding week in 1945 and 1944 were 120 attacks with 74 deaths and 58 attacks with 33 deaths respectively. C. & M. Station, Bangalore reported 4 attacks with 2 deaths.

A total of 65 attacks with 16 deaths from Small-pox were reported from Anekal, Channapatna, Dodballapur, Nelamangala, Chitaldrug, Kolar, Malavalli, Mysore, Nanjangud and T.-Narasipur Taluks and from Cities of Bangalore, Mysore, Kolar Gold Fields and Civil and Military Station, Bangalore.

The State remained free from Cholera, Influenza and Relapsing Fever.

The total mortality for Bangalore City amounted to 142 (26 in hospitals) representing a calculated death-rate of 25·6 (29·0 excluding hospital deaths) per mille of population as against 26·1 for the corresponding week of last year. Classified according to causes the deaths numbered : 2 under Plague, 7 under Small-pox, 4 under Malaria, 5 under Other Fevers, 1 under Phthisis, 30 under Dysentery and Diarrhœa and 93 under All Other Causes. The reported mortality was normal.

During the week the Civil and Military Station, Bangalore, returned 113 deaths (nil in hospitals) representing a calculated death-rate of 35·8 (35·8 excluding hospital deaths) per mille of population as against 40·0 for the corresponding week of last year. Classified according to causes the deaths were : Plague 1, Smallpox 1, Malaria 1, Broncho-Pneumonia 8, Pneumonia 3, Typhoid 2, Phthisis 10, Dysentery and Diarrhœa 21 and All Other Causes 69.

The total mortality for Mysore City was 43 (33 in hospitals) representing a calculated death-rate of 12·9 (3·0 excluding hospital deaths) per mille of population as against 20·3 for the corresponding week of last year. Classified according to causes the deaths were : Small-pox 6, Typhoid 1, Other Fevers 7, Phthisis 4, Dysentery and Diarrhœa 2 and all other causes 23. The reported mortality was very very low.

There were 19 deaths (2 in hospitals) from all clauses in Kolar Gold Fields Area equivalent to a calculated death-rate of 6·2 (5·5 excluding hospital deaths) per mille of population as against 26·2 for the corresponding week of last year. Classified according to causes the deaths numbered : 1 under Plague, 3 under Small-pox, 1 under Other Fevers, 3 under Dysentery and Diarrhœa and 11 under All Other Causes. The reported mortality was very very low.

DISTRICT REPORTS.

8 Market how supplied

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity. Number of people under relief and state of food stocks.

11 Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE

8. Generally well supplied

9. *Standing Crops* —Sugarcane has suffered for want of rain Sugarcane is being harvested

10. Seasonal conditions are not favourable Rainfall was deficient in all parts of the district except Closepet. Crops have been badly affected in parts of Nelamangala Devanhalli and Anekal Taluks.

11 Cattle are generally healthy except for the prevalence of Blackquarter in Adakamaranahalli and Adarangi villages, Magadi Taluk Fodder and water are available except in parts of Nelamangala and Devanhalli Taluks, where there is difficulty for fodder Certain State Forests have been thrown open for free grazing of cattle in Devanhalli Taluk and some cattle of Nelamangala have moved to Magadi where fodder is available

KOLAR

8 Moderately supplied through Government Depots

9 *Agricultural Operations* —Seeds sown Sugarcane in a few places of Chickballapur Taluk

Crops harvested —Milling of sugarcane in some places of Sidlaghatta and Goridindur Taluks is going on

Standing Crops —Potatoes, nat-ragi sugarcane jola under Kapile wells are reported to be in good condition

Tanks which are affected in this district have all been notified for purposes of granting remission of wet assessment under the rules

10. Proposals for grant of remissions of dry assessment in individual villages where dry crops have suffered have been submitted to Revenue Commissioner in respect of all taluks, except Malur which is under scrutiny

Cattle are reported to be generally healthy except for the prevalence of "Blackquarter" in Tayalur, Doolappalli Sangondahalli and Madaghatta of Mulbagal Taluk and in Dappathi of Gudibanda Sub Taluk Preventive measures are reported to have been taken to check further spread of the disease

Pasture, fodder and water are available for the present Arrangements have been made to replenish the stock of hay from the Forest Department and 255 tons of hay has been allotted to this district and the Forest Department has been addressed to supply to stock from July 1916

11 Cooly class find sufficient labour Village Panchayet Works Road Works under Inter Village Communication and Tank Maintenance works have also been started to provide labour to cooly class, particularly in the affected parts notified by the Government Temporary wells in tank beds have also been sunk to provide water facility for men and cattle where scarcity for water was felt

Public health is generally good except for the prevalence of plague in Sadali S Devaganahalli and Kundlaguriki of Sidlaghatta Taluk in Mustur, Mulkkoppa and Nangli of Mulbagal Taluk in Kurubur, Madikere Doddagunjoor and Gollahalli villages of Chintamani Taluk in Sultanpet and Mylappanahalli of Chickballapur Taluk

Preventive measures are reported to have been taken to check the further spread of the disease

TUMKUR

8 Markets are fairly well supplied

9 *Seeds sown* —Kar ragi and jola in Kunigal taluk

Standing Crops.—N ragi and sugarcane in Tumkur Paddy in Madhugiri and Chikkanaikanahalli taluks Paddy and Gidda ragi in Gubbi taluk Jola in Tiptur taluk paddy and sugarcane in Kunigal and Koratagere taluks sugarcane under some tanks in Turuvekere taluks are reported to be fairly in good condition

Crops harvested —Paddy in Tumkur taluk bengalgram in Sira taluk, sugarcane in Koratagere and Gubbi taluk Kapile in Tiptur taluk Paddy in Kunigal taluk are reported to have been harvested during the week

10 Not good on account of adverse seasonal conditions

11 Cattle are reported to be generally healthy throughout the district except for the prevalence of 'Rinderpest at Gudde Thippasandra, Kunigal taluk The Veterinary Inspector has been addressed to take immediate preventive measures Water and fodder are available except in Madhugiri, Chikkanaikanhalli, Sira Gubbi and Pavagada Taluks where fodder scarcity is felt Fodder obtained from Mysore District has been distributed to these taluks. To provide labour to the villagers, distress relief works have been started in the distress areas and they are reported to be in progress

MYSORE

8 Normally well supplied

9 *Seeds sown*—Jola, ragi, paddy in the water receded areas of Krishnarajasagar lake in the taluks of Mysore, Krishnarajanagar and Hunsur

Standing Crops —Nil

Crops harvested —Nil

10 (1) Generally good (2) Sufficient (3) Nil (4) None under relief (5) Sufficient stock of food-grains are available in all the parts of this district

11 Water and fodder are available for cattle in all the parts of this district Cattle are reported to be generally healthy

MANDYA.

8 Well supplied.

9 *Seeds sown* —Irrigated ragi and jola are being sown in some parts of Mandya Taluk and lands are being prepared for sowing Irrigated Ragi and jola in some parts of the taluk Pulses are sown in Seringapatam Taluk Jola is sown in some tank beds of Nagamangala Taluk and lands are being prepared for sowing ragi in the taluk Jola is being sown in the receded area of Krishnarajasagar Reservoir

Standing Crops —Sugarcane and paddy in Mandya Taluk and sugarcane in other taluks are reported to be in good condition

10 *Crops harvested* —Paddy and sugarcane in Mandya Taluk and sugarcane in other taluks are reported to have been harvested during the week

The seasonal conditions were fairly satisfactory in all the taluks except Nagamangala Basaral Hobli and parts of Dudda Hobli in Mandya Taluk. There were sufficient stocks of all food grains

11 *Public Health* —Public health is reported to be generally good except for plague in some parts of Seringapatam and Krishnarajpet Taluks and Small pox in Malvalli Taluk Action has been taken to arrest the spread of the epidemics .

Cattle are reported to be generally healthy except for "Blackquarter in Hullagala Village in Kragaval Hobli 'Epizootic Aphta disease in Belakavadi and other villages in Malvalli Taluk and 'Foot and Mouth diseases in some villages of Seringapatam Taluk Action has been taken to check the spread of the epidemic Fodder and water were available in sufficient quantities

HASSAN

8 Well supplied Rice and ragi are being distributed from Government, Municipal, Co-operative and Village Panchayet Depots

9. *Crops sown* —Nil

Standing Crops —Sugarcane in Hassan, Belur and Alur Taluks and bengalgram in some parts of Belur Taluk are reported to be generally in good condition.

Crops harvested —Paddy in Manjarabad, Belur and Alur Taluks ragi in Belur and Alur Taluks are being thrashed, bengalgram is being reaped in some parts of Arsikere Taluk and sugarcane is being milled in some parts of Hassan Taluk.

10. Fair Difficulty for water is felt in some parts of Kankatte Hobli in Arsikere Taluk and in some villages of Halekote, Kasaba and Hallimysore Hoblis in Hole-Narsipur Taluk Temporary wells have been sunk in all these places and action is being taken to sink some more wells. Relief works and Village Panchayet works have been undertaken in Hole-Narsipur and Arsikere Taluks and they are under progress Maintenance work in respect of three tanks in Hallimysore Hobli in Hole Narsipur Taluk, is proposed to be taken up and estimates therefor have been countersigned and issued for execution

11 Water and fodder are generally available for cattle except in some parts of Kankatte Hobli in Arsikere Taluk The Kankatte Amritmahal Kaval is thrown open for free grazing purposes and people of these parts are having the fodder supply from the neighbouring taluks of this district

Cattle are reported to be generally healthy except for prevalence of "Foot and Mouth Disease in all the Hoblis of Manjarabad Taluk. The Veterinary Inspector is reported

to have been addressed for taking remedial measures to check the spread of epidemic.

SHIMOGA.

8. Markets are fairly well supplied.

9. *Agricultural operations.—Seeds sown.*—Summer Ragi has been sown in the channel area in Shimoga Taluk. Sugarcane is being planted in Shikaripur Taluk.

Standing Crops.—Sugarcane is reported to be in fairly good condition in all the taluks.

Crops harvested.—Sugarcane is being crushed in all the taluks. Paddy is being thrashed in Sorab and Sagar Taluks and in Kumsi Sub-Taluk.

10. Prospects of the season are fair in all the taluks except in some parts of Channagiri Taluk where relief works started are under progress. The labourers find sufficient labour in all the taluks. Necessary arrangement has been made to keep sufficient stocks of food-grains in all the Sales Depots in the district.

11. Cattle are reported to be generally healthy all over the district, except for prevalence of "ಕಾಲು ಬಾಯಿ ರೋಗ" (foot and mouth disease) in some parts of Channagiri Taluk, and "ಪಚ್ಚೆ ರೋಗ" in Machagondanahalli Village, Honnali Taluk. The concerned Veterinary Inspectors are reported to have been addressed to take prompt action to check the spread of the disease. Fodder and water are generally available for the cattle in all the taluks except in some border villages of Channagiri Taluk.

KADUR.

8. Markets well supplied.

9. *Crops sown.*—Nil

Standing Crops.—Sugarcane and Avare in Chikmagalur Taluk and sugarcane in Kadur Taluk are the standing crops.

Crops harvested.—Sugarcane, avare and Bengalgram in Chikmagalur Taluk, sugarcane in Kadur and Narasimharajapura Sub-Taluk are being harvested.

Public Health.—Public health is generally good in the district except for the prevalence of plague in Chatnahalli Village of Kadur Taluk and Small-pox in Tarikere, Kadur and Birur Towns. Preventive measures to check the spread of the disease are being taken both by this department and the Health Department.

Labour is available and the condition of the labour classes is satisfactory.

10. The seasonal conditions are not good as rains were held up.

11. Cattle are reported to be generally healthy except for the prevalence of "blackquarter" in Nidugatta Village of Kadur Taluk and Foot and Mouth disease in some villages of Mudigere Taluk. Preventive measures to check the spread of the disease are being taken by the Veterinary Department

Fodder and water are available.

CHITALDRUG.

8. The controlled commodities including food-grains are not supplied to the markets. The other articles are reported to be fairly well supplied.

9. *Sowing.*—Nil.

Standing Crops.—It is reported that the standing crops such as paddy, chillies, fodder, jola and onions under wells in Molakalmuru taluk, paddy, wheat and navane under wells and nalas in Chellakere taluk, paddy and bengalgram in Hosdurga taluk, paddy, sugarcane and groundnut in Hiriyur taluk are reported to be fair. The Hosadurga taluk Amildar reports that in some parts, paddy and bengalgram are withering on account of draught.

Harvest.—Bihjola in Harihar taluk, jola in Eswaragere Tank bed of Hiriyur taluk are reported to have been harvested.

10 Relief works have been started and are progressing in almost all the taluks except in Harihar taluk. The seasonal conditions are not very satisfactory due to failure of rains and separate special fortnightly reports are being sent to the Government and to the Revenue Commissioner.

11. Cattle are reported to be generally healthy in the district except for the prevalence of Epizootic Aphitho in some villages of Hosadurga and Harihar taluks. Necessary preventive measures are reported to have been taken by the Veterinary Department to check the spread of the disease. Arrangements have been made to deepen the existing wells and to sink temporary wells in Challakere, Chitaldrug, Molakalmuru, Hiriyur, Jagalur and some parts of Hosdurga taluks. For fodder, State Frests are thrown open for free grazing. Some of the Amruthmahal Kavals in Hosadurga, Holalkere and Chellakere Taluks have also been thrown open for free grazing. Karada grass is being distributed to several needy centres. Pressed hay from Yesavantanagar has been received and stocked.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Dated Bangalore, 19th March 1946

M. SESHADRI,
Revenue Commissioner.

6966

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, 14TH MARCH 1946.

A total of 83 attacks with 48 deaths from Plague was returned from 32 villages in 25 taluks in eight districts, during the week against 81 attacks with 38 deaths in the previous week. Cities of Bangalore and Mysore reported 8 attacks with 4 deaths and nil attack with nil death respectively, while Kolar Gold Field Area reported 2 attacks with 1 death. (Imported 1) Comparative figures for the corresponding week in 1945 and 1944 were 59 attacks with 35 deaths and 89 attacks with 52 deaths, respectively. The C. & M. Station, Bangalore, reported attacks (Imported 1) with nil death.

A total of 116 attacks with 34 deaths from Small-pox were reported from Anekal, Bangalore North, Bangalore South, Channapatna, Dodballapur, Kankanhalli, Chitaldrug, Sakaleshpur, Kolar, Malavalli, Gundlupet, Hunsur, Krishnarajanagar, Mysore, Nanjangud, Hosanagar, and Sorab Taluks and from Cities of Bangalore, Mysore, Kolar Gold Field and Civil and Military Station, Bangalore.

The State remained free from Cholera, Influenza and Relapsing Fever.

The total mortality for Bangalore City amounted to 167 (44 in hospitals) representing a calculated death-rate of 30'1 (22'1 excluding hospital deaths) per mille of population as against 26'6 for the corresponding week of last year. Classified according to causes the deaths numbered 4 under Plague, 5 under Small-pox, 16 under Other Fevers, 7 under Phthisis, 23 under Dysentery and Diarrhœa and 112 under all other causes. The reported mortality was high due to Dysentery and Diarrhœa and all Other Causes.

During the week the Civil and Military Station, Bangalore, returned 82 deaths (9 in hospitals), (for 6 days) representing calculated death-rate of 29'2 (26'0 excluding hospital deaths) per mille of population as against 35'0 for the corresponding week of last year. Classified according to causes, the deaths were: Small-pox 2, Broncho-Pneumonia 1, Pneumonia 9, 9 Phthisis 2, Dysentery and Diarrhœa 17, and all other causes 45.

The total mortality for Mysore City was 27 (15 in hospitals) representing a calculated death-rate of 8'1 (3'6 excluding hospital deaths) per mille of population as against 20'0 for the corresponding week of last year. Classified according to causes the deaths were. Smallpox 4, Typhoid 1, Other Fevers 2, Phthisis 1, Dysentery and Diarrhœa 3, and all other causes 16. The reported mortality was very low.

There were 28 deaths (4 in hospitals) from all causes in Kolar Gold Field Area equivalent to a calculated death-rate of 9'4 (7'8 excluding hospital deaths) per mille of population as against 25'7 for the corresponding week of last year. Classified according to causes the deaths numbered 1 under Plague, 1 under Small-pox, 4 under Other Fevers, 1 under Phthisis, 1 under Dysentery and Diarrhœa and 20 under all other causes. The reported mortality was very low.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity. Number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE

8. Generally well supplied.

Standing Crops.—Sugarcane has suffered for want of rain Sugarcane is being harvested.

10. Seasonal conditions are not favourable. Rainfall was deficient in all parts of the district except Closepet. Crops were badly affected in parts of Nelamangala, Devanhalli and Anekal Taluks.

11. Cattle are generally healthy. Fodder and water are available except in parts of Nelamangala and Devanhalli Taluks where there is difficulty for fodder. Certain State Forests have been thrown open for free grazing of cattle in Devanhalli Taluk and some cattle of Nelamangala have moved to Magadi where fodder is available.

KOLAR.

8. Moderately supplied through Government Depots.

9. *Agricultural Operations.—Seeds sown*—Sugarcane and Giddaragi in parts of Sidlaghatta and Chickballapur Taluks and Vaisakhy paddy in Goribidnur Taluk.

Crops harvested.—Thoragi and Sweet potatoes in parts of Bowringpet and Srinivaspur Taluks.

Standing Crops.—Sugarcane and jola in Sidlaghatta Taluk, Kadale and paddy, in Bagepalli under Kapile wells and in Goribidnur Taluks. Bengalgram in Gudibanda Sub-Taluk, are reported to be in good condition.

10 Tanks which are affected in this district have all been notified for purposes of granting remission of wet and garden assessment under the rules. Proposals for grant of remissions of fifty per cent of dry assessment and suspension of the remaining fifty per cent of both wet and dry assessment in affected areas and in individual villages where crops have suffered have been submitted to Revenue Commissioner.

Cattle are reported to be generally healthy except for the prevalence of "Blackquarter" in Kodihalli, Vaniganahalli and Hanumahalli of Mulbagal Taluk, Rinderpest in Uppakunte of Srinivaspur Taluk. Preventive measures are reported to have been taken to check the further spread of the disease. Pasture, fodder and water are available for the present. Cooly classes find sufficient labour. Village Panchayet Works, Road Works under Inter Village Communication and Tank Maintenance works have also been started to provide labour to cooly classes, particularly in the affected parts notified by the Government. Temporary wells in tank beds have also been sunk to provide water facility for men and cattle where scarcity of water was felt.

11. Public health is generally good except for the prevalence of plague in the following places:—

1. Chintamani Taluk—Doddeganjur, Habri, Kuruboor and Yagavakote.
2. Mulbagal—Kerasa, Mangala, Sangasipalli Majana Agrahara and Nellur.
3. Siddlaghatta—Yerrangenahalli and Gundlahalli.
4. Chikballapur—Sultanpet and Mylappanahalli.
5. Srinivaspur—Kalkunte and Syagathur.

Preventive measures are reported to have been taken to check the further spread of the disease.

TUMKUR.

8. Fairly well supplied.

9. *Seeds sown.*—Kar ragi and jola in Kunigal taluk.

Standing Crops.—Nati ragi, sugarcane and paddy in Tumkur taluk, paddy and wheat under well-irrigated lands in Madhugiri Taluk; paddy under Settikere tank in Chiknaikanahalli taluk; kadale in Tiptur taluk; sugarcane and paddy in Kunigal taluk and Koratagere taluk; sugarcane in Turuvekere taluk; paddy and Gidda ragi in Gubbi taluk are reported to be fairly in good condition.

Crops harvested.—Paddy in Tumkur taluk; Kadale in Tiptur taluk; Paddy in Kunigal taluk; sugarcane in Koratagere taluk; Sugarcane in Gubbi taluk are reported to have been harvested during the week.

10. Not good on account of adverse seasonal conditions

11. Cattle are reported to be generally healthy throughout the district except for the prevalence of "Rinderpest" at Gudde Thippasandra Village, Kunigal taluk and 'Black-quarters' at Basavanahalli in Madhugiri Taluk. The local Veterinary Inspectors have been addressed to take immediate preventive measures.

Water and fodder are available except in Sira, Madhugiri Chiknaikanhalli and Gubbi taluks where fodder scarcity is felt. Fodder obtained from Mysore District is being distributed to these taluks. Distress relief works have been started to provide labour to the cooly classes and they are reported to be in progress.

MYSORE.

8. Normally well supplied.

9. *Seeds sown*—Jola in some parts of Mysore taluk.

Standing Crops.—Nil.

Crops harvested.—Nil.

10. (1) Generally good. (2) Rainfall sufficient. (3) Nil. (4) None under relief. (5) Sufficient stock of food-grains are available in all the parts of this district.

11. Water and fodder are available for cattle in all the parts of this district. Cattle are reported to be generally healthy.

MANDYA.

8. Well supplied.

9. *Seeds sown.*—Irrigated ragi and jola are being sown in some parts of Mandya Taluk and lands are being prepared for sowing irrigated ragi and jola in some parts of the taluk Pulses and irrigated ragi are being sown in Seringapatam Taluk Jola is sown in some tank beds of Nagamangala Taluk and lands are being prepared for sowing giddaragi in the taluk. Jola is being sown in the receded area of Krishnarajasagar Reservoir.

Standing Crops.—Sugarcane and jola in Mandya taluk, sugarcane in Seringapatam taluk, sugarcane, kadale and jola in Nagamangala taluk, sugarcane in Maddur, Malavalli and French-rocks taluks are reported to be in good condition.

10 *Crops harvested.*—Sugarcane and ragi are being harvested in some parts of French-rocks Taluk.

The seasonal conditions were fairly satisfactory in all the taluks except Nagamangala and in some parts of Basaral and Dudda Hoblies in Mandya Taluk. There were sufficient stocks of all food-grains.

11. *Public Health.*—Public health is reported to be generally good except for Small-pox in Seringapatam Town. Action has been taken to prevent the spread of the epidemic.

Cattle are reported to be generally healthy except for "Blackquarter" in Maragowdanahalli in Keragode Hobli of Mandya Taluk. Necessary preventive measures have been taken. Fodder and water were available in sufficient quantities.

HASSAN.

8. Well supplied. Rice and ragi are being distributed from Government, Municipal, Co-operative and Village Panchayet Depots.

9. *Crops sown.*—Nil.

Standing Crops.—Sugarcane in Hassan, Belur, Alur and Chennarayapatna Taluks and bengalgram in Belur Taluk are reported to be generally in good condition.

Crops harvested.—Paddy in Manjarabad, Belur and Alur Taluks; ragi in Belur and Alur Taluks are being threshed. Bengalgram is being harvested in Arsikere Taluk and sugarcane is being milled in Hassan Taluk.

10. Fair. On account of difficulty for water in some parts of Kanakatte Hobli in Arsikere Taluk and in some villages of Kasaba, Halekote and Halli-mysore Hoblis in Hole Narsipur Taluk, temporary wells have been sunk in these places and action is being taken to sink some more wells. Relief works and Village Panchayet works undertaken in Hole-Narsipur and Arsikere Taluks are under progress. Tank maintenance works are proposed to be taken up in parts of Halli-mysore Hobli in Hole-Narsipur Taluk.

11. Water and fodder are generally available for cattle except in parts of Kanakatte Hobli in Arsikere Taluk and people of these places are having the fodder supply from the neighbouring taluks of this district.

Cattle are reported to be generally healthy except for the prevalence of "Foot and Mouth Disease" in all the Hoblis in Manjarabad Taluk. The Veterinary Inspector is reported to have been addressed for taking remedial measures to check the spread of the disease

SHIMOGA.

8. Markets are fairly well supplied.

9. *Agricultural operations.—Seeds sown.*—Summer Ragi has been sown in some parts of the channel area in Shimoga Taluk. Sugarcane is being planted in Shikaripur Taluk.

Crops harvested.—Sugarcane is being crushed in all the taluks. Paddy is being threshed in Sorab and Sagar Taluks and in Kumsi Sub-Taluk.

Standing Crops.—Sugarcane is reported to be in fairly good condition in all the taluks.

10. Prospects of the season are fair in all the taluks except in some parts of Channagiri Taluk where relief works started are under progress. The labourers find sufficient labour and wages in all the taluks. Sufficient stocks of food-grains have been kept in all the Sales Depots in the district.

11. Cattle are reported to be generally healthy all over the district; fodder and water are generally available in all the taluks except in some border villages of Channagiri Taluk. It is reported by the Deputy Amildar, Kumsi that drinking water will not suffice in some villages unless it rains sufficiently by the end of this month or early next month. The Amildars of Shimoga and Channagiri Taluks and the Deputy Amildar, Kumsi Sub-Taluk have been instructed to popularise the scheme of Irrigation wells recently sanctioned by Government.

KADUR

8. Markets well supplied.

9. *Crops sown.*—Nil

Standing Crops.—Sugarcane is the standing crop in Chikmagalur and Kadur Taluks.

Crops harvested.—Sugarcane is being harvested in Chikmagalur and Kadur Taluks.

Public Health.—Public health is generally good in the district; labour is available and the condition of the labour classes is satisfactory.

10. The seasonal conditions are not good as rains were held up. There has been some rains during the week but very insufficient.

11. Cattle are reported to be generally healthy in the district.

Fodder and water are available.

CHITALDRUG.

8. The controlled commodities including food-grains are not supplied to the markets. The other articles are reported to be fairly well supplied.

9. *Sowing.*—Nil.

Standing Crops.—Onions and chillies in Molakalmuru taluk; jola in Davangere taluk; paddy, navane, jola and wheat under kapile wells in Chellakere taluk are reported to be fair.

Harvest.—Bilijola in Harihar taluk is reported to have been harvested.

10 Relief works have been started and are progressing in almost all the taluks except in Harihar taluk. The seasonal conditions are not very satisfactory due to failure of rains and separate special fortnightly reports are being sent to both to Government and to the Revenue Commissioner.

11. Cattle are reported to be generally healthy in the district except for the prevalence of "Epizootic Aphthe" in some villages of Hosdurga taluk. Necessary preventive measures are reported to have been taken by the Veterinary Department to check the spread of the disease. Arrangements have been made to deepen the existing wells and to sink temporary wells in Chellakere, Chitaldrug, Molakalmuru, Hiriyur, Jagalur and some parts of Hosdurga taluk. For fodder, State Foests are thrown open for free grazing. Some of the Amritmahal Kavals in Hosdurga, Holalkere and Chellakere taluks have also been thrown open for free grazing. Karada grass is being distributed to several needy centres. Pressed hay from Yesavantanagar has been received and stocked.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE.

Dated Bangalore, 26th March 1946.

M. SESHADRI,
Revenue Commissioner.

6998

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, 21ST MARCH 1946.

A total of 33 attacks with 22 deaths from Plague was returned from 8 villages in 6 taluks in 4 districts, during the week against 83 attacks with 48 deaths in the previous week. Cities of Bangalore and Mysore reported 4 attacks with 3 deaths and 2 attacks with 1 death respectively, while Kolar Gold Field Area reported nil attack with death. Comparative figures for the corresponding week in 1945 and 1944 were 81 attacks with 48 deaths and 51 attacks with 34 deaths, respectively. C. & M. Station, Bangalore, reported 1 attack with nil death.

A total of 85 attacks with 25 deaths from Small-pox were reported from Bangalore North, Bangalore South, Channapatna, Chitaldrug, Chickmagalur, Malur, Malavalli, Seringapatam, Gundlupet, Hunsur, Krishnarajanagar, Mysore, Nanjangud, Sagar and Thirthahalli Taluks and from Cities of Bangalore, Mysore, Kolar Gold Fields and Civil and Military Station, Bangalore.

Nil attack with 1 death from Cholera was reported from one village in Kumsi Taluk, Shimoga District.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore City amounted to 177 (29 in hospitals) representing a calculated death-rate of 31·9 (26·6 excluding hospital deaths) per mille of population as against 27·2 for the corresponding week of last year. Classified according to causes the deaths numbered 3 under Plague, 7 under Small-pox, 1 under Malaria, 10 under Other Fevers, 4 under Phthisis, 25 under Dysentery and Diarrhœa and 127 under all other causes. The reported mortality was high due to all Other Causes.

During the week the Civil and Military Station, Bangalore, returned 122 deaths (20 in hospitals), representing a calculated death-rate of 37·0 (30·9 excluding hospital deaths) per mille of population as against 33·9 for the corresponding week of last year. Classified according to causes, the deaths were. Small-pox 2, Malaria 1, Broncho-Pneumonia 2, Pneumonia 10, Typhoid 1, Phthisis 5, Dysentery and Diarrhœa 15 and all Other Causes 86.

The total mortality for Mysore City was 39 (24 in hospitals) representing a calculated death-rate of 11·7 (4·5 excluding hospital deaths) per mille of population as against 25·3 for the corresponding week of last year. Classified according to causes the deaths were. Plague 1, Small-pox 4, Malaria 3, Typhoid 2, Other Fevers 3, Phthisis 2, Dysentery and Diarrhœa 1 and all Other Causes 23. The reported mortality was very very low.

There were 50 deaths (12 in hospitals) from all causes in Kolar Gold Field Area equivalent to a calculated death-rate of 16·3 (12·4 excluding hospital deaths) per mille of population as against 19·1 for the corresponding week of last year. Classified according to causes the deaths numbered 6 under Small-pox, 5 under Other Fevers, 4 under Dysentery and Diarrhœa and 35 under all Other Causes. The reported mortality was very low.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity. Number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE.

8. Generally well supplied.

9. *Standing Crops.*—Sugarcane and kar ragi are reported to be being planted and sown in some parts of the district.

10. Seasonal conditions are not favourable. Rainfall was deficient in all parts of the district except Closepet. Crops were badly affected in parts of Nelamangala, Devanhalli and Anekal Taluks.

11. Cattle are generally healthy. Water and fodder are available except in parts of Nelamangala and Devanhalli Taluks where there is difficulty for fodder. Certain State Forests have been thrown open for free grazing of cattle in Devanhalli Taluk and some cattle of Nelamangala have moved to Magadi where fodder is available.

KOLAR.

8. Moderately supplied through Government Depots.

9. *Agricultural Operations.—Seeds sown*—Nataragi in Bowringpet and Vaisakhy paddy in Goribidnur Taluk; Sugarcane in Sidlaghatta and Chickballapur Taluks.

Crops harvested—Sugarcane is being hulled wheat in Goribidnur and potatoes and onions in Srinivaspur Taluk.

Standing Crops.—Jola, sugarcane and paddy under Kapile wells are in good condition.

10. Some tanks in Malur, Goribidnur, Chintamani and Bagepally have received water which would last for a few days. Almost all the tanks in the district have been notified as affected and remission of half wet and bagayet assessment and dry assessment as well in affected parts is being sanctioned, the other half of these assessment being suspended for the current year.

Cattle are reported to be generally healthy except for the prevalence of "Chapperoga" in Uppakunte, Srinivaspur Taluk. Necessary preventive measures are reported to have been taken to check further spread of the disease.

11. Pasture, fodder and water are available for the present. Cooly classes find sufficient labour. Ryots are busy in digging irrigation wells and temporary wells in tank beds.

Public health is generally good except for the prevalence of plague in the following places:—

1. Chintamani Taluk—Doddaganjur, Kuruboor and Yagavakote
2. Mulbagal Taluk—Kerasamangala and Keruvani.
3. Sidlaghatta—Yerrenagenahalli and Sidlaghatta Town.
4. Srinivaspur—Kalkunte, Syagattur and Muttakapalli.

Necessary preventive measures are reported to have been taken to check the further spread of the disease.

TUMKUR.

8. Fairly well supplied.

9. *Seeds sown.*—Nil.

Standing Crops.—Nati ragi, sugarcane and greengram in Tumkur taluk; paddy under well-irrigated lands in Madhugiri Taluk; paddy under Sottikere tank in Chiknaikanahalli taluk, paddy and gidda ragi in Gubbi taluk; kadale in Tiptur taluk; sugarcane and paddy in Kunigal and Kortagere taluks and sugarcane in Turuvekere taluk are reported to be fairly in good condition.

Crops harvested.—Paddy in Tumkur and Kunigal taluks; Kadale in Tiptur taluk and sugarcane in Kortagere taluk are reported to have been harvested during the week.

10. Not good on account of adverse seasonal conditions.

11. Cattle are reported to be generally healthy throughout the district except for the prevalence of "Rinderpest" in Gudde Thippasandra Village, Kunigal taluk. The Veterinary Department has been addressed to take immediate necessary preventive measures.

Water and fodder are available except in Sira, Madhugiri, Chiknaikanhalli, Gubbi and Pavagada taluks where fodder scarcity is felt. Fodder obtained from outside is being distributed to these taluks. Sinking of fresh and deepening of existing drinking water wells is being undertaken in places where drinking water difficulty is felt. Cooly classes have been provided with labour under Distress Relief Works.

MYSORE.

8. Normally well supplied.

9. *Seeds sown*—Ragi in some parts of Mysore taluk are reported to be being sown.

Standing Crops.—Jola crop in the Krishnarajasagar contour area in Mysore taluk is reported to be in good condition.

Crops harvested.—Nil.

10. (1) Generally good. (2) Rainfall sufficient. (3) Nil. (4) None under relief. (5) Sufficient stock of food-grains are available in all the parts of this district.

11. Water and fodder are available for cattle in all the parts of this district. Cattle are reported to be generally healthy.

MANDYA.

8. Well supplied.

9. *Seeds sown.*—Irrigated ragi and jola are being sown in some parts of Mandya Taluk and lands are being prepared for sowing irrigated ragi and jola in some other parts of the taluk. Lands are being prepared in Maddur and Malavalli Taluks for sowing irrigated ragi. Jola is being sown in some tank beds of Nagamangala Taluk and the Tank Atchkat lands are being prepared for sowing ragi and jola. Jola is being sown in the area made available by the receding of water in the Krishnarajasagar Reservoir.

Standing Crops.—Sugarcane and jola in Mandya taluk, sugarcane in Maddur, Malavalli, Seringapatam and French-rocks taluks, sugarcane, kadale and jola in Nagamangala taluk are reported to be in good condition.

10 Sugarcane and ragi crops are being harvested in some parts of French-rocks Taluk.

The seasonal conditions were fairly satisfactory in all the taluks except Nagamangala and in some parts of Basaral and Dudda Hoblies in Mandya Taluk. There were sufficient stocks of all food-grains.

11. *Public Health.*—Public health is reported to be generally good except for plague in Kurubarasettihalli village, Small-pox in Seringapatam Town and Chikkapalya village in Seringapatam taluk and in some villages of Nagamangala taluk. Action has been taken to arrest the spread of the epidemics.

Cattle are reported to be generally healthy except for Epizootic Aphtha disease in Malavalli town. Action has been taken to check the spread of the disease. Fodder and water were available in sufficient quantities.

HASSAN.

8. Well supplied. Rice and ragi are being distributed from Government, Municipal, Co-operative and Village Panchayet Stores.

9. *Crops sown.*—Nil.

Standing Crops.—Sugarcane in Hassan, Belur, Alur and Chennarayapatna Taluks and bengalgram in Belur Taluk are reported to be generally in good condition.

Crops harvested.—Paddy and ragi are being threshed in Alur Taluk and sugarcane is being milled in Hassan Taluk.

10. Fair. On account of difficulty for water in some parts of Kanakatte Hobli in Arsikere Taluk and in some villages of Kasaba, Halekote and Hallimysore Hoblis in Hole-Narsipur Taluk, temporary wells have been sunk in these places. Relief works and Village Panchayet works undertaken in Arsikere and Hole-Narsipur Taluks are under progress. Tank maintenance work is proposed to be taken up in parts of Hallimysore Hobli in Hole-Narsipur Taluk.

11. Water and fodder are generally available for cattle except in parts of Kanakatte Hobli in Arsikere Taluk and people of these places are having the fodder supply from the neighbouring taluks of this district.

Cattle are reported to be generally healthy except for the prevalence of "Blackquarter" in Kalasindha village, Kasaba Hobli and in Akkanahalli and Yachanaghatta villages in Nuggihalli Hobli of Chennarayapatna Taluk and for some disease in Tippanahalli and Basavanahalli villages in Kundur Hobli in Alur Taluk. The Veterinary Inspectors concerned are reported to have been addressed for taking remedial measures to check the spread of the disease.

SHIMOGA.

8. Markets are fairly well supplied.

9. *Agricultural operations.—Seeds sown.*—Summer ragi has been sown in the channel area in Shimoga Taluk. Sugarcane is being planted in Shikarpur Taluk.

Standing Crops.—Sugarcane is reported to be in fairly good condition in all the taluks.

Crops harvested.—Sugarcane is being crushed in all the taluks

10. Prospects of the season are generally fair in all the taluks except in some parts of Channagiri Taluk where relief works have been started to provide labour to the labourers. Sufficient stocks of food-grains have been kept in all the Sales Depots in the district.

11. Cattle are reported to be generally healthy all over the district; fodder and water are generally available in all the taluks except in some parts of Channagiri Taluk. The Amildars of Shimoga and Channagiri Taluks and the Deputy Amildar, Kumsi Sub-Taluk have been instructed to push through the scheme of irrigation wells recently sanctioned by Government.

KADUR

8. Markets well supplied.

9. *Crops sown.*—Nil

Standing Crops.—Sugarcane is the standing crop in Chikmagalur and Kadur Taluks.

Crops harvested.—Sugarcane is being harvested in Chikmagalur and Kadur Taluks.

Public Health.—Public health is generally good in the District except for the prevalence of Small-pox in Kunkanadu village of Kadur Taluk. Preventive measures to check the spread of the disease are being taken.

Labour is available and the condition of the labour classes is satisfactory.

10. The seasonal conditions are not satisfactory.

11. Cattle are reported to be generally healthy in the district except for the prevalence of Foot and Mouth Disease in some villages of Mudgere and Narasimharajapura Sub-Taluk. Preventive measures to check the spread of the disease are being taken by the Veterinary Department

Fodder and water are available.

CHITALDRUG.

8. The controlled commodities including food-grains are not supplied to the markets. The other articles are reported to be fairly well supplied.

9. *Sowing.*—In some parts of Challakere Taluk where there were rains during the last week ploughing operation is being done under Ghaparthi tank in Talak Hobli about 500 acres of land have been sown with Gidda Ragi. In some of the villages of Kasaba Hobli ploughing operation is going on. An extent of about 2,000 acres is expected to be sown with Jola.

Standing Crops.—Jola in Vanivilasasagara water spread area in Hosadurga Taluk, paddy, navane, jola and wheat under wells and Nalas in Chellakere Taluk. Onions and chillies under irrigated wells in Molakalmuru taluk are reported to be fair.

Harvest.—Nil

10. Relief works have been started and are progressing in almost all the taluks except in Harihar taluk. The seasonal conditions are not very satisfactory due to failure of rains and separate special fortnightly reports are being sent to both to Government and to the Revenue Commissioner.

11. Cattle are reported to be generally healthy in the district except for the prevalence of "Epizootic Aphthe" in some villages of Hosdurga and Harihar taluks. Necessary preventive measures are reported to have been taken by the Veterinary Department to check the spread of the disease Arrangements have been made to deepen the existing wells and to sink temporary wells in Chellakere, Chitaldrug, Molakalmuru, Hiriyur, Jagalur and some parts of Hosdurga taluk. For fodder, State Forests are thrown open for free grazing. Some of the Amritmahal Kavals in Hosdurga, Holalkere and Chellakere taluks have been thrown open for free grazing. Karada grass is being distributed to several needy centres. Pressed hay from Yesavantanagar has been received and is made available for sale.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity. Number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE.

8. Generally well supplied.

9. Sugarcane is being reported to be planted in Dodballapur and Kankanhalli Taluks. Standing crop Natiragi in Hoskote Taluk is reported to be in good condition.

10. The seasonal conditions are not favourable. Rainfall was deficient in all parts of the district except Closepet. Crops were badly affected in parts of Nelamangala and Devanahalli and Anekal Taluks.

11. Cattle are generally healthy except for the prevalence of Rinderpest in Olage hamlet of Allalsandra village in Kankanhalli Taluk. Water and fodder are available except in parts of Nelamangala and Devanahalli Taluks where there is difficulty for fodder. Certain State Forests have been thrown open for free grazing of cattle in Devanahalli Taluk and some cattle of Nelamangala have moved to Magadi where fodder is available.

KOLAR.

8 Moderately supplied through Government Depots.

9. *Agricultural Operations.—Seeds sown*—Sugarcane and net-ragi under kapile wells.

Crops harvested.—Milling of sugarcane in Goribidnur Taluk and bengalgram in Gudibanda Sub-Taluk.

Standing Crops.—Jola, sugarcane, paddy, potatoes and giddaragi are in good condition.

10. Tanks did not receive sufficient water. Almost all the tanks in the district have been notified as affected and remission of half wet and bagayet assessment and dry assessment as well in affected parts is being sanctioned, the other half of these assessments being suspended for the current year 1945-46.

Cattle are reported to be generally healthy except for the prevalence of Blackquarter at Appanahalli, Madaghatta and Yelagondahalli of Kolar Taluk, Chapperoga at Uppakunte, and Kolatur of Srinivaspur Taluk. Necessary preventive measures are reported to have been taken to check further spread of the disease.

11. Pasture, fodder and water are available for the present. Cooly classes find sufficient labour. Ryots are busy in digging irrigation wells and temporary wells in tank beds.

Public health is generally good except for the prevalence of Plague in the following places:—

1. Chintamani Taluk—Doddaganjur, Kuruboor and Yagavakote.
2. Sidlaghatta Taluk—Yerranagenahalli and Sidlaghatta Town.
3. Srinivaspur Taluk—Muthakapalli and Sagattur.

Necessary preventive measures are reported to have been taken to check the further spread of the disease.

TUMKUR.

8. Fairly well supplied.

9. *Seeds sown.*—Kar-ragi, jola and paddy in Kunigal Taluk

Crops Standing.—Nati ragi, sugarcane in Tumkur taluk paddy under well-irrigated lands in Madhugiri Taluk; paddy under some tanks in Gubbi taluks, paddy and sugarcane in Kortagere taluk, sugarcane in Turuvekere taluk are reported to be fairly in good condition.

Crops harvested.—Paddy in Tumkur and Kunigal taluks; Kadale in Tiptur taluk, sugarcane in Kortagere taluk are reported to have been harvested during the week.

10. Not good on account of adverse seasonal conditions. Relief works have been started and they are reported to be in progress.

11. Cattle are reported to be generally healthy throughout the district except for the prevalence of "Blackquarter" in Basavanahalli Village, Madhugiri taluk. The local Veterinary Inspector has been requested to take immediate necessary action to stop the spread of the disease

Water and fodder are available except in Sira, Madhugiri, Chiknaikanhalli, Gubbi and Pavagada taluks where fodder scarcity is felt. Fodder obtained from outside is being distributed to the taluks. Cooly classes have been provided with abour under Distress Relief Works.

MYSORE.

8. Normally well supplied.

9. *Seeds sown.*—Ragi, jola and thogari in Mysore taluk, jola and sugarcane in Chamarajanagar taluk are reported to be being sown.

Standing Crops.—Jola in Mysore taluk is reported to be in good condition.

Crops harvested.—Nil.

10. (1) Generally good. (2) Rainfall sufficient. (3) Nil. (4) None under relief. (5) Sufficient stock of food-grains are available in all the parts of this district.

11. Water and fodder are available for cattle in all the parts of this district. Cattle are reported to be generally healthy.

MANDYA.

8. Well supplied.

9. *Seeds sown.*—Irrigated ragi and jola are being sown in some parts of Mandya Taluk and lands are being prepared for sowing irrigated ragi and jola in some parts of Maddur, Malavalli, Mandya and Nagamangala Taluks. Jola is being sown in some tank beds of Nagamangala Taluk and the tank atchkat lands are being prepared for sowing ragi and jola. Jola is being sown in the area made available by the receding of the water in the Krishnarajasagar Reservoir.

Standing Crops.—Sugarcane, irrigated ragi and jola in Mandya Taluk, sugarcane in Maddur, Malavalli, Seringapatam and Frenchrocks Taluks, sugarcane and jola in Nagamangala Taluk are reported to be in good condition. Sugarcane and ragi crops are being harvested in some parts of French-rocks Taluk.

10. The seasonal conditions were fairly satisfactory in all the taluks except Nagamangala and in some parts of Basaral and Dudda Hoblis in Mandya Taluk. There were sufficient stocks of all food grains during the week under report.

11. *Public Health.*—Public Health is reported to be generally good except for plague in Kumbarasettihalli village, and Small-pox in Seringapatam Town and Chikkapalya village in Seringapatam Taluk. Action has been taken to arrest the spread of the epidemics.

Cattle are reported to be generally healthy except for Epizootic Aphtha disease in Malavalli town. Action has been taken to check the spread of the disease. Fodder and water were available in sufficient quantities.

HASSAN.

8. Well supplied. Rice and ragi are being distributed from Government, Municipal, Co-operative and Village Panchayet Depots.

9. *Crops sown.*—Nil.

Standing Crops.—Sugarcane in parts of Hassan, Belur, Alur and Channarayapatna Taluks is reported to be generally in good condition.

Crops harvested.—Sugarcane is being milled in some parts of Hassan Taluk.

10. Fair. On account of difficulty for water in some parts of Kanakatte Hobli in Arsikere Taluk and in some villages of Kasaba, Halekote and Hallimysore Hoblis in Hole-Narsipur Taluk, temporary wells have been sunk in these places. Temporary wells have been sunk in Galipur and Hardahalli villages in Hole-Narsipur Taluk during the week.

11. Water and fodder are generally available for cattle except in some parts of Kanakatte Hobli in Arsikere Taluk and people of these places are having the fodder supply from the neighbouring taluks of this district.

Cattle are reported to be healthy.

SHIMOGA.

8. Markets are fairly well supplied.

9. *Agricultural operations.—Seeds sown.*—Summer ragi has been sown in some parts of channel area in Shimoga Taluk.

Standing Crops.—Sugarcane is reported to be in fairly good condition in all the taluks.

Crops harvested.—Sugarcane is being crushed in all the taluks.

10. Prospects of the season are reported to be generally fair in all the taluks except in some villages of Santhebennur Hobli in Channagiri Taluk and in some villages of Kumsi Sub-Taluk where scarcity for water is beginning to be felt. The Amildar, Channagiri Taluk, has been instructed to take immediate action to sink temporary wells or to deepen existing wells so as to provide drinking water for men and cattle. The Deputy Amildar, Kumsi, reports that small pits in tank beds have been sunk to provide water for men and cattle.

HASSAN.

8. Well supplied. Rice and ragi are being distributed from Government, Municipal, Co-operative and Village Panchayet Depots.

9. *Crops sown.*—Nil.

Standing Crops.—Sugarcane in parts of Hassan, Belur, Alur and Channarayapatna Taluks is reported to be generally in good condition.

Crops harvested.—Sugarcane is being milled in some parts of Hassan Taluk.

10. Fair. On account of difficulty for water in some parts of Kanakatte Hobli in Arsikere Taluk and in some villages of Kasaba, Halekote and Hallimysore Hoblis in Hole-Narsipur Taluk, temporary wells have been sunk in these places. Temporary wells have been sunk in Galipur and Hardahalli villages in Hole-Narsipur Taluk during the week.

11. Water and fodder are generally available for cattle except in some parts of Kanakatte Hobli in Arsikere Taluk and people of these places are having the fodder supply from the neighbouring taluks of this district.

Cattle are reported to be healthy.

SHIMOGA.

8. Markets are fairly well supplied.

9. *Agricultural operations.—Seeds sown.*—Summer ragi has been sown in some parts of channel area in Shimoga Taluk.

Standing Crops.—Sugarcane is reported to be in fairly good condition in all the taluks.

Crops harvested.—Sugarcane is being crushed in all the taluks.

10. Prospects of the season are reported to be generally fair in all the taluks except in some villages of Santhebennur Hobli in Channagiri Taluk and in some villages of Kumsi Sub-Taluk where scarcity for water is beginning to be felt. The Amildar, Channagiri Taluk, has been instructed to take immediate action to sink temporary wells or to deepen existing wells so as to provide drinking water for men and cattle. The Deputy Amildar, Kumsi, reports that small pits in tank beds have been sunk to provide water for men and cattle.

He has also been instructed to take immediate action to have the temporary wells sunk and to deepen the existing wells wherever necessary. Special reports have been called for from the Amildar, Channagiri Taluk, and the Deputy Amildar, Kumsi Sub-Taluk, as to the action taken in the matter.

The Relief Works started in Channagiri Taluk are under progress and some works are nearing completion. Some more works are about to be taken up. The labourers find sufficient labour in the Relief Works.

In other taluks of the district, the labourers are employed on the industrial concerns and in the Forest and Engineering Departments

Proper arrangements have been made to stock sufficient foood-grains in all the sales depots in the district and for its distribution to the public

11. (*a*) Cattle are reported to be generally healthy all over the district except for prevalence of "ಕಾಲುಬಾಯಿ ರೋಗ" in some villages of Basavapatna Hobli in Channagiri Taluk. (*b*) Fodder and water are generally available for cattle in all the taluks. Though fodder is reported to be not available in some villages of Channagiri Taluk, the villagers of these parts are bringing fodder from the bordering areas. The Amildar, Channagiri Taluk, has been instructed to enquire *re* the extent of scarcity and the probable requirements of fodder and to submit a report in 10 days.

KADUR.

8 Markets well supplied.

9. *Crops sown.*—Nil

Standing Crops.—Sugarcane is the standing crop in Chikmagalur and Kadur Taluks

Crops harvested.—Sugarcane is being harvested in Kadur Taluks.

Public Health.—Public health is generally good in the district except for the prevalence of Small-pox in Kunkanadu village of Kadur Taluk. Preventive measures to check the spread of the disease are being taken

Labour is available and the condition of the labour classes is satisfactory.

10. The seasonal conditions are not satisfactory.

11. Cattle are reported to be generally healthy in the district except for the prevalence of Blackquarter in Guddehalli village of Kadur Taluk and Foot and Mouth Disease in some villages of Mudgere Taluk. Preventive measures to check the spread of the diseases are being taken by the Veterinary Department

Fodder and water are available.

CHITALDRUG

8. The controlled commodities including food-grains are not supplied to the markets. The other articles are reported to be fairly well supplied.

9. *Sowing.*—In some parts of Kasaba hobli of Challakere Taluk sowing of jola is in progress.

Standing Crops.—Paddy, navane, jola, wheat under irrigated wells in Chellakere Taluk Jola in Hosadurga Taluk, paddy, chillies, onions under Kapilewells in Molakalmuru Taluk, paddy and ground nut in Hiriyur Taluk are reported to be fair.

Harvest.—Nil.

10 Relief works have been started and are progressing in almost all the taluks except in Harihar taluk. The seasonal conditions are not very satisfactory due to failure of rains and separate special fortnightly reports are being sent to the Government and to the Revenue Commissioner.

11 Cattle are reported to be generally healthy in the district except for the prevalence of "Blackquarter" and sheep-pox in some villages of Hosdurga taluk. Necessary preventive measures are reported to have been taken by the Veterinary Department to check the spread of the disease. Arrangements have been made to deepen the existing wells in Chellakere, Chitaldrug, Molakalmuru, Hiriyur, Jagalur and some parts of Hosdurga taluk. For fodder, State Forests are thrown open for free grazing. Some of the Amrutmahal Kavals in Hosdurga, Holalkere, and Chellakere taluks have been thrown open for free grazing. Karada grass is being distributed to several needy centres. Pressed hay from Yesavantanagar has been received and is also made available for sale.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE.

Dated Bangalore, 9th April 1946

M SESHADRI,
Revenue Commissioner.

7403

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, 28TH MARCH 1946.

A total of 31 attacks with 21 deaths from Plague was returned from 14 villages in 10 taluks in 5 districts, during the week against 33 attacks with 22 deaths in the previous week. Cities of Bangalore and Mysore reported 1 attack with 2 deaths and 1 attack (Imported 1) with 1 death (Imported 1) respectively, while Kolar Gold Field Area reported 2 attacks (Imported 2) with nil death. Comparative figures for the corresponding week in 1945 and 1944 were 87 attacks with 53 deaths and 66 attacks with 45 deaths, respectively.

A total of 109 attacks with 19 deaths from Small-pox were reported from Bangalore North, Bangalore South, Channapatna, Harihar, Arkalgud, Chintamani, Chickballapur, Malavalli, Nagamangala, Seringapatam, French-rocks and Nanjangud Taluks and from the Cities of Bangalore, Mysore, Kolar Gold Fields and Civil and Military Station, Bangalore.

Two attacks with Nil death from Cholera were reported from one village in Chickballapur Taluk in Kolar District.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore City amounted to 170 (52 in hospitals) representing a calculated death-rate of 30·6 (21·2 excluding hospital deaths) per mille of population as against 20·7 for the corresponding week of last year. Classified according to causes the deaths numbered 2 under Plague, 8 under Small-pox, 1 under Malaria, 9 under Other Fevers, 6 under Phthisis, 25 under Dysentery and Diarrhœa and 119 under all other causes. The reported mortality was normal.

During the week the Civil and Military Station, Bangalore, returned 123 deaths (27 in hospitals), representing a calculated death-rate of 37·3 (29·1 excluding hospital deaths) per mille of population as against 35·4 for the corresponding week of last year. Classified according to causes, the deaths were: Small-pox 4, Broncho-Pneumonia 5, Pneumonia 24, Other Fevers 2, Phthisis 7, Dysentery and Diarrhœa 22 and all Other Causes 54.

The total mortality for Mysore City was 33 (24 in hospitals) representing a calculated death-rate of 9·9 (2·7 excluding hospital deaths) per mille of population as against 16·6 for the corresponding week of last year. Classified according to causes the deaths were: Plague 1, Small-pox 1, Malaria 1, Typhoid 1, Other Fevers 5, Phthisis 5, Dysentery and Diarrhœa 1 and all Other Causes 18. The reported mortality was very very low.

There were 37 deaths (19 in hospitals) from all causes in Kolar Gold Field Area equivalent to a calculated death-rate of 12·0 (5·9 excluding hospital deaths) per mille of population as against 19·5 for the corresponding week of last year. Classified according to causes the deaths numbered: 4 under Small-pox, 1 under Malaria, 7 under Other Fevers, 5 under Dysentery and Diarrhœa and 20 under all Other Causes. The reported mortality was very very low.

7246 E. R. SUNDARARAJAN, For *Director*.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, APRIL 4, 1946.

A total of 38 attacks with 22 deaths from Plague was returned from 12 villages in 9 taluks in 6 districts during the week against 31 attacks with 23 deaths in the previous week. Cities of Bangalore and Mysore and Kolar Gold Field were free from Plague. Comparative figures for the corresponding week in 1945 and 1944 were 42 attacks with 29 deaths and 69 attacks with 39 deaths respectively. C. & M. Station, Bangalore reported 1 attack with nil death.

A total of 77 attacks with 13 deaths from Small-pox were reported from Bangalore North, Bangalore South, Nelamangala, Hassan, Holenarsipur, Koppa, Chintamani, Mandya, Seringapatam, Nanjangud, and Mysore Taluks.

The State remained free from Cholera, Influenza and Relapsing Fever.

The total mortality for Bangalore City amounted to 134 (42 in hospitals) representing a calculated death-rate of 24·1 (16·6 excluding hospital deaths) per mille of population as against 20·9 for the corresponding week of last year. Classified according to causes the deaths numbered: 4 under Small-pox, 8 under Other Fevers, 4 under Phthisis, 20 under Dysentery and Diarrhœa and 98 under All Other Causes. The reported mortality was normal.

During the week the Civil and Military Station, Bangalore, returned for 6 days, 86 deaths (9 in hospitals) representing a calculated death-rate of 30·6 (27·4 excluding hospital deaths) per mille of population as against 32·5 for the corresponding week of last year. Classified according to causes the deaths were: Broncho-Pneumonia 4, Pneumonia 15, Typhoid 1, Phthisis 3, Dysentery and Diarrhœa 22 and All Other Causes 41.

The total mortality for Mysore City was 50 (18 in hospitals) representing a calculated death-rate of 15·0 (9·6 excluding hospital deaths) per mille of population as against 11·1 for the corresponding week of last year. Classified according to causes the deaths were: Small-pox 4, Malaria 2, Typhoid 2, Other Fevers 9, Phthisis 5, Dysentery and Diarrhœa 2 and all other causes 26. The reported mortality was very very low.

There were 12 deaths (3 in hospitals) from all causes in Kolar Gold Fields Area equivalent to a calculated death-rate of 4·6 (3·4 excluding hospital deaths) per mille of population as against 19·1 for the corresponding week of last year. Classified according to causes the deaths numbered: 1 under Small-pox, 3 under Other Fevers, 1 under Dysentery and Diarrhœa, 7 under All Other Causes. The reported mortality was very very low.

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc

BANGALORE.

8. Generally well supplied.

9. Standing crops sugarcane and nat ragi is reported to be in good condition.

10. The seasonal conditions are not favourable. Crops were badly affected in parts of Nelamangala, Devanahalli and Anekal Taluks.

11. Cattle are generally healthy except for the prevalence of "Rinderpest," in Volegere village, Kankanhalli Taluk and 'Blackquarter in Aurodi and Mallohalli villages, of Dodballapur Taluk Necessary action is reported to have been taken to check the spread of the diseases Fodder and water are available except in parts of Nelamangala and Devanahalli Taluks where there is difficulty for fodder. Certain State Forests have been thrown open for free grazing of cattle in Devanahalli Taluk and some cattle of Nelamangala Taluk have moved to Magadi where fodder is available

KOLAR

8. Moderately supplied through Government Depots

9. *Agricultural Operations.—Seeds sown*—Nil.

Old irrigation wells are being repaired and new ones are being sunk taking full advantage of Government Order sanctioning subsidiary and loans for these wells.

Crops harvested—Nil.

Standing Crops—Under wells and tank beds: Thuragi, jola, sugarcane, bengalgram and potatoes are in good condition.

10. Tanks did not receive sufficient water. There was a little quantity of rainfall during the week. Temporary wells have been sunk in tank beds and River beds to afford drinking water facilities

Cattle are healthy except for Blackquarter in Biranakuppa Buchepally, Balamande, Kaverhalli in Bowringpet Taluk and in Kurabchamanahalli in Mulbagal Taluk, in Doddakurugodu of Gowribidanur Taluk. Anthrax at Gundahalli, Bagepalli Taluk The Veterinary Inspector is requested to take necessary action. Plague at Hunasahalli, Bowringpet Taluk. Plague is subsiding in Yarlagamballi, S Devaganahalli, Gandlahalli and Sidlaghatta Taluk and Sidlaghatta Town. Plague is prevailing in Doddaganjoor of Chintamani Taluk Remedial measures are being adopted.

Fodder and water are available. Public health is generally good Cooly classes get sufficient labour as many relief works are progressing

TUMKUR.

8. Fairly well supplied.

9 *Seeds sown.*—Kar-ragi, and jola paddy in Kunigal Taluk.

Standing Crops.—Nati ragi, sugarcane and groundnut in Tumkur taluk, paddy in Madhugiri and Chiknaikanahalli Taluks, paddy and gidda ragi in Gubbi taluk, paddy and sugarcane in Kortagere taluk, and sugarcane in Turuvekere taluk are reported to be in good condition.

Crops harvested.—Paddy in Tumkur and Kunigal taluks, sugarcane in Kortagere taluk are reported to have been harvested during the week

10. Not good on account of adverse seasonal conditions. But the conditions are reported to be better at Turuvekere on account of recent rains.

11. Cattle are reported to be generally healthy throughout the district except for the prevalence of "Blackquarter" at Bidanakere and Apponahalli villages, of Madhugiri taluk. The local Veterinary Inspector has been addressed to take immediate measures to check the spread of the disease.

Water and fodder are available except in Madhugiri, Chiknaikanhalli, Sira, Gubbi and Pavagada taluks where fodder difficulty is felt. Arrangements are made to import hay from outside and distribute the same to these taluks. Cooly classes have been provided with labour under Distress Relief Works

MYSORE.

8. Normally well supplied.

Seeds sown—Mysore—Ragi, jola and thogari.

Chamarajanagar—Jola, til castor and thogari.

Gundlupet—Jola

Nanjangud—Jola

T-Narsipur—Jola is reported to be being sown.

9. *Standing Crops.*—Jola and ragi in the Taluks of Mysore are reported to be in good condition.

10. (1) Generally good. (2) Rainfall sufficient. (3) Nil (4) None under relief. (5) Sufficient stock of food grains are available in all the parts of this district.

11. Water and fodder are available for cattle in all the parts of this district. Cattle are reported to be generally healthy.

MANDYA.

8. Well supplied.

9. *Seeds sown.*—Irrigated ragi and jola are being sown in all the parts of the district. Jola is being sown in the area made available by the receding of the water in the K. R. S. Reservoir.

Standing Crops.—Sugarcane, irrigated ragi and jola in Mandya Taluk, sugarcane in Maddur, Malavalli, Seringapatam and French-Rocks Taluks, sugarcane and jola in Nagamangala Taluk are reported to be in good condition.

10. The seasonal conditions were fairly satisfactory in all the taluks except Nagamangala and in some parts of Basaral and Dudda Hoblis in Mandya Taluk. There were sufficient stocks of all food grains during the week under report.

11. *Public Health.*—Public health is reported to be generally good except for Plague at Jakkanahalli village in Seringapatam taluk, Small-pox in Seringapatam Town and Plague at Hanumanahalli village in Bindiganavale Hobli, Nagamangala taluk. Action has been taken to arrest the spread of the epidemics.

Cattle are reported to be generally healthy. Fodder and water were available in sufficient quantities.

HASSAN.

8. Well supplied. Rice and ragi are being distributed from Government, Municipal, Co-operative and Village Panchayet Depots.

Ploughing operations are going on in Manjarabad, Alur and Hole-Narasipur taluks.

9. *Crops sown.*—Nil.

Standing Crops.—Sugarcane is reported to be in good condition in Hassan, Belur, Alur and Channarayapatna Taluks.

Crops harvested.—Sugarcane is being milled in some parts of Hassan Taluk

10. Fair. On account of difficulty for water in Yadegowdanahalli village of Hallimysore Hobli in Arkalgudu Hobli in Kasaba Hobli in Hole-Narsipur Taluk, temporary wells were sunk in these villages during the week. Relief works have been undertaken in Arsikere and Hole-Narasipur Taluks and are under progress.

11. Water and fodder are generally available for cattle except in parts of Kanakatte Hobli in Arsikere Taluk and people of these places are having the fodder supply from the neighbouring taluks of this district.

Cattle are reported to be generally healthy except for the prevalence of "Blackquarter" in Dindagur village of Kasaba Hobli, Channarayapatna Taluk. The Veterinary Inspector is reported to have been addressed to take remedial measures to check the spread of the disease.

SHIMOGA.

8. Markets are fairly well supplied.

9. *Agricultural operations.—Seeds sown.*—Summer ragi has been sown in some parts of channel area in Shimoga Taluk.

Standing Crops—Sugarcane is reported to be in fairly good condition in Channagiri, Honnali, Shikarpur, Sagar, Nagar taluks and in Kumsi Sub-Taluk.

Crops harvested.—Sugarcane is being crushed in the taluks of Channagiri, Honnali, Shikarpur, Sagar and Hosanagar and in the Kumsi Sub-Taluk

10. Prospects of the season are reported to be generally fair in all the taluks except in some villages of Channagiri Taluk, where relief works started are under progress. The labourers have been employed on the relief works in the affected parts of the Channagiri Taluk. The labourers find sufficient labour in the Industrial concerns, Forest and Engineering Departments in other taluks of the District. The Deputy Amildar, Kumsi Sub-Taluk reports that in 16 villages where

he drinking water wells have been dried up, water is being rovided for men and cattle by sinking pits in tank beds and y deepening the existing wells. Since the rains have commenced, it is expected that there may not be anxiety for rinking water.

Food grains are available throughout the district. Sufficient ;ocks of food grains have been kept in all the sales depots ,nd supplying centres in all the taluks.

11. Cattle are reported to be generally healthy all over he district. Fodder and water are generally available in all he taluks.

KADUR.

8. Markets well supplied.

9. *Crops sown.*—Nil

Standing Crops.—Sugarcane is the standing crop in Chikmagalur and Kadur Taluks.

Crops harvested.—Sugarcane is being harvested in Kadur Taluk.

Public Health.—Public health is generally good in the district except for the prevalence of Plague and Small-pox in Chikmagalur and Mudigere Towns and in some villages of Kadur Taluk.

Preventive measures to check the spread of the diseases are being taken.

Labour is available and the condition of the labour classes is satisfactory.

10. The seasonal conditions are not satisfactory.

11. Cattle are reported to be generally healthy in the district except for the prevalence of Blackquarter and Foot and Mouth Diseases in some villages of Kadur and Mudigere Taluks. Preventive measures to check the spread of the diseases are being taken.

Fodder and water are available.

CHITALDRUG.

8. The controlled commodities including food-grains are not supplied to the markets. The other articles are reported to be fairly well supplied.

9. *Sowing.*—Nil. It is reported that ploughing operation is in progress in Harihar, in some parts of Davangere, Holalkere and Hosadurga Taluks. Molakalmuru Taluk Amildar reports that there was rainfall in some parts of Kasaba Hobli.

Standing Crops.—Paddy, navane, wheat under irrigation wells and Nalas in Chellakere Taluk, jola in Hosadurga Taluk, jola and chillies, under wells in some parts of Molakalmuru Taluk are reported to be fair.

Harvest.—It is reported that jola is being harvested in Chellakere Taluk.

10. Relief works have been started and are progressing in almost all the taluks excepting in Harihar taluk. The seasonal conditions are not very satisfactory due to failure of rains and separate special fortnightly reports is being sent to the Government and to the Revenue Commissioner

11. Cattle are reported to be generally healthy in the district. Arrangements have been made to deepen the existing wells and to sink temporary wells in Chellakere and some parts of Hosadurga taluks. For fodder, State Forests are thrown open for free grazing. Some of the Amritmahal Kavals in Hosdurga, Holalkere and Chellakere taluks have been thrown open for free grazing. Karada grass is being distributed to several needy centres. Pressed hay from Yesavantanagar has been received and is also made available for sale.

DISTRICT REPORTS.

8 Market how supplied

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity. Number of people under relief and state of food stocks

11 Remarks on the condition of agricultural stock failure of pasturage or fodder, etc

BANGALORE

8. Generally well supplied.

9. *Standing Crops*—Sugarcane and kai ragi are reported to be in good condition.

10. The seasonal conditions are not favourable Crops were badly affected in parts of Nelamangala, Devanhalli and Anekal Taluks.

11 Cattle are reported to be generally healthy. Water and Fodder are available except in parts of Nelamangala and Devanhalli Taluks where there is difficulty for fodder. Certain State Forests have been thrown open for free grazing of cattle in Devanhalli Taluk and some cattle of Nelamangala have moved to Magadi where fodder is available

KOLAR

8 Moderately supplied through Government Depots

9 *Agricultural Operations.*—Lands are being ploughed in some villages of Gudibanda, Bagepalli, Malur and Bowringpet

Seeds sown—Vishaki paddy, nataragi and sugarcane in in Goribidnur Taluk

Crops harvested—Sugarcane is being milled in Goribidnur Taluk

Standing Crops—In the following taluks crops which are standing on the land are given

Kolar—Thuragi Bowringpet—Thuragi and jola Chintamani—Jola, sugarcane and paddy under kapile wells. Sidlaghatta—Sugarcane gidda ragi, potatoes under irrigation wells Chikballapur—Sugarcane, Bagepalli—Jola and paddy under kapile wells, Goribidnur—Sugarcane and paddy, Srinivasapur—Irrigated ragi, Gudibanda—Sugarcane under wells

The standing crops are reported to be in good condition

10 There were a few showers of rain in some taluks Mungar rains are expected to come

Public health is generally good Cattle are reported to be healthy Fodder and water available Cooly classe get labour

Plague at Naranayanahalli, S. Devaganahalli, Gandlahalli and Sidlaghatta Town in Sidlaghatta Taluk

"Black-quarter at Kunubachadamanahalli of Mulbagal Taluk Plague at Kowranganahalli, Bettakoot, Kakikuppa villages of Bowringpet Taluk Precautionary measures have been adopted to combat the disease.

TUMKUR.

8 Fairly well supplied.

9 *Seeds sown*—Kar-ragi and jola in Kunigal Taluk

Standing Crops.—Nati ragi, sugarcane and greengram in Tumkur taluk well irrigated paddy in Madhugiri and Sira Taluks, paddy under Gubbi Amanikere taluk and gidda ragi under Kadaba tank in Gubbi Taluk, paddy in Tiptur Taluk sugarcane and paddy in Kunigal Kortagere and Turuvekere Taluks are reported to be in good condition

Crops harvested.—Paddy in Tumkur taluk sugarcane in Kortagere taluk are reported to have been harvested during the week

10 Not good on account of adverse seasonal conditions

11 Cattle are reported to be generally healthy throughout the district except for the prevalence of "Blackquarter" in Sisalukunte village in Pavagada Taluk

Water and fodder are available except in Madhugiri, Chikmakanhalli, Sira, Gubbi and Pavagada taluks

Fodder obtained from outside is being distributed to these taluks Digging of fresh and deepening of existing drinking water wells has been undertaken wherever water difficulty is felt

Cooly classes have been provided with labour in the Distress Relief Works

MYSORE

8 Normally well supplied

Seeds sown—Mysore—Ragi, jola and thogari.

Chamarajanagar—Jola, til, thogari and castor.

Gundlupet—Jola

T-Narsipur—Jola are reported to be being sown.

9. *Standing Crops*—Such as ragi, jola in the Taluks Mysore, Chamarajanagar, Gundlupet, Nanjangud and T Narsipur are reported to be in good condition

Crops harvested—Nil.

10. (1) Generally good. (2) Sufficient. (3) Nil (4) Nor under relief (5) Sufficient stock of food grains are availab in all the parts of the district.

11. Water and fodder are available for cattle in all the part of this district. Cattle are reported to be generally healthy

MANDYA.

8. Well supplied.

9. *Seeds sown.*—Irrigated ragi and jola are being sown in all parts of the district Jola is being sown in the are made available by the receding of the water in the Krishna rajasagar Reservoir

Standing Crops—Sugarcane, irrigated ragi and jola in Mandya, Maddur, and Malavalli, Taluks, sugarcane and jola in Nagamangala Taluk are reported to be in good condition Lands are prepared for sowing ragi and jola in Nagamangala Taluk and the ryots are waiting for rains

10. The seasonal conditions were fairly satisfactory in all the taluks except Nagamangala and in some parts of Basaral and Dudda Hobli in Mandya Taluk There were sufficient stocks of all foodgrains during the week under report

11. *Public Health*—Public health is reported to be generally good except for small-pox in Seringapatam town, and in Hadli village in Malavalli Taluk Preventive measure have been taken to arrest the spread of the epidemic.

Cattle are reported to be generally healthy Fodder and water were available in sufficient quantities

HASSAN

8 Well supplied Rice and ragi are being distributed from Government, Municipal, Co-operative and Village Panchayet Depots.

Ploughing operations are going on in all the taluks

9 *Crops sown*—Nil

Standing Crops—Sugarcane is reported to be generally in good condition in Hassan Belur Alur and Channarayapatna Taluks

Crops harvested—Sugarcane is being milled in parts of Hassan Taluk

10. Fair Temporary wells have been sunk in parts of Hallimysore Hobli in Hole Narsipur Taluk, to provide drinking water.

Relief works undertaken in Arsikere and Hole-Narasipur Taluks are reported to be under progress.

11 Water and fodder are generally available for cattle except in parts of Kandatte Hobli in Arsikere Taluk and people of those places are having the fodder supply from the neighbouring taluks of this district. Cattle are reported to be healthy

SHIMOGA.

8. Markets are fairly well supplied

9. *Seeds sown*—Sugarcane is being planted in Shimoga Taluk Ploughing operation is going on in all taluks

Crops harvested—Sugarcane is being crushed in some parts of Honnali and Shikarpur Taluks

10 Prospects of the season are reported to be generally fair throughout the district, except in some villages of Channagiri where relief works have been taken up to provide labour to the labourers Cooly classes find sufficient labour Food grains are available

11 Cattle are reported to be generally healthy all over the district. Fodder and water are generally available in all taluks

KADUR

8 Markets well supplied

9. *Crops sown*—Nil

Standing Crops.—Sugarcane is the standing crop in some parts of Chikmagalur Taluk

Crops harvested—Nil

Public Health—Public health is generally good in the district except for the prevalence of Plague and Small-pox in

Chikmagalur and Mudgere Towns and in some villages of Kadur Taluk.

Preventive measures to check the spread of the diseases are being taken.

Labour is available and the condition of the labour classes is satisfactory.

10. The seasonal conditions are generally satisfactory.

11. Cattle are reported to be generally healthy in the district except for the prevalence of "Foot and Mouth" Disease in Narsimharajapura Sub-Taluk. Needful action to check the disease is being taken by the Veterinary Department.

Fodder and water are available.

CHITALDRUG.

8. The controlled commodities including food-grains are not supplied to the markets. The other articles are reported to be fairly well supplied.

9. *Sowing.*—Nil. It is reported that ploughing operation is going on in Harihar, Holalkere in some parts of Davangere and Hosadurga Taluks.

Standing Crops.—Paddy, navane, jola and wheat under Nalas and wells in Chellakere Taluk, paddy in some parts, fodder, jola and onions in Molakalmuru Taluk, paddy, sugarcane and groundnut in Hiriyur Taluk are reported to be fair.

Harvest.—Nil.

10. Relief works have been started and are progressing in almost all the taluks excepting Harihar taluk. The seasonal conditions are not very satisfactory due to failure of rains and separate special fortnightly report is being sent to the Government and to the Revenue Commissioner.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE.

Dated Bangalore, 23rd April 1946.

M. SESHADRI,
Revenue Commissioner.

7690

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, APRIL 18, 1946.

A total of 18 attacks with 7 deaths from Plague was returned in 3 villages in 3 taluks in 3 districts during the week against 56 attacks with 17 deaths in the previous week. Cities of Bangalore and Mysore reported 1 attack with 1 death and 1 attack with 1 death respectively, while Kolar Gold Field Area remained free from Plague. Comparative figures for the corresponding week in 1945 and 1944 were 22 attacks with 14 deaths and 70 attacks with 39 deaths, respectively. C. & M. Station, Bangalore, was free from Plague.

A total of 62 attacks with 12 deaths from Small-pox were reported from Anekal, Bangalore South, Channapatna, Mulbagal, French-Rocks, Malavalli, Seringapatam, Nanjangud and Mysore Taluks.

Two attacks with 2 deaths from Cholera were reported from 1 village in 1 taluk in 1 district.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore City amounted to 104 (37 in hospitals) for 5 days representing a calculated death-rate of 26.3 (16'9 excluding hospital deaths) per mille of population as against 22'2 for the corresponding week of last year. Classified according to causes the deaths numbered: 1 under Plague, 1 under Small-pox, 1 under Malaria, 3 under Typhoid, 7 under Other Fevers, 5 under Phthisis, 17 under Dysentery and Diarrhœa and 69 under All Other Causes. The reported mortality was normal.

During the week the Civil and Military Station, Bangalore, returned 61 deaths (5 in hospitals) for 4 days, representing a calculated death-rate of 32 7 (30'1 excluding hospital deaths) per mille of population as against 32'9 for the corresponding week of last year. Classified according to causes the deaths were Small-pox 2, Malaria 2, Pneumonia 12, Phthisis 1, Dysentery and Diarrhœa 16 and All Other Causes 28.

The total mortality for Mysore City was 62 (18 in hospitals) representing a calculated death rate of 18'6 (13 2 excluding hospital deaths) per mille of population as against 20'6 for the corresponding week of last year. Classified according to causes the deaths were Plague 1, Small-pox 2, Malaria 2, Other Fevers 20, Phthisis 2, Dysentery and Diarrhœa 11 and All Other Causes 34. The reported mortality was very low.

There were 29 deaths (10 in hospitals) for 5 days from all causes in Kolar Gold Field Area equivalent to a calculated death-rate of 13 2 (8'7 excluding hospital deaths) per mille of population as against 19'1 for the corresponding week of last year. Classified according to causes the deaths numbered: 2 under Small-pox, 1 under Other Fevers, 1 under Dysentery and Diarrhœa and 25 under All Other Causes. The reported mortality was very very low.

DISTRICT REPORTS

8. Market how supplied

9. Progress of agricultural operations; state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities

10 Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity. Number of people under relief and state of food stocks.

11 Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc

BANGALORE

8. Generally well supplied.

9 *Standing Crops*—Sugarcane and nati ragi are reported to be in good condition Nati ragi is reported to be harvested in Hoskote Taluk

10 The seasonal conditions are not favourable Crops were badly affected in parts of Nelamangala Devanhalli and Anekal Taluks.

11. Cattle are reported to be generally healthy. Water and fodder are available except in parts of Nelamangala and Devanhalli Taluks where there is difficulty for fodder. Certain State Forests have been thrown open for free grazing of cattle in Devanhalli Taluk and some cattle of Nelamangala have moved to Magadi where fodder is available

KOLAR

8 Moderately supplied through Government Depots

9. *Agricultural Operations.*—Ryots are ploughing lands of villages in Gudibanda, Sub-Taluk and also in some villages of Goribidnur Taluk

Seeds sown—Giddaragi (Thuragi) is being sown in some parts of Malur and Bowringpet Taluks.

Standing Crops —Sugarcane, giddaragi, potatoes and jola are reported to be in good condition under irrigation wells

Prospects of the season There was no rain in any taluk during the week except in Goribidnur Taluk where the rainfall was 0-27 inches. Seasonal conditions are fair except for plague at Yarlanagenahally, Gundlahalli, Sidlaghatta town in Sidlaghatta Taluk Rat fall at Gudipalli, Mulbagal Taluk is reported Preventive measures are being taken.

Cattle are reported to be healthy in all taluks except for "Black quarter at Keerthikuppa, Banagere, Thongal and Surganahalli villages in Bowringpet Taluk. "Black-quarter" is prevailing at Kurubachowdanahalli in Mulbagal Taluk, Racha varapalli in Bagepalli Taluk, Chirlamakalapalli in Srinivaspur Taluk

Public health is generally good Fodder and water are available Cooly classes find sufficient labour Temporary wells sunk are supplying sufficient water to men and cattle. Subsidy and loans are being granted for sinking of irrigation wells Ryots are taking the full advantage of the scheme sanctioned by the Government

TUMKUR.

8 Fairly well supplied

9 *Seeds sown.*—Jola in Chiknaikanahalli and Tiptur Taluks kar ragi and jola in Kunigal Taluk and gidda ragi and jola in Turuvekere Taluk.

Standing Crops.—Nati ragi, sugarcane and groengram in Tumkur taluk well irrigated paddy in Madhugiri, Pavagada and Sira Taluks, paddy under Gubbi Amanikere tank and gidda ragi under Kadaba tank in Gubbi Taluk paddy in Tiptur Taluk sugarcane and paddy in Kunigal, Kortagere and Turuvekere Taluks are reported to be in good condition.

Crops harvested.—Paddy in Tumkur taluk sugarcane in Kortagere taluk are reported to have been harvested during the week

10. Not good on account of adverse seasonal conditions.

11 Cattle are reported to be generally healthy throughout the district except for the prevalence of "Pleuro Pneumonia at Doddamavathur in Kunigal Taluk and "Rinderpest at Badukanahalli in Madhugiri Taluk. The local Veterinary Inspectors have been addressed to take immediate s , to check the spread of the diseases

Water and fodder are available except in Madhugiri, Chiknaikanhalli, Sira and Gubbi taluks

Fodder obtained from outside the District is being distributed to these taluks Sinking of fresh and deepening of existing wells is undertaken to provide drinking water to the public and for growing more food crops.

Cooly classes have been provided with labour under Distress Relief Works

MYSORE

8. Normally well supplied

Seeds sown—Mysore—Ragi, jola and thogari

Chamarajanagar—Jola, tur, castor and til

Gundlupet—Jola.

T-Narsipur—Jola is reported to be being sown.

9 *Standing Crops.*—Ragi and jola in the Taluks of Mysore, Chamarajanagar, Gundlupet, Nanjangud and T Narsipur are reported to be in good condition

Crops harvested—Nil.

10 (1) Generally good. (2) Sufficient (3) Nil (4) None under relief (5) Sufficient stock of food grains are available in all the parts of this district.

11. Water and fodder are available for cattle in all the parts of this district. Cattle are reported to be generally healthy.

MANDYA.

8 Well supplied.

9. *Seeds sown.*—Jola and irrigated ragi are being sown in all parts of the district Jola is being sown in the area made available by the receding of the water in the Krishna rajasagar Reservoir

Standing Crops —Sugarcane, irrigated ragi and jola in Mandya, Maddur, and Malvalli Taluks, sugarcane in Seringapatam and French-Rocks Taluks, sugarcane and jola in Nagamangala Taluk are reported to be in good condition.

10. The seasonal conditions were fairly satisfactory in all the taluks except Nagamangala and in some parts of Basaral and Dudda Hobli in Mandya Taluk. There were sufficient stocks of all foodgrains during the week under report

11. *Public Health.*—Public health is reported to be generally good except for plague at Urumarakasalagere Mandya Taluk, small-pox at Hadli village in Malvalli Taluk and in Seringapatam town Preventive measures have been taken to arrest the spread of the epidemics.

Cattle are reported to be generally healthy Fodder and water were available in sufficient quantities.

HASSAN.

8. Well supplied. Rice and ragi are being distributed from Government, Municipal, Co-operative and Village Panchayet Depots.

Ploughing operations are going on in all the taluks.

9. *Crops sown* —Paddy in Manjarabad Taluk and ragi in Hole-Narsipur Taluk are being sown for transplanting purposes. Jolam and til have been sown in some parts of Hole Narsipur Taluk.

Standing Crops.—Sugarcane is reported to be generally in good condition in parts of Hassan, Belur, Channarayapatna and Alur Taluks

Crops harvested —Sugarcane is being milled in some parts of Hassan Taluk

10. Temporary wells have been sunk in parts of Halimysore Hobli in Hole Narsipur Taluk and in Kanakatte Hobli in Arsikere Taluk to provide drinking water.

Relief works undertaken in Arsikere and Hole-Narsipur Taluks are reported to be under progress.

11. Water and fodder are generally available for cattle in all taluks except in parts of Kanakatte Hobli in Arsikere Taluk and people of these parts are having fodder supply from the neighbouring taluks of this district

Cattle are reported to be healthy

SHIMOGA.

8. Markets are fairly well supplied.

9 *Agricultural operations* —Paddy is being sown in Shikarpur Taluk

Crops standing —Sugarcane is reported to be in good condition in Channagiri, Honnali, Shikarpur, Sagar and Nagar Taluks and in Kumsi Sub Taluk

Crops harvested —Sugarcane is being crushed in all the above Taluks.

10. Prospects of the season are reported to be generally fair in all the Taluks except in some villages of Channagiri Taluk where relief works started are under progress The labourers find sufficient labour in all the taluks. Food grains are available throughout the district Sufficient stocks of of food grains have been kept in all the Sales Depots in villages and towns in the Districts

11 Cattle are reported to be generally healthy all over the district. Fodder and water are available.

KADUR

8 Markets well supplied

9. *Crops sown* —Nil.

Standing Crops.—Sugarcane is the standing crop in some parts of Chikmagalur Taluk

Crops harvested —Nil

Public Health —Public health is generally good in the district except for the prevalence of Plague and Small-pox in Chikmagalur and Mudgere Towns and in some villages of Kadur Taluk

Bangalore

Kolar

Tumkur

Mysore

Preventive measures to check the spread of the diseases are being taken.

Labour is available and the condition of the labour classes is satisfactory.

10. The season conditions are generally good.

11. Cattle are reported to be generally healthy in the district except for the prevalence of "Foot and Mouth" Disease in Narsimharajapura Sub-Taluk and in some villages of Mudgere Taluk. Needful action to check the disease is being taken by the Veterinary Department.

Fodder and water are available.

CHITALDRUG.

8. The controlled commodities including food-grains are not supplied to the markets. The other articles are reported to be fairly well supplied.

9. *Sowing.*—It is reported that Mungar jola is being sown in about one hundred acres in Doddagatta, Turuvanur hobli of Chitaldrug taluk and in some parts of Iymangala and Javagondanahalli hobli of Hiriyur taluk. But the Amildar, Hiriyur reports that the rainfall is not sufficient in this area. It is also reported that paddy and Mungar jola have been sown in some parts of Talya and Ramagiri hoblies of Holalkere Taluk.

Ploughing operation is reported to be going on in Harihar, Davangere, Molakalmuru and Hosdurga Taluks.

Standing Crops.—Paddy and wheat under wells and nalas in Chellakere Taluks; onions, chillies and jola under some wells in Molakalmuru Taluk, and jola in Hosdurga Taluk are reported to be fair.

Harvest.—It is reported that jola and navane in some parts of Chellakere taluk are being harvested.

10 Relief works have been started and are progressing in almost all the taluks excepting Harihar taluk. The seasonal conditions are not satisfactory due to failure of rains and separate special fortnightly reports being sent to the Government and to the Revenue Commissioner.

11. Cattle are reported to be generally healthy except for the prevalance of 'Black quarter' in some villages of Jagalur and Holalkere taluks. Necessary preventive measures are reported to have been taken by the Veterinary Department to check the spread of the disease. Arrangements have been made to deepen the existing wells and to sink temporary wells in Chellakere, Chitaldrug, Molakalmuru, Hiriyur, Jagalur and some parts of Hosdurga taluks. For fodder, all State Forests and some of the Amritmahal Kavals in Hosdurga, Holalkere and Chellakere taluks have been thrown open for free grazing. Karada grass is being distributed to several needy centres. Pressed hay from Yesavanthanagar has been received and is also made available for sale.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations; state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity. Number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE.

8. Generally well supplied.

9. *Standing Crops*—Sugarcane and nati ragi are reported to be in good condition. Nati ragi is reported to be harvested in Hoskote Taluk.

10. The seasonal conditions are not favourable. Crops were badly affected in parts of Nelamangala, Devanhalli and Anekal Taluks.

11. Cattle are reported to be generally healthy. Water and fodder are available except in parts of Nelamangala and Devanhalli Taluks where there is difficulty for fodder. Certain State Forests have been thrown open for free grazing of cattle in Devanhalli Taluk and some cattle of Nelamangala have moved to Magadi where fodder is available.

KOLAR.

8 Moderately supplied through Government Depots.

9. *Agricultural Operations.*—Ryots are ploughing lands of villages in Gudibanda, Sub-Taluk and also in some villages of Goribidnur Taluk.

Seeds sown—Giddaragi (Thuragi) is being sown in some parts of Malur and Bowringpet Taluks.

Standing Crops.—Sugarcane, giddaragi, potatoes and jola are reported to be in good condition under irrigation wells.

Prospects of the season: There was no rain in any taluk during the week except in Goribidnur Taluk where the rainfall was 0-27 inches. Seasonal conditions are fair except for plague at Yartanagenahally, Gundlahalli, Sidlaghatta town in Sidlaghatta Taluk. Rat fall at Gudipalli, Mulbagal Taluk is reported. Preventive measures are being taken.

Cattle are reported to be healthy in all taluks except for "Black-quarter" at Keerthikuppa, Banagere, Thongal and Sunganaballi villages in Bowringpet Taluk. "Black-quarter" is prevailing at Kurubachowdanahalli in Mulbagal Taluk, Racha varapalli in Bagepalli Taluk, Chirlamakalapalli in Srinivaspur Taluk.

Public health is generally good. Fodder and water are available. Cooly classes find sufficient labour. Temporary wells sunk are supplying sufficient water to men and cattle. Subsidy and loans are being granted for sinking of irrigation wells. Ryots are taking the full advantage of the scheme sanctioned by the Government.

TUMKUR.

8. Fairly well supplied.

9. *Seeds sown.*—Jola in Chiknaikanahalli and Tiptur Taluks; kar-ragi and jola in Kunigal Taluk and gidda ragi and jola in Turuvekere Taluk.

Standing Crops.—Nati ragi, sugarcane and greengram in Tumkur taluk, well irrigated paddy in Madhugiri, Pavagada and Sira Taluks; paddy under Gubbi Amanikere tank and gidda ragi under Kadaba tank in Gubbi Taluk; paddy in Tiptur Taluk; sugarcane and paddy in Kunigal, Kortagere and Turuvekere Taluks are reported to be in good condition.

Crops harvested.—Paddy in Tumkur taluk; sugarcane in Kortagere taluk are reported to have been harvested during the week.

10. Not good on account of adverse seasonal conditions.

11. Cattle are reported to be generally healthy throughout the district except for the prevalence of "Pleuro Pneumonia" at Doddamavathur in Kunigal Taluk and "Rinderpest" at Badakanahalli in Madhugiri Taluk. The local Veterinary Inspectors have been addressed to take immediate steps to check the spread of the diseases.

Water and fodder are available except in Madhugiri, Chiknaikanhalli, Sira and Gubbi taluks.

Fodder obtained from outside the District is being distributed to these taluks. Sinking of fresh and deepening of existing wells is undertaken to provide drinking water to the public and for growing more food crops.

Cooly classes have been provided with labour under Distress Relief Works

MYSORE

8. Normally well supplied.

Seeds sown—Mysore—Ragi, jola and thogari.

Chamarajanagar—Jola, tur, castor and til.

Gundlupet—Jola.

T-Narsipur—Jola is reported to be being sown.

9. *Standing Crops.*—Ragi and jola in the Taluks of Mysore, Chamarajanagar, Gundlupet, Nanjangud and T Narsipur are reported to be in good condition.

Crops harvested—Nil.

10. (1) Generally good. (2) Sufficient. (3) Nil. (4) None under relief. (5) Sufficient stock of food grains are available in all the parts of this district.

11. Water and fodder are available for cattle in all the part of this district. Cattle are reported to be generally healthy.

MANDYA.

8. Well supplied.

9. *Seeds sown.*—Jola and irrigated ragi are being sown in all parts of the district. Jola is being sown in the area made available by the receding of the water in the Krishna rajasagar Reservoir.

Standing Crops.—Sugarcane, irrigated ragi and jola in Mandya, Maddur, and Malvalli Taluks; sugarcane in Seringapatam and French-Rocks Taluks; sugarcane and jola in Nagamangala Taluk are reported to be in good condition.

10. The seasonal conditions were fairly satisfactory in all the taluks except Nagamangala and in some parts of Basaral and Dudda Hoblis in Mandya Taluk. There were sufficient stocks of all foodgrains during the week under report.

11. *Public Health.*—Public health is reported to be generally good except for plague at Urumarakasalagere Mandya Taluk, small-pox at Hadli village in Malvalli Taluk and in Seringapatam town. Preventive measures have been taken to arrest the spread of the epidemics.

Cattle are reported to be generally healthy. Fodder and water were available in sufficient quantities.

HASSAN.

8. Well supplied. Rice and ragi are being distributed from Government, Municipal, Co-operative and Village Panchayet Depots.

Ploughing operations are going on in all the taluks.

9. *Crops sown.*—Paddy in Manjarabad Taluk and ragi in Hole-Narsipur Taluk are being sown for transplanting purposes. Jolam and til have been sown in some parts of Hole-Narsipur Taluk.

Standing Crops.—Sugarcane is reported to be generally in good condition in parts of Hassan, Belur, Channarayapatna and Alur Taluks.

Crops harvested.—Sugarcane is being milled in some parts of Hassan Taluk.

10. Temporary wells have been sunk in parts of Hallimysore Hobli in Hole-Narsipur Taluk and in Kanakatte Hobli in Arsikere Taluk to provide drinking water.

Relief works undertaken in Arsikere and Hole-Narsipur Taluks are reported to be under progress.

11. Water and fodder are generally available for cattle in all taluks except in parts of Kanakatte Hobli in Arsikere Taluk and people of these parts are having fodder supply from the neighbouring taluks of this district.

Cattle are reported to be healthy.

SHIMOGA.

8. Markets are fairly well supplied.

9. *Agricultural operations.*—Paddy is being sown in Shikarpur Taluk.

Crops standing.—Sugarcane is reported to be in good condition in Channagiri, Honnali, Shikarpur, Sagar and Nagar Taluks and in Kumsi Sub-Taluk.

Crops harvested.—Sugarcane is being crushed in all the above Taluks.

10. Prospects of the season are reported to be generally fair in all the Taluks except in some villages of Channagiri Taluk where relief works started are under progress. The labourers find sufficient labour in all the taluks. Food grains are available throughout the district. Sufficient stocks of of food grains have been kept in all the Sales Depots in villages and towns in the Districts.

11. Cattle are reported to be generally healthy all over the district. Fodder and water are available.

KADUR

8. Markets well supplied.

9. *Crops sown.*—Nil.

Standing Crops.—Sugarcane is the standing crop in some parts of Chikmagalur Taluk.

Crops harvested.—Nil.

Public Health.—Public health is generally good in the district except for the prevalence of Plague and Small-pox in Chikmagalur and Mudgere Towns and in some villages of Kadur Taluk.

Preventive measures to check the spread of the diseases are being taken.

Labour is available and the condition of the labour classes is satisfactory.

10. The season conditions are generally good.

11. Cattle are reported to be generally healthy in the district except for the prevalence of "Foot and Mouth" Disease in Narsimharajapura Sub-Taluk and in some villages of Mudgere Taluk. Needful action to check the disease is being taken by the Veterinary Department.

Fodder and water are available.

CHITALDRUG.

8 The controlled commodities including food grains are not supplied to the markets The other articles are reported to be fairly well supplied

9. *Sowing.*—It is reported that Mungar jola is being sown in about one hundred acres in Doddagatta, Turuvanur hobli of Chitaldrug taluk and in some parts of Iymangala and Javagondanahalli hobli of Hiriyur taluk. But the Amildar, Hiriyur reports that the rainfall is not sufficient in this area It is also reported that paddy and Mungar jola have been sown in some parts of Talya and Ramagiri hoblies of Holalkere Taluk.

Ploughing operation is reported to be going on in Harihar, Davangere, Molakalmuru and Hosdurga Taluks

Standing Crops.—Paddy and wheat under wells and nalas in Chellakere Taluks, onions, chillies and jola under some wells in Molakalmuru Taluk, and jola in Hosdurga Taluk are reported to be fair.

Harvest.—It is reported that jola and navane in some parts of Chellakere taluk are being harvested

10 Relief works have been started and are progressing in almost all the taluks excepting Harihar taluk. The seasonal conditions are not satisfactory due to failure of rains and separate special fortnightly reports being sent to the Government and to the Revenue Commissioner.

11 Cattle are reported to be generally healthy except for the prevalence of 'Black quarter in some villages of Jagalur and Holalkere taluks. Necessary preventive measures are reported to have been taken by the Veterinary Department to check the spread of the disease Arrangements have been made to deepen the existing wells and to sink temporary wells in Chellakere, Chitaldrug, Molakalmuru Hiriyur, Jagalur and some parts of Hosdurga taluks. OFFICE OF THE REVENUE COMMISSIONER IN MYSORE
Dated Bangalore,
9th April 1946

M. SESHADRI,
Revenue Commissioner.

7850

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY APRIL 25, 1946.

A total of 21 attacks with 15 deaths from Plague was returned from 5 villages in 5 taluks in 4 districts during the week against 18 attacks with 7 deaths in the previous week. Cities of Bangalore and Mysore reported nil attack with nil death and 2 attacks with 2 deaths respectively, while Kolar Gold Field Area reported nil attack with nil death. Comparative figures for the corresponding week in 1945 and 1944 were 35 attacks with 21 deaths and 62 attacks with 44 deaths, respectively

A total of 66 attacks with 22 deaths from Small-pox were reported from Anekal, Channapatna, Arkalgud, Chintamani, Seringapatam, Mysore and Periyapatna Taluks.

The State remained free from Cholera, Influenza and Relapsing Fever.

The total mortality for Bangalore City amounted to 151 (39 in hospitals) representing a calculated death-rate of 27·2 (26·0 excluding hospital deaths) per mille of population as against 22·0 for the corresponding week of last year. Classified according to causes the deaths numbered 1 under Small-pox 2 under Malaria, 1 under Typhoid, 6 under Other Fevers, 1 under Phthisis, 26 under Dysentery and Diarrhœa and 111 under All Other Causes. The reported mortality was normal.

During the week the Civil and Military Station Bangalore, returned 125 deaths (14 in hospitals) representing a calculated death-rate of 37·9 (35·7 excluding hospital deaths) per mille of population as against 35·8 for the corresponding week of last year. Classified according to causes the deaths were Small-pox 2, Broncho Pneumonia 13, Pneumonia 5 Phthisis 3, Dysentery and Diarrhœa 31 and All Other Causes [illegible].

The total mortality for Mysore City was 63 (17 in hospitals) representing a calculated death-rate of 18·9 (13·8 excluding hospital deaths) per mille of population as against 1[illegible] for the corresponding week of last year. Classified according to causes the deaths were Plague 2, Other Fevers 16 Phthisis 1, Dysentery and Diarrhœa 7, and All Other Causes The reported mortality was very low.

There were 43 deaths (12 in hospitals) from all causes in Kolar Gold Field Area equivalent to a calculated death-rate of 14·0 (10·1 excluding hospital deaths) per mille of population as against 21·[illegible] for the corresponding week of last year. Classified according to causes the deaths numbered: 2 under Small-pox, 2 under Other Fevers, 3 under Dysentery and Diarrhœa and 36 under All Other Causes. The reported mortality was very low

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity. Number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE.

8. Generally well supplied.

9. *Standing Crops*—Sugarcane is reported to be in good condition.

10. The seasonal conditions are not favourable. Crops were badly affected in parts of Nelamangala, Devanahalli and Anekal Taluks.

11. Cattle are reported to be generally healthy. Water and fodder are available except in parts of Nelamangala and Devanahalli Taluks where there is difficulty for fodder. Certain State Forests have been thrown open for free grazing of cattle in Devanahalli Taluk and some cattle of Nelamangala have moved to Magadi where fodder is available.

KOLAR.

8. Moderately supplied through Government Depots.

9. *Agricultural Operations.*—Ryots are engaged in carting manure to the fields in Sreenivasapur Taluk, ploughing operations are going on in all parts of the taluk in Gudibanda.

Seeds sown—Giddaragi in Kolar, giddaragi and vasakhi paddy are being transplanted in Goribidnur Taluk.

Standing Crops.—Thogari, ragi, potatoes, sugarcane, paddy and jola under wells are reported to be in good condition in all the taluks.

10. There was no rainfall during the week in any taluk. Relief works are in progress in all the taluks and coolies find sufficient labour.

Cattle are reported to be healthy except for "Blackquarter" at Kuruba Chadumanahalli in Mulbagal Taluk, in Battavarahalli and Sanganahalli of Bowringpet Taluk and in Achampalli and Guntevaripalli of Sreenivasapur Taluk.

Fodder and water are available. Supply of hay from the Forest Department has been received for cattle fodder.

11. Public health is generally good.

TUMKUR.

8. Markets are fairly well supplied.

9. *Seeds sown.*—Jola, greengram, blackgram and groundnut in Tiptur Taluk, kar-ragi and jola in Kunigal Taluk.

Standing Crops.—Paddy under Settikere tank in Chiknaikanhalli Taluk is reported to be bad for want of water in the tank. Nati ragi, sugarcane, greengram and jola in Tumkur, Gubbi Kunigal, Koratagere and Turuvekere Taluks are in good condition, paddy in Gubbi, Sira, Tiptur, Kunigal, Koratagere and Turuvekere Taluks.

Corps harvested.—Paddy is being harvested in Tumkur, Madhugiri, Kunigal and Chiknayakanhalli taluks and sugarcane is harvested in Koratagere Taluk.

10 Not good on account of adverse seasonal conditions.

11 Cattle are reported to be healthy throughout the district except for the prevalence of "Blackquarter in Girigowdanahalli, Madhugiri Taluk "Pleuro-Pneumonia" at Doddamavatur in Kunigal Taluk.

Water and fodder are available except in Chiknaikanhalli, Tiptur and Koratagere taluks.

Fodder obtained from outside the district is being distributed to these taluks. Sinking of fresh wells and deepening the existing wells is undertaken to provide drinking water for men and cattle.

Cooly classes are provided with labour under Distress Relief Works. Small-pox is prevalent in Maindanahalli of Madhugiri taluk. Anti-cholera injections are being given

MYSORE.

8. Normally well supplied.

Seeds sown—Mysore—Jola and thogari.

Chamarajanagar—Jola, thogari, til and castor.

Gundlupet—Jola.

T-Narsipur—Jola are reported to have been sown.

9. *Standing Crops.*—Ragi and jola in the taluks of Mysore, Chamarajanagar, Gundlupet, Nanjangud and T.-Narsipur are reported to be in good condition.

Crops harvested—Nil.

10. (1) Generally good. (2) Not sufficient. (3) Nil. (4) None under relief. (5) Sufficient stock of food grains are available in almost all the parts of the district.

11. Water and fodder are available for cattle in all the parts of this district. Cattle are reported to be generally health.

MANDYA.

8. Well supplied.

9. *Seeds sown.*—Irrigated ragi is being transplanted in some tank atchkats

Sugarcane and irrigated ragi in the Irwin canal area are in a fairly good condition. Jola and ragi sown in dry and wet lands in April '46 are very badly in need of immediate rains.

Except for the sugarcane and kar ragi crops in the Irwin Canal area, the seasonal conditions are not satisfactory from the point of jola and ragi sown in other parts of the district. For want of rains, these tender and dry crops are withering. Sufficient food grains well available during the week. No relief works are undertaken as the necessity for the same has not been felt.

11. *Public Health.*—Public health is reported to be generally good except for small-pox in Seringapatam Town. Preventive action has been taken to arrest the spread of the epidemic.

Cattle are reported to be generally healthy. Fodder and water were available in sufficient quantities.

HASSAN.

8. Well supplied. Rice and ragi are being distributed from Government, Municipal, Co-operative and Village Panchayet Depots.

Ploughing operations are going on in all the taluks.

9. *Crops sown.*—Paddy in Manjarabad, Belur and Alur Taluks ragi in Belur Taluk, Jolam in Belur, Arsikere and Channarayapatna Taluks are reported to have been sown.

Standing Crops.—Sugarcane is reported to be generally in good condition.

Crops harvested.—Sugarcane is being milled in some parts of Hassan Taluk.

10. Temporary wells have been sunk in parts of Kanakatte Hobli in Arsikere Taluk and in some parts of Hallimysore Hobli in Hole-Narsipur Taluk to provide drinking water. Two more temporary wells, were sunk in Kamenahalli Village of Hole-Narsipur Taluk during the week. Relief works undertaken in Arsikere and Hole-Narsipur Taluks are reported to be under progress.

11. Water and fodder are generally available for cattle except in parts of Kanakatte Hobli in Arsikere Taluk and people of these parts are having fodder supply from the neighbouring taluks of this district.

Cattle are reported to be healthy.

SHIMOGA.

8. Markets are fairly well supplied.

9. *Agricultural operations.*—Seeds sown. Paddy is being sown in Shikarpur and Hosanagar Taluks and in Kumsi Sub-Taluk.

Standing crops.—Sugarcane is reported to be in good condition in Channagiri, Honnali, Shikarpur, Sagar and Nagar Taluks and in Kumsi Sub-Taluk.

10. Prospects of the season are reported to be fair in all the taluks except in some villages of Channagiri Taluk where relief works started are under progress. The labourers find sufficient labour in all the taluks. Food grains are available throughout the district and sufficient stocks of important food grains have been kept in all Sales Depots in villages and towns in the district.

11. Cattle are reported to be generally healthy all over the district. Fodder and water are available.

KADUR.

8. Markets are well supplied.

9. *Crops sown.*—Nil.

Standing Crops.—Sugarcane is the standing crop in some parts of Chikmagalur Taluk.

Crops harvested.—Nil.

Public Health.—Public health is generally good except for the prevalence of Plague and Small-pox in Chikmagalur and Mudgere Towns and in some villages of Kadur Taluk.

Preventive measures to check the spread of the diseases are being taken.

Labour is available and the condition of the labour classes is satisfactory.

10. The seasonal conditions are fairly good.

11. Cattle are reported to be generally healthy in the district except for the prevalence of "Foot and Mouth" Disease in Narasimharajapura Sub-Taluk and in some villages of Mudigere Taluk. Needful action to check the disease is being taken by the Veterinary Department.

Fodder and water are available.

CHITALDRUG.

8. The controlled commodities including foodgrains are not supplied to the markets. The other articles are reported to be fairly well supplied.

9. *Sowing.*—It is reported that Mungar jola is being sown in some parts of Javagondanahalli hobli and Iymangala hobli of Hiriyur taluk and also in some parts of Talya and Ramagiri hoblies of Holalkere taluk. Sowing of paddy is also reported to be going on in some parts of Talya hobli Holalkere taluk.

Standing Crops.—Paddy and wheat under irrigation wells in Chellakere Taluk, jola, onions, and paddy under wells in Molakalmuru Taluk are stated to be fair.

Harvest.—Jola and navane in some parts of Chellakere taluk are reported to be harvested.

10. Relief works have been started and are progressing in almost all the taluks excepting Harihar taluk. The seasonal conditions are not satisfactory due to failure of rains and separate special fortnightly reports are being sent to the Government and to the Revenue Commissioner.

11. Cattle are reported to be generally healthy. Arrangements have been made to deepen the existing wells and to sink temporary wells in Chellakere, Chitaldrug, Molakalmuru, Hiriyur, Jagalur and some parts of Hosdurga taluks. For fodder all State Forests and some of Amruthamahal Kavals in Hosdurga, Holalkere and Chellakere taluks have been thrown open for free grazing. Kendu grass is being distributed to several needy centres. Pressed hay from Yeswanthnagar has been received and is also made available for sale.

DISTRICT REPORTS.

8. Market how supplied

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity. Number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE.

8. Generally well supplied.

9. *Standing Crops*—Sugarcane is reported to be in good condition.

10. The seasonal conditions are not favourable. Crops were badly affected in parts of Nelamangala, Devanhalli and Anekal Taluks.

11. Cattle are reported to be generally healthy except for the prevalence of "Rinderpest" in Vologerahally village, Kankanhalli Taluk. Action is reported to have been taken to check the spread of the disease. Water and fodder are available except in parts of Nelamangala and Devanhalli Taluks where there is difficulty for fodder. Certain State Forests have been thrown open in Devanhalli Taluk for free grazing of cattle and some cattle of Nelamangala have moved to Magadi where fodder is available

KOLAR.

8. Moderately supplied through Government Depots.

9. *Agricultural Operations.*—Ryots are engaged in ploughing fields in some parts of the Taluks of Kolar, Bowringpet, Chintamani, Mulbagal, Goribidnur and Sreenivasapur and Gudibanda Sub-Taluk.

Seeds sown—Turagi has been sown in most of the hoblies in Bowringpet, Kolar and Chintamani Taluks under kapile wells.

Harvest—Nil.

Standing Crops.—Turagi, sugarcane, potatoes, jola and paddy under kapile wells and Thalapariges are reported to be in good condition.

10. There has been rainfall of about one inch and odd in Kolar, Bowringpet, Chintamani, Mulbagal, Gudibanda and Srinivaspur Taluks. Rain is badly required in other parts also. Relief works are in progress and cooly classes find sufficient labour.

Cattle are reported to be healthy except for "Blackquarter" in Panthanahalli, Kanganadhapally, Dimpala Debbanahalli and Kamasandra in Bowringpet Taluk and "Rinderpest" in Achampalli in Sreenivaspur Taluk.

Fodder and water are available. Supply of hay received from Forest Department.

11. Public health is generally good except for plague in Gorakantemallur, Gudipally, Thippandahalli in Mulbagal Taluk Irrigation well works are being done in every Taluk.

TUMKUR.

8. Markets are fairly well supplied.

9. *Seeds sown.*—Jola, greengram, blackgram and groundnut in Tiptur Taluk, kar-ragi and jola in Kunigal Taluk and sugarcane in Kortagere Taluk.

Standing Crops.—Ragi, sugarcane and greengram in Tumkur Taluk, paddy under irrigation wells in some parts of Hulikunte and Gowdagere hoblies in Sira Taluk, paddy under Gubbi tank and ragi and jola under Kadaba tank in Gubbi Taluk, jola and paddy in Tiptur Taluk; paddy under irrigated wells in Pavagada Taluk; sugarcane and paddy in Kunigal and Kortagere Taluks; sugarcane, paddy, Giddaragi and jola in Turuvekere Taluk are reported to be fairly in good condition.

Corps harvested.—Paddy in Tumkur and Kunigal Taluks; sugarcane in Kortagere Taluk are reported to have been harvested during the week.

10 Not good on account of adverse seasonal conditions.

11 Cattle are reported to be generally healthy throughout the district except for the prevalence of "Pleuro-Pneumonia" at Doddamavatur in Kunigal Taluk. The Local Veterinary Inspector is requested to take immediate necessary action.

Water and fodder are available except in some parts of Gubbi, Sira, Chiknaikanhalli, Madhugiri, Pavagada and Turuvekere Taluks. Sinking of fresh and deepening of existing wells are undertaken for relieve water difficulty.

Fodder obtained from outside is being distributed to the affected taluks.

Cooly classes have been provided with labour under Distress Relief Works.

MYSORE.

8. Normally well supplied.

Seeds sown—Mysore—Jola, thogari and ragi,
Chamarajanagar—Jola, thogari, til and castor,
Hunsur—Ragi and gingelly,
Heggaddevankote—Ragi,
Gundlupet—Jola.
T-Narsipur—Jola are reported to be being sown.

9. *Standing Crops.*—Ragi, jola, thogari and castor crops in the taluks of Mysore, Chamarajanagar, Hunsur, Heggaddevankote, Gundlupet, and T.-Narsipur are reported to be in good condition.

Crops harvested—Nil.

10. (1) Generally good. (2) Sufficient. (3) Nil. (4) None under relief. (5) Sufficient stock of food grains are available in almost all the parts of the district.

11. Water and fodder are available for cattle in all the parts of this district. Cattle are reported to be generally healthy.

MANDYA.

8. Well supplied.

9. *Seeds sown.*—Irrigated ragi is being transplanted in the Irwin Canal area and in some tank atchkats. Jola is being sown in Mandya Taluk.

Standing Crops.—Sugarcane and irrigated ragi in the Irwin Canal area are in a fairly good condition. Jola and ragi sown in dry and wet lands in April 1946 are very badly in need of immediate rains.

10. Except for the sugarcane and kar ragi crops in the Irwin Canal area, the seasonal conditions are not satisfactory from the point of jola and ragi sown in other parts of the district. For want of rains, the tender dry crops are withering except in French-rocks and Maddur Taluks. Sufficient food grains were available during the week. No relief works are undertaken as the necessity for the same has not been felt

11. *Public Health.*—Public health is reported to be generally good except for small-pox in Seringapatam Town and Gowdarahalli in Nagamangala Taluk. Action has been taken to arrest the spread of the epidemic.

Cattle are reported to be generally healthy except for "Black-quarter" in Kalkeremallanahalli, Nagamangala Taluk. Necessary action has been taken to prevent the disease. Fodder and water were available in sufficient quantities.

HASSAN.

8. Well supplied. Rice and ragi are being distributed from Government, Municipal, Co-operative and Village Panchayet Depots.

9. *Crops sown.*—Paddy in some parts of Manjarabad Taluk, jolam in parts of Arsikere and Channarayapatna Taluks and til in Channarayapatna Taluk have been sown.

Standing Crops.—Sugarcane is reported to be generally in good condition in parts of Hassan, Alur, Belur and Channarayapatna Taluks.

Crops harvested.—Sugarcane is being milled in some parts of Hassan Taluk. The standing crops like jola sown in parts of Channarayapatna, Hole-Narsipur and Arsikere Taluks are in need of rains urgently. They are reported to be withering.

10. Temporary wells have been sunk in parts of Hallimysore Hobli in Hole-Narasipur Taluk and in Kanakatte Hobli in Arsikere Taluk to provide drinking water. Relief works undertaken in Arsikere and Hole-Narsipur Taluks are reported to be under progress.

11. Water and fodder are generally available for cattle except in parts of Kanakatto Hobli in Arsikere Taluk and people of these parts are having fodder supply from the neighbouring taluks of this district.

Cattle are reported to be healthy.

SHIMOGA.

8 Markets are fairly well supplied.

9. *Agricultural operations.*—Seeds sown. Paddy is being sown in Shikarpur, Sorab and Nagar Taluks and in Kumsi Sub-Taluk.

Standing crops.—Sugarcane is reported to be in good condition in Honnali, Shikarpur, Channagiri, Sorab, Sagar and Nagar Taluks and in Kumsi Sub-Taluk.

10. Prospects of the season are reported to be generally fair in all the taluks except in some villages of Channagiri Taluk where relief works are under progress. The labourers find sufficient labour in all the taluks. Food grains are available throughout the district. The important food grains have been kept in stock in sufficient quantities in all Sales Depots in the district.

11. Cattle are reported to be generally healthy all over the district. Fodder and water are reported to be available.

KADUR.

8. Markets well supplied.

9. *Crops sown.*—Paddy and ragi are being sown in some parts of Chikmagalur Taluk; and paddy in some parts of Narasimharajapura and Sringeri Sub-Taluk.

Standing Crops.—Sugarcane is the standing crop in some parts of Chikmagalur Taluk.

Crops harvested.—Nil.

Public Health.—Public health is generally good except for the prevalence of Plague and Small-pox in Chikmagalur and Mudgere Towns and in some villages of Kadur Taluk.

Preventive measures to check the spread of the diseases are being taken.

Labour is available and the condition of the labour classes are satisfactory.

10. The seasonal conditions are fairly good.

11. Cattle are reported to be generally healthy except for the prevalence of "Foot and Mouth" Disease in some villages of Mudgere Taluk. Needful action to check the disease is being taken by the Veterinary Department.

Fodder and water are available.

CHITALDRUG.

8. The controlled commodities including foodgrains are not supplied to the market. The other articles are reported to be fairly well supplied.

9. *Sowing.*—It is reported that jola is being sown in some parts of Holalkere and Hosdurga Taluks.

Standing Crops.—Paddy, wheat and navane under irrigation wells and nalas in Chellakere Taluk, jola, onions and paddy under wells in Molakalmuru Taluk and jola in Hosdurga Taluk are stated to be fair.

Harvest.—Jola and navane in some parts of Chellakere Taluk are reported to be harvested.

10. Relief works have been started and are progressing in almost all the taluks excepting Harihar Taluk. The seasonal conditions are not satisfactory owing to failure of rains and separate special fortnightly reports is being sent to the Government and to the Revenue Commissioner.

11. Cattle are reported to be generally healthy. Arrangements have been made to deepen the existing wells and to sink temporary wells in Chellakere, Chitaldrug, Molakalmuru, Hiriyur, Jagalur and some parts of Hosdurga Taluks. For fodder all State Forests and some of the Amritmahal Kavals in Hosdurga, Holalkere and Chellakere Taluks have been thrown open for free grazing. Karadi grass is being distributed to several needy centres. Pressed hay from Yesavanthnagar has been received and is also made available for sale.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE.
Dated Bangalore, 15th May 1946.

M. SESHADRI,
Revenue Commissioner.

8293

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, 2ND MAY 1946.

A total of 29 attacks with 21 deaths from Plague was returned from 7 villages in 6 taluks in 5 districts, during the week, against 21 attacks with 15 deaths in the previous week. Cities of Bangalore and Mysore reported nil attack with nil death, while Kolar Gold Field Area was also free from Plague. Comparative figures for the corresponding week in 1945 and 1944 were 20 attacks with 9 deaths and 38 attacks with 26 deaths, respectively. Civil and Military Station, Bangalore, reported nil attack with 1 death.

A total of 77 attacks with 14 deaths from Small-pox were reported from Bangalore South, Channapatna, Kankanhalli, Arkalgud, Chintamani, Seringapatam, Mysore, Nanjangud, T.-Narsipur, Kunigal and Madhugiri Taluks.

One fatal case from Influenza was reported from C. & M. Station, Bangalore.

The State remained free from Cholera and Relapsing Fever.

The total mortality for Bangalore City amounted to 170 (40 in hospitals) representing a calculated death-rate of 30·6 (23·4 excluding hospital deaths) per mille of population, as against 23·6 for the corresponding week of last year. Classified according to causes the deaths numbered 2 under Small-pox, 1 under Typhoid, 12 under Other Fevers, 8 under Phthisis, 27 under Dysentery and Diarrhœa and 120 under All Other Causes. The reported mortality was high due to Dysentery and Diarrhœa and All Other Causes.

During the week the Civil and Military Station, Bangalore, returned 116 deaths (20 in hospitals) representing a calculated death-rate of 35·2 (29·1 excluding hospital deaths) per mille of population as against 28·2 for the corresponding week of last year. Classified according to causes, the deaths were: Plague 1, Influenza 1, Small-pox 2, Broncho Pneumonia 1, Pneumonia 14, Typhoid 1, Phthisis 3, Dysentery and Diarrhœa 22 and All Other Causes 72.

The total mortality for Mysore City was 53 (19 in hospitals) representing a calculated death-rate of 15·9 (10·2 excluding hospital deaths) per mille of population as against 17·2 for the corresponding week of last year. Classified according to causes the deaths were: Small-pox 1, Malaria 3, Typhoid 2, Other Fevers 11, Dysentery and Diarrhœa 2, and All Other Causes 34. The reported mortality was very very low.

There were 78 deaths (1 in hospitals) from all causes in Kolar Gold Field Area equivalent to a calculated death-rate of 9·1 (7·8 excluding hospital deaths) per mille of population as against 20·7 for the corresponding week of last year. Classified according to causes the deaths numbered 2 under Other Fevers, 3 under Dysentery and Diarrhœa and 73 under All Other Causes. The reported mortality was very very low.

8087 P. PARTHASARATHI, *Director.*

OFFICE OF THE DIRECTOR OF INDUSTRIES AND COMMERCE IN MYSORE, BANGALORE.

FORM A.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE.

8. Generally well supplied.

9. *Standing Crops*—Sugarcane and paddy are reported to be in good condition. Nati-ragi is reported to have been harvested in Hoskote Taluk.

10. Seasonal conditions are not favourable. Crops were badly effected in parts of Nelamangala, Devanhalli and Anekal Taluks.

11. Cattle are reported to be generally healthy. Water and fodder are available except in parts of Nelamangala and Devanhalli Taluks where there is difficulty for fodder. Certain State Forests have been thrown open for free grazing of cattle in Devanhalli Taluk and some cattle of Nelamangala have moved to Magadi where fodder is available.

KOLAR.

8. Moderately supplied through Government Depots

9. *Agricultural Operations.*—Ryots are engaged in ploughing fields and carting manure to the fields in all parts of the District as the few showers that fell last week were helpful for ploughing operations.

Harvest.—Thogari, jola, which were grown under Kapile wells in Sidlaghatta Taluk, are being harvested; potatoes is being harvested in Kolar Taluk.

Seeds sown—Transplantation of Thuragi and sowing of jola under Kapile wells in Bowringpet and Gudibanda Sub-Taluk are being attended to.

Standing Crops.—Jola, thuragi, sugarcane, potatoes and paddy are reported to be in good condition.

10. Rains are very anxiously awaited. The sun is very hot and days are very sultry. Irrigation wells are being sunk all over the District and subsidies are being liberally granted.

11. Cattle are reported to be healthy. Fodder and water are available in all parts of the Taluk. Forest grass has been supplied to supplement the stock of hay and arrangements have been made for its distribution to all the Taluks.

11. Public health is generally good except for plague at Kuppandahalli and Oolukuntehalli in Mulbagal Taluk Cooly classes get labour Village improvement and other public works have been started all over the district and these have provided enough of labour to cooly classes.

TUMKUR.

8. Markets are fairly well supplied.

9. *Seeds sown*—Paddy in certain parts of Kunigal Taluk, jola in Tiptur Taluk

Standing Crops—Sugarcane, paddy, giddaragi and jola in Turuvekere Taluk, sugarcane and paddy in Kunigal Taluk, paddy under Gubbi Amanikere, jola under Kadaba tank; ragi, sugarcane and greengram in Tumkur Taluk sugarcane, and paddy in Koratagere Taluks, jola and paddy in Tiptur Taluk.

Crops harvested.—Varsakhi paddy in Madhugiri, Chiknaikanahalli, paddy is being harvested under Gubbi Amanikere, paddy is being harvested in Tumkur Taluk.

10. Not good on account of the adverse seasonal conditions.

11. The rain is essential for the standing crops. The people and cattle are reported to be generally healthy. Cooly classes are finding labour in Public Works Department and Famine Relief works. Fodder is being sold through depots and their supply have to be enhanced to meet the growing demand in the parts of the district.

MYSORE.

8. Normally well supplied.

9. *Seeds sown*—Nil.

Standing Crops.—Ragi, jola, thogari, til, and castor in the taluks of Mysore, Chamarajanagar, ragi in Hunsur, and Heggadadevankote Taluks, gingelly in Hunsur Taluk, jola in Gundlupet and T.-Narsipur Taluks are reported to be in good condition.

Crops harvested—Nil.

10. (1) Generally good. (2) Not sufficient. (3) Nil. (4) None under relief. (5) Sufficient stock of foodgrains are available in almost all the parts of this district.

11. Water and fodder are available to cattle in all the parts of this district. Cattle are reported to be generally healthy except for the prevalence of "Rinderpest" in some parts of Mullaballi, Nanjangud Taluk. Action is being taken to check the spread of the disease.

MANDYA.

8. Well supplied.

9. *Seeds sown.*—Irrigated ragi is being transplanted in the Irwin Canal Area.

Standing Crops.—Sugarcane and irrigated ragi in the Irwin Canal area are in a fairly good condition. Jola and ragi sown during April 1946 are in need of rains.

10. Except for sugar cane and irrigated ragi in the Irwin Canal area, the conditions of jola and ragi in other parts of the district is not satisfactory for want of rains. Sufficient foodgrains were available during the week. No relief works were undertaken as no necessity was felt.

11. Public health is generally good except for small-pox in Seringapatam Town. Action has been taken to check the spread of the disease.

Cattle are reported to be generally healthy. Fodder and water were available in sufficient quantities.

HASSAN.

8. Well supplied. Rice and ragi are being distributed from Government, Municipal, Co-operative and Village Panchayet Depots.

9. *Crops sown.*—Paddy in Manjarabad and Belur Taluk and ragi in Belur Taluk have been sown.

Standing Crops.—Sugarcane is reported to be generally in good condition in parts of Hassan, Belur, Channarayapatna and Alur Taluks. The standing crops such as jolam in Arsikere, Channarayapatna, Hole-narsipur Taluks and til in Hole-narsipur Taluk are reported to be in need of rains. Rains are eagerly awaited in all the taluks for sowing purposes.

Crops harvested.—Sugarcane is being milled in parts of Hassan Taluk. Temporary wells have been sunk in parts of Hallimysore Hobli in Hole-Narsipur Taluk and Kanakatte Hobli in Arsikere Taluk to provide drinking water. Relief works undertaken in Arsikere and Hole-Narsipur Taluks are reported to be under progress.

11. Water and fodder are generally available for cattle except in parts of Kanakatte Hobli in Arsikere Taluk and in Hallimysore Hobli in Hole-Narsipur Taluk. The people of these parts are having the fodder supply from the neighbouring taluks of this district. Cattle are reported to be generally healthy except for the prevalence of "Blackquarter" in Kavalhosur village in Nuggihalli Hobli, Chennarayapatna Taluk The Veterinary Inspector is reported to have been addressed for taking remedial measures to check the spread of the diseases

SHIMOGA.

Markets are fairly well supplied.

9. *Agricultural operations.*—Seeds sown. Paddy is being sown in Shikarpur, Sorab, Sagar and Hosnagar Taluks and in Kumsi Sub-Taluk.

Standing crops.—Sugarcane is reported to be in fairly good condition in Channagiri, Honnali, Shikarpur, Sorab and Sagar Taluks and in Kumsi Sub-Taluk

10. Prospects of the season are reported to be generally fair in all the taluks except in some villages of Channagiri Taluk where relief works started are under progress. The labourers find sufficient labour in all taluks. Foodgrains are available in all parts of the district. Sufficient stocks of important foodgrains, *i.e.*, rice, ragi and jola, etc., have been kept for sale in all Sales Depots in the district.

11. Cattle are reported to be generally healthy all over the district, except for prevalence of "Foot and Mouth" disease in Kalase Village, Hosnagar Taluk

Fodder and water are reported to be available.

KADUR

8. Markets well supplied

9. *Crops sown.*—Paddy and ragi in some parts of Chikmagalur Taluk; and paddy in some parts of Narasimharajapura and Sringeri Sub-Taluks are being sown.

Standing Crops.—Sugarcane in some parts of Chikmagalur Taluk; mungar jola, paddy, greengram, togari and til in some parts of Kadur Taluk are the standing crops.

Crops harvested.—Nil.

Public Health.—Public Health is generally good in the district except for the prevalence of Plague in Chikmagalur and Mudgere Towns and in some villages of Kadur Taluk.

Preventive measures to check the spread of the diseases are being taken.

Labour is available and the conditions of the labour classes are satisfactory.

10. The seasonal conditions are not bad but rains are badly needed.

11. Cattle are reported to be generally healthy except for the prevalence of "Foot and Mouth" Disease in some villages of Mudgere Taluk.

Needful action to check the spread of the disease is being taken by the Veterinary Department

Fodder and water are available.

CHITALDRUG

8. The controlled commodities including foodgrains are not supplied to the markets. The other articles are reported to be fairly well supplied.

9. *Sowing.*—It is reported that paddy and kesari jola are being sown in some parts of Ramagiri, B Durga and Kasaba hobli in Holalkere Taluk.

Standing Crops.—Paddy, jola, navane and wheat under irrigation wells and nalas in Chellakere taluk, paddy to some extent under wells in Molakalmuru Taluk and jola in Hosdurga Taluk are stated to be fair.

Harvest.—Paddy, jola and navane in some parts of Chellakere Taluk and onions in Devasamudra hobli in Molakalmuru Taluk are stated to be harvested

10 Relief works have been started and are progressing in almost all the taluks excepting Harihar Taluk. The seasonal conditions are not satisfactory owing to failure of rains and separate special fortnightly report is being sent to Government and to the Revenue Commissioner.

11 Cattle are reported to be generally healthy throughout the district. Arrangements have been made to deepen the existing wells and to sink temporary wells in Chellakere, Chitaldrug, Molakalmuru, Hiriyur, Jagalur and some parts of Hosdurga Taluks. For fodder all State Forests and some of the Amritmahal Kavals in Hosdurga, Holalkere and Chellakere Taluks have been thrown open for free grazing. Karada grass is being distributed to several needy centres. Pressed hay from Yesavanthanagar has been received and is also made available for sale.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE
Dated Bangalore, 21st May 1946

M. SESHADRI,
Revenue Commissioner

8440

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, MAY 9, 1946.

A total of 30 attacks with 9 deaths from Plague were returned from 8 villages in 7 taluks in 6 districts during the week against 29 attacks with 21 deaths in the previous week. Cities of Bangalore and Mysore reported nil attack with nil death and attack with nil death respectively while Kolar Gold Field Area reported nil attack with nil death. *Comparative figures for the corresponding week in 1945 and 1944 were 21 attacks with 19 deaths and 31 attacks with 18 deaths, respectively.* C. & M. Station, Bangalore, remained free from Plague.

A total of 62 attacks with 11 deaths from Small-pox were reported from Bangalore North, Bangalore South, Channapatna, Kankanhalli, Seringapatam, Nanjangud, Chikmagalur, Sagar, Madhugiri and Tumkur Taluks.

Two attacks with one death from Cholera were reported from 2 villages in 1 taluks in 2 districts.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore City amounted to 156 (27 in hospitals) representing a calculated death-rate of 28'1 (23'2 excluding hospital deaths) per mille of population as against 20'9 for the corresponding week of last year. Classified according to causes the deaths numbered : 3 under Small pox, 6 under Other Fevers, 5 under Phthisis, 30 under Dysentery and Diarrhœa and 112 under All Other Causes. The reported mortality was high due to Dysentery and Diarrhœa and all other Causes.

During the week the Civil and Military Station, Bangalore, returned 114 deaths (16 in hospitals) representing a calculated death-rate of 34 6 (92'7 excluding hospital deaths) per mille of population as against 31'7 for the corresponding week of last year. Classified according to causes the deaths were : Small-pox 2, Broncho-Pneumonia 3, Pneumonia 12, Phthisis 2, Dysentery and Diarrhœa 31 and All Other Causes 64.

The total mortality for Mysore City was 57 (20 in hospitals) representing a calculated death-rate of 17'1 (11'1 excluding hospital deaths) per mille of population as against 13'8 for the corresponding week of last year. Classified according to causes the deaths were. Small-pox 2, Malaria 2, Typhoid 1, Other Fevers 13, Phthisis 5, Dysentery and Diarrhœa 4 and All Other Causes 30. The reported mortality was very very low.

There were 37 deaths (7 in hospitals) from all causes in Kolar Gold Field Area equivalent to a calculated death-rate of 12'0 (9'8 excluding hospital deaths) per mille of population as against 14'3 for the corresponding week of last year. Classified according to causes the deaths numbered : 1 under Other Fevers, 1 under Phthisis and 35, under All Other Causes. The reported mortality was very very low.

8311 P. PARTHASARATHY, *Director.*

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE, BANGALORE.

DISTRICT REPORTS

8 Market how supplied

9 Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities

10 Prospects of season, tracts in which rainfall has been insufficient areas affected by scarcity, number of people under relief and state of food stocks.

11 Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE

8. Generally well supplied.

9. *Standing Crops*—Sugarcane in Nelamangala Dodballapur, Chennapatna and Devanhalli Taluks and paddy in Hoskote and Bangalore North Taluks are reported to be in good condition

Nutri-ragi is reported to have been harvested in Hoskote Taluk

10. Seasonal conditions are not favourable as crops were affected badly in parts of Nelamangala Devanhalli and Anekal Taluks.

11 Cattle are reported to be generally healthy Water and fodder are available except in parts of Devanhalli and Nelamangala Taluks where there was difficulty for fodder Certain State Forests have been thrown open in Devanhalli Taluk and some cattle of Nelamangala have moved to Magadi where fodder is available

KOLAR

8. Moderately supplied through Government Depots

9 *Agricultural Operations*—Raiyats are engaged in ploughing fields and carting manure to the fields in all parts of the district as the rainfall in this week was very helpful for agricultural operations

Seeds sown—Ragi jola, in dry lands and thuragi under old kapile wells have been sown

Harvest—Nil

Standing Crops—Thuragi sugarcane, potatoes and paddy and sweet potatoes are reported to be in good condition under kapile wells

10 The rainfall in this week all over the district has relieved anxiety of the raiyats to a very great extent Some of the Tanks have received water which would last for one or two months

11 Cattle are reported to be healthy except for Black-quarter at Keelahalli Mulbagal Water and fodder are available Cooly classes find sufficient labour

11 Public health is generally good except for plague at Kallahalli in Malur Taluk

TUMKUR

8 Fairly well supplied

9 *Seeds sown*—Jola haraka ragi groundnut blackgram and greengram in Chiknaikanahalli Taluk jola, groundnut, greengram, blackgram and til in Tiptur Taluk kar ragi jola and paddy in Kunigal Taluk

Standing Crops—Ragi and sugarcane in Tumkur Taluk paddy under irrigation wells in some parts of Gowdagere and Huliyurdurga Hobbis in Sira Taluk paddy under Gubbi Tank and giddaragi and jola under Kadaba Tank in Gubbi Taluk jola paddy and groundnut in Tiptur Taluk sugarcane and paddy in Kunigal and Koratagere Taluks sugarcane paddy giddaragi and jola in Turuvekere Taluk are reported to be fairly in good condition

Crops harvested—Paddy in Tumkur Madhugiri, Chiknaikanahalli and Gubbi Taluks sugarcane in Koratagere Taluk, are reported to have been harvested during the week

10 There have been showers all over the district for the past five days and the seasonal conditions may be hopeful if the same showers were to continue for another three to four weeks

11 Cattle are reported to be generally healthy throughout the district Water and fodder are available except in Madhugiri, Chiknaikanahalli Sira, Gubbi and Pavagada Taluks where fodder difficulty is keenly felt and fodder obtained from outside is being distributed to these taluks Cooly classes are finding sufficient labour in Distress Relief Works undertaken by the Public Works Department and Revenue Department

MYSORE

8 Normally well supplied.

9 *Seeds sown*—Ragi in Hunsur Taluk, ragi and jola in Periyapatna Taluk is reported to be being sown

Standing Crops—Ragi jola, thogari, til, and castor in the Mysore and Heggadadevankote Hobbis, gingelly in Hunsur Taluk, jola in Gundlupet and T Narsipur Taluks are reported to be in good condition.

Crops harvested—Nil

10. (1) Generally good (2) Sufficient (3) Nil (4) None under relief (5) Sufficient stock of foodgrains are available in all the parts of this district

11. Water and fodder are available for cattle in all the parts of this district Cattle are reported to be generally healthy in all the parts of this district.

MANDYA.

8 Well supplied

9 *Standing Crops*—Sugarcane and ragi in the Irwin Canal Area and jola are fairly in good condition

10 Except for sugarcane, ragi and jola in the Irwin Canal Area, the conditions of jola in Nagamangala taluk is reported to be not satisfactory for want of rains. Sufficient foodgrains were available during the week. No relief works were undertaken as no necessity was felt

11 Public health is generally good except for small-pox in Bogadi Village Nagamangala Taluk Action has been taken to check the spread of the disease

Cattle are reported to be generally healthy. Fodder and water were available in sufficient quantities

HASSAN.

8. Well supplied Rice and ragi are being distributed from Government, Municipal, Co operative Societies and Village Panchayet Depots

9 *Crops sown.*—Paddy in Manjarabad, Belur and Alur Taluks ragi in Belur Holenarsipur Chennarayapatna and Alur Taluks and jola cotton and til in Arsikere Taluk have been sown

Standing Crops.—Sugarcane in Hassan, Belur and Alur Taluks ragi and paddy in Belur Taluk, jola and til in Chennarayapanta Taluk are reported to be in good condition

Crops harvested—Sugarcane is being milled in some parts of Hassan Taluk

Temporary wells have been sunk in parts of Kanakatte Hobli in Arsikere Taluk and of Hallimysore Hobli in Holenarsipur Taluk to provide drinking water Relief work undertaken in Arsikere and Holenarsipur Taluks have been under progress

11 Water and fodder are generally available for cattle except in parts of Kanakatte and Hallimysore Hobbis in Arsikere and Holenarsipur Taluks respectively and supply of fodder is being obtained from the neighbouring taluks

Cattle are reported to be generally healthy

SHIMOGA

8 Markets are fairly well supplied

9 *Agricultural operations*—Paddy is being sown in all Taluks except in Channagiri Taluk

Standing crops—Sugarcane is reported to be in fairly good condition in Shimoga, Channagiri Shikarpur Sorab and Sagar Taluks and in Kumsi Sub Taluk

10 Prospects of the season are reported to be generally fair in all the taluks except in some villages of Channagiri Taluk where relief works are under progress The labourers find sufficient labour in all parts of the district Foodgrains are available and sufficient stocks of important foodgrains i e ragi and jola, have been kept for sale in all Sales Depots in the district

11 Cattle are reported to be generally healthy all over the district, except for prevalence of 'Foot and Mouth' disease in Kalase Village, Nagar Taluk

Fodder and water are reported to be available throughout the district

KADUR

8 Markets well supplied

9 *Crops sown*—Paddy and ragi in some parts of Chikmagalur Taluk jola togari greengram, blackgram and til in parts of Kadur Taluk and paddy in some parts of Narasimharajapura Sub Taluk are being sown

Standing Crops.—Sugarcane in some parts of Chikmagalur Taluk mungar jola, paddy, greengram, togari and til in some parts of Kadur Taluk are the standing crops.

Crops harvested—Nil

Public Health—Public Health is generally good in the district except for the prevalence of Plague in Chikmagalur Town

Preventive measures to check the spread of the disease are being taken.

Labour is available and the conditions of the labour classes are satisfactory.

10. The seasonal conditions are fair.

11. Cattle are reported to be generally healthy except for the prevalence of "Foot and Mouth" disease in some villages of Mudgere Taluk.

Needful action to check the spread of the disease is being taken by the Veterinary Department.

Fodder and water are available.

CHITALDRUG.

8. The controlled commodities including foodgrains are not supplied to the markets. The other articles are reported to be fairly well supplied.

9. *Sowing.*—Jola, groundnut, urd and til in Chitaldrug; jola, ragi and oil seeds in Chellakere, paddy in some parts of Talya hobli, and kesari jola in all the hoblies of Holalkere, jola in Kasaba hobli of Molakalmuru, jola, groundnut, moong and til throughout Hosadurga taluks are reported to be in progress.

Standing Crops.—Paddy, jola, navane and wheat under well and nala irrigation in Chellakere, groundnut in Hiriyur; paddy underwells in Molakalmuru and jola in Hosdurga Taluks are reported to be fair. It is reported that paddy is affected by recent heavy rains in Hiriyur Taluk.

Harvest.—Jola and navane in some villages of Chellakere, paddy in some parts of Hiriyur taluk under channel area and onions in Devasamudra hobli in Molakalmuru Taluks are stated to be harvested.

10 Relief works have been started and are progressing in all the taluks excepting Harihar Taluk. The seasonal conditions are gradually getting better as rains have set in throughout the district. Separate special fortnightly report is being sent to Government and to the Revenue Commissioner.

11. Cattle are reported to be generally healthy throughout the district. Water is available throughout the district. Arrangements have also been made to deepen the existing wells and to sink temporary wells in Chellakere, Chitaldrug, Molakalmuru, Hiriyur, Jagalur and some parts of Hosdurga Taluks. For fodder all State Forests and some of the Amrit-mahal Kavals in Hosdurga, Holalkere and Chellakere Taluks have been thrown open for free grazing. Karada grass is being distributed to several needy centres. Pressed hay from Yesavanthanagar has been received and is also made available for sale.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,

Dated Bangalore, 28th May 1946.

M. SESHADRI
Revenue Commissioner.

86'7

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, 16TH MAY 1946

A total of 12 attacks with 5 deaths from Plague was returned from 4 villages in 1 taluks in 3 districts, during the week, against 30 attacks with 9 deaths in the previous week. Cities of Bangalore and Mysore reported nil attack with nil death, and nil attack with nil death, respectively, while Kolar Gold Field Area reported 1 attack with nil death. Comparative figures for the corresponding week in 1945 and 1946 were 45 attacks with 30 deaths and 18 attacks with 15 deaths, respectively. Civil and Military Station, Bangalore, remained free from Plague.

A total of 53 attacks with 18 deaths from Small-pox were reported from Channapatna, Nelamangala, Manjarabad, Chintamani, Malur, Seringapatam, Nanjangud, Kunigal and Madhugiri Taluks.

The State remained free from Cholera, Influenza and Relapsing Fever.

The total mortality for Bangalore City amounted to 152 (16 in hospitals) representing a calculated death-rate of 27·4 (19·1 excluding hospital deaths) per mille of population, as against 23·1 for the corresponding week of last year. Classified according to causes, the deaths numbered 2 under Small-pox, 1 under Malaria, 6 under Other Fevers, 6 under Phthisis, 24 under Dysentery and Diarrhœa and 113 under All Other Causes. The reported mortality was normal.

During the week the Civil and Military Station, Bangalore, returned 110 deaths (23 in hospitals), representing a calculated death-rate of 33·1 (26·1 excluding hospital deaths) per mille of population as against 34·1 for the corresponding week of last year. Classified according to causes, the deaths were: Small-pox 7, Broncho-Pneumonia 6, Pneumonia 17, Typhoid 1, Phthisis 4, Dysentery and Diarrhœa 31, and All Other Causes 44.

The total mortality for Mysore City for 6 days was 18 (20 in hospitals representing a calculated death-rate of 16·9 (9·8 excluding hospital deaths) per mille of population as against 15·6 for the corresponding week of last year. Classified according to causes the deaths were: Small-pox 2, Malaria 2, Other Fevers 8, Phthisis 4, Dysentery and Diarrhœa 2, and All Other Causes 30. The reported mortality was very very low.

There were 32 deaths (5 in hospitals) from all causes in Kolar Gold Field Area for 6 days equivalent to a calculated death-rate of 12·2 (10·3 excluding hospital deaths) per mille of population as against 21·4 for the corresponding week of last year. Classified according to causes the deaths numbered: 1 under Plague, 2 under Small-pox, 2 under Other Fevers, 1 under Dysentery and Diarrhœa, and 26 under All Other Causes. The reported mortality was very very low.

8513 T. CHANDRASEKHARAIYA, *Director 1/c.*

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, MAY 23, 1946.

A total of 2 attacks with 3 deaths from Plague was returned from 4 villages in 4 taluks in 4 districts during the week against 12 attacks with 5 deaths in the revious week. Cities of Bangalore and Mysore reported nil attack with nil death and also Kolar Gold Field. Comparative figures for the corresponding week in 1945 and 1944 were 31 attacks with 22 deaths and 9 attacks with 6 deaths, respectively. C. & M. Station, Bangalore, remained free from Plague.

A total of 57 attacks with 16 deaths from Small-pox were reported from Anekal, Bangalore South, Channapatna, Hoskote, Kankanhalli, Nelamangala, Chintamani, Malur, Seringapatam, Nagamangala, Nanjangud, T-Narasipur, Honnali, Sagar, Tiptur and Turuvekere Taluks.

The State remained free from Cholera, Influenza and Relapsing Fever.

The total mortality for Bangalore City amounted to 130 (31 in hospitals) representing a calculated death-rate of 23·4 (17·8 excluding hospital deaths) per mille of population as against 23·5 for the corresponding week of last year. Classified according to causes the deaths numbered: 1 under Small-pox, 1 under Malaria, 1 under Typhoid, 2 under Other Fevers, 5 under Phthisis, 17 under Dysentery and Diarrhœa and 103 under All Other Causes. The reported mortality was normal.

During the week the Civil and Military Station, Bangalore, returned for (6 days) 97 deaths (12 in hospitals) representing a calculated death-rate of 34·5 (30·3 excluding hospital deaths) per mille of population as against 32·0 for the corresponding week of last year. Classified according to causes the deaths were: Small-pox 3, Broncho-Pneumonia 4, Pneumonia 9, Phthisis 10, Dysentery and Diarrhœa 26 and All Other Causes 45.

The total mortality for Mysore City was 48 (22 in hospitals) representing a calculated death-rate of 14·4 (7·8 excluding hospital deaths) per mille of population as against 16·3 for the corresponding week of last year. Classified according to causes the deaths were: Malaria 3, Other Fevers 9, Phthisis 8, Dysentery and Diarrhœa 1 and All Other Causes 27. The reported mortality was very very low.

There were 39 deaths (7 in hospitals) from all causes in Kolar Gold Field Area equivalent to a calculated death-rate of 12·7 (10·4 excluding hospital deaths) per mille of population as against 16·2 for the corresponding week of last year. Classified according to causes the deaths numbered: 2 under Other Fevers, 3 under Dysentery and Diarrhœa and 34 under All Other Causes. The reported mortality was very very low.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE.

8. Generally well supplied.

Ploughing operations are going on in all the Taluks.

9. *Seeds sown.*—Punaji Paddy is reported to be sown in some parts of Dodballapur Taluk.

Standing Crops—Sugarcane in Nelamangala, Dodballapur, Chennapatna and Devanhalli Taluks and paddy in Hoskote and Bangalore North Taluks are reported to be in good condition.

Crops harvested.—Nati-ragi is reported to have been harvested in Hoskote Taluk.

10. Seasonal conditions are not favourable as crops were affected badly in parts of Nelamangala, Devanhalli and Anekal Taluks.

11. Cattle are reported to be generally healthy. Water and fodder are available except in parts of Nelamangala and Devanhalli Taluks where there was difficulty for fodder. Certain State Forests have been thrown open in Devanhalli Taluk for free grazing of cattle. On account of recent rains fodder problem in both these taluks has ceased a little.

KOLAR.

8. Moderately supplied through Government Depots.

9. Raiyats are engaged in ploughing fields and carting manure to the fields in all parts of the district as the rainfall in this week and last week was very helpful for agricultural operations.

Seeds sown—Ragi, jola, baraka and same have been sown in dry lands and thunagi, jola under kapile wells are reported to be in good condition.

Harvest.—Nil.

Standing Crops.—Thunagi, jola, sugarcane, potatoes, paddy and sweet potatoes are reported to be in good condition under kapile wells.

10. The rainfall during last week and this week all over the district has relieved anxiety of the ryots. Some of the Tanks have received water which would last for one to three months.

11. Cattle are reported to be healthy except for black-quarter at Keolahalli, Mulbagal Taluk. Fodder and water are available. Cooly classes find sufficient labour. Preventive measures are being taken to check the spread of the disease.

Public health is generally good except for plague at Kallahalli, Malur Taluk.

Necessary preventive measures are reported to have been taken to check the further spread of the disease.

TUMKUR.

8. Markets are fairly well supplied.

9. *Seeds sown.*—Jola, groundnut, greengram, blackgram and til in Tiptur Taluk, jola and castor in Pavagada Taluk, kar-ragi, jola and paddy in Kunigal Taluk.

Standing Crops.—Ragi and sugarcane in Tumkur Taluk, paddy under irrigation wells in some parts of Hulikunte and Gowdagere Hoblis in Sira Taluk, paddy and gidda-ragi in Gubbi Taluk, jola, paddy and groundnut in Tiptur Taluk; paddy in Pavagada Taluk, sugarcane and paddy in Kunigal and Kortagere Taluks, sugarcane, paddy, giddaragi and jola in Turuvekere Taluk are reported to be fairly in good condition.

Crops harvested.—Paddy in Tumkur, Gubbi, Kunigal and Kortagere Taluks.

10. There have been rains all over the district. The situation will have to be watched for another one month.

11. Cattle are reported to be generally healthy throughout the district except for the prevalence of Rinderpest in Dunda village, Turuvekere taluk and Kattu-roga in Kuntaramanahalli, Gubbi taluk. The Local Veterinary Inspectors have been requested to take immediate necessary preventive measures.

Water and fodder are available except in Sira, Madhugiri, Chiknaikanahalli, Gubbi and Pavagada Taluks where fodder scarcity is felt. Fodder obtained from outside is being distributed to these taluks. Cooly classes have been provided with labour in Distress Relief Works undertaken by the Public Works Department.

MYSORE.

8. Normally well supplied.

9. *Seeds sown*—Mysore ragi, Gundlupet kar-ragi, Periyapatna ragi and jola are reported to be being sown.

Standing Crops.—Mysore ragi, jola and thogari, Chamarajanagar jola, thogari, til, Heggaddevankote ragi, jola and til, Gundlupet jola and til, T.-Narsipur jola and Periyapatna ragi and jola are reported to be in good condition.

Crops harvested—Nil.

10. (1) Generally good. (2) Sufficient. (3) Nil. (4) None under relief. (5) Sufficient stock of foodgrains are available in all the parts of the district.

11. Water and fodder are available for cattle in all the parts of this district. Cattle are reported to be generally healthy in all the parts of the district.

MANDYA.

8. Well supplied.

9. *Standing Crops.*—Jola, irrigated ragi and sugarcane in Mandya and Seringapatam Taluks, jola and irrigated ragi in Malavalli, Krishnarajapet Taluks, jola and sugarcane in Nagamangala Taluk, jola, kar ragi, sugarcane, kar-paddy and groundnuts in Maddur Taluk, sugarcane and ragi in French-Rocks Taluk are reported to be in good condition.

Jola is being harvested in Krishnarajasagar tank bed and sugarcane and ragi in French-Rocks Taluk.

10. The seasonal conditions were fair and sufficient foodgrains were available during the week. No relief works were undertaken as no necessity for the same was felt.

11. Public health is reported to be generally good in all the taluks.

Cattle are reported to be generally healthy except for the prevalence of "Blackquarter" in Nagathiballi Village, Nagamangala Taluk. Action has been taken to check the spread of the disease.

HASSAN.

8. Well supplied. Rice and ragi are being distributed from Government, Municipal, Co-operative and Village Panchayet Depots.

9. *Crops sown.*—Paddy in Manjarabad, Belur and Alur Taluks, ragi in Belur and Alur Taluks, tadagani, jolam and til in Arsikere Taluks have been sown. Giddaragi is being transplanted in some parts of Hassan Taluk.

Standing Crops.—Sugarcane in Hassan, Belur, Alur, and Channarayapatna Taluks, ragi in Belur and Holenarsipur Taluk, paddy in Belur Taluk, jolam in Belur, Channarayapatna and Holenarsipur Taluks and til in Channarayapatna and Holenarsipur Taluks are reported to be generally in good condition.

Crops harvested.—Nil.

The recent rains have improved the situation to some extent. Relief works undertaken in Arsikere and Holenarsipur Taluks are under progress.

11. Water and fodder are generally available for cattle. Cattle are reported to be generally healthy.

SHIMOGA.

8. Markets are fairly well supplied.

9. *Seeds sown.*—Paddy is being sown in all taluks except Channagiri Taluk and ragi and jola are being sown in Channagiri Taluk.

Standing crops.—Sugarcane is reported to be in fairly good condition in Shimoga, Channagiri, Honnali, Shikarpur, Sorab, Sagar Taluks and in Kumsi Sub-Taluk.

10. Prospects of the season are reported to be fair in all taluks. Foodgrains are available throughout the district.

11. Cattle are reported to be generally healthy all over the district, except for prevalence of 'Foot and Mouth' disease in Kalale Village in Hosanagar Taluk. Fodder and water are reported to be available in all taluks.

KADUR.

8. Markets well supplied.

Crops sown.—Paddy and ragi in some parts of Chikmagalur Taluk, jola, togari, greengram, blackgram and til in Kadur Taluk, paddy in some parts of Mudgere Taluk and in Narasimharajapura and Sringeri Sub-Taluk are being sown.

9. *Standing Crops.*—Sugarcane in some parts of Chikmagalur Taluk, Mungar jola, paddy, greengram, and togari in some parts of Kadur Taluk are the standing crops.

Crops harvested.—Nil

Public Health.—Public Health is generally good in the district except for the prevalence of Plague in Chikmagalur Town. Preventive measures to check the spread of the disease are being taken.

Labour is available and the conditions of the labour classes are satisfactory.

10. The seasonal conditions are fair.

11. Cattle are reported to be generally healthy in the district. Fodder and water are available.

CHITALDRUG

8. The controlled commodities including foodgrains are not supplied to the markets. The other articles are reported to be fairly well supplied.

9. *Sowing.*—Jola, urd and groundnuts in Chitaldrug, jola ragi, navane save and oil seeds in Chellakere, paddy in some parts of Talya hobli and hesaru jola throughout the Holalkere taluk, groundnuts in Davangere, jola and ragi in Molakalmuru and jola, til and groundnuts in Hosadurga taluks are reported to be in progress.

Standing Crops.—Jola, ragi and wheat under well and nala irrigation in Chellakere and jola, til and groundnuts in Hosdurga Taluks are reported to be fair.

Harvest.—Jola and navane in some villages of Chellakere, onions in Devasamudra hobli and paddy in a very small extent in some of the villages of Kasaba hobli in Molakalmuru Taluks and paddy in some villages of the channel area of Hiriyur taluk are stated to be harvested.

10. Relief works have been started and are progressing in almost all the taluks excepting Harihar Taluk. The seasonal conditions are gradually getting better as rains have set in throughout the district. Separate special fortnightly report is being sent to Government and to the Revenue Commissioner.

11. Cattle are reported to be generally healthy except for the prevalence of "Blackquarter" in Thuppadahalli village in Jagalur taluk.

Necessary preventive measures are reported to have been taken by the Veterinary Department to check the spread of the disease. Water is available throughout the district.

Arrangements have also been made to deepen the existing wells and to sink temporary wells in Chellakere, Chitaldrug, Molakalmuru, Hiriyur, Jagalur and some parts of Hosdurga Taluks. The water situation has considerably eased after the recent rains.

For fodder all State Forests and some of the Amrit mahal kavals in Hosdurga, Holalkere and Chellakere Taluks have been thrown open for free grazing. Karada grass, paddy and ragi grass are being distributed to several needy centres. Karada grass from Shimoga district, paddy and ragi grass from Hassan district have been received and are also made available for sale.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,

Dated Bangalore
4th June 1946

M. SESHADRI
Revenue Commissioner

8866

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, 9TH MAY 1946

A total of 3 attacks with 0 deaths from Plague was reported from 3 villages in 3 taluks in 3 districts, during the week against 2 attacks with 3 deaths in the previous week. Cities of Bangalore, Mysore and Kolar Gold Field Area remained free from Plague. Comparative figures for the corresponding week in 1945 and 1944 were 32 attacks with 23 deaths and 25 attacks with 18 deaths respectively.

A total of 11 attacks with 9 deaths from Small pox were reported from Bangalore South, Nelamangala, Kolar, Malur, Malavalli, Nanjangud, Hosdurga and Sagar Taluks, and from the Cities of Bangalore, Mysore and Kolar Gold Fields and C. & M. Station, Bangalore.

The State remained free from Cholera, Influenza and Relapsing Fever.

The total mortality for Bangalore City amounted to 150 (31 in hospitals) representing a calculated death rate of 27.0 (20.0 excluding hospital deaths) per mille of population, as against 22.7 for the corresponding week of last year. Classified according to causes, the deaths numbered 3 under Small pox and 1 Malaria, under Other Fevers 14 under Phthisis, under Dysentery and Diarrhoea and 96 under All Other Causes. The reported mortality was normal.

During the week the Civil and Military Station, Bangalore, returned 24 deaths (1 in hospitals) for 6 days representing a calculated death rate of 29.2 (26.0 excluding hospital deaths) per mille of population as against 25 for the corresponding week of last year. Classified according to causes, the deaths were: Small pox 1, Broncho Pneumonia 4, Pneumonia 11,

Phthisis 1, Dysentery and Diarrhœa 19, and All Other Causes 46.

The total mortality for Mysore City was 71 (27 in hospitals) representing a calculated death-rate of 21·3 (13·2 excluding hospital deaths) per mille of population as against 16·6 for the corresponding week of last year. Classified according to causes the deaths were: Small-pox 1, Malaria 5, Other Fevers 18, Phthisis 7, Dysentery and Diarrhœa 2, and All Other Causes 38. The reported mortality was low.

There were 29 deaths (3 in hospitals) from all causes in Kolar Gold Field Area equivalent to a calculated death-rate of 9·4 (8·5 excluding hospital deaths) per mille of population as against 26·1 for the corresponding week of last year. Classified according to causes the deaths numbered 1 under Other Fevers, 1 under Dysentery and Diarrhœa, and 27 under All Other Causes. The reported mortality was very very low.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE.

8. Generally well supplied.

Ploughing operation is going in all the Taluks.

9. *Standing Crops.*—Sugarcane in Nelamangala, Dodballapur, Channapatna and Devanhalli Taluks are reported to be in good condition.

Crops Harvested.—Nati ragi is reported to have been harvested in Hoskote Taluk.

10. The seasonal conditions are not favourable as crops were affected badly in parts of Nelamangala, Devanhalli and Anekal Taluks.

Cattle are reported to be generally healthy. Water and fodder are available except in parts of Nelamangala and Devanhalli Taluks where there was difficulty for fodder. Certain State Forests have been thrown open for free grazing of cattle in Devanhalli Taluk. *On account of recent rains the* fodder problem in both these taluks have eased a little.

KOLAR.

8. Moderately supplied through Government Depot.

Agricultural operations.—Raiyats are engaged in ploughing fields and carting manure.

9. *Seeds sown.*—Ragi, jola, haraka, same in dry fields. Jola, thuragi under irrigation wells.

Harvest.—Nil.

Standing Crops.—Jola, sugarcane, kapile, paddy, potatoes, sweet potatoes are reported to be in good condition.

10. Good. Sidlaghatta, Chikballapur, Malur and Srinivasapur.

11. *Condition of cattle is reported to be healthy, except* for Black Quartar at Marandahalli, Mulbagal Taluk.

Public Health is generally good. Cooly classes find sufficient labour.

TUMKUR

8. Markets are fairly well supplied

9. *Seeds sown.*—Jola, groundnut, greengram, blackgram and til in Tiptur Taluk, kar-ragi, jola and paddy under some tanks in Kunigal Taluk.

Standing Crops.—Ragi and sugarcane in Tumkur Taluk, Vysakhi paddy under irrigation wells in some parts of Pavagada Taluk, paddy and groundnut in Tiptur Taluk, sugarcane and paddy in Kunigal and Kortagere Taluks, sugarcane, paddy, giddaragi and jola in Turuvekere Taluks are reported to be fairly in good condition

Crops harvested.—Paddy in Tumkur, Gubbi, Kunigal and Kortagere Taluks.

10 *Prospects of the season.*—There has been rains all over the district and the situation will have to be watched for a month more.

11 Cattle are reported to be generally healthy throughout the district during the week.

Water and fodder are available in parts of the district due to recent rains. The situation have improved in parts of Sira, Gubbi, Madhugiri and Chiknaikanahalli Taluks. Fodder scarcity is felt in these affected taluks and fodder is arranged to be supplied from Bhadravathi and Hassan through Government Depots. Labour classes are finding employment in the Distress Relief Works undertaken by the Public Works Department and the Village Panchayet Works under revenue agency.

MYSORE

8. Normally well supplied.

9. *Seeds sown.*—Kar-ragi in Gundlupet, and ragi, jola ginger and coriander in Periyapatna Taluk are reported to be being sown.

Standing Crops.—Mysore—Ragi, jola and thogari, Chamarajanagar—Jola, thogari and til, Heggaddevankote—Ragi, jola and til, Gundlupet—Jola and til, Periyapatna—Ragi and jola are reported to be in good condition.

It is reported that jola crops has been effected due to failure of regular rainfall during preliminary stage in T.-Narsipur.

Crops harvested—Nil.

10. (1) Generally good. (2) Sufficient. (3) Nil. (4) None under relief. (5) Sufficient stock of foodgrains are available in all the parts of the district.

11. Water and fodder are available for cattle in all the parts of this district. Cattle are reported to be generally healthy in all the parts of the district.

MANDYA.

8. Well supplied.

Standing Crops.—Jola, irrigated ragi and sugarcane in Mandya Taluk; kar-ragi and jola in Malvalli, Taluk; ragi and sugarcane in French-Rocks Taluk are reported to be in good condition.

9. Jola is being harvested in Krishnarajasagar lake bed.

10. The seasonal conditions were fair and sufficient foodgrains were available during the week. No relief works were undertaken.

11. Public health is reported to be generally good in all the taluks.

Cattle are reported to be generally healthy.

HASSAN

8. Well supplied. Rice and ragi are being distributed from Government, Municipal, Co-operative and Village Panchayet Depots.

Crops sown.—Giddaragi is being transplanted in some parts of Hassan Taluk; paddy in Manjarabad, Belur and Alur Taluks, ragi in Arkalgud and Alur Taluks, jolam, til, tadagani and greengram in some parts of Arsikere Taluk have been sown.

9. *Standing Crops.*—Sugarcane in Hassan, Belur and Alur Taluks, paddy in Belur Taluk; ragi in Belur and Holenarsipur Taluks, jolam in Belur and Hole-Narsipur Taluks, and til in Hole-Narsipur Taluk are reported to be generally in good condition.

Crops harvested.—Nil.

10. The recent rains have improved the situation to some extent, but more rains are eagerly awaited in all the Taluks. Relief works started in Arsikere and Hole-Narsipur Taluks are under progress.

11. Water and fodder are generally available for cattle.

Cattle are reported to be generally healthy except for the prevalence of "Rinderpest in Melagodu Village in Dudda Hobli of Hassan Taluk and of "Blackquarter" in Neralakere Village of Kasaba Hobli and in Beerakanahalli in Palya Hobli in Alur Taluk. The Veterinary Inspectors concerned are reported to have been addressed for taking remedial measures to check the spread of the disease.

SHIMOGA.

8 Markets are fairly well supplied.

9. *Agricultural operation.*—*Seeds sown*: Paddy is being sown in Shimoga, Shikarpur, Sorab, Sagar, Nagar and Thirthahalli Taluks and in Kumsi Sub-Taluk. Ragi, jola and groundnut in Channagiri Taluk and groundnut, greengram, save and alasande in Honnali Taluk are being sown.

Standing crops.—Sugarcane is reported to be in fairly good condition in Shimoga, Channagiri, Honnali, Shikarpur, Sorab and Sagar Taluks and in Kumsi Sub-Taluk

10 Prospects of the season are reported to be fair in all taluks. Foodgrains are available throughout the district.

11. *Cattle are reported to be generally healthy all over* the district, except for prevalence of "Foot and Mouth" disease in Kalase Village, Hosanagar Taluk. Fodder and water are reported to be available in all taluks.

KADUR.

8. Markets well supplied.

Crops sown.—Paddy, ragi jola in Chikmagalur Taluk; jola, togari, greengram, blackgram and til in Kadur Taluk; paddy in some parts of Mudigere, Narasimharajapura and Sringeri Sub-Taluks are being sown.

9. *Standing Crops.*—Sugarcane in some parts of Chikmagalur Taluk, jola, paddy, greengram and togari in some parts of Kadur Taluk are the standing crops.

Crops harvested.—Nil.

Public Health.—Public Health is generally good in the district except for the prevalence of Plague in Chikmagalur Town. Preventive measures to check the spread of the disease are being taken.

Labour is available and the condition of the labour classes are satisfactory.

10. The seasonal conditions are fair.

11. Cattle are reported to be generally healthy in the district. Fodder and water are available.

CHITALDRUG.

8. The controlled commodities including foodgrains are not supplied to the markets. The other articles are reported to be fairly well supplied.

9. *Sowing.*—Jola, urd, til and groundnuts in Chitaldrug, jola and ragi in some parts of Molakalmuru; paddy in some parts of Talya and Ramagiri hoblis, Holalkere taluk; and kesari jola throughout the Holalkere taluk and parts of Hiriyur; taluk, til, paddy, cotton and groundnuts in Davangere, till, cotton and groundnuts in Harihar taluks are reported to be in progress.

Standing Crops.—Til, jola and groundnuts in Hosadurga taluk and groundnut in Hiriyur Taluk are reported to be fair.

Harvest.—Paddy under well irrigation in Chellakere taluk and in channel area of Hiriyur taluk are reported to be under harvest.

10 Relief works have been started and are progressing in almost all the taluks excepting Harihar Taluk. The seasonal conditions are gradually getting better as rains have set in throughout the district Separate special fortnightly report is being sent to Government and to the Revenue Commissioner

11. Cattle are reported to be generally healthy except for the prevalence of "Blackquarter" in Thuppadahalli village in Jagalur taluk.

Necessary preventive measures are reported to have been taken by the Veterinary Department to check the spread of the disease. Water is available throughout the district.

Arrangements have also been made to deepen the existing wells and to sink temporary wells in Chellakere, Chitaldrug, Molakalmuru, Hiriyur, Jagalur and some parts of Hosdurga Taluks. The water situation has considerably eased after the recent rains

For fodder all State Forests and some of the Amritmahal Kavals in Hosdurga, Holalkere and Chellakere Taluks have been thrown open for free grazing. Karada grass, paddy and ragi grass are being distributed to several needy centres. Karada grass from Shimoga district, paddy and ragi grass from Hassan district, have been received and are also made available for sale.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE.

8. Generally well supplied.

Ploughing operations are reported to be in progress in almost all the Taluks.

9. *Standing Crops.*—Sugarcane in Nelamangala, Devanhalli, Dodballapur, Channapatna and Kankanhalli Taluks; Paddy and nati-ragi in Hoskote Taluk are reported to be in good condition.

Crops Harvested.—Nati ragi is reported to have been harvested in Hoskote Taluk.

10. The seasonal conditions are not favourable as crops were badly affected in parts of Nelamangala, Devanhally and Anekal Taluks. Cooly classes find sufficient labour.

Cattle are generally healthy except for the prevalence of "Rinderpest" in Tigadarahalli Village, Kasaba Hobli, Kankanhalli Taluk. Fodder and water are available except in parts of Nelamangala and Devanhalli Taluks where there was difficulty for fodder. Certain State Forests have been thrown open for free grazing of cattle in Devanhalli Taluk. On account of rains the fodder problems in these taluks has eased a little.

KOLAR.

8. Moderately supplied through Government Depots.

Agricultural operations.—Raiyats are engaged in ploughing the fields and carting manure to fields.

9. *Seeds sown.*—Ragi, same and jola.

Harvest.—Thooragi, paddy and Jola have been harvested.

Standing Crops.—Sugarcane, potatoes and mulberry are reported to be in good condition.

10. Good.

11. Cattle are generally healthy except for the prevalence of "Black Quarter" among them in Marandahalli Village in Mulbagal Taluk. Preventive measures are reported to have been taken to check the spread of the disease. Water and fodder are available.

Public Health is generally good. Cooly classes find sufficient labour.

TUMKUR.

8. Markets are fairly well supplied.

9. *Seeds sown.*—Kar-ragi, jola and paddy in Kunigal Taluk, haraka, ragi and castor in Pavagada Taluk.

Standing Crops.—Ragi, sugarcane and greengram in Tumkur Taluk; jola, groundnut, greengram, blackgram and til in Tiptur Taluk, sugarcane and paddy in Kunigal Taluk; paddy in Kortagere Taluk, irrigated paddy and Yada-ragi in some parts of Gowdagere and Hulikunte hoblis, Sira Taluk, sugarcane, paddy, gidda-ragi and jola in Turuvekere Taluk, paddy under irrigated wells in Pavagada Taluk are reported to be fairly in good condition.

Crops harvested.—Paddy in Tumkur, Kunigal, Kortagere and Madhugiri Taluks.

10. *Prospects of the season.*—The situation has not improved and rains are urgently required all over the District for sowing food crops.

11. Cattle are reported to be generally healthy throughout the district except for the prevalence of "Black quarter" in Sambhenahalli and Kurubarapalya villages of Madhugiri Taluk. The Veterinary Inspector has been addressed to take immediate preventive measures.

Water and fodder are available except in parts of Madhugiri, Sira, Chikkanaikanhalli, Gubbi and Pavagada Taluks, where fodder scarcity is being felt. F. . .er obtained from outside is being distributed to the deficit areas. Cooly classes have been provided with labour under Distress Relief Works undertaken by the P. W. D. and the Village Improvement works under the Revenue Agency.

MYSORE.

Normally well supplied.

9. *Seeds sown.*—Mysore—ragi. Gundlupet—kar ragi, Nanjangud—ragi, Periyapatna—ragi; jola, jinger and coriander are reported to be being sown.

Standing Crops.—Mysore—Ragi, jola and thogari, Chamarajanagar—Jola and thogari; Heggaddevankote—Ragi, jola and til; Gundlupet—Jola, haraka and til; Nanjangud—Ragi, jola groundnut, and til; Periyapatna—Ragi, jola, jinger and coriander, these are reported to be in good condition. The Amildar, T.-Narsipur reported that standing crops jola has been affected due to failure of rainfall during preliminary stage.

Crops harvested.—Jola in water receded area of Mysore taluk is reported to be being harvested.

10. (1) Generally good. (2) Sufficient. (3) Nil. (4) None under relief. (5) Sufficient quantities of foodgrains are available in all the parts of this district.

11. Water and fodder are available for cattle in all the parts of the district. Cattle are reported to be healthy.

MANDYA.

8. Well supplied.

Standing Crops.—Jola, irrigated ragi and sugarcane in Mandya and Maddur Taluks; jola and kar-ragi in Malvalli, Taluk; sugarcane and jola in Nagamangala Taluk; sugarcane and ragi in French-Rocks Taluk are reported to be in good condition. Ragi and jola crops in Seringapatam and Krishnarajpet Taluks are reported to be in need of rains.

Crops harvested.—Jola and irrigated ragi in Mandya Taluk; ragi and sugarcane in some parts of French-Rocks Taluk and jola in Krishnarajasagar lake bed are being harvested.

10. The seasonal conditions were fair and sufficient quantities of food grains were available. No relief works were undertaken as no necessity for the same was felt.

11. Public health is reported to be generally good in all the taluks.

Cattle are reported to be generally healthy except for the prevalence of "Black quarter" in Dudda Village, Mandya Taluk. Action has been taken to check the spread of the disease by taking timely precautionary measures.

Fodder and water were available in sufficient quantities in all the parts of the district.

HASSAN.

8. Well supplied. Rice and ragi are being distributed from Government, Municipal, Co-operative and Village Panchayet Depots.

Crops sown.—Giddaragi is being transplanted in some parts of Hassan Taluk, paddy in Manjarabad, Belur and Alur Taluks; ragi in Arkalgud and Alur Taluks, and jolam, til, greengram, tadagam, groundnut and chillies in Arsikere Taluk have been sown.

9. *Standing Crops.*—Sugarcane in Hassan, Belur, Chennarayapatna and Alur Taluks paddy in Belur, Alur and Manjarabad Taluk, jolam in Belur, Channarayapatna, Hole-Narsipur and Arsikere Taluks, til in Channarayapatna and Hole-Narsipur Taluks, ragi in Hole-Narsipur and Alur Taluks, and togari in Hole-Narsipur Taluk are reported to be generally in good condition.

Crops harvested.—Nil.

10. The recent rains have improved the situation to some extent, but more rains are eagerly awaited in all the Taluks. Relief works undertaken in Arsikere and Hole-Narsipur Taluks are under progress.

11. Water and fodder are generally available.

Cattle are reported to be generally healthy.

SHIMOGA.

8. Markets are fairly well supplied.

9. *Agricultural operations.*—*Seeds sown*: Paddy is being sown in all taluks except Channagiri and Honnali, ragi, jola and groundnut in Channagiri Taluk; and groundnut, greengram, save and alasande in Honnali Taluk are being sown.

Standing crops.—Sugarcane is reported to be in fairly good condition in Shimoga, Channagiri, Honnali, Shikarpur, Sorab, Sagar and Nagar Taluks and in Kumsi Sub-Taluk.

10. Prospects of the season are reported to be fair in all taluks. Foodgrains are available throughout the district.

11. Cattle are reported to be generally healthy all over the district. Fodder and water are available to cattle in all taluks.

KADUR.

8. Markets well supplied.

Crops sown.—Paddy, ragi jola in Chikmagalur Taluk; ragi in Kadur Taluk, paddy and jola in Tarikere Taluk; and paddy in some parts of Mudigere Taluk and Narasimharajapura and Sringeri Sub-Taluks.

9. *Standing Crops.*—Paddy, ragi and sugarcane in some parts of Chikmagalur Taluk; jola, togari, greengram, blackgram in some parts of Kadur Taluk are the standing crops.

Crops harvested.—Nil.

Public Health.—Public Health is generally good in the district except for the prevalence of Plague in Chikmagalur Town and Small-pox in some villages of Singatagere Hobli.

Preventive measures to check the spread of the disease are being taken.

Labour is available and the condition of the labour classes are satisfactory.

10. The seasonal conditions are fair.

11. Cattle are reported to be generally healthy in the district. Fodder and water are available.

CHITALDRUG.

8. The controlled commodities including foodgrains are not supplied to the markets. The other articles are reported to be fairly well supplied.

9. *Sowing.*—Jola, ragi, urd and til in Chitaldrug; jola, ragi, navane and oil seeds in Chellakere; jola throughout Hiriyur taluk; ragi in Molakalmuru taluk under tanks; paddy in some parts of Talya hobli in Holalkere taluk, ragi in some parts of Ramagiri hobli, B. Durga and Kasaba hoblis of Holalkere taluk; groundnut, cotton and til in Harihar taluks are reported to be in progress.

Standing Crops.—Jola, ragi, navane, save and castor in Chellakere, groundnut and sugarcane in Hiriyur; paddy, jola, til and groundnut in Hosdurga, jola and ragi in Molakalmuru taluks are reported to be fair.

Harvest.—Paddy in some parts of Kasaba hobli in Hiriyur taluk is reported to be harvested.

10. Relief works have been started and are progressing in almost all the taluks excepting Harihar Taluk. The seasonal conditions are generally getting better as rains have set in throughout the district. Separate special fortnightly report is being sent to Government and to the Revenue Commissioner.

11. Cattle are reported to be generally healthy except for the prevalence of "Blackquarter" in Devikere village in Jagalur taluk. Necessary preventive measures are reported to have been taken by the Veterinary Department to check the spread of the disease. Water is available throughout the district.

Arrangements have also been made to deepen the existing wells and to sink temporary wells in Chellakere, Chitaldrug, Molakalmuru, Hiriyur, Jagalur and some parts of Hosdurga Taluks. The water situation was considerably eased after the recent rains. For fodder also State Forests and some of the Amrit Mahal Kavals in Hosdurga Holalkere and Chellakere Taluks have been thrown open for free grazing. Karada grass, paddy and ragi grass are being distributed to several needy centres. Karada grass from Shimoga district, paddy and ragi grass from Hassan district have been received and are also made available for sale.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Dated Bangalore, 18th June 1946

M. SESHADRI
Revenue Commissioner.

9263

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, JUNE 13, 1946.

A total of 14 attacks with 7 deaths from Plague was returned from 4 villages in 4 taluks in 3 district during the week against 1 attack with 2 deaths in the previous week. Cities of Bangalore and Mysore reported nil attacks with nil deaths and 1 attacks with 2 deaths respectively while Kolar Gold Field Area remained free from plague. Comparative figures for the corresponding week in 1945 and 1914 were 98 attacks with 47 deaths and 52 attacks with 16 deaths, respectively. Civil and Military Station, Bangalore, was free from Plague.

A total of 31 attacks with 10 deaths from Small-pox were reported from Bangalore North, Kankanhalli, Hole-Narsipur, Kolar and Nanjangud Taluks, Bangalore City and Civil and Military Station, Bangalore.

The State remained free from Cholera, Influenza and Relapsing Fever.

The total mortality for Bangalore City amounted to 119 (19 in hospitals) representing a calculated death-rate of 21·4 (18·0 excluding hospital deaths) per mille of population as against 20·7 for the corresponding week of last year. Classified according to causes the deaths numbered: 6 under Small-pox, 1 under Malaria, 5 under Other Fevers, 5 under Phthisis, 18 under Dysentery and Diarrhœa and 84 under All Other Causes. The reported mortality was normal.

During the week the Civil and Military Station, Bangalore, returned 85 deaths (16 in hospitals) representing a calculated death-rate of 25·6 (20·9 excluding hospital deaths) per mille of population as against 29·5 for the corresponding week of last year. Classified according to causes the deaths were: Small-pox 1, Broncho Pneumonia, 3, Pneumonia 2, Other Fevers 5, Phthisis 5, Dysentery and Diarrhœa 21 and All Other Causes 50.

The total mortality for Mysore City was 30 (3 in hospitals) representing a calculated death rate of 10·5 (9·6 excluding hospital deaths) per mille of population as against 10·1 for the corresponding week of last year. Classified according to causes the deaths were: Plague 2, Malaria 2, Other Fever 6, Phthisis 1, Dysentery and Diarrhœa 1 and All Other Causes 23. The reported mortality was very very low.

There were 31 deaths (4 in hospitals) from all causes in Kolar Gold Field Area equivalent to a calculated death-rate of 11·8 (10·3 excluding hospital deaths) per mille of population as against 8·1 for the corresponding week of last year. Classified according to causes the deaths numbered: 5 under Other Fevers, 3 under Dysentery and Diarrhœa and 23 under All Other Causes. The reported mortality was very very low.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE.

8. Generally well supplied.

Ploughing operations are reported to be in progress in almost all the taluks.

9. *Standing Crops.*—Sugarcane in Devanhalli, Nelamangala, Dodballapur, Channapatna and Kankanhalli Taluks; paddy and nati-ragi in Hoskote Taluk are reported to be in good condition.

Crops harvested.—Nati ragi is reported to have been harvested in Hoskote Taluk.

10. The seasonal conditions are not favourable as crops were badly affected in parts of Nelamangala, Devanhally and Anekal Taluks. Cooly classes find sufficient labour.

11. Cattle are generally healthy except for the prevalence of "Rinderpest" in Jagadapura Village, Channapatna Taluk. Fodder and water are available except in parts of Nelamangala and Devanhalli Taluks where there was difficulty for fodder. Certain State Forests have been thrown open in Devanhalli Taluk for free grazing of cattle. On account of recent rains the fodder problem in both these taluks has eased a little.

KOLAR.

8. Moderately supplied through Government Depots.

Agricultural operations.—Carting of manure to the fields and ploughing.

9. *Seeds sown.*—Punaji paddy and thuragi are being sown.

Standing Crops.—Sugarcane, thuragi, jola and potatoes are reported to be in good condition.

10. Prospects of the season are hopeful. In Kolar Taluk rainfall is insufficient.

11. Cattle are generally healthy except for the prevalence of "Blackquarter," in Marandahalli, Village in Mulbagal Taluk. Water and fodder are available in all the places.

Public health is generally good. Cooly classes find sufficient labour.

TUMKUR.

8. Markets are fairly well supplied.

9. *Seeds sown.*—Kar-ragi, jola and paddy in Kunigal Taluk.

Standing Crops.—Ragi, sugarcane and greengram in Tumkur Taluk; Irrigated ragi and paddy in some parts of Gowdagere and Hulikunte hoblis, Sira Taluk; paddy under Gubbi Tank and gidda-ragi and jola under Kadaba tank in Gubbi Taluk; jola, groundnuts, greengram, blackgram and til in Tiptur Taluk; sugarcane, paddy, gidda-ragi and jola in Turuvekere Taluk, sugarcane and paddy in Kunigal Taluk; paddy in Kortagere Taluk are reported to be fairly in good condition.

Crops harvested.—Paddy under Gubbi tank and giddaragi under Kadaba tank in Gubbi Taluk, paddy in Kunigal. and Kortagere Taluks.

10. *Prospects of the season.*—The season conditions of this District have not improved. Rains are urgently required for sowing food crops.

11. Cattle are reported to be generally healthy throughout the District. Water and fodder are available except in parts of Madhugiri, Chikmaikanhalli, Sira, Gubbi, Pavagada and Tiptur Taluks, where fodder scarcity is felt. Fodder obtained from outside is being distributed to the affected parts. Cooly classes have been provided with labour under Distress Relief Works undertaken by the Revenue Department. and the Public Works Department.

MYSORE.

8. Normally well supplied.

9. *Seeds sown.*—Nil.

Standing Crops.—Mysore—Ragi, jola and thogari; Chamarajanagar—jola and thogari; Heggaddevankote—ragi, jola and til; Gundlupet—jola, haraka and til; Nanjangud—ragi, jola, groundnut and til; Periyapatna—ragi, jola, ginger and coriander, are reported to be in good condition.

Crops harvested.—Jola in water receded areas of Krishnaraja Sagar lake, in Mysore, Hunsur and Krishnarajanagar taluks is reported to be being harvested.

10. (1) Generally good. (2) Sufficient. (3) Nil. (4) None under relief. (5) Sufficient quantities of foodgrains are available in all the parts of the district.

11. Water and fodder are available for cattle in all the parts of the district. Cattle are reported to be healthy.

MANDYA.

8. Well supplied.

Standing Crops.—Jola, irrigated ragi and sugarcane in Mandya Taluk; jola, kar-ragi, kar-paddy and sugarcane in Maddur Taluk; jola and kar-ragi in Malvalli Taluk; sugarcane and jola in Nagamangala Taluk; sugarcane and ragi in French-Rocks Taluk; jola and ragi in Seringapatam and Krishnarajpet Taluks are reported to be generally in good condition. Ragi and jola crops are reported to be in need of immediate rains.

Crops harvested.—Jola and irrigated ragi in some parts of Mandya Taluk; ragi and sugarcane in some parts of French-Rocks Taluk and jola in Krishnarajasagar lake bed are being harvested.

10. The seasonal conditions were fair and sufficient quantities of foodgrains were available. No relief works were undertaken as no necessity for the same was felt. Rains are badly wanted both for the standing crops and for preparing lands for sowing ragi, etc.

11. Public health is reported to be generally good in all the taluks.

Cattle are reported to be generally healthy.

Fodder and water were available in sufficient quantities in all the parts of the district.

HASSAN

8. Well supplied. Rice are being distributed from Government, Municipal. Co-operative and Village Panchayet Depots.

Crops sown.—Giddaragi is being transplanted in some parts of Hassan Taluk, paddy in Manjarabad, Belur and Alur Taluks and ragi in Arkalgud and Alur Taluks have been sown.

9. *Standing Crops.*—Sugarcane in Hassan, Belur, Alur and Chennarayapatna Taluks; ragi in Hassan, Belur, Holenarsipur and Alur Taluks, paddy in Belur, Manjarabad and Alur Taluks; jolam in Belur, Arsikere, Channarayapatna and Hole-Narsipur Taluks, til in Channarayapatna and Hole-Narsipur Taluks and togari in Hole-Narsipur Taluk are reported to be generally in good condition.

Crops harvested.—Nil.

10. The recent rains have improved the situation to some extent, but more rains are eagerly awaited in all the Taluks. Relief works undertaken in Arsikere and Hole-Narsipur Taluks are reported to be under progress.

11. Water and fodder are generally available for cattle.

Cattle are reported to be generally healthy except for the prevalence of "Blackquarter" in Menasinahalli Village of Hallimysore Hobli in Hole-Narsipur Taluk. The Veterinary Inspector is reported to have been addressed for taking remedial measures to check the spread of the disease.

SHIMOGA.

8. Markets are fairly well supplied.

9. *Seeds sown.*—Paddy is being sown in some parts of Shikarpur and Sorab Taluks and in Kumsi Sub-Taluk.

Ragi and jola in Channagiri Taluk; ragi, groundnut, greengram, til and alasande in Honnali Taluk and ragi in Shikarpur Taluk are being sown.

Standing crops.—Paddy in all Taluks except Channagiri and Honnali, ragi, jola and groundnut in Channagiri and Honnali Taluks and sugarcane in all Taluks are reported to be in good condition.

10. Prospects of the season are reported to be fair in all taluks. Foodgrains are available throughout the district. Cooly classes find sufficient labour in the fields.

11. Cattle are reported to be generally healthy all over the district. Fodder and water are available in all taluks.

KADUR.

8. Markets well supplied.

Crops sown.—Paddy and ragi in some parts of Chikmagalur Taluk and paddy in the remaining Taluks are being sown.

9. *Standing Crops.*—Paddy, ragi and sugarcane in Chikmagalur Taluk; jola, togari, greengram, blackgram in Kadur Taluk are the standing crops.

Crops harvested.—Nil.

Public Health.—Public health is generally good in the district except for the prevalence of Plague in Chikmagalur Town and Small-pox in some villages of Kadur Taluk.

Preventive measures to check the spread of the disease are being taken.

Labour is available and the condition of the labour classes is satisfactory.

10. The seasonal conditions are fair.

11. Cattle are reported to be generally healthy in the district. Fodder and water are available.

CHITALDRUG

8. The controlled commodities including foodgrains are not supplied to the markets. The other articles are reported to be fairly well supplied.

9. *Sowing.*—Jola, ragi, navane and save in Chellakere; jola throughout Hiriyur, jola under dry lands and ragi under tanks in Molakalmuru, paddy in some parts of Taiya hobli, ragi in some parts of Ramagiri B. Durga and Kasaba hoblis in Holalkere, ragi, jola and paddy in some parts of Jagalur, groundnut and cotton in Harihar taluks are reported to be in progress.

Standing Crops.—Jola, ragi and urd in Chitaldrug; jola, ragi, navane in Chellakere, groundnut, sugarcane in Hiriyur, jola, til, paddy, groundnut and ragi in Holalkere, jola, til, sajje tur-dhal, navane and groundnut in Jagalur, jola, til and groundnut in half of Hosadurga taluk are reported to be fair.

Harvest.—Nil.

10. Relief works have been started and are progressing in almost all the taluks excepting Harihar Taluk. The seasonal conditions are generally getting better as rains have set in throughout the district. Separate special fortnightly report is being sent to Government and to the Revenue Commissioner.

11. Cattle are reported to be generally healthy except for the prevalence of "Blackquarter" in Tuppadahally village in Jagalur taluk and Kurubarahally and Heruganahalli villages in Hosadurga taluk. Necessary preventive measures are reported to have been taken by the Veterinary Department to check the spread of the disease. Water is available throughout the district.

Arrangements have also been made to deepen the existing wells and to sink temporary wells in Chellakere, Chitaldrug, Molakalmuru, Hiriyur, Jagalur and some parts of Hosdurga taluks. The water situation has considerably eased after the recent rains. For fodder all State Forests and some of the Amrit Mahal Kavals in Hosdurga, Holalkere and Chellakere taluks have been thrown open for free grazing. Karada grass is being distributed to several needy centres. Karada grass from Shimoga district, has been received and is also made available for sale.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, 20TH JUNE 1946.

A total of 7 attacks with 5 deaths from Plague was returned from 3 villages in 3 taluks in 2 districts, during the week, against 14 attacks with 7 deaths in the previous week. Cities of Bangalore, Mysore and Kolar Gold Field Area remained free from Plague. Comparative figures for the corresponding week in 1945 and 1944 were 76 attacks with 49 deaths and 44 attacks with 25 deaths respectively.

A total of 53 attacks with 10 deaths from Small pox were reported from Anekal, Bangalore North, Kankanhalli, Nelamangala, Channarayapatna, Chikmagalur, Kolar, Maddur,

Seringapatam, Nanjangud, T-Narasipur, Sagar and Tumkur Taluks and from the Cities of Bangalore, Mysore and C. & M. Station, Bangalore.

One fatal case from Influenza was reported from C. & M. Station, Bangalore.

The State remained free from Cholera and Relapsing Fever.

The total mortality for Bangalore City amounted to 109 (34 in hospitals) representing a calculated death-rate of 19·6 (13·5 excluding hospital deaths) per mille of population, as against 21·6 for the corresponding week of last year. Classified according to causes, the deaths numbered 1 under Small-pox, 3 under Typhoid, 1 under Other Fevers, 7 under Phthisis, 14 under Dysentery and Diarrhœa and 83 under All Other Causes. The reported mortality was low.

During the week the Civil and Military Station, Bangalore, returned (for 6 days) 69 deaths (21 in hospitals) representing a calculated death-rate of 24·6 (17·1 excluding hospital deaths) per mille of population as against 30·4 for the corresponding week of last year. Classified according to causes, the deaths were: Small-pox 3, Broncho-Pneumonia Pneumonia 1, Typhoid 1, Other Fevers 3, Phthisis 2, Dysentery and Diarrhœa 16, and All Other Causes 38.

The total mortality for Mysore City was 50 (14 in hospitals) representing a calculated death-rate of 15·0 (10·8 excluding hospital deaths) per mille of population as against 21·9 for the corresponding week of last year. Classified according to causes the deaths were: Small-pox 1, Malaria 5, Other Fevers 9, Phthisis 1, Dysentery and Diarrhœa 6, and All Other Causes 28. The reported mortality was very very low.

There were 29 deaths (3 in hospitals) from all causes in Kolar Gold Field Area equivalent to a calculated death-rate of 9·4 (8·5 excluding hospital deaths) per mille of population as against 16·2 for the corresponding week of last year. Classified according to causes the deaths numbered 4 under Other Fevers, 1 under Dysentery and Diarrhœa, and 24 under All Other Causes. The reported mortality was very very low.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE.

8. Generally well supplied.

Ploughing operations are reported to be in progress in some of the taluks.

9. *Standing Crops.*—Sugarcane in Devanhalli, Nelamangala, Dodballapur, Channapatna and Kankanhalli Taluks; paddy in Hoskote and Dodballapur Taluks, and nati-ragi in Hoskote Taluk are reported to be in good condition.

10. The seasonal conditions are not favourable in certain parts as crops were badly affected in parts of Nelamangala, Devanhalli and Anekal Taluks. Cooly classes find sufficient labour.

11. Cattle are generally healthy except for the prevalence of "Black-quarter in Bylakere Village, Magadi Taluk and "Rindorpest" in Doddasadenahalli, Kankanhalli Taluk. Preventive measures are reported to have been taken to check the spread of the diseases. Water and fodder are available except in parts of Nelamangala and Devanhalli Taluks where there was difficulty for fodder. Certain State Forests have been thrown open for free grazing of cattle in Devanhalli Taluk. On account of rains the fodder problem in both those taluks have eased a little.

KOLAR.

8. Moderately supplied through Government Depots.

9. Carting of manure to the fields and ploughing.

Seeds sown.—Thuragi, jola and punaji paddy. Sowing is held up for want of rains.

Crops harvested.—Nil.

Standing Crops.—Sugarcane, thuragi, jola and potatoes are reported to be in good condition.

10. Are not quite hopeful as the rains have again withheld. In Kolar, Bowringpet, Sidlaghatta, Chintamani, Srinivaspur and Gudibanda, rainfall is quite inadequate.

11. Cattle are generally healthy.

Water and fodder are available in all the places.

Public health is generally good. Cooly classes find sufficient labour.

TUMKUR

8. Markets are fairly well supplied.

9 *Seeds sown*—Jola in some parts of Madhugiri Taluk, haraka, ragi and castor in Pavagada Taluk; ragi, jola and paddy in Kunigal Taluk.

Standing Crops—Nati-ragi, sugarcane and greengram in Tumkur Taluk, well irrigated ragi and paddy in some parts of Gowdagere and Huliyurdurga hobli, Sira Taluk; paddy and ragi under Gubbi and Kadaba Tanks in Gubbi Taluk; sugarcane and paddy in Kunigal Taluk; sugarcane, paddy, gidda-ragi and jola in Turuvekere Taluk are reported to be fairly in good condition

Crops harvested.—Paddy under Gubbi tank and ragi under Kadaba tank in Gubbi Taluk, paddy in Kunigal and Koratagere Taluks.

10. There has been no improvement in the seasonal conditions of this District. Rains are urgently required,

11 Cattle are reported to be generally healthy throughout the District except for the prevalence of "Black-quarter" at Halavagal, Kunigal Taluk. The local Veterinary Inspector has been requested to take immediate preventive measures. Water and fodder are available except in parts of Sira, Madhugiri and Pavagada Taluks and in some parts of Chikkanayakanahalli, Gubbi and Turuvekere Taluks where fodder scarcity is felt. Fodder is being imported to this district and distributed to the affected parts. Cooly classes find sufficient labour under the Distress Relief Works undertaken by the Revenue and Public Works Departments.

MYSORE

8. Normally well supplied

9. *Seeds sown.*—Nanjangud—paddy; Periyapatna—avare; thogari and ginger are reported to be being sown.

Standing Crops.—Ragi, and jola in the taluks of Mysore, Chamarajanagar, Heggaddevankote, Gundlupet, Nanjangud and Periyapatna; thogari in Mysore, Chamarajanagar; til in Heggaddevankote, Gundlupet and Nanjangud; ginger and coriander in Periyapatna are reported to be in goodcondition.

Crops harvested.—Jola in water receded areas of Krishnaraja Sagar lake, in the taluks of Mysore, Krishnarajanagar and Hunsur is reported to be harvested.

10. (1) Generally good. (2) Sufficient. (3) Nil. (4) None under relief. (5) Sufficient quantities of foodgrains are available in all this parts of this district.

11. Water and fodder are available for cattle and they are reported to be healthy in all the parts of this district.

MANDYA.

8. Well supplied.

Standing Crops.—Jola, irrigated ragi and sugarcane in Mandya, Nagamangala and French-Rocks Taluks; jola, kar-ragi, kar-paddy and sugarcane in Maddur Taluk; jola and kar-ragi in Malvalli, Seringapatam and Krishnarajpet Taluks are reported to be generally in good condition. Irrigated ragi and jola crops are reported to be in need of immediate rains.

Crops harvested—Jola and irrigated ragi in some parts of Mandya Taluk; irrigated ragi and sugarcane in some parts of French-Rocks Taluk and jola in Krishnarajpet lake bed are being harvested.

10. The seasonal conditions were fair and sufficient quantities of foodgrains were available. No relief works were undertaken as no necessity for the same was felt. Rains are badly wanted both for the standing crops and for preparing lands for sowing ragi, etc.

11. Public health is reported to be generally good in all the taluks.

Cattle are reported to be generally healthy except for blackquarter in Arakere village, Seringapatam Taluk. Necessary action has been taken to check the spread of the disease.

Fodder and water were available in sufficient quantities in all the parts of the district.

HASSAN

8. Well supplied. Rice and ragi are being distributed from Government, Municipal, Co-operative and Village Panchayet Depots.

Paddy and ragi were sown in some parts of Alur Taluk.

Crops sown.—Paddy is being transplanted in some parts of Manjarabad Taluk, Doddaragi in some parts of Belur Taluk Ragi is being transplanted in some parts of Holenarsipur Taluk.

9. *Standing Crops.*—Sugarcane in Hassan, Belur, Alur and Channarayapatna Taluks; ragi in Hassan, Arkalgud, Belur, Holenarsipur and Alur Taluks, paddy in Arkalgud, Belur, and Alur Taluks; jolam in Belur, Channarayapatna and Hole-Narsipur Taluks, til in Channarayapatna and Hole-Narsipur Taluks and togari in some parts of Hole-Narsipur Taluk are reported to be generally in good condition.

Crops harvested.—Nil

10. The recent rains have improved the situation to some extent, but more rains are eagerly awaited in all the Taluks.

11. Water and fodder are generally available for cattle. Cattle are reported to be generally healthy.

SHIMOGA.

8 Markets are fairly well supplied.

9. *Agricultural Operations:*—

Seeds sown.—Paddy is being sown in Shimoga, Shikarpur, Sorab and Thirthahalli Taluks and ragi in Honnali and Shikarpur Taluks.

Standing crops.—Paddy in Shikarpur and Sagar Taluks and in Kumsi Sub-Taluk, sugarcane in Shimoga, Channagiri, Shikarpur, Sorab, Sagar, Nagar Taluks and in Kumsi Sub-Taluk, ragi, jola and avare in Channagiri Taluk are reported to be in good condition.

10. Prospects of the season are reported to be fair in all taluks. Cooly classes find sufficient labour. Foodgrains are available throughout the district.

11. Cattle are reported to be generally healthy all over the district except for prevalence of "ಬಪ್ಪಳೋಗ" in Haramballi Village, Nagar Taluk. Fodder and water are reported to be available in all taluks.

MADUR.

8. Markets well supplied.

Crops sown.—Sowing and transplanting of paddy is going on in Mudgere, and Koppa Taluks, and Narasimharajapura and Sringeri Sub-Taluks.

9. *Standing Crops.*—Paddy, ragi and sugarcane in Chikmagalur Taluk; jola, togari, greengram, til, castor, etc., in Kadur Taluk are the standing crops.

Crops harvested.—Nil.

Public Health.—Public health is generally good in the district except for the prevalence of Plague in Chikmagalur Town and Small-pox in some villages of Kadur Taluk.

Preventive measures to check the spread of the diseases are being taken.

Labour is available and the condition of the labour classes is satisfactory.

10. The seasonal conditions are not satisfactory in parts of Chikmagalur and Kadur Taluks and are fair in other parts of the district.

11. Cattle are reported to be generally healthy in the district.

Fodder and water are available generally except in a few villages of Chikmagalur Taluk where the wells have again dried up for want of rains.

CHITALDRUG.

8. The controlled commodities including foodgrains are not supplied to the markets. The other articles are reported to be fairly well supplied.

9. *Sowing.*—Jola, and ragi, under well and nala irrigation in Chellakere; jola throughout Hiriyur Taluk; paddy and ragi throughout Holalkere Taluk; jola and ragi in Davangere, jola under dry lands and ragi under tanks in Molakalmuru; jola, til, sajje and turdhal in Jagalur, groundnut, cotton and til in Harihar taluks are reported to be in progress.

Standing Crops.—Jola, ragi and urd in Chitaldrug; jola, ragi, navane and save in Chellakere, sugarcane and ragi in Hiriyur; jola, paddy, til and groundnut in Holalkere, ragi jola, paddy and navane in Jagalur Taluks are reported to be fair. It is reported that the crops in some parts of Hosadurga require rains immediately.

Harvest.—Groundnut in some parts of Kasaba Hobli, Hiriyur Taluk is reported to be harvested.

10. Relief works have been started and are progressing in almost all the taluks excepting Harihar Taluk. The seasonal conditions are gradually getting better as rains have set in throughout the district. Separate special fortnightly report is being sent to Government and to the Revenue Commissioner.

11. Cattle are reported to be generally healthy except for the prevalence of "Blackquarter" in Tuppadahally village in Jagalur taluk, Hæmorrhagic septicæmia in Tandaga village, Hosadurga taluk and other diseases in Kurubanahally and Horaganahalli villages in Harihar Taluk. Necessary preventive measures are reported to have been taken by the Veterinary Department to check the spread of the disease. Water is available throughout the district.

Arrangements have also been made to deepen the existing wells and to sink temporary wells in Chellakere, Chitaldrug, Molakalmuru Hiriyur, Jagalur and some parts of Hosdurga taluks. The water situation has considerably eased after the recent rains. For fodder most of the State Forests and some of the Amrit Mahal Kavals have been thrown open for free grazing. Karada grass is being distributed to several nearby centres. Karadi grass from Shimoga district, has been received and is also made available for sale.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Dated Bangalore, 2nd July 1946.

S. G. MOHIDIN
Revenue Commissioner, I/c.

69

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, JUNE 27, 1946.

A total of 10 attacks with 3 deaths from Plague was returned from 4 villages in 3 taluks in 1 district during the week against 7 attacks with 5 deaths in the previous week. Cities of Bangalore and Mysore reported nil attack with nil death and 1 attack with nil death respectively, while Kolar Gold Field Area remained free from the disease. Comparative figures for the corresponding week in 1945 and 1944 were 47 attacks with 14 deaths and 34 attacks with 8 deaths, respectively.

A total of 57 attacks with 14 deaths from Small-pox were reported from Anekal, Devanhalli, Kankanhalli, Nelamangala Kadur, Mudigere, Seringapatam, Nanjangud and Turuvekere Taluks, and from Bangalore City and Civil and Military Station, Bangalore.

1 death from Cholera was reported from Civil and Military Station, Bangalore.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore City amounted to 122 (25 in hospitals) representing a calculated death-rate of 22·0 (17·5 excluding hospital deaths) per mille of population as against 21·3 for the corresponding week of last year. Classified according to causes the deaths numbered : 1 under Small pox, 2 under Typhoid, 5 under Other Fevers, 5 under Phthisis, 20 under Dysentery and Diarrhœa and 84 under All Other Causes. The reported mortality was normal.

During the week the Civil and Military Station, Bangalore, returned 99 deaths (18 in hospitals) representing a calculated death-rate of 30'0 (24'6 excluding hospital deaths) per mille of population as against 27'7 for the corresponding week of last year. Classified according to causes the deaths were : Small-pox 2, Cholera 1, Broncho-Pneumonia 6, Pneumonia 5, Typhoid 2, Phthisis 1, Dysentery and Diarrhœa 19 and All Other Causes 63.

The total mortality for Mysore City was 46 (19 in hospitals) representing a calculated death-rate of 13'8 (8'1 excluding hospital deaths) per mille of population as against 16'3 for the corresponding week of last year. Classified according to causes the deaths were: Malaria 1, Typhoid 1, Other Fevers 13, Phthisis 3, Dysentery and Diarrhœa 2, and All Other Causes 26. The reported mortality was very very low.

There were 36 deaths (8 in hospitals) from all causes in Kolar Gold Field Area equivalent to a calculated death-rate of 13'7 (10'7 excluding hospital deaths) per mille of population as against 16'8 for the corresponding week of last year. Classified according to causes the deaths numbered: 2 under Other Fevers, 1 under Phthisis, 3 under Dysentery and Diarrhœa and 30 under All Other Causes. The reported mortality was very very low.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE

8. Generally well supplied.

Sowing operations are reported to be in progress in Nelamangala, Hosakote, Dodballapur and Kankanhalli Taluks

9. *Standing Crops*—Sugarcane in Devanhalli, Dodballapur, Channapatna and Kankanhalli Taluks, paddy in Hosakote and Dodballapur Taluks, and nati-ragi in Hosakote Taluk are reported to be in good condition

10. The seasonal conditions are not favourable in certain parts as crops were badly affected in parts of Devanhalli, Nelamangala and Anekal Taluks.

11. Cattle are reported to be generally healthy except for the prevalence of "Rinderpest" in Doddasadenahalli village, Kankanhalli Taluk Preventive measures are reported to have been taken to check the spread of the epidemic. Water and fodder are available except in parts of Nelamangala and Devanhalli Taluks where there was difficulty for fodder. Certain State Forests were thrown open for free grazing of cattle in Devanhalli Taluk. The fodder problem has eased in both these taluks on account of recent rains.

KOLAR.

8 Moderately supplied through Government Depots

9. Carting of manure to the fields and ploughing.

Seeds sown.—Thuragi, jola and punaji paddy under irrigation wells.

Crops harvested—Nil.

Standing Crops—Sugarcane, thuragi, jola and potatoes are reported to be in good condition.

In Srinivaspur, Gudibanda, Goribidnur and Mulbagal the rainfall was either very inadequate or there was no rainfall.

11. Cattle are generally healthy except for black-quarter at Bytanur in Mulbagal Taluk and mouth disease in a few villages of Kasaba and Pathapalya Hobbis in Bagepalli Taluk. Fodder and water are available.

Public health good. Cooly classes find sufficient labour.

TUMKUR.

8. Markets are fairly well supplied

9 *Seeds sown.*—Ragi, jola, avare and kulthi in Madhugiri Taluk

Standing Crops—Well irrigated ragi in Madhugiri and Sira Taluks paddy under Gubbi tank and gidda ragi and jola under Kadaba Tank in Gubbi Taluk, jola, groundnut, til, greengram and blackgram in Tiptur Taluk, ragi, jola and sugarcane in Kunigal Taluk, sugarcane, paddy, gidda-ragi and jola in Turuvekere Taluk are reported to be fairly in good condition

Crops harvested.—Paddy and gidda-ragi in Gubbi Taluk, paddy in Kunigal and Kortagere Taluks.

10 As there has been no rainfall the seasonal conditions of this district have not been improved

11. Cattle are reported to be generally healthy throughout the District except for the prevalence of "Black quarter" in Halavagilu village, Kunigal Taluk. The local Veterinary Inspector is addressed to take immediate preventive measures.

Water and fodder are available except in Madhugiri, Sira, Pavagada and Gubbi Taluks and in some parts of Chikkanahalli, Tiptur and Turuvekere Taluks where fodder scarcity is keenly felt. Fodder is being imported and distributed to the affected areas

Cooly classes have been provided with labour under Distress Relief Works undertaken by the Revenue Department and Public Works Departments.

MYSORE

8 Normally well supplied.

9. *Seeds sown*—Nanjangud—paddy, Periyapatna—avare, thogari, ginger and coriander are reported to be sown.

Standing Crops.—Mysore—Ragi, thogari, jola and other millets, Chamarajanagar—Jola, thogari and til, Krishnarajanagar—Jola and ragi, Heggaddevankote—Paddy, ragi, jola and til, Gundlupet—Jola, castor and til, Nanjangud—Ragi jola, groundnut and til, T.-Narsipur—Jola, Periyapatna—Ragi, jola, avare, tur, ginger and coriander are reported by the Amildar, T.-Narsipur Taluk that jola crop has been affected for want of sufficient rain fall during the preliminary stage.

Crops harvested—Nil.

10. (1) Generally good. (2) Sufficient. (3) Nil. (4) None under relief (5) Sufficient quantities of foodgrains are available in all the parts of the district.

11. Water and fodder are available for cattle and they are reported to be healthy in all the parts of this district.

MANDYA.

8. Well supplied

9 *Standing Crops*—Jola, irrigated ragi and sugarcane in Mandya, Maddur, Krishnarajapet, French-Rocks and Nagamangala Taluks, jola and irrigated ragi in Malvalli Taluk, irrigated ragi and sugarcane in Seringapatam Taluk are reported to be generally in good condition. Jola in Seringapatam Taluk is reported to be only fit to serve as cattle fodder owing to stunted growth. The standing crops are reported to be in need of immediate rains

Seeds Sown.—Paddy is being sown in Seringapatam and French-Rocks Taluks.

Crops harvested.—Jola and irrigated ragi in some parts of Mandya Taluk, irrigated ragi and sugarcane in some parts of French-Rocks Taluk. Irrigated ragi in Maddur Taluk are being harvested.

10. The seasonal conditions were fair and sufficient quantities of foodgrains were available. No relief works were undertaken as no necessity for the same was felt. Rains are badly wanted both for the standing crops and for preparing lands for sowing ragi, etc

11. Public health is reported to be generally good in all the taluks.

Cattle are reported to be generally healthy except for blackquarter in Arakere Village, Seringapatam Taluk. Necessary action has been taken to check the spread of the disease.

Fodder and water were available in sufficient quantities in all the parts of the district.

HASSAN.

8. Well supplied. Rice and ragi are being distributed from Government, Municipal, Co-operative and Village Panchayet Depots.

Crops sown.—Paddy is being transplanted in Manjarabad Taluk, Doddaragi in Belur Taluk. Paddy and Ragi in Alur Taluk have been sown

9. *Standing Crops.*—Sugarcane in Hassan, Belur, Alur and Channarayapatna Taluks, ragi in Hassan, Arkalgud, Belur, Arsikere, Holenarsipur and Alur Taluks, paddy in Arkalgud, Belur and Alur Taluks, jolam in Belur, Channarayapatna, Arsikere and Hole-Narsipur Taluks, til in Channarayapatna, Arsikere and Hole-Narsipur Taluks, and tadagum, greengram, groundnut and chillies in Arsikere Taluk, and togari in some parts of Hole-Narsipur Taluk are reported to be generally in good condition

Crops harvested.—Nil

10. The recent rains have improved the seasonal conditions to a great extent. The standing crops in parts of Arsikere and Channarayapatna Taluks are need of more rains.

11. Water and fodder are generally available for cattle. Cattle are reported to be healthy.

SHIMOGA.

8 Markets are fairly well supplied.

9 *Agricultural Operations*—Paddy is being sown in Shimoga Taluk. Ragi and jola are being sown in Honnali Taluk

Standing crops—Sugarcane is in good condition in all Taluks, ragi, jola and avare in Channagiri Taluk, paddy and ragi in Shikarpur Taluk paddy in Sorab Taluk paddy and areca in Sagar Taluk, paddy in Nagar Taluk and in Kumsi Sub-Taluk, are reported to be in good condition.

10. Prospects of the season are reported to be fair in all taluks. Cooly classes find sufficient labour Foodgrains are available throughout the district.

11. Cattle are reported to be generally healthy all over the district except for prevalence of "ಚಪ್ಪಡಿರೋಗ" in Haramballi Village, Kerehalli Hobli, Hosanagar Taluk. Fodder and water are reported to be available in all taluks.

KADUR

8. Markets well supplied.

Crops sown.—Dodda ragi is being sowing in Chikmagalur Taluk. Sowing and transplanting of paddy is going on in Mudgere and Koppa Taluks and Narasimharajapura and Sringeri Sub-Taluks.

9. *Standing Crops.*—Paddy, ragi and sugarcane in Chikmagalur taluk; jola, togari, groongram, til, castor, etc., in Kadur Taluk are the standing crops.

Crops harvested.—Nil.

Public Health.—Public health is generally good in the district except for the prevalence of Small-pox in some villages of Kadur Taluk.

Preventive measures to check the spread of the disease is being taken.

Labour is available and the condition of the labour classes is satisfactory.

10. The seasonal conditions are not satisfactory in parts of Chikmagalur and Kadur Taluks and are fair in other parts of the district. The rain fall in Kadur Taluk is less than the average and is causing anxiety.

11. Cattle are reported to be generally healthy in the district.

Fodder and water are available generally.

CHITALDRUG.

8. The controlled commodities including foodgrains are not supplied to the markets. The other articles are reported to be fairly well supplied.

9. *Sowing.*—Ragi and Jola under well and nala irrigation in Chellakere, jola in all parts of Hiriyur Taluk; paddy and ragi throughout Holalkere Taluk; ragi in Davangere Taluk; jola, ragi and paddy under tanks in Jagalur Taluk; ragi in some parts of Hosdurga; cotton and groundnut in Harihar Taluk are reported to be in progress.

Standing Crops.—Jola, ragi and urd in Chitaldrug, ragi, jola, save and oil seeds in Chellakere; sugarcane and jola in Hiriyur; jola, paddy, til and groundnut in Holalkere taluk; jola, sajje, til, groundnut, navane and urd in Jagalur, jola and ragi in Molakalmuru Taluk; jola, til and groundnut in Hosdurga Taluk are reported to be fair.

Harvest.—Nil.

10. Relief works have been started and are progressing in almost all the taluks excepting Harihar Taluk. The seasonal conditions are gradually getting better as rains have set in throughout the district. Separate special fortnightly report is being sent to Government and to the Revenue Commissioner.

11. Cattle are reported to be generally healthy except for the prevalence of "Blackquarter" in Tuppadahally Village in Jagalur Taluk. Necessary preventive measures are reported to have been taken by the Veterinary Department to check the spread of the disease. Water is available throughout the district. Water situation has considerably eased after the recent rains. For fodder, most of the State Forests and some of the Amrith Mahal Kavals have been thrown open for free grazing. Green grass is coming up everywhere and the fodder problem will perhaps soon solve for itself.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE, *Dated Bangalore 9th July 1946.*

S. NARAYANA RAO, *Revenue Commissioner.*

365

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, 4TH JULY 1946.

A total of 29 attacks with 12 deaths from Plague was returned from 8 villages in 7 taluks in 5 districts during the week, against 10 attacks with 3 deaths in the previous week. Cities of Bangalore and Mysore reported nil attack with nil death and 1 attack with 1 death, respectively, while Kolar Gold Field Area reported free from Plague. Comparative figures for the corresponding week in 1945 and 1944 were 84 attacks with 75 deaths and 54 attacks with 44 deaths, respectively.

A total of 51 attacks with 9 deaths from Small-pox were reported from Anekal, Channapatna, Devanhalli, Malur, Krishnarajapet and Nanjangud Taluks and from Bangalore City and C. & M. Station, Bangalore.

Seven attacks with 4 deaths from Cholera were reported from Madhugiri Taluk and from C. & M Station, Bangalore.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore City amounted to 126 (25 in hospitals) representing a calculated death-rate of 22·7 (18·2 excluding hospital deaths) per mille of population, as against 25·9 for the corresponding week of last year. Classified according to causes, the deaths numbered: 1 under Typhoid, 7 under Other Fevers, 3 under Phthisis, 29 under Dysentery and Diarrhœa and 86 under All Other Causes. The reported mortality was normal.

During the week the Civil and Military Station, Bangalore, returned 54 deaths (3 in hospitals) representing a calculated death-rate of 19·2 (18·2 excluding hospital deaths) per mille of population as against 29·2 for the corresponding week of last year. Classified according to causes, the deaths were: Malaria 2, Broncho-Pneumonia 4, Pneumonia 5, Dysentery and Diarrhœa 16, and All Other Causes 27.

The total mortality for Mysore City was 51 (20 in hospitals) representing a calculated death-rate of 15·3 (9·3 excluding hospital deaths) per mille of population as against 17·5 for the corresponding week of last year. Classified according to causes the deaths were: Plague 1, Malaria 2, Typhoid 1, Other Fevers 12, Phthisis 1, and All Other Causes 34. The reported mortality was very very low.

There were 26 deaths (1 in hospital) from all causes in Kolar Gold Field Area equivalent to a calculated death-rate of 8·5 (8·1 excluding hospital deaths) per mille of population as against 20·7 for the corresponding week of last year. Classified according to causes the deaths numbered: 2 under Other Fevers, 1 under Dysentery and Diarrhœa, and 23 under All Other Causes. The reported mortality was very very low.

254 T. CHANDRASEKHARIAH, *Director* I/c.

DISTRICT REPORTS.

8 Market how supplied

9 Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities

10 Prospects of the season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE.

8. Generally well supplied.

Sowing operations are reported to be in progress in Bangalore South, Hoskote, Kankanhalli, Anekal, Dodballapur and Nelamangala Taluks

9. *Standing Crops*—Sugarcane in Kankanhalli, Devanhalli, Dodballapur and Channapatna Taluks and nati-ragi in Hoskote Taluk are reported to be in good condition

10. The seasonal conditions are not favourable in certain parts as crops were badly affected in parts of Nelamangala, Devanhalli and Anekal Taluks.

Cooly classes find sufficient labour.

11. Cattle are reported to be generally healthy except for the prevalence of "Rinderpest" in Kankanhalli Town Preventive measures are reported to have been taken to check the spread of the disease Water and fodder are available except in parts of Nelamangala and Devanhalli Taluks where there was difficulty for fodder. Certain State Forests were thrown open in Devanhalli Taluk for free grazing of cattle. The fodder problem has eased in both these taluks on account of recent rains

Public Health—Plague is reported to have broken out at Guddahalli, Magadi Taluk and that steps are being taken to bring the epidemic under control. The Health and Medical Department have been addressed in the matter

KOLAR

8. Moderately supplied through Government Depots.

9 Carting of manure to the fields and preparing the land for sowing

Seeds sown.—Ragi is being sown in some places.

Standing Crops—Sugarcane, thuvaragi, jola and potatoes are reported to be in good condition.

Crops harvested.—Nil.

10. Insufficient in all the Taluks.

11. Cattle are generally healthy except for black-quarters at Bytanur in Mulbagal Taluk and Jodi Nallaguttahalli in Bowringpet Taluk, Foot and Mouth disease in a few villages of Kasaba and Pathapalya Hobli in Bagepalli Taluk.

Fodder and water are available.

Except for plague at Mudiyanur and Small-pox at Nagenahalli and Mindihalli villages of Mulbagal Taluk, generally good.

Cooly class find sufficient labour.

TUMKUR.

8 Markets are fairly well supplied.

9. *Seeds sown*—Nil

Standing Crops.—Transplanted ragi, sugarcane and greengram in Tumkur Taluk Yadavaragi in some parts of Huliyurdurga and Gowdagere hobbs of Sira Taluk, Gidda-ragi and jola under Kadaba Amanikere tank in Gubbi Taluk, jola, ground-nut, til, greengram and blackgram in Tiptur Taluk, transplanted ragi in Koratagere Taluk, sugarcane, paddy, gidda ragi and jola in Turuvekere Taluk are reported to be fairly in good condition

Crops harvested.—Paddy in Gubbi Taluk.

10. Seasonal conditions of this district have not improved Sowing of foodcrops is held up for want of rains

11. Cattle are reported to be generally healthy throughout the District.

Water and fodder are available except in Madhugiri, Sira, Gubbi, Pavagada and parts of Chiknayakanhalli, Tiptur, Koratagere and Turuvekere Taluks where fodder scarcity is keenly felt Fodder obtained from outside is being distributed to these taluks and the supply is reported to be insufficient to meet the needs of the agriculturists. Relief works have been undertaken to provide labour to the cooly classes and the works are reported to be in progress

MYSORE

8 Normally well supplied

9. *Seeds sown*—Nil.

Standing Crops—Mysore—Ragi, jola, thogari, and other millets. Chamarajanagar—Jola, thogari and til, Krishnarajanagar—jola and ragi, Heggaddevankote—paddy, ragi jola and til, Gundlupet—jola, castor and til, Nanjangud—ragi, jola, groundnut and til, T.-Narsipur—jola, Periyapatna—ragi, jola, avare, tur, ginger and coriander are reported to be in good condition.

Crops harvested—Nil.

10. (1) Generally good. (2) Sufficient. (3) Nil. (4) None under relief. (5) Sufficient quantities of foodgrains are available in all the parts of this district.

11. Water and fodder are available for cattle and they are reported to be healthy in all the parts of this district.

MANDYA.

8. Well supplied.

9. *Standing Crops*—Jola, irrigated ragi and sugarcane in Mandya and Maddur Taluks, irrigated ragi and sugarcane in Seringapatam Taluk, jola and irrigated ragi in Malvalli and Krishnarajapet Taluks jola and sugarcane in Nagamangala Taluk, sugarcane in French Rocks Taluk are reported to be generally in good condition. The standing crops are reported to be in need of immediate rains.

Seeds Sown.—Ragi and paddy in some parts of Mandya Taluk, ragi in parts of Nagamangala Taluk, paddy in Seringapatam Taluk are being sown.

Crops harvested—Jola and irrigated ragi in some parts of Mandya Taluk, and sugarcane in parts of French-Rocks Taluk are being harvested

10. The seasonal conditions were fair and sufficient quantities of foodgrains were available. No relief works were started as no necessity for the same was felt. Immediate rains are necessary both for the standing crops and for preparing the lands for sowing ragi, etc

11. Public health is reported to be generally good except for small-pox at Chikkankanahalli village, Seringapatam Taluk Necessary action has been taken to arrest the spread of the disease.

Cattle are reported to be generally healthy except for blackquarter in Arakere Village, Seringapatam Taluk and Thoresettihalli in Maddur Taluk. Action has been taken to check the spread of the disease.

Fodder and water were available in sufficient quantities in all parts of the district.

HASSAN

8. Well supplied. Rice and ragi are being distributed from Government, Municipal, Co-operative Societies and Village Panchayet Depots

Crops sown—Transplantation of paddy continued in the Manjarabad Taluk and preparations therefor were going on in the Alur Taluk.

9. *Standing Crops.*—Paddy in Arkalgud, Belur, and Alur Taluks, ragi in Hassan, Belur, Arkalgud, Holenarsipur and Alur Taluks, Sugarcane in Hassan, Channarayapatna, Belur and Alur Taluks, jola in Channarayapatna, Arsikere, Belur and Hole-Narsipur and Hassan Taluks, til in Arsikere and Hole-Narsipur Taluks cotton in Arsikere Taluk Thogari in Hole-Narsipur Taluk are reported to be in good condition Greengram, groundnut, chilies and Tadagunni in Arsikere Taluk are reported to be in need of rains

Crops harvested—Til in Channarayapatna Taluk is reported to have been harvested

10. The recent rains have improved the seasonal conditions. However rains are wanted all over.

11. Water and fodder are generally available for cattle Cattle are reported to be healthy.

SHIMOGA.

8 Markets are fairly well supplied.

9 *Agricultural Operations*—Paddy is being sown in some parts of Shimoga Taluk and jola in Honnali Taluk.

Standing crops.—Paddy and sugarcane in Shimoga Taluk ragi, jola, avare, togari, gingelly, paddy and groundnut in Channagiri Taluk ragi and jola in Honnali Taluk, paddy, sugarcane and ragi in Shikaripur Taluk sugarcane in Sorab Taluk paddy, sugarcane and areca in Sagar Taluk, sugarcane in Hosanagar Taluk and paddy and sugarcane in Kumsi Sub-Taluk, are reported to be in fairly good condition

10. Prospects of the season are reported to be fair in all taluks. Cooly classes find sufficient labour. Foodgrains are available throughout the district.

11. Cattle are reported to be generally healthy all over the district Fodder and water are available in all taluks.

KADUR.

8. Markets well supplied.

9. *Crops sown.*—Dodda ragi in some parts of Chikmagalur Taluk, ragi and coriander in Kadur Taluk, Sowing and transplanting of paddy in the remaining Taluks is going on.

Standing Crops.—Paddy, ragi sugarcane and jola in Chikmagalur Taluk; jola, togari, greengram, til, castor, etc. in Kadur Taluk are the standing crops.

Crops harvested.—Nil.

Public Health.—Public health is generally good in the district except for the prevalence of Small-pox in some villages of Kadur Taluk.

Preventive measures to check the spread of the disease are being taken.

Labour is available and the condition of the labour classes is satisfactory.

10. The seasonal conditions are not satisfactory in parts of Chikmagalur, Tarikere and in Kadur Taluks as the rain fall is even less than the average.

11. Cattle are reported to be generally healthy in this district.

Fodder and water are available generally.

CHITALDRUG.

8. The controlled commodities including foodgrains are not supplied to the market. The other articles are reported to be fairly well supplied.

9. *Sowing.*—Ragi and jola under well and nala irrigation, jola in all parts of Hiriyur Taluk, paddy and ragi throughout Holalkere Taluk; ragi in Davangere Taluk, jola, ragi and paddy under tanks in Jagalur Taluk; ragi in some parts of Hosdurga; cotton, jola ragi navane, tur and horsegram in Harihar Taluk are reported to be in progress

Standing Crops.—Jola, ragi, til, paddy and groundnut in Holalkere taluk; sajje, jola, navane and moong, tur and oilseeds in Jagalur Taluk are reported to be in good condition.

Harvest.—Nil.

10 Relief works have been started and are in progress in almost all the taluks.

The seasonal conditions are gradually getting better as rains have set in throughout the district.

Separate special fortnightly report is being sent to Government and to the Revenue Commissioner.

11 Cattle are reported to be generally healthy except for the prevalence of "Blackquarter" in Tuppadahally Village in Jagalur Taluk. Preventive measures are reported to have been taken by the Veterinary Department to check the spread of the disease. Water is available throughout the district. Hay and jola stacks are imported to this district from Hassan and French-Rocks. Most of the State Forests and some of the Amrith Mahal Kavals have been thrown open for free grazing. Green grass is coming up everywhere and the fodder problem will perhaps soon solve for itself.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Dated Bangalore, 16th July 1946.
435

S. NARAYANA RAO,
Revenue Commissioner.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, JULY 11, 1946.

A total of 22 attacks with 11 deaths from Plague was returned from 9 villages in 9 taluks in 6 districts during the week against 29 attacks with 12 deaths in the previous week. Cities of Bangalore and Mysore reported nil attack with nil death and nil attack with 1 death respectively, while Kolar Gold Field Area remained free from Plague. Comparative figures for the corresponding week in 1945 and 1944 were 125 attacks with 65 deaths and 68 attacks with 35 deaths, respectively.

A total of 26 attacks with 8 deaths from Small-pox were reported from Bangalore North, Anekal, Dodballapur, Magadi, Kadur, Malur, Mulbagal, Seringapatam, Nanjangud, Channagiri, Turuvekere Taluks, and Bangalore City, Mysore City and Civil and Military Station, Bangalore.

The State remained free from Cholera, Influenza and Relapsing Fever.

The total mortality for Bangalore City amounted to 125 (37 in hospitals) representing a calculated death-rate of 22·5 (15·8 excluding hospital deaths) per mille of population as against 23·9 for the corresponding week of last year. Classified according to causes the deaths numbered 1 under Malaria, 5 under Other Fevers, 9 under Phthisis, 17 under Dysentery and Diarrhœa and 93 under All Other Causes. The reported mortality was normal.

During the week the Civil and Military Station, Bangalore, (returned) for six days 59 deaths (10 in hospitals) representing a calculated death-rate of 21·0 (17·4 excluding hospital deaths) per mille of population as against 29·9 for the corresponding week of last year. Classified according to causes the deaths were: Malaria 1, Broncho-Pneumonia 2, Typhoid 2, Phthisis 2 Dysentery and Diarrhœa 13, All Other Causes 39.

The total mortality for Mysore City was 48 (10 in hospitals representing a calculated death-rate of 14·4 (11·4 exclud in hospital deaths) per mille of population as against 19·3 for th corresponding week of last year. Classified according t causes the deaths were: Plague 1, Small-pox 2, Malaria 1 Other Fevers 6, Phthisis 2, Dysentery and Diarrhœa 4, a n All Other Causes 32. The reported mortality was very ve r low.

There were 44 deaths (8 in hospitals) from all causes i Kolar Gold Field Area equivalent to a calculated death-rat of 14·3 (11·7 excluding hospital deaths) per mille of populatior as against 22·6 for the corresponding week of last year. Classified according to causes the deaths numbered 7 under Other Fevers, 6 under Dysentery and Diarrhœa 31 under All Other Causes. The reported mortality was very very low.

DISTRICT REPORTS

8 Market how supplied

9 Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities

10 Prospects of the season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE.

8 Generally well supplied

Sowing of ragi, avare, etc, are reported to be in progress in all the Taluks

9 *Standing Crops* —Sugarcane in Kankanhalli, Devanhalli, Dodballapur and Channapatna Taluks and Nati ragi in Hoskote Taluk and Punaji paddy in Dodballapur Taluk are reported to be in good condition

10 The seasonal conditions are not favourable in certain parts as crops were badly affected in parts of Nelamangala Devanhalli and Anekal Taluks

Cooly classes find sufficient labour

11 Cattle are reported to be healthy except for the prevalence of 'Rinderpest in Kankanhalli Town Preventive measures are reported to have been taken to check the spread of the disease Water and fodder are available except in parts of Nelamangala and Devanhalli Taluks where there was difficulty for fodder Certain State Forests were thrown open in Devanhalli Taluk for free grazing of cattle Fodder problem has eased in both these taluks on account of rains

Public Health —Plague is reported to have been broken out in Kankanhalli Town Preventive measures are reported to have been taken by the Medical Department to arrest the spread of the disease

KOLAR

8 Moderately supplied through Government Depots

9 Ploughing and carting manure to the dry fields

Seeds sown —Ragi avare thogari and sajje

Crops harvested —Nil.

Standing Crops —Sugarcane thinagi, jola and potatoes are reported to be in good condition.

10. There was no rainfall during the week in Kolar Bowringpet Gowribidnu Srinivaspur and Gudibanda Sub-Taluk

11 Cattle are generally healthy except for black quarter at Bytanur and Mudageri villages in Mulbagal Taluk, Jodi Nallaguttahalli in Bowringpet Taluk Veterinary Department Officers are taking necessary action to combat the disease

Fodder and water are available

Public health is generally good except for plague at Mudiyanur and Small pox at Nagarahalli Mindihalli and Maddoni villages in Mulbagal Taluk. Necessary preventive measures are taken by the Medical Department

Cooly classes find sufficient labour

TUMKUR

8 Fairly well supplied

9 *Seeds sown* —Ragi in Tuvekere and Koratagere Taluks ragi avare, togari, jola huchellu in Tiptur Taluk, avare and ragi in Gubbi Taluk

Standing Crops —Yede ragi in parts of Hulikunte and Gowdagere hobbis of Sira Taluk Giddaragi and jola under Kadaba Amanikere Tank in Gubbi Taluk are reported to be affected by insects Jola, groundnut, til greengram and blackgram in Tiptur Taluk, paddy, gidda ragi, jola sugarcane in Turuvekere Taluk Rain is required for sowing operations and also for standing crops It is reported that jola in Huliyurdurga Hobli of Kunigal Taluk is subject to drainage by pests and preventive measures are being taken by Agricultural Department

Crops harvested —Paddy in Gubbi and Kunigal Taluks

10 Seasonal conditions of this district have not improved Sowing of foodcrops is held up for want of rains

11. Cattle are reported to be healthy throughout the District except for the prevalence of rinderpest in Chowdanakuppe village, Kunigal Taluk and the Veterinary Inspector has been addressed to take preventive measures Water and fodder are available except in Chikkanahalli, Sira, Gubbi, Tiptur and Koratagere Taluks where scarcity for fodder is keenly felt Fodder obtained from outside is being distributed to these taluks and the supply is reported to be insufficient to meet the needs of the agriculturists

Public health is generally good except for the prevalence of small pox at Kodigenahalli, Reddihalli, Basavanahalli Chikmaalur and Midanahalli of Madhugiri Taluk, Kilara village in Kunigal Taluk and Hosahalli village in Turuvekere Taluk and Sanitary Inspector has been addressed to take immediate action in the matter. Relief works undertaken to provide labour to the cooly classes are reported to be in progress.

MYSORE

8 Normally well supplied

9 *Seeds sown* —Paddy in Krishnarajanagar Nanjangud and T-Narsipur Avare in Chamarajanagar, Heggaddevankote and Periyapatna Taluks and ragi in Chamarajanagar are reported to be being sown

Standing Crops —Mysore—Ragi, jola, thogari and other millets Chamarajanagar—Jola, thogari and til, Krishnarajanagar—ragi and jola Heggaddevankote—paddy, ragi and jola Gundlupet—jola, castor and til, Nanjangud—ragi jola, groundnut and til T-Narsipur—jola, Periyapatna—ragi, jola avare, tur, ginger and coriander are reported be in good condition

Crops harvested —Nil

10 (1) Generally good (2) Sufficient (3) Nil (4) None under relief (5) Sufficient quantities of foodgrains are available in all the parts of the district

11. Water and fodder are available for cattle and they are reported to be healthy in all the parts of the district

MANDYA.

Not received

HASSAN

8 Well supplied Rice and ragi are being distributed from Government, Municipal, Co operative Societies and Village Panchayet Depots

Crops sown.—Paddy is being transplanted in Manjarabad and Alur Taluks

9 *Standing Crops.*—Sugarcane in Hassan Belur Alur and Channarayapatna Taluks ragi in Hassan, Arkalgud, Alur Hole Narsipur Taluks, paddy in Arkalgud and Alur Taluks Jolam in Channarayapatna Arsikere and Hole Narsipur Taluks, Til in Arsikere Hole-Narsipur Taluks, Tadigani chillies, groundnut and greengram, in Arsikere Taluk and Togari in some parts of Hole-Narsipur Taluk are reported to be in good condition The standing crops in all taluks are in need of rains

Crops harvested —Til is being reaped in parts of Channarayapatna taluk

10. The recent rains have improved the seasonal conditions to some extent but rains are urgently needed all over

11 Water and fodder are generally available for cattle Cattle are reported to be generally healthy except for the prevalence of '*Haemorhagic Septicaemia* in Jodi Gubbi village in Hole Narasipur taluk and some parts of Manjarabad taluk The Veterinary Inspectors concerned are reported to have been addressed for taking remedial measures to check the spread of the disease

SHIMOGA.

8 Markets are fairly well supplied

9 *Agricultural Operations* —Seeds sown—Paddy is being sown in some parts of Shimoga Taluk and jola in Honnali Taluk

Standing crops —Paddy and sugarcane in Shimoga, Honnali Shikarpur, Sorab, Sagar Taluks and in Kumsi Sub taluk ragi jola avare togari, gingelly and groundnut in Channagiri Taluk ragi in Shikarpur Taluk and sugarcane in Hosanagar Taluk are reported to be fairly in good condition Areca crop in Sagar Taluk is reported to be affected with Koleroga

10 Prospects of the season are reported to be fair in all the taluks Cooly classes find sufficient labour Foodgrains are available there was a shortage of rainfall in Shimoga and parts of Honnali and Kumsi Taluks but the prospects seems to have improved during this week

11 Cattle are reported to be generally healthy all over the district Fodder and water are available in all the taluks

KADUR

8 Markets well supplied

9 *Crops sown* —Paddy and dodda ragi in some parts of Chikmagalur Taluk and transplanting of paddy in the remaining taluks is going on

Standing Crops.—Paddy, ragi sugarcane and jola in Chikmagalur Taluk, jola, togari, greengram, til, castor, etc, in Kadur Taluk are the standing crops.

Crops harvested.—Nil.

Public Health.—Public health is generally good in the district except for the prevalence of Small-pox in some villages of Kadur Taluk

Preventive measures to check the spread of the disease are being taken

Labour is available and the condition of the labour classes is satisfactory

10 The seasonal conditions are not satisfactory in parts of Chikmagalur, Tarikere and in Kadur Taluks

11 Cattle are reported to be generally healthy in the district Scarcity of fodder and water is felt in parts of Chikmagalur, Tarikere and specially in Singatagere Hobli of Kadur Taluk.

CHITALDRUG

The controlled commodities including foodgrains are not supplied to the market The other articles are reported to be fairly well supplied

9 *Sowing.*—Jola, ragi in Chitaldrug Taluk Ragi under irrigation wells and Nalas in Challakere Taluk Ragi in all parts of Holalkere taluk Jola ragi navane, Thogari Moong, Horsegram and cotton in Harihar taluk is reported to be in progress

Standing Crops.—Ragi, jola, save and oil seeds in Challakere Taluk Jola, paddy ragi til and groundnut in Holalkere Taluk are reported to be good. It is reported by all the Amildars in the district that immediate rains are required for the standing crops

Harvest.—Nil.

10 Relief works have been started and are in progress in almost all the taluks.

Separate special fortnightly report is being sent to Government and to the Revenue Commissioner

11 Cattle are reported to be generally healthy except for the prevalence of "Blackquarter in Tuppadahally Village Anthrax in Thoranagatta village in Jagalur Taluk Preventive measures are reported to have been taken by the Veterinary Department to check the spread of the disease Water is available throughout the district Most of the State Forests and some of the Amrith Mahal Kaval lands have been thrown open for free grazing Green grass is coming up everywhere and the fodder problem will perhaps soon solve for itself.

DISTRICT REPORTS

8. Market how supplied

9 Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities

10. Prospects of the season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE.

8. Generally well supplied.

Sowing of ragi, avare, etc., are reported to be in progress in all the Taluks

9 *Standing Crops* —Sugarcane in Kankanhalli, Devanhalli, Dobballapur and Channapatna Taluks and Nati ragi in Hoskote Taluk and Punaji paddy in Dodballapur Taluk are reported to be in good condition

10 The seasonal conditions are not favourable in certain parts as crops were badly affected in parts of Nelamangala, Devanhalli and Anekal Taluks.

Cooly classes find sufficient labour.

11 Cattle are reported to be generally healthy Water and fodder are available except in parts of Devanhalli and Nelamangala Taluks where there was difficulty for fodder. Certain State Forests were thrown open in Devanhalli Taluk for free grazing of cattle. On account of rains the fodder problem has eased in both these taluks

Public Health —Plague is reported to be prevailing in Chellaghatta village, Bangalore South Taluk and Arala malige village in Dodballapur Taluk Preventive measures are reported to have been taken to check the spread of the disease

KOLAR.

8. Supplied through Government Depots

9. Though there was rainfall during the week all over the District, it was not sufficient

Standing Crops —Thunagi, jola, sugarcane and potatoes are reported to be in good condition.

10. Cattle are generally healthy except for black quarter in Puligal village in Bagepalli Taluk and Bytanur, Mudagere, Kuradamale and Guvvlapura in Mulbagal Taluk Veterinary Officers are taking necessary action to check the spread of the disease

Public health is generally good except for some cases of typhoid fever in Chickballapur Town, plague at Mudiyanur Small-pox at Nagarahalli Mindihalli and Madderi villages in Mulbagal Taluk

Cooly classes find sufficient labour.

Fodder and water are available.

TUMKUR.

Markets are fairly well supplied.

9 *Seeds sown* —Ragi jola, avare, togari til and castor in Tiptur Taluk and ragi and avare in Kunigal Taluk

Standing Crops — Transplanted ragi, sugarcane and greengram in Tumkur Taluk well irrigated ragi and sugarcane in Madhugiri Taluk jola groundnut, til, greengram and blackgram in Tiptur Taluk, ragi, haraka, navane, castor and groundnut in Pavagada Taluk, paddy gidda-ragi jola and sugarcane in Turuvekere Taluk are reported to be fairly in good condition The stat of standing crops such as sugarcane paddy jola and kari ragi in Kunigal Taluk is reported to be satisfactory.

Crops harvested —Gidda-ragi in Pavagada Taluk Paddy and jola in Turuvekere Taluk

10 Not good Even during the week there has not been sufficient rainfall all over the District for sowing of food crops.

11. Cattle are reported to be generally healthy throughout the District except for the prevalence of Rinderpest in Chowdanahalli in Kunigal Taluk and action is reported to have been taken to check the spread of the disease

Water and fodder are available except in Madhugiri Sira and Pavagada Taluks and in parts of Chelur Kankanhalli Gubbi, Tiptur and Koratagere Taluks where fodder scarcity is keenly felt The Amildar, Madhugiri reports that there is cattle mortality throughout the Taluk on account of starvation and scarcity for fodder Action is being taken to rush in fodder supply to the affected parts Distress relief works undertaken by the Revenue and Public Works Department agencies are reported to be in progress.

MYSORE

8. Normally well supplied

9. *Seeds sown* —Paddy in Krishnarajanagar, Nanjangud, and T.-Narsipur, Avare in Chamarajnagar, Heggaddevankote and Periyapatna are reported to be being sown.

Standing Crops.—Mysore—Ragi, jola, tur and other millets. Chamarajanagar—Jola, thogari and til, Krishnarajanagar—Ragi and jola, Heggaddevankote—Paddy, ragi and jola, Gundlupet—Jola, castor and til, Nanjangud—Ragi, jola, groundnut and til, T.-Narsipur—jola, Periyapatna—Ragi, jola, avare, tur, ginger and coriander are reported to be in good condition.

Crops harvested —Nil.

10. (1) Generally good (2) Sufficient. (3) Nil. (4) None under relief (5) Sufficient quantities of food are available in all the parts of this district.

11. Water and fodder are available for cattle and they are reported to be generally healthy in all the parts of this district

MANDYA.

8. Markets are well supplied

9. *Seeds sown.*—Paddy transplantation is going on under river channels and canals Ragi is being sown in some parts of Krishnarajpet and Nagamangala Taluks

Standing crops —Jola crop in all the taluks except in parts of Maddur, Malavalli, Mandya and Pandavapura Taluks is attacked by some kind of bugs and is completely spoilt Irrigated ragi is in good condition Rains are completely held up in all parts of the district except in parts of Krishnarajpet and Nagamangala Taluks and consequently sowing operations in dry fields are held up Standing cane is in good condition Crops harvested

Irrigated ragi is being harvested.

10. The prospects of the season are not fair sufficient quantities of foodgrains were available No relief work was felt Immediate rains are necessary both for the standing crops and for sowing ragi, etc

Public health is reported to be generally good except for small pox at Chikkankanhalli, Seringapatam Taluk Necessary action has been taken to check the spread of the disease

Cattle are reported to be generally healthy.

Fodder and water were available in sufficient quantities.

HASSAN.

8. Well supplied Rice and ragi are being distributed from Government, Municipal, Co-operative and Village Panchayet Depots

Crops sown —Paddy in Manjarabad, Hole Narsipur and Alur Taluks and doddaragi in Channarayapatna Taluk are being transplanted, coriander in Hole Narsipur Taluk and dodda ragi in Arsikere, Belur and Hole-Narsipur Taluks are being sown

9. *Standing Crops.*—Sugarcane in Hassan, Belur, Alur Channarayapatna Taluks, ragi in Hassan, Arkalgud, Belur, Alur and Hole-Narsipur Taluks paddy in Arkalgud, Belur and Alur Taluks, Jolam in Belur Channarayapatna, Arsikere and Hole Narsipur Taluks Til in Arsikere and Hole-Narsipur Taluks chilies, tadigum, greengram, groundnut in Arsikere Taluk and togari in some parts of Hole-Narsipur Taluk are reported to be in good conditions

Crops harvested.—Nil.

10. The recent rains have improved the seasonal conditions to some extent but more rains are needed for the standing crops in parts of Kanakatte and Javagal Hobbis in Arsikere Taluk.

11 Water and fodder are generally available for cattle Cattle are reported to be generally healthy except for the prevalence of "*Hamorhagic Septicamia* in some parts of Manjarabad taluk The Veterinary Inspector is reported to have been addressed for taking remedial measures to check the spread of the disease

SHIMOGA.

8 Markets are fairly well supplied.

9. *Agricultural Operations* —Seeds sown—Ragi and jola in Shimoga Taluk, jola in Honnali Taluk and Paddy in Soraba Taluk are being sown

Standing crops—Paddy in all Taluks, Sugarcane in all Taluks except Channagiri and Ragi jola, avare togari, groundnut and angelly in Channagiri Taluk and ragi in Shikarpur Taluk are reported to be in good condition Areca crop is reported to be affected with Koleroga in Sagar Taluk

11 Prospects of the season are reported to be fair in all the taluks. Cooly classes find sufficient labour Foodgrains are available

11. Cattle are reported to be generally healthy all over the district. Fodder and water are available in all the taluks.

KADUR.

8. Markets well supplied.

9. *Crops sown.*—Paddy and Dodda Ragi in parts of Chikmagalur Taluk; Paddy, ragi avare and coriandar in parts of Kadur Taluk are being sown. In the remaining taluks transplantation of paddy is going on.

Standing Crops.—Paddy, ragi, sugarcane and jola in Chikmagalur Taluk; jola, togari, greengram, blackgram, til and castor in Kadur Taluk, Paddy and ragi in Tarikere Taluk are the standing crops.

Crops harvested.—Nil.

Public Health.—Public health is generally good in the district except for the prevalence of Small-pox in some villages of Kadur Taluk and Plague in Chikmagalur Town.

Preventive measures to check the spread of the diseases are being taken.

Labour is available and the conditions of the labour classes are satisfactory.

10. The seasonal conditions are not satisfactory in parts of Chikmagalur, Tarikere and in Kadur Taluks.

11. Cattle are reported to be generally healthy in the district. Scarcity of water and some fodder is still felt in parts of Chikmagalur and Tarikere Taluks and specially in Singatagere Hobli of Kadur Taluk.

CHITALDRUG.

8. The controlled commodities including foodgrains are not supplied to the market. The other articles are reported to be fairly well supplied.

9. *Sowing.*—Ragi, navane, save and sajje in Challakere Taluk. Ragi in Holalkere Taluk; Jola, ragi, navane, tur, moong, horsegram, cotton and avare in Harihar Taluk are reported to be in progress.

Standing Crops.—Jola, ragi, navane in all the Taluks. Paddy, groundnut and til in Holalkere Taluk are reported to be in good conditions, owing to the recent rains throughout the District.

Harvest.—Nil.

10 Relief works have been started and are in progress in almost all the taluks.

Separate special fortnightly report is being sent to Government and to the Revenue Commissioner.

11. Cattle are reported to be generally healthy throughout the district during the week Water is available throughout the district. Most of the State Forests and some of the Amrit Mahal Kaval lands have been thrown open for free grazing. Green grass is coming up everywhere and the fodder problem will perhaps soon solve for itself.

MANDYA

8. Well supplied.

Seeds Sown.—Paddy is being sown in some parts of Mandya Seringapatam and French-Rocks taluks and ragi is being sown in some parts of Maddur and Nagamangala Taluks

9. *Standing Crops.*—Jola crop in all the taluks except in parts of Maddur Malvalli, Mandya and French-Rocks Taluks

is attacked by some kind of bugs, and is completely spoilt. It is a real calamity. Irrigated ragi is in good condition. Rains are completely held up in all parts of the district, except in parts of Maddur, Malvalli Taluks. Consequently sowing operations in dry fields are held up. Paddy transplantation is going on under river channels and canals. The level in Krishnarajasagar is sinking The prospects of the season are not fair. Standing cane is in good condition.

10. Sufficient quantities of foodgrains were available. No relief work was started as no necessity for the same was felt. Immediate rains are necessary both for the standing crops and for preparing the lands for sowing ragi, etc.

11. Public health is reported to be generally good except for small-pox at Chikkankanahalli in Seringapatam Taluk, plague and a suspected case of cholera in Krishnarajapet and Nagamangala taluks. Necessary action has been taken to check the spread of the disease.

Cattle are reported to be generally healthy except for black-quarter in Arakere Village, Seringapatam Taluk. Action has been taken to check the spread of the disease.

Fodder and water were available in sufficient quantities in all parts of the district.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, JULY 25, 1946.

A total of 24 attacks with 16 deaths from Plague was returned from 9 villages in 8 taluks in 5 districts during the week against 23 attacks with 17 deaths in the previous week. Cities of Bangalore, Mysore and Kolar Gold Field Area reported free from Plague. Comparative figures for the corresponding week in 1945 and 1944 were 145 attacks with 69 deaths and 127 attacks with 66 deaths, respectively.

A total of 32 attacks with 4 deaths from Small-pox were reported from Nelamangala, Malur, Nanjangud, Chennagiri and Madhugiri Taluks, and Civil and Military Station, Bangalore.

The State remained free from Cholera, Influenza and Relapsing Fever.

The total mortality for Bangalore City amounted to 99 (20 in hospitals) representing a calculated death-rate of 17·8 (14·2 excluding hospital deaths) per mille of population as against 24·0 for the corresponding week of last year. Classified according to causes the deaths numbered : 3 under Other Fevers, 4 under Phthisis, 20 under Dysentery and Diarrhœa and 72 under All Other Causes. The reported mortality was very low.

During the week the Civil and Military Station, Bangalore, returned 55 deaths (20 in hospitals) representing a calculated death-rate of 16·7 (10·6 excluding hospital deaths) per mille of population as against 28·0 for the corresponding week of last year. Classified according to causes the deaths were: Small-pox 1, Malaria 1, Broncho-Pneumonia 2, Pneumonia 4, Other Fevers 1, Phthisis 5, Dysentery and Diarrhœa 15, and All Other Causes 27.

The total mortality for Mysore City was 31 (16 in hospitals) for five days representing a calculated death-rate of 13·0 (6·3 excluding hospital deaths) per mille of population as against 17·2 for the corresponding week of last year. Classified according to causes the deaths were: Malaria 1, Phthisis 2, Dysentery and Diarrhœa 1, and All Other Causes 27. The reported mortality was very very low.

There were 29 deaths (3 in hospitals) from all causes in Kolar Gold Field Area equivalent to a calculated death-rate of 9·4 (8·5 excluding hospital deaths) per mille of population as against 15·5 for the corresponding week of last year. Classified according to causes the deaths numbered 1 under Phthisis, 5 under Dysentery and Diarrhœa, and 23 under All Other Causes. The reported mortality was very very low.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities

10. Prospects of the season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc

BANGALORE.

8. Generally well supplied.

Sowing of ragi, avare, etc, are almost completed in all the taluks

9. *Standing Crops.*—Sugarcane, ragi, avare, etc., are reported to be in good condition in all the taluks.

Crops harvested.—Gingelly is reported to have been harvested in Kankanhalli Taluk.

10. The seasonal conditions are not favourable in certain parts as crops were badly affected in parts of Nelamangala, Devanhalli and Anekal Taluks.

Cooly classes find sufficient labour.

11. Cattle are reported to be generally healthy Water and fodder are reported to be available.

KOLAR

8. Supplied through Government Depots.

9. Excess seedlings are being removed so that the crop may develop and grow well.

Seeds sown.—Ragi, avare, thogari, save, groundnut and haraka

Crops harvested.—Nil.

Standing Crops.—Irrigated ragi, jola, sugarcane, avare and same are reported to be in good condition at present.

Insufficient in all the taluks.

10. Cattle are generally healthy except for blackquarter at Bytanur, Mudagere, Kurakumale and Guvlapura villages in Mulbagal Taluk

Public health is generally good except for plague at Mudiyanur, Small-pox at Nagarahalli Mindiballi, Madderi in Mulbagal Taluk, some cases of Typhoid in Chickballapur Town, Small-pox in some villages of Kasaba Hobli, Namagundlu and D Palya Hoblis in Goribidnur Taluk Special Sanitary Staff has been deputed to Doddakurugodu in Goribidnur Taluk for taking preventive measures.

Cooly classes find sufficient labour.

Fodder and water are available.

TUMKUR.

8. Fairly well supplied.

9 *Seeds sown.*—Ragi, avare, togari, til and oil seeds in Tiptur Taluk, ragi, haraka, navane, groundnut and castor seeds in Pavagada Taluk, ragi and avare in Kunigal Taluk.

Standing Crops.—Transplanted ragi, sugarcane and greengram in Tumkur Taluk, Yada ragi in some parts of Gowdagere and Hulikunte Hoblies, jola, groundnut, til, blackgram and greengram in Tiptur Taluk, sugarcane karragi paddy, and jola in Kunigal Taluk well irrigated ragi in Koratagere Taluk paddy, gidda-ragi jola and horsegram in Turuvekere Taluk are reported to be fairly in good condition. The condition of sugarcane and well-irrigated ragi in Madhugiri Taluk is reported to be not in good condition

Crops harvested.—Gidda-ragi in some parts of Pavagada Taluk paddy and jola in Turuvekere Taluk.

10 Not good. There has been no rains in Madhugiri, Sira, Gubbi, Tiptur, Pavagada and Koratagere Taluks.

11. Cattle are reported to be generally healthy throughout the district Water and fodder are available except in Madhugiri, Sira, Pavagada, Gubbi and Koratagere Taluks in parts of Chicknaikanhalli, Tiptur and Turuvekere Taluks where fodder scarcity is felt. For want of fodder and starvation cattle mortality is reported in Sira and Madhugiri Taluks. Fodder is being obtained from outside and is being rushed to the affected parts. Cooly classes are finding sufficient labour under distress relief works

MYSORE

8 Normally well supplied.

9. *Seeds sown.*—Nil

Standing Crops.—Mysore—Ragi, jola, tur and other millets. Chamarajanagar—Jola, thogari and til, Hunsur—Ragi and jola. Krishnarajanagar—Ragi, jola and paddy Heggaddevankote—Ragi jola avare and paddy. Gundlupet—Jola, castor and til, Nanjangud—Paddy, ragi, jola, groundnut and til, T.-Narsipur—jola, Periyapatna—Ragi, jola, avare, are reported to be in good condition.

Crops harvested.—Nil.

10. (1) Generally good (2) Nil. (3) Nil. (4) None under relief. (5) Sufficient quantities of foodgrains are available in all the parts of this district.

11. Water and fodder are available for cattle and they are reported to be generally healthy in all the parts of this district.

MANDYA.

8. Well supplied.

9. *Standing crops.*—Jola crop in all the taluks except in parts of Maddur, Malavalli, Mandya and French-Rocks Taluks is attacked by some kind of worm disease which has considerably reduced the yield. Irrigated ragi is in good condition. Rains are completely held up in all parts of the district except in parts of Krishnarajpet and French-Rocks Taluks and consequently sowing operations in dry fields are held up. Standing cane is in good condition.

Seeds sown.—Paddy transplantation is going on under river channels and canals.

10. *Crops harvested.*—Irrigated ragi is being harvested.

The prospects of the season are not fair. Sufficient quantities of foodgrains were available. No relief work was started as there was no necessity for the same. Immediate rains are needed both for the standing crops and for sowing ragi, etc.

11. Public health is reported to be generally good except for small pox at Neralakere and Chikkankanahalli Villages in Seringapatam Taluk Action has been taken to check the spread of the disease.

Cattle are reported to be generally healthy.

Fodder and water were available in sufficient quantities.

HASSAN.

8. Well supplied. Rice and ragi are being distributed from Government, Municipal, Co-operative and Village Panchayet Depots.

Crops sown.—Doddaragi in Hole-Narsipur Taluk and paddy in Hole-Narsipur and Manjarabad Taluks are being transplanted, doddaragi is being sown in Arsikere and Channarayapatna Taluks also.

9. *Standing Crops.*—Sugarcane in Hassan, Belur, Alur and Channarayapatna Taluks ragi in Hassan, Arkalgud, Belur and Hole-Narsipur Taluks paddy in Belur, Alur and Hole-Narsipur Taluks, jolam in Belur, Arsikere and Hole-Narsipur Taluk Til in Arsikere and Hole-Narsipur Taluks, tadagum, greengram, chillies and groundnut in Arsikere Taluk and togari in some parts of Hole-Narsipur Taluk are reported to be in good condition

Crops harvested.—Nil.

10. The recent rains have improved the seasonal conditions to a great extent The standing crops in Channarayapatna and Arsikere Taluks are in need of rains.

11. Water and fodder are generally available for cattle. Cattle are reported to be generally healthy except for the prevalence of "*Haemorhagic Septicaemia*" in Manjarabad Taluk and in Ramenahalli, a hamlet of Gubbi Village in Hallimysore Hobli in Hole-Narsipur Taluk The Veterinary Inspectors concerned are reported to have been addressed for taking remedial measures to check the spread of the disease

SHIMOGA.

8. Markets are fairly well supplied.

9. *Seeds sown.*—Nil.

Standing crops.—Paddy and Sugarcane in Shimoga Taluk, paddy, ragi, jola, togari, avare, gingelly, groundnut and sugarcane in Channagiri Taluk, paddy, sugarcane and ragi in Shikarpur Taluk paddy and sugarcane in Sorab and Sagar Taluks Sugarcane in Hosanagar Taluk, paddy and sugarcane in Thirthahalli Taluk and in Kumsi Sub-Taluk are reported to be in good condition Areca crop is reported to be affected with Koleroga in Sagar Taluk

10. Prospects of the season are reported to be fair in all taluks Cooly classes find sufficient labour. Foodgrains are available.

11. Cattle are reported to be generally healthy all over the district except for prevalence of "ಗಡ್ ಡಿಕ್ಕಿ" in some parts of Santhebennur Hobli, Channagiri Taluk. Fodder and water are available throughout the District.

KADUR.

8. Markets well supplied.

9 *Crops sown.*—Doddaragi in parts of Chikmagalur Taluk, Paddy, ragi avare and coriandar in parts of Kadur Taluk are being sown In the remaining taluks transplantation of paddy is going on.

Standing Crops.—Paddy, ragi, sugarcane and jola in Chikmagalur Taluk; jola, togari, greengram, blackgram, til and castor in Kadur Taluk; Paddy and ragi in Tarikere Taluk are the standing crops.

Crops harvested.—Nil.

Public Health.—Public health is generally good in the district except for the prevalence of Small-pox in some villages of Kadur Taluk and Plague in Chikmagalur Town.

Preventive measures to check the spread of the diseases are being taken.

Labour is available and the conditions of the labour classes are satisfactory.

10. The seasonal conditions continue to be unsatisfactory in parts of Chikmagalur, Tarikere and in Kadur Taluks

11. Cattle are reported to be generally healthy in the district. Scarcity of water and fodder is still felt in some parts of Chikmagalur and Tarikere Taluks and specially in Singatagere Hobli of Kadur Taluk.

CHITALDRUG.

9. The controlled commodities including foodgrains are not supplied to the markets. The other articles are reported to be fairly well supplied.

9. *Sowing.*—Ragi, navane, save and sajje in Jagalur Taluk, ragi, navane and horsegram in Holalkere Taluk and navane, sajje and groundnut in Molakalmuru Taluk are reported to be in progress.

Standing Crops.—Ragi, jola in all the Taluks; navane, save, sajje, oil seeds in Chollakere Taluk; paddy, jola and til in Holalkere Taluk, navane, tur, moong, horsegram, cotton and groundnut in Harihar Taluk are reported to be fairly in good condition. Immediate rains are required for all standing crops.

Harvest.—Gidda ragi in Challakere, ragi in Hiriyur taluks are reported to be harvested.

10. Relief works have been started and are in progress in almost all the taluks. Separate special fortnightly report is being sent to Government and to the Revenue Commissioner.

11. Cattle are reported to be generally healthy throughout the district during the week Water is available throughout the district. Most of the State Forests and some of the Amrit Mahal Kaval lands have been thrown open for free grazing The raiyats are permitted to cut and remove date leaves for being used as fodder. The recent rains have improved the fodder situation.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Dated Bangalore, 6th August 1946.

S. NARAYANA RAO,
Revenue Commissioner.

737

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, AUGUST 1, 1946.

A total of 64 attacks with 23 deaths from Plague was returned from 18 villages in 16 taluks in 8 districts during the week against 21 attacks with 16 deaths in the previous week. Bangalore City reported 2 attacks with nil death and Mysore City and Kolar Gold Field Area remained free from Plague. Comparative figures for the corresponding week in 1945 and 1944 were 188 attacks with 109 deaths and 95 attacks with 42 deaths, respectively.

A total of 17 attacks with 1 death from Small-pox were reported from Chamarajanagar, Malur and Malvalli Taluks and Bangalore City and Civil and Military Station, Bangalore.

The State remained free from Cholera, Influenza and Relapsing Fever.

The total mortality for Bangalore City amounted to 130 (33 in hospitals) representing a calculated death-rate of 23·4 (17·5 excluding hospital deaths) per mille of population as against 24·9 for the corresponding week of last year. Classified according to causes the deaths numbered : 1 under Small-pox, 1 under Malaria, 1 under Typoid, 2 under Other Fevers, 11 under Phthisis, 22 under Dysentery and *Diarrhœa* and 92 under All Other Causes. The reported mortality was normal.

During the week the Civil and Military Station, Bangalore, returned for 6 days 77 deaths (22 in hospitals) representing a calculated death-rate of 27·1 (19·6 excluding hospital deaths) per mille of population as against 23·0 for the corresponding week of last year Classified according to causes the deaths were. Small pox 1, Malaria 1, Broncho-Pneumonia 2, Pneumonia 4, Typhoid 1, Phthisis 2, Dysentery and Diarrhœa 11, and All Other Causes 55.

The total mortality for Mysore City was 60 (18 in hospitals) representing a calculated death-rate of 18·0 (12·6 excluding hospital deaths) per mille of population as against 15·0 for the corresponding week of last year. Classified according to causes the deaths were: Malaria 4, Phthisis 2, Dysentery and Diarrhœa 3, and All Other Causes 51. The reported mortality was low.

There were 36 deaths (2 in hospitals) from all causes in Kolar Gold Field Area equivalent to a calculated death-rate of 11·7 (11·1 excluding hospital deaths) per mille of population as against 19·5 for the corresponding week of last year. Classified according to causes the deaths numbered: 1 under Phthisis, 2 under Dysentery and Diarrhœa, and 33 under All Other Causes. The reported mortality was very low.

938 E. R. SUNDARARAJAN, For *Director*.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of the season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE.

8. Generally well supplied.

Sowing of ragi, avare, etc., are almost completed in all the taluks.

9. *Standing Crops.*—Sugarcane, ragi, avare, etc., are reported to be in good condition in all the taluks.

Crops harvested.—Gingelly is reported to have been harvested in Kankanhalli Taluk.

10. There has been sufficient rainfall so far in all the Taluks and the prospects of the future crops are good. On account of bad seasonal conditions last year, crops were badly affected in parts of Nelamangala, Devanahalli and Anekal Taluks. Arrangements have been made to supply food stuffs to the needy people. The District has now nearly four weeks' supply of foodgrains in the depots.

Cooly classes find sufficient labour.

11. Cattle are reported to be generally healthy. Water and fodder are reported to be available.

KOLAR.

8. Moderately supplied by the Government Depots.

9. The rainfall in this week was helpful to remove excess seedlings in fields so that the crops may develop and grow well.

Seeds sown.—Ragi, avare, thogari in some places.

Crops harvested.—Nil.

Standing crops.—Are reported to be in good condition.

10. Good: Sufficient at present.

11. Cattle are generally healthy except for blackquarter at Byatanur, Mudigere, Kuradamale and Guvlapur villages in Mulbagal Taluk.

Public health: Generally good except for plague at Mudiyanur, Small-pox at Nagalahalli, Mindahalli, and Thimmaravathanahalli in Mulbagal Taluk and Namagundlu, D'Palya in Goribidnur Taluk. Sanitary Staff has been deputed to Doddakurugodu for taking preventive measures.

Some cases of Typhoid in Chikballapur town and some villages of Kasaba Hobli, (Chickballapur) are reported.

TUMKUR.

8. Markets are fairly well supplied.

9. *Seeds sown.*—Ragi, jola and groundnut in Madhugiri Taluk, avare, and ragi in Gubbi Taluk, ragi, jola, avare, togari, til and castor seeds in Tiptur Taluk, ragi, haraka, navane, groundnut and cotton in Pavagada Taluk.

Standing crops.—Transplanted ragi, sugarcane and greengram in Tumkur Taluk; sugarcane and well-irrigated ragi in Madhugiri Taluk; Yada-ragi in some parts of Sira Taluk; groundnut and til in Tiptur Taluk; sugarcane, paddy, jola, ragi and avare in Kunigal Taluk; ragi under well-irrigation in Koratagere Taluk; paddy, Gidda-ragi, jola and sugarcane in Turuvekere Taluk are reported to be fairly in good condition.

Crops harvested.—Yada-ragi in some parts of Hulikunte Hobli in Sira Taluk; paddy under Gubbi Amanikere Tank, Gidda-ragi in some parts of Pavagada Taluk; Gidda-ragi and jola in Turuvekere Taluk.

10. Not good. There has been rains all over the District for the last three days. But is reported to be late for sowing main food crops.

11. Cattle are reported to be generally healthy throughout the district except for the prevalence of Anthrax in Katharighatta in Kunigal Taluk. The local Veterinary Inspector is requested to take immediate preventive measures. Water and fodder are available except in Sira, Madhugiri, Gubbi and Pavagada Taluks in parts of Chiknaikanhalli and Koratagere Taluks where fodder difficulty is felt. Fodder supplied from outside is being distributed to those parts. Cooly classes are provided with labour under distress relief works.

MYSORE.

8. Normally well supplied.

9. *Seeds sown.*—Nil.

Standing crops.—Mysore—Ragi, jola, tur and other millets. Chamarajanagar—Jola, thogari and til; Hunsur—Ragi and jola. Krishnarajanagar—Ragi, jola and paddy. Heggaddevankote—Ragi, jola avare and paddy. Gundlupet—Jola, castor and til; Nanjangud—Paddy, ragi, jola, groundnut and til; T.-Narsipur—jola, Periyapatna—Ragi, jola, avare, are reported to be in good condition.

Crops harvested.—Nil.

10. (1) Generally good (2) Nil. (3) Nil. (4) None under relief. (5) Sufficient quantities of foodgrains are available in all parts of the district.

11. Water and fodder are available for cattle and they are reported to be generally healthy in all parts of the district.

MANDYA.

8. Well supplied.

9. *Standing crops.*—Jola crop in all the taluks except in parts of Maddur, Malavalli, Mandya and French-Rocks Taluks is attacked by some kind of bugs which has considerably reduced the yield. Irrigated ragi is in good condition. Ragi crop in parts of Malavalli and Nagamangala Taluks are reported to be in good condition. Sugarcane is also in good condition. Sowing ragi in dry fields is held up for want of rains.

Seeds sown.—Paddy transplantation is going on under river channels and canals. Ragi is being sown in some parts of Malavalli and Krishnarajapet Taluks.

10. *Crops harvested.*—Irrigated ragi and jola are being harvested. The prospects of the season are fair. Sufficient quantities of foodgrains were available. No relief work was started as there was no necessity for the same. Immediate rains are wanted both for the standing crops and for sowing ragi, etc. There is signs of goodrain in the near future.

11. Public health is reported to be generally good except for small pox at Neralakere Village, Seringapatam Taluk and at Chowdasamudra Village, Krishnarajpet Taluk and cholera at Jainahalli Village, Akkihebbal Hobli, Krishnarajpet Taluk. Precautionary measures have been taken to arrest the spread of the disease.

Cattle are reported to be generally healthy.

Fodder and water were available in sufficient quantities.

HASSAN.

8. Well supplied. Rice and ragi are being distributed from Government, Municipal, Co-operative and Village Panchayet Depots.

Crops sown.—Paddy is being transplanted in Manjarabad Channarayapatna and Alur Taluks; Doddaragi in Hole-Narsipur, Arsikere Taluks; Horsegram in Arkalgud Taluk, and Chillies and Huchellu in Hole-Narsipur Taluk were sown.

9. *Standing crops.*—Sugarcane in Channarayapatna, Belur and Alur Taluks; ragi in Hassan, Arkalgud, Belur, Hole-Narsipur and Alur Taluks; paddy in Belur, Arkalgud, Hole-Narsipur and Alur Taluks; Doddaragi in Channarayapatna Taluk; jolam and til in Arsikere and Hole-Narsipur, Belur, Channarayapatna and Hassan Taluks; tadaguni, greengram, chillies and groundnut in Arsikere Taluk; togari and coriander in Hole-Narsipur Taluk are reported to be in good condition.

It is reported that ragi crop has not come up well in some villages of Kundur and Kasaba Hoblis in Alur Taluk, owing to heavy rains.

Crops harvested.—Nil.

10. Prospects of the season are generally good.

11. Water and fodder are generally available for cattle. Cattle are reported to be generally healthy except for the prevalence of "*Hamorhagic Septicamia*" in Manjarabad Taluk It is reported that remedial measures are being taken by the Veterinary Department to check the spread of the disease.

SHIMOGA.

8. Markets are fairly supplied.

9 *Seeds sown.*—Nil.

Standing crops.—Paddy and Sugarcane in all Taluks, ragi jola, togari, avare, gingelly and groundnut in Chanagiri Taluk, ragi in Shikarpur Taluk are reported to be in good condition. Areca crop is reported to be affected with Koleroga in Sagar Taluk.

Crops harvested.—Nil.

10. Prospects of the season are reported to be fair in all taluks. Cooly classes find sufficient labour. Foodgrains are available throughout the District.

11. Cattle are reported to be generally healthy all over the district. Fodder and water are available in all Taluks.

KADUR.

8. Markets well supplied.

9. *Crops sown.*—Dodda-ragi in parts of Chikmagalu Taluk; Paddy, ragi, coriander in parts of Kadur Taluk ar

being sown. Transplantation of paddy is going on in the remaining taluks except in Tarikere Taluk.

Standing crops.—Paddy, ragi, sugarcane and jola in Chickmagalur Taluk; jola, togari, greengram, blackgram, til and castor in Kadur Taluk, Paddy and ragi in Tarikere Taluk are the standing crops.

Crops harvested.—Nil.

Public Health.—Public health is generally good in the district except for the prevalence of Small-pox in some villages of Kadur Taluk and Plague in Chickmagalur Town.

Preventive measures to check the spread of the diseases are being taken.

Labour is available and the conditions of the labour classes are satisfactory.

10. The seasonal conditions are unsatisfactory in parts of Kadur Taluk, Singatagere and Yegati Hoblis.

11. Cattle are reported to be generally healthy in the District except for the prevalence of Foot and Mouth Disease in Banakal Village of Mudigere Taluk. Preventive measures are taken to check the spread of the disease.

Fodder and water are available except that some scarcity for fodder is being felt in Singatagere Hobli of Kadur Taluk.

CHITALDRUG.

8. The controlled commodities including foodgrains are not supplied to the markets. The other articles are reported to be fairly well supplied.

9. *Sowing.*—Save, sajje, navane, and kulthi in Holalkere and Chollakere Taluks and ragi in some parts of Hosadurga Taluk are reported to be in progress.

Standing Crops.—Ragi, jola in all the Taluks, navane, save, sajje and oil seeds in Chellakere Taluk; paddy, and groundnuts. in Holalkere Taluk, are reported to be in good condition.

Harvest.—Giddaragi in Challakere and paddy in Hiriyur Taluk are reported to be harvested.

10. Relief works have been started and are in progress in almost all the taluks.

Separate special fortnightly report is being sent to Government and to the Revenue Commissioner.

11. Cattle are reported to be generally healthy throughout the district Water is available in all parts of the district Most of the State Forests and some of the Amrit Mahal Kaval lands have been thrown open for free grazing. The raiyats are permitted to cut and remove Date leaves for being used as fodder. The recent rains have very much improved fodder situation.

DISTRICT REPORTS

8. Market how supplied

9 Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities

10 Prospects of the season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc

BANGALORE

8 Generally well supplied

Sowing of horsegram and transplanting of paddy is reported to be in progress in Hoskote and Channapatna Taluks

9 *Standing Crops* —Sugarcane ragi paddy and avare etc are reported to be in good condition in all the taluks

10 There has been sufficient rainfall so far in all the Taluks and the prospects of the future crops are good. On account of bad seasonal conditions last year crops were badly affected in parts of Nelamangala, Devanahalli and Anekal Taluks Arrangements have been made to supply food stuffs to the needy people The District has now nearly four weeks supply in the depots

Cooly classes find sufficient labour

11 Cattle are reported to be generally healthy Water and fodder are available

KOLAR

8 Supplied through Government Depots

Weed clearing in the fields is being attended.

Seeds sown —Ragi, avare jola and thogari in some parts of the district

Crops harvested —Nil

Standing crops - Ragi avare thogari, groundnut sugar cane karthikapaddy and potatoes are reported to be in good condition

10 Good

11 Cattle are reported to be generally healthy except for blackquarter at Mujar Agrahara Rajendrahalli in Mulbagal Taluk and Kakichokkandahalli in Siddaghatta Taluk

Public health —Public health is generally good except for Small pox in some villages of Kasaba Hobli and in Namagondlu village in D Pura Hobli in Gowribidnur Taluk and in Thimarayathanahalli in Mulbagal Taluk Plague is prevalent in Avani village in Mulbagal Taluk Some cases of Typhoid in Chickballapur Town are reported

Cooly classes find sufficient labour

Fodder and water are available

TUMKUR

8 Fairly well supplied

9 *Seeds sown* —Ragi and avare in Gubbi Taluk ragi, jola avare togari navane and castor seeds in Tiptur Taluk

Standing crops —Ragi, sugarcane groundnut and horsegram in Tumkur Taluk ragi, jola, groundnut avare and sugarcane in Madhugiri Taluk Jola in Chikmaikanhalli Taluk Yadoragi in some parts of Sira Taluk ragi jola, groundnut and til in Tiptur Taluk Ragi sugarcane, paddy, jola, and avare in Kunigal Taluk Paddy, sugarcane gidda-ragi, ar l jola in Turuvekere Taluk are reported to be in good condition

Crops harvested —Yado-ragi in some parts of Sira Taluk, Gidda ragi in some parts of Pavagada Taluk

10 Not good There have been good rains all over the district during the week

11 Cattle are reported to be generally healthy throughout the district except for the prevalence of 'Anthrax in Kathrighatta Village, Kunigal Taluk and Black quarter in Ankalakoppa Village, Gubbi Taluk The local Veterinary Inspectors have been requested to take immediate preventive measures

Water and fodder are available except in Madhugiri, Chickmaikanhalli, Sira, Gubbi and Pavagada Taluks where fodder scarcity is keenly felt *Fodder obtained from outside* is being distributed to these parts Recent rains are expected to ease the situation Labour classes have been provided with labour under distress relief works

MYSORE

8 Well supplied

Seeds sown —Chamarajanagar—Ragi and avare T Narsipur—Ragi and Periyapatna—Horsegram

Standing crops —Mysore—Ragi jola tur and other millets Chamarajanagar—Jola, thogari and til Hunsur—Ragi Krishnarajanagar—Ragi, jola and paddy Gundlupet—Jola, castor and til. Nanjangud—Paddy, ragi, jola, groundnut and til. Heggaddevankote—Paddy, ragi, jola and avare T.-Narsipur—Jola Periyapatna—Ragi, jola and avare, are reported to be in good condition

9. It is reported by the Amildar, Nanjangud Taluk, that standing crop jola has been attacked by disease

Crops harvested —Jola in T.-Narsipur and til in Heggadevanakote Taluks are being harvested.

10 (1) Generally good (2) Sufficient (3) Nil (4) Not under relief (5) Sufficient quantities of foodgrains are available in all the parts of this district

11. Water and fodder are available for cattle and they are reported to be generally healthy in all parts of the district.

MANDYA.

8. Fairly well supplied.

9 *Standing crops* —Ragi in parts of Malavalli Maddur and Nagamangala Taluks are reported to be in good condition Sugarcane is also in good condition

Seeds sown —Paddy transplantation is going on under river channels and canals Ragi is being sown in parts of Krishnarajpet Mandya, French Rocks, Nagamangala Taluks

10. *Crops harvested.*—Irrigated ragi and jola are being harvested

10 The prospects of the season are fair Sufficient quantities of foodgrains were available. No relief works were started

11 Public health is reported to be generally good except for small pox at Neralakere Village in Seringapatam Taluk Action has been taken to check the spread of the disease

Cattle are reported to be generally healthy

Fodder and water were available in sufficient quantities

HASSAN

8 Well supplied Rice and ragi are being distributed from Government Municipal Co-operative and Village Panchayet Depots

Crops sown —Paddy in all the taluks except Arsikere and Doddaragi in Belur Taluk are being transplanted horse gram in Arkalgud and Hole Narsipur Taluks Doddaragi in Arsikere Taluk and avare in Arsikere and Hole Narsipur Taluks were sown

9 *Standing crops* -Sugarcane in Hassan Belur, Channarayapatna and Alur Taluks ragi in Hassan Arkalgud, Belur Hole-Narsipur and Alur Taluks paddy in Belur, Arkalgud Hole-Narsipur Hassan, Manjarabad and Alur Taluks Doddaragi in Belur and Channarayapatna Taluks Jolam in Arsikere Hole-Narsipur, Belur Channarayapatna and Hassan Taluks til and chillies in Arsikere and Hole-Narsipur Taluks, Tadgum groengram and groundnut in Arsikere Taluk and toga avare and coriander in Hole-Narsipur Taluk are reported to be in good condition It is reported that the standing paddy crop in parts of Yeslur Hobli and in Arsikere Janekere and Byakravalli Villages in Kasaba Hobli Manjarabad Taluk affected by 'Katte Roga in which connection the Agricultural Department has been addressed for remedial measures It also reported that ragi crop in a few villages of Kasaba and Kundur Hoblis has not come up well owing to heavy rains

Crops harvested —Nil

10 Prospects of the season are quite satisfactory and the outlook is very hopeful

11. Water and fodder are generally available for cattle Cattle are reported to be generally healthy except for the prevalence of *Haemorrhagic Septicaemia* in Manjarabad Taluk It is reported that remedial measures have been taken by the Veterinary Department to check the spread of the disease

SHIMOGA.

Markets are fairly well supplied

9 *Seeds sown* —Nil

Standing crops —Paddy and Sugarcane in all Taluks, ragi jola, avare togari gingelly and groundnut in Channagiri Taluk are reported to be in good condition Areca crop reported to be affected with Koleroga in Sagar Taluk

10 Prospects of the season are reported to be fair in all taluks Cooly classes find sufficient labour Foodgrains available in all taluks

11 Cattle are reported to be generally healthy all over the district Fodder and water are available throughout District

KADUR

8 Markets well supplied.

9 *Crops sown* —Transplantation of paddy is going on in parts of Chikmagalur, Mudigere and Koppa Taluks and Sringeri Sub-Taluk

Standing crops.—Paddy, ragi, sugarcane and jola in Chikmagalur Taluk; Paddy, ragi jola, togari, greengram, blackgram, til and castor in Kadur Taluk; Paddy and ragi in Tarikere Taluk are the standing crops.

Crops harvested.—Nil.

10. *Public Health.*—Public health is generally good in the district except for the prevalence of Small-pox in some villages of Kadur Taluk and Plague in Chickmagalur Town.

Preventive measures to check the spread of the diseases are being taken.

Labour is available and the condition of the labour classes are satisfactory.

The seasonal conditions are fair except in parts of Singatagere and Yegati Hoblis of Kadur Taluk.

11. Cattle are reported to be generally healthy in the District except for the prevalence of Foot and Mouth Disease in Banakal Village of Mudigere Taluk. Preventive measures are being taken to check the spread of the disease.

Fodder and water are available.

CHITALDRUG.

8. The controlled commodities including foodgrains are not supplied to the market. The other articles are reported to be fairly well supplied.

9. *Sowing.*—Save, sajje, navane and horsegram are reported to be in progress in Holalkere Taluk.

Standing Crops.—Jola ragi and navane, in all the Taluks, paddy in Challakere and Chitaldrug Taluk, save, sajje in Chellakere and Holalkere; tur, mung, horsegram, avare in Harihar Taluks are reported to be in good condition.

Harvest.—Ragi in Jagalur, giddaragi, mungar jola in Challakere; giddaragi in Molakalmuru Taluks are reported to be harvested.

10. Relief works have been started and are in progress in almost all the taluks.

Separate special fortnightly report is being sent to Government and to the Revenue Commissioner.

11 Cattle are reported to be healthy throughout the district Water is available in all parts of the district Most of the State Forests and some of the Amrit Mahal Kaval lands have been thrown open for free grazing The ratyats are permitted to cut and remove date leaves for being used as fodder. The recent rains have very much improved the fodder situation as green grass has come up everywhere.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,

Dated Bangalore 20th August 1946

1251

S. NARAYANA RAO,
Revenue Commissioner

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH,

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, 8TH AUGUST 1946

A total of 31 attacks with 24 deaths from Plague was returned from 9 villages in 7 taluks in 6 districts during the week, against 64 attacks with 23 deaths in the previous week Cities of Bangalore and Mysore reported nil attack with nil death and nil attack with 1 death respectively while Kolar Gold Field Area reported 1 attack with nil death. Comparative figures for the corresponding week in 1945 and 1944 were 198 attacks with 95 deaths and 153 attacks with 86 deaths respectively.

A total of 18 attacks with 5 deaths from Small-pox were reported from Chamarajanagar, Belur, Bowringpet, Chikballapur, Malur and Chinnagiri Taluks and Bangalore City and Kolar Gold Fields

The State remained free from Cholera, Influenza and Relapsing Fever.

The total mortality for Bangalore City for 6 days amounted to 98 (26 in hospitals) representing a calculated death-rate of 29'7 (15'2 excluding hospital deaths) per mille of population, as against 23'7 for the corresponding week of last year. Classified according to causes, the deaths numbered. 1 under Small-pox, 1 under Typhoid, 5 under Other Fevers, 7 under Phthisis, 20 under Dysentery and Diarrhœa and 64 under All Other Causes. The reported mortality was low.

During the week the Civil and Military Station, Bangalore, returned for 6 days 72 deaths (10 in hospitals) representing a calculated death-rate of 25'6 (22 1 excluding hospital deaths) per mille of population as against 31'4 for the corresponding week of last year. Classified according to causes, the deaths were. Broncho-Pneumonia , Pneumonia 1, Typhoid 1, Phthisis 1, Dysentery and Diarrhœa 26, and All Other Causes 44.

The total mortality for Mysore City was 50 (21 in hospitals) representing a calculated death-rate of 15'0 (6'7 excluding hospital deaths) per mille of population as against 16'9 for the corresponding week of last year Classified according to causes the deaths were Plague 1, Malaria 2, Phthisis 1, Dysentery and Diarrhœa 1, and All Other Causes 45 The reported mortality was very low.

There were 37 deaths (2 in hospitals) for 6 days from all causes in Kolar Gold Field Area equivalent to a calculated death-rate of 14'1 (13'4 excluding hospital deaths) per mille of population as against 23'6 for the corresponding week of

last year. Classified according to causes the deaths numbered: 1 under Small-pox, 1 under Malaria, 1 under Other Fevers, 2 under Phthisis, 1 under Dysentery and Diarrhœa, and 31 under All Other Causes. The reported mortality was very low.

1116

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, AUGUST 15, 1946.

A total of 31 attacks with 18 deaths from Plague was returned from 11 villages in 10 taluks in 6 districts during the week against 31 attacks with 24 deaths in the previous week. Cities of Bangalore and Mysore reported nil attack with nil death and 2 attacks with nil death respectively while Kolar Gold Field Area remained free from Plague. Comparative figures for the corresponding week in 1945 and 1944 were 159 attacks with 83 deaths and 252 attacks with 128 deaths respectively. The Civil and Military Station, Bangalore, reported 2 attacks with 4 deaths from plague.

A total of 22 attacks with 6 deaths from Small-pox was reported from Bangalore North, Belur, Chickballapur, Malur, Srinivasapur, Krishnarajapet, Chamarajanagar, Madhugiri and Turuvekere Taluks.

Four attacks with four deaths from Cholera were reported from one village in Krishnarajpet Taluk in Mandya District.

The State remained free from Influenza and Relapsing Fevers.

The total mortality for Bangalore City amounted to 110 (36 in hospitals) representing a calculated death-rate of 19·8 (13·3 excluding hospital deaths) per mille of population as against 21·6 for the corresponding week of last year. Classified according to causes the deaths numbered: 2 under Malaria, 1 under Typoid, 1 under Other Fevers, 9 under Phthisis, 21 under Dysentery and Diarrhœa and 76 under All Other Causes The reported mortality was low.

During the week the Civil and Military Station, Bangalore, returned 101 deaths (21 in hospitals) representing a calculated death-rate of 30·6 (24·3 excluding hospital deaths) per mille of population as against 36·6 for the corresponding week of last year. Classified according to causes the deaths were: Plague 4, Pneumonia 4, Phthisis 4, Dysentery and Diarrhœa 20 and All Other Causes 69.

The total mortality for Mysore City was 51 (38 in hospitals) representing a calculated death-rate of 15·3 (3·9 excluding hospital deaths) per mille of population as against 16·9 for the corresponding week of last year. Classified according to causes the deaths were: Malaria 2, Other Fevers 1, Dysentery and Diarrhœa 1 and All Other Causes 47. The reported mortality was very very low.

There were 30 deaths (5 in hospitals) from all causes in Kolar Gold Field Area equivalent to a calculated death-rate of 9·8 (8·1 excluding hospital deaths) per mille of population as against 11·1 for the corresponding week of last year. Classified according to causes the deaths numbered: 1 under Malaria, 3 under Other Fevers, 1 under Dysentery and Diarrhœa and 25 under All Other Causes. The reported mortality was very very low.

DISTRICT REPORTS

8 Market how supplied

9 Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities

10 Prospects of the season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks

11 Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc

BANGALORE

8. Generally well supplied.

Transplanting of paddy is reported to be in progress in Dodhallapur Taluk

9. *Standing Crops* —Sugarcane, paddy, ragi, and avare, etc., are reported to be in good condition in all the taluks

10. There has been sufficient rainfall in all the taluks and the prospects of future crops are good. On account of bad seasonal conditions last year, crops were badly affected in parts of Nelamangala, Anekal and Devanahalli Taluks. Arrangements have been made to supply food stuffs to the needy people. The district has now nearly four weeks' supply in the depots.

Cooly classes find sufficient labour

11. Cattle are reported to be generally healthy Water and fodder are reported to be available.

KOLAR

8 Supplied through Government Depots

Dry lands are being ploughed in some parts of Bowringpet taluk. Weed clearing in the fields is being attended.

Seeds sown —Horsegram is sown in some parts of the district.

Crops harvested —Nil.

Standing crops —Ragi, avare, thogari, groundnut, sugar cane, karthikapaddy, punaji, jola and potatoes are reported to be in good condition

10. Fairly good.

11. Cattle are reported to be generally healthy except for Nairdi disease at Kakichokkandahalli in Jangamakote Hobli, Sidlaghatta Taluk and blackquarter at Mejara Agrahara, Rajendrahalli and Vanigarahalli in Mulbagal Taluk and in Mudimadagu of Srinivaspur Taluk

Public health —Public health is generally good except for plague at avani Plague is prevailing in Yeldur and Hodali villages of Srinivaspur Taluk, and Small-pox at Thimmavathanahalli, Byadarahalli, Settikal and Pethandahalli villages in Mulbagal Taluk and Jodi Doddere in Kamasandra Hobli of Bowringpet Taluk and in some parts of Kasaba Hobli of Gowribidnur taluk and in Namagondlu village of D Palya Hobli of the same taluk

Fodder and water are available

Cooly classes find sufficient labour.

Relief works are also reported to be in progress

TUMKUR

8 Fairly well supplied.

9 *Seeds sown* —Ragi, jola, avare, togari, til and castor seeds in Tiptur Taluk.

Standing crops —Ragi, sugarcane, greengram, groundnut and horsegram in Tumkur Taluk, ragi, jowar, avare, groundnut and sugarcane in Madhugiri Taluk, Yade ragi in Sira Taluk, Paddy, ragi, avare and thogari in Gubbi Taluk, ragi jola, groundnut and til in Tiptur Taluk, Ragi, jola, avare, paddy and sugarcane in Kunigal Taluk, Paddy, sugarcane, jola and ragi in Turuvekere Taluk are reported to be fairly in good condition

Crops harvested.—Yade ragi in some parts of Gowdagere and Hulikunte Hoblis in Sira Taluk.

10 Not good The recent rains have however improved the situation

11 Cattle are reported to be generally healthy throughout the district except for the prevalence of Blackquarter at Ankalkoppe Village in Gubbi Taluk and at Chottanahalli Village in Kunigal Taluk. The local Veterinary Inspectors are reported to be taking necessary preventive measures

Water and fodder are available except in Sira Madhugiri, Gubbi and Pavagada Taluks and in some parts of Chiknaikanhalli, Tiptur and Koratagere Taluks where fodder scarcity is felt The recent rains are reported to have improved the fodder situation to some extent. Fodder is being imported from outside and distributed to the affected parts. Labour is made available through distress relief works undertaken by the Revenue and P.W D agency.

MYSORE.

Well supplied.

Seeds sown —Chamarajanagar—Ragi, avare, and paddy. Nanjangud—Horsegram and Bangalgram.

Standing crops.—Mysore—Ragi, jola, tur and other millets. Chamarajanagar—Jola, thogari and til. Hunsur—Ragi. Krishnarajanagar—Ragi, jola and paddy Nanjangud—Paddy, ragi, Jola, groundnut and til Gundlupet—Jola, castor and til. Heggaddevankote—Paddy, ragi avare and jola T.-Narsipur—Jola, Periyapatna—Ragi, jola and avare, are reported to be in good condition

9 It is reported by the Amildar, Nanjangud Taluk, that standing jola crop has been attacked by disease

Crops harvested —Jola in Chamarajanagar T.-Narsipur and Nanjangud Taluks, til and ragi in Heggaddevanakote Taluk and groundnut in Nanjangud Taluk are being harvested.

10 (1) Generally good, (2) Sufficient, (3) Nil (4) None under relief (5) Sufficient quantities of foodgrains are available in all the parts of this district

11 Water and fodder are available for cattle and they are reported to be generally healthy in all the parts of the district.

MANDYA.

8. Well supplied

9. *Standing crops* —Ragi and other dry crops are reported to be in good condition. Standing cane and paddy also are reported to be in good condition

Seeds sown.—Sowing of ragi is almost completed in all the taluks Sowing of horsegram is going on. Transplantation of paddy both under the Krishnarajasagara and river channels is nearing completion.

10. *Crops harvested.*—Irrigated ragi is being harvested.

10. The prospects of the season are fair. Sufficient quantities of foodgrains were available. No relief works were started.

11 Public health is reported to be generally good except for small pox at Neralakere Village in Seringapatam Taluk. Action has been taken to check the spread of the disease

Cattle are reported to be generally healthy.

Fodder and water were available in sufficient quantities.

HASSAN.

8. Well supplied. Rice and ragi are being distributed from Government, Municipal, Co-operative and Village Panchayet Depots.

Crops sown —Paddy in all the taluks except Arsikere has been transplanted. Horse-gram in Hole-Narsipur and Arsikere Taluks, ragi and avare in Arsikere Taluk have been sown

9. *Standing crops* —Sugarcane in Hassan, Belur and Alur Taluks, ragi in Hassan, Arkalgud, Belur and Hole-Narsipur Taluks paddy in Arkalgud, Belur, Channarayapatna, Hole Narasipur and Alur Taluks, Dodda ragi in Belur and Channarayapatna Taluks, Jolam in Arsikere, Hole-Narsipur, Belur Hassan and Channarayapatna Taluks, til and chillies in Arsikere and Hole-Narsipur Taluks, togari, avare, coriander and horsegram in Hole-Narsipur, Taluk and tadagani, greengram and groundnut in Arsikere Taluk are reported to be in good condition. It is reported that the standing paddy crop has been affected by some disease in parts of Yeslur and Kasaba Hoblies in Manjarabad Taluk in which connection the Agricultural Department has been addressed to take preventive action.

Crops harvested —Giddaragi in Belur and jolam in Channarayapatna Taluk are being reaped.

10 Prospects of the season are quite satisfactory and the outlook is very hopeful

11. Water and fodder are generally available for cattle. Cattle are reported to be generally healthy except for the prevalence of some kind of disease in Goragundi Village of Hallimysore Hobli and Makavalli village in Kasaba Hobli Hole Narasipur Taluk. The Veterinary Inspector is reported to have been addressed for taking remedial measures to check the spread of the disease

SHIMOGA.

8. Markets are fairly well supplied

Agricultural Operations.

9 *Seeds sown* —Nil

Standing crops.—Paddy and sugarcane in all Taluks, ragi jola, avare, togari, gingelly and groundnut in Channagiri Taluk are reported to be in good condition. Areca crop is reported to be affected with koleroga

10. Prospects of the season are reported to be fair in all taluks. Cooly classes find sufficient labour. Foodgrains are available in all taluks.

11. Cattle are reported to be generally healthy all over the district. Fodder and water are available throughout the district.

KADUR

8. Markets well supplied.

9. *Crops sown.*—Transplantation of paddy is going on in parts of Chikmagalur, Mudigere Taluks and in Narasimharajapura Sub-Taluk.

Standing crops.—Paddy, ragi, sugarcane and jola in Chikmagalur Taluk; Paddy, ragi, jola, togari, groengram, blackgram, til and castor in Kadur Taluk; Paddy and ragi in Tarikere Taluk are the standing crops.

Crops harvested.—Nil.

10. *Public Health.*—Public health is generally good in the district, except for the prevalence of Small-pox in some villages of Kadur Taluk and Plague in Chickmagalur Town

Preventive measures to check the spread of diseases are being taken.

Labour is available and the conditions of the labour classes are satisfactory.

The seasonal conditions are fair. The paddy crop in Koppa Taluk and in Sringeri Sub-Taluk is reported to have been damaged on account of heavy rains. Ragi crop in Chikmagalur Taluk is also damaged on account of heavy rains.

11. Cattle are reported to be generally healthy in the district, except for the prevalence of Foot and Mouth Disease in Banakal Village of Mudigere Taluk. Preventive measures are being taken to check the spread of the disease.

Fodder and water are available.

CHITALDRUG.

8. The controlled commodities including foodgrains are not supplied to the markets. The other articles are reported to be well supplied.

9. *Sowing.*—Navane, save, sajje, horsegram, paddy under irrigation wells and nalas in Chellakere Taluk. Ragi, navane and other millets in Hosadurga Taluk are reported to be in progress.

Standing Crops.—Jola, ragi, navane in all the Taluks, paddy in Challakere and Chitaldrug Taluks; save, gram and oil seeds in Chellakere Taluk, groundnut in Hosadurga Taluk are reported to be in good condition.

Harvest.—Gidda ragi, mungari jola in Challakere Taluk, Giddaragi in Molakalmuru and paddy in Holalkere and Hiriyur Taluks are reported to be harvested.

10. Relief works have been started and are in progress in almost all the taluks.

Separate special fortnightly report is being sent to Government and to the Revenue Commissioner.

11. Cattle are reported to be healthy in all parts of the district. Water is available throughout the district. Most of the State Forests and some of the Amrit Mahal Kaval lands have been thrown open for free grazing. The raiyats are permitted to cut and remove date leaves for being used as fodder. The recent rains have very much improved the fodder situation as green grass has come up everywhere.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, 22ND AUGUST 1946.

A total of 42 attacks with 25 deaths from Plague was returned from 11 villages in 11 taluks in 7 districts during the week, against 31 attacks with 18 deaths in the previous week. Cities of Bangalore and Mysore reported nil attack with nil death and one attack with nil death respectively while Kolar Gold Field Area remained free from Plague. Comparative figures for the corresponding week in 1945 and 1944 were 285 attacks with 133 deaths and 130 attacks with 83 deaths respectively. C. and M. Station, Bangalore, reported 1 attack with 1 death from plague.

A total of 28 attacks with 1 death from Small-pox were reported from Kankanhalli, Malur, Krishnarajapet, Chamarajanagar, T.-Narasipur and Gubbi Taluks.

5 attacks with 3 deaths from Cholera were reported from one village in Chicknayakanhalli taluk.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore City, amounted to 105 (29 in hospitals) representing a calculated death-rate of 19·1 (13·9 excluding hospital deaths) per mille of population, as against 21·8 for the corresponding week of last year. Classified according to causes, the deaths numbered: 1 under Typhoid, 4 under Other Fevers, 7 under Phthisis, 13 under Dysentery and Diarrhœa and 81 under All Other Causes. The reported mortality was low.

During the week the Civil and Military Station, Bangalore, returned 81 deaths (13 in hospitals) representing a calculated death-rate of 24·6 (20·6 excluding hospital deaths) per mille of population as against 33·9 for the corresponding week of last year. Classified according to causes, the deaths were: Malaria 2, Broncho-Pneumonia 14, Pneumonia 2, Plague 1, Typhoid 1, Phthisis 3, Dysentery and Diarrhœa 17, and All Other Causes 41.

The total mortality for Mysore City was 36 (16 in hospitals) representing a calculated death-rate of 10·8 (6·0 excluding hospital deaths) per mille of population as against 16·3 for the corresponding week of last year. Classified according to causes the deaths were: Malaria 1, Typhoid 1, Other Fevers 3, Dysentery and Diarrhœa 1, and All Other Causes 30. The reported mortality was very very low.

There were 28 deaths (6 in hospitals) from all causes in Kolar Gold Field Area equivalent to a calculated death-rate of 10·7 (6·4 excluding hospital deaths) per mille of population as against 18·3 for the corresponding week of last year. Classified according to causes the deaths numbered: 2 under Malaria, 1 under Typhoid, 1 under Other Fevers, 1 under Phthisis, 1 under Dysentery and Diarrhœa, and 22 under All Other Causes. The reported mortality was very very low.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of the season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE.

8. Generally well supplied.

Transplanting of paddy and sowing of horsegram is reported to be in progress in Dodballapur and Channapatna Taluks, respectively.

9. *Standing Crops.*—Sugarcane, paddy, ragi, avare, etc., are reported to be in good condition. It is reported that rain is urgently wanted for the standing crops in Nelamangala Taluk.

10. There has been sufficient rainfall and the prospects of the future crops are good. On account of bad seasonal conditions last year, crops were badly affected in parts of Nelamangala, Anekal and Devanahalli Taluks. Arrangements have been made to supply food stuffs to the needy people from Government Depots.

Cooly classes find sufficient labour.

11. Cattle are reported to be generally healthy. Water and fodder are reported to be available.

KOLAR.

8. Moderately supplied through Government Depots.

9. Weed clearing operations are reported to be in progress in some parts of the district.

Seeds sown.—Nil.

Crops harvested.—Nil.

Standing crops.—Ragi, avare, thogari, same, sajje, haraka, navane, jola, groundnut, potatoes and sugarcane.

10. Rains are urgently required for standing crops in all the taluks.

Conditions of Agricultural Stock—Cattle are generally healthy except for blackquarter at Majara Agrahara, Rajendrahalli and Vaniganahalli Villages in Mulbagal Taluk and Maddavarakapalli in Bagepalli Taluk. Anthrx at Dibbur, Soppahalli, and Katharigunpa in Chikballapur Taluk are reported.

11. *Public health*:—Public health is generally good except for plague at Avani in Mulbagal Taluk and small pox at Thimaravathanahalli, Byadarahalli, Settikal, Pethandahalli Villages in Mulbagal Taluk, and in some parts of the Goribidnur Kasaba Hobli and Namagondla in D.Palya Hobli.

Cooly classes find sufficient labour. Fodder and water are available.

TUMKUR.

8. Markets are fairly well supplied.

9. *Seeds sown.*—Ragi in Tiptur Taluk.

Standing crops.—Ragi, sugarcane, greengram, groundnut and horsegram in Tumkur Taluk; ragi and jola in Chiknaikanahalli Taluk; Yada-ragi and Dodragi in parts of Hulikunte hobli of Sira Taluk; ragi, jola, avare, thogari, groundnut and hutchellu in Tiptur Taluk; ragi, jola, paddy, sugarcane and avare in Kunigal Taluk; ragi and jola in Koratagere Taluk; paddy, sugarcane, jola and ragi in Turuvekere Taluk.

Crops harvested.—Gidda-ragi in some parts of Pavagada Taluk; paddy in Kadaba and Kasaba Heblis of Gubbi Taluk; Yada-ragi in some parts of Hulikunte and Gowdagere Heblis of Sira Taluk.

10. Fair. But the standing crops and seeds sown are in urgent need of rains.

11. Cattle are reported to be generally healthy throughout the district except for the prevalence of 'Blackquarter' in Katigenahalli Village in Sira Taluk and Chottanahalli of Kunigal Taluk. The local Veterinary Inspector been requested to take immediate preventive measures.

Public health is generally good. It is reported that there is prevalence of plague at Gowripur in Gubbi Taluk, Tiptur town, in certain villages of Honnavalli Hobli, in Chiggave and Sugur villages of Tiptur Taluk. The local Medical Officers are requested to take necessary action to check the spread of the disease. Water and fodder are available except in Sira, Gubbi, Pavagada and Koratagere Taluks where fodder scarcity is felt. Standing crops are in need of rains. Fodder is being imported from outside and distributed to the affected parts. Labour is made available through distress relief works undertaken by the Revenue and P.W.D. agency.

MYSORE.

8. Well supplied.

9. *Seeds sown.*—Chamarajanagar—Ragi, avare, paddy. Nanjangud—Horsegram and Bengalgram.

Standing crops.—Mysore—Ragi, tur and other millets; Chamarajanagar—Thogari and til; Hunsur—Ragi; Krishnarajanagar—Ragi, jola and paddy, Heggaddevankote—Jola, castor and til; Nanjangud—Paddy, ragi, jola, groundnut and til; T.-Narsipur—Jola; Periyapatna—Ragi, jola and avare; are reported to be in good condition.

It is reported by the Amildar, Nanjangud Taluk, that standing jola crop has been attacked by disease known as "Chandramari".

Crops harvested.—Jola in Chamarajanagar, T.-Narsipur, Mysore and Nanjangud Taluks, til and ragi in Heggaddevanakote and Nanjangud Taluks and groundnut in Nanjangud Taluk.

10. (1) Generally good, (2) Sufficient, (3) Nil. (4) None under relief. (5) Sufficient quantities of foodgrains are available in all the parts of this district.

11. Water and fodder are available for cattle and the cattle are reported to be generally healthy in all the parts of this district.

MANDYA.

8. Well supplied.

9. *Standing crops.*—Ragi and other dry crops are reported to be in good condition. Paddy and sugarcane are also reported to be in good condition.

Seeds sown.—Sowing of ragi is almost completed. Sowing of horsegram is going on. Transplantation of paddy both under the Krishnarajasagar and the river channels is nearing completion. Transplantation of paddy in the atchkat lands under the tanks is going on. Immediate rains are wanted both for the standing crops and for sowing horsegram.

10. *Crops harvested.*—Irrigated ragi is being harvested. The prospects of the season are fair. Sufficient quantities of foodgrains were available. No relief works were started.

11. Public health is reported to be generally good except for small-pox at Neralakere Village in Seringapatam Taluk, at Honnenalli and Akkihebbal Villages in Krishnarajpet Taluk and plague at Singanahalli, Jainahalli and Alambadi Kaval Villages in Krishnarajpet Taluk. Action has been taken to check the spread of the diseases.

Cattle are reported to be generally healthy.

Fodder and water were available in sufficient quantities.

HASSAN.

8. Well supplied. Rice and ragi are being distributed from Government, Municipal, Co-operative and Village Panchayet Depots.

Crops sown.—Ragi, avare and horsegram have been sown in Arsikere Taluk.

9. *Standing crops.*—Sugarcane in Hassan, Belur, Alur and Chennarayapatna Taluks; ragi in Hassan, Belur, Arkalgud and Hole-Narsipur Taluks; paddy in Arkalgud, Belur, Channarayapatna, Hole-Narsipur and Alur Taluks; Doddi ragi in Belur and Channarayapatna Taluks; Jolam in Belur Hassan, Arsikere, Channarayapatna and Hole-Narsipur Taluks; til and chillies in Arsikere and Hole-Narsipur Taluks tadaguni, greengram and groundnut in Arsikere Taluk; and horsegram, avare, togari and coriander in Arsikere Taluk are reported to be in good condition.

Crops harvested.—Ragi in Belur, Hassan, Arkalgud and Alur Taluks and groundnut in Hole-Narsipur Taluk are being reaped.

10. Prospects of the season are quite satisfactory.

11. Water and fodder are available for cattle.

Cattle are reported to be generally healthy except for the prevalence of "*Haemorrhagic Septicamia*" in Sarvamanya Haragodnahalli Village in Hole-Narsipur Taluk. The Veterinary Inspector is reported to have been addressed for taking remedial measures to check the spread of the disease.

SHIMOGA.

8. Markets are fairly well supplied.

Agricultural Operations.

9. *Seeds sown.*—Horsegram in Shikaripur Taluk and ragi and horsegram in Kumsi Sub-Taluk, are being sown.

Standing crops.—Paddy and sugarcane in all Taluks; ragi, jola, navane, togari, and gingelly in Channagiri Taluk, ragi, jola, groundnut, navane, blackgram and til in Honnali Taluk; ragi and jola in Shikaripur Taluk are reported to be in good condition. Areca crop is reported to be affected with koleroga in Sagar Taluk.

Crops harvested.—Greengram, save, alasande and coriander are being reaped in Honnali Taluk.

10. Prospects of the season are reported to be fair in all taluks. Cooly classes find sufficient labour. Foodgrains are available in all parts of the district.

11. Cattle are reported to be generally healthy all over the district. Fodder and water are available in all taluks.

KADUR.

8. Markets well supplied.

9. *Crops sown.*—Transplantation of paddy is going on in parts of Chikmagalur, Mudigere Taluks and in Narasimharajapura Sub-Taluk.

Standing crops.—Paddy, ragi, sugarcane and jola in Chikmagalur Taluk; paddy, ragi, jola, togari, greengram, blackgram, til and castor in Kadur Taluk; paddy, ragi and jola in Tarikere Taluk are the standing crops.

Crops harvested.—Ragi is being harvested in parts of Chickmagalur Taluk.

10. *Public Health.*—Public health is generally good in the district, except for the prevalence of Plague in Chickmagalur Town.

Preventive measures to check the spread of disease are being taken.

Labour is available and the conditions of the labour classes are satisfactory.

The seasonal conditions are fair. Paddy crop in Koppa Taluk and Sringeri Sub-Taluk and ragi crop in Chikmagalur Taluk are reported to have been damaged by excessive rains.

11. Cattle are reported to be generally healthy in the district, except for the prevalence of Foot and Mouth Disease in Banakal Village of Mudigere Taluk. Preventive measures are being taken to check the spread of the disease.

Fodder and water are available.

CHITALDRUG.

8. Markets are fairly well supplied.

9. *Sowing.*—Paddy under irrigation wells and nalas in Chellakere Taluk, save, oilseeds in Holalkere and Hosadurga Taluks are reported to be in progress.

Standing Crops.—Jola, ragi and navane in all the Taluks; paddy in Chitaldrug, Challakere and Holalkere Taluks; save, sajje, oilseeds in Chellakere Taluk, tur, horsegram, avare, cotton, groundnut in Hosadurga Taluk are reported to be in good condition. Immediate rains are required for the standing crops.

Harvest.—Gidda ragi and mungari jola in some villages of Challakere and Hiriyur Taluks are reported to be harvested.

10. Relief works have been started and are in progress in almost all the taluks.

Separate special fortnightly report is being sent to Government and to the Revenue Commissioner.

11. Cattle are reported to be healthy in the district.

Water and fodder are available in the district. The recent rains have very much improved the fodder situation as green grass has come up everywhere.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,

Dated Bangalore, 3rd September 1946.

S. NARAYANA RAO,
Revenue Commissioner.

1554

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, AUGUST 29, 1946.

A total of 28 attacks with 16 deaths from Plague was returned from 8 villages in 6 taluks in 4 districts during the week against 42 attacks with 25 deaths in the previous week. Cities of Bangalore and Mysore reported nil attack with nil death and 2 attacks with nil death respectively, while Kolar Gold Field Area was free from Plague. Comparative figures for the corresponding week in 1945 and 1944 were 324 attacks with 135 deaths and 200 attacks with 108 deaths respectively.

A total of 13 attacks with 4 deaths from Small-pox were reported from Anekal, Belur, Malur, Krishnarajpet, Hunsur, T.-Narasipur, Chickmagalur and Gubbi Taluks.

The State remained free from Cholera, Influenza and Relapsing Fever.

The total mortality for Bangalore City amounted to 108 (29 in hospitals) representing a calculated death-rate of 19·4 (14·2 excluding hospital deaths) per mille of population as against 30·9 for the corresponding week of last year. Classified according to causes the deaths numbered : 2 under Malaria, 1 under Typhoid, 2 under Other Fevers, 3 under Phthisis, 24 under Dysentery and Diarrhœa and 76 under All Other Causes. The reported mortality was low.

During the week the Civil and Military Station, Bangalore, returned 86 deaths (14 in hospitals) representing a calculated death-rate of 26·1 (21·8 excluding hospital deaths) per mille of population as against 36·0 for the corresponding week of last year. Classified according to causes the deaths were: Broncho-Pneumonia 2, Pneumonia 8, Phthisis 1, Dysentery and Diarrhœa 13 and All Other Causes 62.

The total mortality for Mysore City for 4 days was 33 (20 in hospitals) representing a calculated death-rate of 17·3 (6·8 excluding hospital deaths) per mille of population as against

15·7 for the corresponding week of last year. Classified according to causes the deaths were: Malaria 1, Other Fevers 3, Phthisis 2, Dysentery and Diarrhœa 3 and All Other Causes 24. The reported mortality was very very low.

There were 35 deaths (6 in hospitals) from all causes in Kolar Gold Field Area equivalent to a calculated death-rate of 11·4 (9·4 excluding hospital deaths) per mille of population as against 28·6 for the corresponding week of last year. Classified according to causes the deaths numbered: 2 under Other Fevers, 1 under Phthisis, 6 under Dysentery and Diarrhœa and 26 under All Other Causes. The reported mortality was very very low.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of the season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks;

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE.

8. Generally well supplied.

9. Transplanting of paddy is reported to be in progress in Dodballapur Taluk.

Standing Crops.—Ragi, paddy, sugarcane, avare, etc., are reported to be in good condition.

10. There has been sufficient rainfall and the prospects of the future crops are good. On account of adverse seasonal conditions last year, crops were badly affected in parts of Nelamangala, Devanhalli and Anekal Taluks. Arrangements have been made for the supply of food stuffs to the needy people from Government Depots.

Cooly classes find sufficient labour.

11. Cattle are reported to be generally healthy. Water and fodder are reported to be available.

KOLAR.

8. Moderately supplied through Government Depots.

9. Ground is being prepared for sowing horsegram. Weed clearing is being attended in the fields.

Seeds sown.—Horsegram is sown in a few places.

Crops harvested.—Potatoes.

Standing crops.—Ragi, jola, sajje, same, avare, baragu, groundnut, sugarcane, punaji paddy and potatoes are reported to be in good condition.

10. There were good showers of rain in all the taluks of this District Tanks in some Taluks have received their full supply. Tanks in general have received some stock of water.

11. Cattle are reported to be healthy except for "Black quarter" at Majara Agrahara, Rajendrahalli and Vaniganahalli Villages in Mulbagal Taluk and Pitchalavarapalli in Bagepalli Taluk.

Anthrax is prevalent in Dibburahalli, Soppahalli and Kathariguppe Villages in Chikballapur Taluk.

Public health is generally good except for plague at Avani, Yaladur, Srinivasapur Taluks and smallpox at Byadarahalli, Settikal and Pothandahalli Villages in Mulbagal Taluk, and in Doddakuragod Village in Goribidnur Taluk.

Fodder and water are available. Cooly classes find sufficient labour.

TUMKUR.

8. Markets are fairly well supplied.

9. *Seeds sown.*—Paddy and horsegram in Pavagada Taluk.

Standing crops.—Ragi, sugarcane, greengram, groundnut, horsegram in Tumkur Taluk, ragi, jola, avare, groundnut in Madhugiri Taluk, ragi and jola in Chiknaikanahalli Taluk; ragi and jola in some parts of Gowdagere and Huliyurdurga hoblis of Sira Taluk; ragi, avare, thogari, horsegram, sugarcane, groundnut and paddy in Gubbi Taluk; ragi, jola, paddy, sugarcane in Kunigal Taluk, ragi, jola, paddy, in Koratagere Taluk; paddy sugarcane, jola, ragi avare, in Turuvekere Taluk.

Crops harvested.—Paddy and jola in Gubbi Taluk, Yada-ragi in Sira Taluk, Gidda ragi in some parts of Pavagada Taluk.

10. There have been good rains all over the district. The recent rains have improved the condition of the standing crops.

11. Cattle are reported to be generally healthy throughout the district except for the prevalence of 'Blackquarter' in Gopikunte Village of Sira Taluk. The local veterinary doctor has been requested to take necessary action to check the spread of the disease. Public health is generally good but it is reported that there is outbreak of plague at Kadagathur of Madhugiri Taluk and Viswanathapura of Turuvekere Taluk. The local Medical Officer has been requested to take necessary action to check the spread of the epidemic.

Water and fodder are available except in Pavagada and Sira, where fodder scarcity is still felt. Fodder is being imported from outside and distributed to the affected parts. Labour is made available through distress relief works undertaken in the Revenue Department and P.W. D. agency.

MYSORE.

8. Well supplied.

9. *Seeds sown.*—Chamarajanagar—paddy, ragi and avare, Nanjangud—Horsegram and Bengalgram.

Standing crops.—Mysore—Ragi, tur and other millets; Chamarajanagar—Thogari and til; Hunsur—Ragi; Krishnarajanagar—Paddy, ragi and jola; Hoggaddevankote—Jola, castor and til; Nanjangud—Paddy, ragi, jola, groundnut and til; T.-Narsipur—Jola and ragi; Periyapatna—Ragi, jola and avare are reported to be in good condition.

Crops harvested.—Jola in Chamarajanagar, T.-Narsipur, Mysore and Nanjangud Taluks; til and ragi in Heggaddevanakote and Nanjangud and groundnut in Nanjangud Taluk were harvested.

10. (1) Generally good, (2) Sufficient, (3) Nil, (4) None under relief. (5) Sufficient quantities of foodgrains are available in all the parts of this district.

11. Water and fodder are available for cattle and the cattle are reported to be generally healthy in all the parts of this district.

MANDYA.

8. Well supplied.

9. *Standing crops.*—Ragi and other dry crops are reported to be in good condition. Paddy and sugarcane are also reported to be in good condition.

Seeds sown.—Sowing of ragi is almost completed. Sowing of horsegram is going on. Transplantation of paddy both under the Krishnarajasagar and the river channels is nearing completion. Transplantation of paddy in the atchkat lands under the tanks is going on.

Sugarcane is being harvested in Mandya, Maddur and French-Rocks Taluks.

The prospects of the season are fair. Sufficient quantities of foodgrains were available. No relief works were started.

11. Public health is reported to be in good condition except for cholera at Chennenahalli Village, plague at Gowdahalli and small-pox at Noralakere Village in Seringapatam Taluk. Necessary action has been taken to check the spread of the diseases.

Fodder and water were available in sufficient quantities.

Cattle are reported to be generally healthy.

HASSAN.

8. Well supplied. Rice and ragi are being distributed from Government, Co-operative and Village Panchayet Depots.

9. *Crops sown.*—Ragi has been transplanted in some parts of Arsikere Taluk and avare, save, navane and horsegram have been sown in the said taluk.

Standing crops.—Sugarcane in Hassan, Belur, Channarayapatna and Alur Taluks, giddaragi in Hassan, Arkalgud, Belur and Hole-Narsipur Taluks, paddy in Manjarabad, Arkalgud, Belur, Channarayapatna, Hole-Narsipur and Alur Taluks, Doddaragi in Belur and Channarayapatna and Hassan Taluks; jolam in Belur, Arsikere and Hole-Narsipur Taluks; til and chillies in Arsikere and Hole-Narsipur Taluks; tadaguni, greengram and groundnut in Arsikere Taluk and togari, avare, coriander and horsegram in Hole-Narsipur Taluk are reported to be in good condition.

Crops harvested.—Giddaragi in Hassan, Arkalgud, Belur, Hole-Narsipur and Alur Taluks and jolam in Arsikere Taluk are being reaped.

10. Prospects of the season are satisfactory.

11. Water and fodder are available for cattle.

Cattle are reported to be generally healthy except for the prevalence of "Black quarter" in Sorekayipura Village of Hirisave Hobli in Channarayapatna Taluk. The Veterinary Inspector is reported to have been addressed for taking remedial measures to check the spread of the disease.

SHIMOGA.

8. Markets are fairly well supplied.

Agricultural Operations.

9. *Seeds sown.*—Cotton and horsegram in Honnali Taluk horsegram in Shikarpur Taluk and ragi and horsegram in Kumsi Sub-Taluk, are being sown.

Standing crops.—Paddy and sugarcane in all Taluks; ragi, jola, avare, togari, and horsegram in Channagiri Taluk; ragi, jola, groundnut, navane, chines, blackgram and til in Honnali Taluk; ragi and jola in Shikarpur Taluk are reported to be in good condition Paddy crop is reported to be affected with pest in some parts of Hosnagar Taluk. Areca crop is reported to be affected with koleroga in Sagar Taluk.

10. Prospects of the season are reported to be fair in all taluks. Cooly classes find sufficient labour. Foodgrains are available.

11. Cattle are reported to be generally healthy all over the district. Fodder and water are available in all taluks.

KADUR.

8. Markets well supplied.

9. *Crops sown.*—Transplantation of paddy is going on in parts of Chikmagalur, Koppa and Mudgere Taluks and in Narasimharajapura Sub-Taluk.

Standing crops.—Paddy, ragi, sugarcane and jola in Chikmagalur Taluk; paddy, ragi, jola, togari, greengram, blackgram, and castor in Kadur Taluk and paddy, ragi and jola in Tarikere Taluk are the standing crops.

Crops harvested.—Ragi in parts of Chikmagalur Taluk and til in parts of Kadur are being harvested.

10. *Public Health.*—Public health is generally good in the district, except that Plague has broken out in Chikmagalur Town and in Yellambalase village of Kadur Taluk.

Preventive measures to check the spread of the disease are being taken.

Labour is available and the condition of the labour classes is satisfactory.

The seasonal conditions are fair. Paddy crop in Koppa and Mudgere Taluk and in Sringeri Sub-Taluk is reported to have been damaged by pests on account of heavy rains.

11. Cattle are reported to be generally healthy in the district, except for the prevalence of "Foot and Mouth" Disease in Banakal and Bettagere Villages of Mudgere Taluk. Preventive measures are being taken to check the spread of the disease.

Fodder and water are available.

CHITALDRUG.

8. Markets are reported to be well supplied.

9. *Sowing.*—Paddy under irrigation wells and nalas in Chellakere Taluk, horsegram in Holalkere Taluk are reported to be in progress.

Standing Crops.—Jola, ragi and navane in all the Taluks, paddy, sajje and oil seeds in Chitaldrug, Challakere, Holalkere and Hosadurga Taluks are reported to be in good condition.

Harvest.—Gidda ragi and mungari jola in Challakere Taluk, til in Holalkere are reported to be harvested.

10. Relief works have been started and are in progress in almost all the taluks.

Separate special fortnightly report is being sent to Government and to the Revenue Commissioner.

11. Cattle are reported to be generally healthy in the district, except for prevalence of "ಗಳವೆಯವರಿ" in Kamarahalli village in Holalkere taluk. Preventive measures are reported to have been taken by the Veterinary Department to combat the spread of the disease.

Water and fodder are available.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Dated Bangalore,
10th September 1946.
1725

S. NARAYANA RAO,
Revenue Commissioner.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, 5TH SEPTEMBER 1946.

A total of 91 attacks with 34 deaths from Plague was returned from 16 villages in 13 taluks in 6 districts during the week, against 28 attacks with 16 deaths in the previous week. Cities of Bangalore and Mysore reported 2 attacks with 2 deaths and 7 attacks with nil death respectively while Kolar Gold Field Area reported to be free from Plague. Comparative figures for the corresponding week in 1945 and 1944 were 450 attacks with 188 deaths and 259 attacks with 139 deaths respectively. C. and M. Station, Bangalore reported 1 attack with nil death.

A total of 38 attacks with 6 deaths from Small-pox were reported from Channapatna, Kankanhalli, Chikmagalur, Goribidnur, Kolar, Malur, Krishnarajapet, Chamarajanagar, and T.-Narasipur Taluks and from Bangalore City and C. & M. Station, Bangalore.

Nil attack with 1 death from Cholera was reported from Haranahalli village in Harnahalli hobli in Kumsi taluk.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore City, amounted to 125 (44 in hospitals) representing a calculated death-rate of 22·5 (14·6 excluding hospital deaths) per mille of population, as against 21·2 for the corresponding week of last year. Classified according to causes, the deaths numbered 2 under

Plague, 1 under Malaria, 1 under Typhoid, 6 under Other Fevers, 4 under Phthisis, 16 under Dysentery and Diarrhœa and 95 under All Other Causes. The reported mortality was normal.

During the week the Civil and Military Station, Bangalore, returned 86 deaths (17 in hospitals) representing a calculated death-rate of 26·1 (20·9 excluding hospital deaths) per mille of population as against 37·5 for the corresponding week of last year. Classified according to causes, the deaths were: Broncho-Pneumonia 3, Pneumonia 13, Typhoid 1, Phthisis 2, Dysentery and Diarrhœa 22, and All Other Causes 45.

The total mortality for Mysore City (for 5 days) was 49 (29 in hospitals) representing a calculated death-rate of 20·6 (8·4 excluding hospital deaths) per mille of population as against 16·6 for the corresponding week of last year. Classified according to causes the deaths were: Malaria 1, Other Fevers 4, Phthisis 5, Dysentery and Diarrhœa 4, and All Other Causes 36. The reported mortality was very low.

There were 42 deaths (5 in hospitals) from all causes in Kolar Gold Field Area equivalent to a calculated death-rate of 13·7 (12·0 excluding hospital deaths) per mille of population as against 29·8 for the corresponding week of last year. Classified according to causes the deaths numbered: 2 under Other Fevers, 5 under Dysentery and Diarrhœa and 35 under All Other Causes. The reported mortality was very low.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of the season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE

8. Generally well supplied.

9. Horsegram is reported to be sown in Channapatna and Dodballapur Taluks.

Standing Crops—Ragi, paddy, sugarcane, avare, etc., are reported to be in good condition

Crops harvested.—Til and groundnut are reported to be harvested in Channapatna Taluk.

10. There has been sufficient rainfall and the prospects of the future crops are good. On account of adverse seasonal conditions last year, crops were badly affected in parts of Nelamangala, Devanhalli and Anekal Taluks. Arrangements have been made for the supply of foodstuffs to the needy people from Government Depots.

11. Cattle are reported to be generally healthy Water and fodder and green grass are reported to be available.

KOLAR.

8. Moderately supplied through Government Depots.

9. *Seeds sown*—Horsegram, greengram and blackgram.

Crops harvested.—Thooragi is being harvested in some parts of the Malur Taluk.

Standing crops.—Ragi, jola, sajje, same, avare, baragu, groundnut, sugarcane, potatoes, giddaragi, punaji paddy are reported to be in good condition

10. Seasonal conditions are fairly good.

11. Cattle are reported to be healthy except for prevalence of "Black-quarter" at Rajendrahalli, Vanigenahalli in Mulbagal Taluk and in Chakayelu Village of Bagepalli Taluk. The Veterinary Inspectors are taking necessary action to treat the disease.

Public health is generally good except for plague at Avani in Mulbagal Taluk and Yaldur Village in Srinivaspur Taluk, Manchanabele Village in Chikballapur Taluk and smallpox at Byadarahalli, Sottikallu, Pethandahalli Villages in Mulbagal Taluk, and in Doddakuragodu Village in Gowribidnur Taluk.

Fodder and water are available. Cooly classes find sufficient labour.

TUMKUR.

8. Fairly well supplied.

9. *Seeds sown*—Horsegram in Tiptur Taluk and Pavagada Taluk

Standing crops—Nati ragi, sugarcane, greengram, groundnut, horsegram in Tumkur Taluk, ragi, jawar, navane, avare, in Madhugiri Taluk, ragi, jola and paddy in Chiknaikanhalli Taluk, yade ragi, dodragi and jola in Sira Taluk; ragi, avare, thogari, jola, horsegram, paddy, sugarcane and groundnut in Gubbi Taluk, ragi, jola, avare, thogari and groundnut in Tiptur Taluk, ragi, paddy, sugarcane, avare, jola, in Kunigal Taluk, ragi, jola, paddy, in Koratagere Taluk, sugarcane, paddy ragi, thogari and avare, in Turuvekere Taluk.

Crops harvested.—Yade-ragi in Sira Taluk, jola and ragi in Gubbi Taluk, gidda ragi in some parts of Pavagada Taluk.

10. The recent rains of the past week have improved the condition.

11. Cattle are reported to be generally healthy throughout the district Water and fodder are available except in Tiptur, Sira and Pavagada where fodder scarcity is still felt.

Public health is generally good except for the prevalence of plague at Kadagathur in Madhugiri Taluk, Kibbanahalli and Tiptur Town of Tiptur Taluk. Banasandra of Turuvekere Taluk. Local Medical Officers are taking necessary precautionary measures to check the spread of the epidemic. Shandy held at Banasandra is stopped for a period of two weeks. Fodder is being imported from outside and distributed to the affected parts. Labour is made available through distress relief works undertaken by the Revenue Department and P. W D agency.

MYSORE

8. Well supplied.

Standing crops.—Mysore—Ragi, tur and other millets, Chamarajanagar—Ragi, paddy, avare and other millets, Hunsur—Ragi and millets; Krishnarajanagar—Jola and ragi, Heggaddevankote—Ragi, jola, paddy and other millets; Gundlupet—Ragi, jola, horsegram and other millets; Nanjangud—Paddy, ragi, horsegram and other millets; T.-Narsipur—Paddy and ragi. It is reported that these are in need of rains. Periyapatna—Ragi and jola.

9. The condition and standing crops in other taluks except in T.-Narsipur is reported to be good. In some taluks jola is being harvested.

10. (1) Generally good, (2) Sufficient, (3) Nil. (4) None under relief. (5) Sufficient quantities of foodgrains are available in all the Taluks of this district.

11. Water and fodder are available for cattle and the cattle are reported to be generally healthy in all the taluks of this district.

MANDYA.

8. Well supplied.

9. *Standing crops.*—Paddy, sugarcane, ragi and other dry crops are reported to be in good condition but they are in need of rains

Seeds sown.—Sugarcane in Mandya and Maddur Taluks, paddy in Mandya, Maddur, Malvalli and Nagamangala Taluks are reported to be sown.

Crops harvested—Sugarcane is being harvested.

The prospects of the season are fair. Sufficient quantities of foodgrains were available. No relief works were started.

11. Public health is reported to be generally good except for cholera at Chennenalli Village, plague at Gowdahalli and Nagunalli Villages and small-pox at Neralakere Village, Seringapatam Taluk. Necessary action has been taken to arrest the spread of the diseases.

Fodder and water were available in sufficient quantities.

Cattle are reported to be healthy except for Hæmorrhagic Septicæmia at Mydanahalli, Seringapatam Taluk. Action has been taken to check the spread of the disease.

HASSAN.

8. Well supplied. Rice and ragi are being distributed from Government, Co-operative and Village Panchayet Depots.

9 *Crops sown.*—Ragi is being transplanted in Arsikere Taluk.

Standing crops.—Sugarcane in Hassan, Belur, Alur and Channarayapatna Taluks, giddaragi in Hassan, Arkalgud, Belur and Hole-Narsipur Taluks, paddy in Manjarabad, Arkalgud, Channarayapatna, Alur and Hole-Narsipur Taluks; doddaragi in Hassan, Belur and Channarayapatna Taluks, jolam in Belur, Arsikere and Hole-Narsipur Taluks; til and chillies in Arsikere and Hole-Narsipur Taluks; tadaguni, greengram and groundnut in Arsikere Taluk and avare, togari in Hole-Narsipur Taluk are reported to be in good condition.

Crops harvested.—Giddaragi in Hassan, Arkalgud and Hole Narsipur and Belur Taluks and jolam, til and coriander in Hole-Narsipur Belur, Arsikere and Channarayapatna Taluks are being reaped.

10. Prospects of the season are satisfactory

11. Water and fodder are available.

Cattle are reported to be healthy

SHIMOGA.

8. Markets are fairly well supplied.

Agricultural Operations.

9. *Seeds sown.*—Horsegram is being sown in Shikarpur Taluk and in Kumsi Sub-Taluk.

Standing crops.—Paddy and sugarcane in all Taluks; ragi, jola, navane, togari, and horsegram in Channagiri Taluk, ragi, jola, groundnut, navane, blackgram and til in Honnali Taluk. Ragi and jola in Shikarpur Taluk, ragi and horsegram in Sorab Taluk are reported to be in fairly good condition, but the paddy crop is reported to be affected with "pest" in some parts of Hosnagar and Thirthahalli Taluks and in 9 villages in Kumsi Sub Taluk Areca crop is reported to be affected with "koleroga" in Sagar Taluk Necessary remedial measures are being taken by the Agricultural Department to eradicate the disease

10. Prospects of the season are reported to be fair in all taluks Cooly classes find sufficient labour. Foodgrains are available in all taluks.

11 Cattle are reported to be generally healthy all over the district Fodder and water are available to cattle in all taluks

KADUR.

8 Markets well supplied

9. *Crops sown* —Transplantation of paddy is going on in parts of Koppa and Mudgere Taluks

Standing crops.—Paddy, ragi, sugarcane and jola in Chikmagalur Taluk, paddy, ragi, jola, togari, til, castor, groundnut and coriander in Kadur Taluk, paddy, ragi and jola in Tarikere Taluk, and paddy and sugarcane in the remaining Taluks are the standing crops.

Crops harvested —Ragi in parts of Chikmagalur Taluk, jola til and coriander in Kadur Taluk are being harvested

10 *Public Health.*—Public health is generally good in the district except for the prevalence of Plague in Chikmagalur town and in Yellambalase and Machagondanahalli villages of Kadur Taluk.

Preventive measures to check the spread of the disease are being taken

Labour is available and the condition of the labour classes is satisfactory

The seasonal conditions are fair. Paddy crop in Koppa Mudgere Taluks and in Sringeri Sub Taluk is reported to have been damaged by pests on account of heavy rains

11. Cattle are reported to be generally healthy in the district, except for the prevalence of "Foot and Mouth Disease in Bankal and Bettagere Villages of Mudgere Taluk Preventive measures are being taken to check the spread of the disease.

Fodder and water are available

CHITALDRUG

8 Markets are reported to be well supplied

9 *Sowing* —Paddy under irrigation wells and nalas navane and horsegram in Chellakere Taluk, is reported to be in progress.

Standing Crops —Ragi, jola and navane in all the Taluks paddy, sajje and oil seeds in Chitaldrug Challakere Holalkere and Hosdurga Taluks are reported to be in good condition

Harvest —Gidda ragi and mungari jola in Challakere Taluk, groundnut and jola in Holalkere taluk, and jola in Jagalur taluk are reported to be harvested

10 Relief works have been started and are in progress in almost all the taluks

Separate special fortnightly report is being sent to Government and to the Revenue Commissioner

11. Cattle are reported to be generally healthy in the district.

Water and fodder are available

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of the season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE

8. Generally well supplied.

9. Paddy and horsegram are reported to be sown in Hoskote and Channapatna Taluks respectively.

Standing Crops—Paddy, ragi, sugarcane, etc., are reported to be in good condition. Rain is reported to be urgently wanted for the standing crops in Closepet Taluk.

10. There has been sufficient rainfall and the prospects of the future crops are good. On account of adverse seasonal conditions last year, crops were badly affected in parts of Nelamangala, Devanhalli and Anekal Taluks. Arrangements have been made for the supply of foodstuffs to the needy people from Government Depots.

11. Cattle are reported to be generally healthy except for the prevalence of "Blackquarter" in Chikkuntanahalli village, Closepet taluk. The Veterinary Department has been addressed to take preventive measures to check the spread of the disease. Water and fodder are reported to be available.

KOLAR

8. Moderately supplied through Government Depots.

9. Weed clearing operations are in progress.

Seeds sown.—Horsegram.

Crops harvested.—Groundnuts, potatoes, thuragi, jola are being harvested.

Standing crops—Paddy, ragi, avare, thogari, same, sugarcane and groundnut.

10. There has been good rainfall in all the taluks of this district.

11. Cattle are generally healthy except for "Blackquarter" in Rajendrahalli and Vaniganahalli Villages in Mulbagal Taluk.

Fodder and water are available.

Public health is generally good except for plague in Manchanabele Village in Chikballapur Taluk, Yaldur in Srinivaspur Taluk, Avani and Batlabavarahalli in Mulbagal Taluk, smallpox is prevailing at Bydrahalli, Settikal and Pombarahalli in Mulbagal Taluk and Doddakuragodu in Gowribidnur Taluk.

Cooly classes find sufficient labour.

TUMKUR.

8. Markets are fairly well supplied.

9. *Seeds sown.*—Horsegram in Tiptur and Pavagada Taluks.

Standing crops.—Nati ragi, sugarcane, greengram, groundnut and horsegram in Tumkur Taluk, ragi, groundnut, jawar, navane and haraka in Madhugiri Taluk, ragi, jola and paddy in Chiknaikanhalli Taluk, doddaragi, yaderagi, jola and groundnut in Sira Taluk, ragi, paddy, sugarcane, jola and avare, in Kunigal Taluk, ragi, jola, avare, thogari, harahalu, tchellu, and groundnut in Tiptur Taluk, ragi, avare, thogari, jola, horsegram, paddy sugarcane and groundnut in Gubbi Taluk, ragi, jola, sugarcane and paddy in Kortagere Taluk, sugarcane, paddy ragi, jola thogari and avare, in Turuvekere Taluk.

Crops harvested.—Ragi and jola in Gubbi Taluk, gidda ragi in some parts of Pavagada Taluk.

10. The standing crops are urgently in need of rains. There has been no rains throughout this district during this week.

11. Cattle are reported to be generally healthy throughout the district. Water and fodder are available except in Tiptur, Pavagada and Sira Taluks, where fodder scarcity is still felt.

Public health is generally good except for the prevalence of plague at Gubbi and Tiptur Towns and Viswanathapura and Banasandra villages of Turuvekere Taluk. The Local Medical Officers are taking necessary precautionary measures to check the spread of the epidemic.

It is reported that the ragi crop has been infected with some pests in Bathigere and Hundral villages of Madhugiri taluk. The Director of Agriculture has been addressed in the matter to take up necessary measures to eradicate the disease. Labour is made available throught distress relief works undertaken by the Revenue Department and P. W. D. agency.

MYSORE.

8. Well supplied.

Standing crops.—Ragi, avare, til and other millets are the standing crops all-over the District and Paddy in T.-Narasipur, Krishnarajanagar and Nanjangud taluks. It is reported that the conditions of standing crops are good and that they, however, still need rains. Jola is being harvested in some parts of the District.

10. (1) Generally good. (2) All the parts of this district needs rain (3) Nil. (4) None under relief. (5) Sufficient quantities of foodgrains are available in Government depots.

11. Water and fodder are available for cattle and the cattle are reported to be generally healthy in all the taluks of this district.

MANDYA.

8. Well supplied.

9. *Standing crops.*—Paddy, sugarcane, ragi and other dry crops are reported to be in good condition but they are in need of rains.

10. *Seeds sown.*—Sugarcane in Mandya and Maddur Taluks, paddy in some parts of Maddur, Mandya, Malvalli and French-Rocks Taluks are reported to be sown.

Crops harvested—Sugarcane is being harvested.

The prospects of the season are fair. Sufficient quantities of foodgrains were available. No relief works were started.

11. Public health is reported to be generally good except for cholera at Chinnenahalli Village, plague at Gowdahalli Nagunalli and Koparanakoppal Villages of Seringapatam Taluk and small-pox at Neralakere Village, Seringapatam Taluk. Necessary action has been taken to arrest the spread of the diseases.

Fodder and water were available in sufficient quantities.

Cattle are reported to be healthy except for Haemorrhagic Septicaemia at Mydanahalli, Seringapatam Taluk. Action has been taken to check the spread of the disease.

HASSAN

8. Well supplied. Rice and ragi are being distributed from Government, Co-operative and Village Panchayet Depots.

9. *Crops sown.*—Horsegram is being sown in some parts of Arsikere Taluk.

Standing crops.—Sugarcane in Hassan, Belur, Channarayapatna and Alur Taluks, giddaragi in Hassan, Arkalgud Arsikere and Hole-Narsipur Taluks, paddy in Manjarabad Arkalgud, Belur, Channarayapatna, Hole-Narsipur and Alur Taluks, doddaragi in Hassan, Belur and Channarayapatna Taluks, jolam in Belur, Arsikere and Hole-Narsipur Taluks, chillies and avare in Arsikere and Hole-Narsipur Taluks, til tadagani, greengram, groundnut, horsegram, navane and save in Arsikere Taluk and togari in Hole-Narsipur Taluk are reported to be in good condition. It is reported that the standing paddy crop in parts of Kasaba and Yeslur Hoblis in Manjarabad Taluk is affected by "Katte Roga" and that action is being taken to root out the disease by using kerosene oil.

Crops harvested.—Giddaragi in Hassan, Arkalgud, Belur, Hole-Narsipur and Alur Taluks is being reaped and sugarcane is being milled in some parts of Hassan Taluk.

10. Prospects of the season are satisfactory.

11. Water and fodder are available for cattle. Cattle are reported to be generally healthy except for the prevalence of "Black quarter" in Tejur Village of Hole-Narsipur Taluk. The Veterinary Inspector is reported to have been addressed for taking remedial measures to check the spread of the disease.

SHIMOGA.

8. Markets are fairly well supplied.

Agricultural Operations.

Standing crops.

Wet Crops.—Sugarcane is reported to be in fairly good condition in all taluks. Paddy crop is reported to be affected with "pest" in some parts of Kasaba, Kudligere and Bhadravati Hoblis in Shimoga Taluk and in some parts of Hosnagar and Thirthahalli Taluks and in 42 villages in Kumsi Sub-Taluk. Necessary action is being taken by the Agricultural Department to eradicate the disease. Arrangements have been made for the speedy supply of kerosene for control operations. In other parts of the district, paddy crop is reported to be in fairly good condition.

Dry Crops—Jola, navane, togari and horsegram in Chennagiri Taluk. Ragi, jola, gingelly and blackgram in Honnali Taluk, ragi and jola in Shikarpur Taluk and ragi and horsegram in Kumsi Sub-Taluk are reported to be in fairly good

condition. Areca crop is reported to be affected with "Koleroga" in Sagar Taluk

Seeds sown.—Horsegram is being sown in Chennagiri and Shikarpur Taluks.

10. Prospects of the season are reported to be fair in all taluks. Cooly classes find sufficient labour. Foodgrains are available throughout the district.

11. Cattle are reported to be generally healthy all over the district. Fodder and water are available in all taluks.

KADUR

8 Markets well supplied.

9. *Crops sown.*—Transplantation of paddy is going on in parts of Narasimharajapura Sub-Taluk.

Standing crops.—Paddy, ragi, sugarcane and jola in Chikmagalur Taluk, paddy, ragi, jola, togari, groundnut, castor and coriander in Kadur Taluk; paddy, ragi, jola in Tarikere Taluk, and paddy and sugarcane in the remaining Taluks are the standing crops.

Crops harvested.—Ragi and jola in parts of Chikmagalur Taluk, jola and coriander in parts of Kadur Taluk are being harvested.

Public Health.—Public health is generally good in the district, except for the prevalence of Plague in Chikmagalur Town, Yellambalase and Machegondanahalli villages of Kadur Taluk and in Hadihalli village of Chikmagalur Taluk.

Preventive measures have been taken to check the spread of the disease. Labour is available and the condition of the labour classes is satisfactory.

10 The seasonal conditions are fair. Paddy crop in Koppa, Mudgere and in Sringeri Sub-Taluk is reported to have been damaged by pests on account of heavy rains

11. Cattle are reported to be generally healthy in the district.

Fodder and water are available.

CHITALDRUG.

8 Markets are reported to be well supplied with articles other than controlled commodities including foodgrains.

9. *Sowing.*—Horsegram in Challakere Taluk is reported to be in progress.

Standing Crops.—Ragi, jola and navane in all the Taluks, paddy, sajje and oil seeds in Chitaldrug, Challakere, Holalkere and Hosdurga Taluks are reported to be in good condition.

The standing crops in Jagalur and Molakalmuru Taluks and in some parts of Davangere Taluk were reported to be badly in need of rains.

Harvest.—Jola in some parts of Chitaldrug Taluk, Giddaragi and Mungari jola in Challakere Taluk, til, groundnut and Kesari jola in Holalkere taluk, mungarijola, groundnut, ginjelly and giddaragi in Jagalur taluk and groundnut, ginjelly in Harihar taluk are reported to be harvested.

10. Relief works have been started and are in progress in almost all the taluks. Separate special fortnightly report is being sent to Government and the Revenue Commissioner.

11. Cattle are reported to be generally healthy in the district.

Water and fodder are available.

S. NARAYANA RAO,
Revenue Commissioner.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, 19TH SEPTEMBER 1946.

A total of 53 attacks with 26 deaths from Plague was returned from 18 villages in 16 taluks in 6 districts during the week, against 76 attacks with 36 deaths in the previous week Cities of Bangalore and Mysore reported nil attack with nil death and 1 attack with 2 deaths respectively, while Kolar Gold Field Area reported free from Plague. Comparative figures for the corresponding week in 1945 and 1944 were 483 attacks with 222 deaths and 202 attacks with 112 deaths respectively. C. & M. Station, Bangalore, reported 2 attacks with 2 deaths.

A total of 32 attacks with 2 deaths from Small-pox were reported from Bagepalli, Goribidnur, Chamarajanagar, Nanjangud, T.-Narsipur, Kunigal and Tumkur Taluks and from cities of K. G. F. and C. & M Station, Bangalore.

The State remained free from Cholera, Influenza and Relapsing Fever.

The total mortality for Bangalore City, amounted to 101 (19 in hospitals) representing a calculated death-rate of 16·2 (14·8 excluding hospital deaths) per mille of population as against 30·3 for the corresponding week of last year. Classified according to causes, the deaths numbered 2 under Other Fevers, 2 under Phthisis, 16 under Dysentery and Diarrhœa and 81 under All Other Causes. The reported mortality was low

During the week the Civil and Military Station, Bangalore, returned 75 deaths (14 in hospitals) representing a calculated death-rate of 22·6 (18·5 excluding hospital deaths) per mille of population as against 43·7 for the corresponding week of last year. Classified according to causes, the deaths were: Plague 1, Pneumonia 9, Typhoid 1, Other Fevers 1, Phthisis 4, Dysentery and Diarrhœa 10, and All Other Causes 49.

The total mortality for Mysore City for 4 days was 32 (12 in hospitals) representing a calculated death-rate of 16·8 (10·5 excluding hospital deaths) per mille of population as against 15·0 for the corresponding week of last year. Classified according to causes the deaths were: Plague 2, Malaria 2, Other Fevers 2, Dysentery and Diarrhœa 4, and All Other Causes 22. The reported mortality was very low.

There were 46 deaths (2 in hospitals) from all causes in Kolar Gold Field Area equivalent to a calculated death-rate of 15·0 (14·3 excluding hospital deaths) per mille of population as against 37·3 for the corresponding week of last year. Classified according to causes the deaths numbered: 1 under Other Fevers, 1 under Phthisis, 4 under Dysentery and Diarrhœa and 40 under All Other Causes. The reported mortality was low.

DISTRICT REPORTS.

8 Market how supplied.

9 Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities

10 Prospects of the season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE

8 Generally well supplied

9. Horsegram is reported to be being sown in Dodballapur Taluk

Standing crops —Sugarcane, ragi, paddy, avare, etc, are reported to be in good condition

10. There has been sufficient rainfall and the prospects of the future crops are good. On account of adverse seasonal conditions last year, crops were badly effected in parts of Nelamangala, Devanhalli and Anekal Taluks. Arrangements have been made for the supply of foodstuffs to the needy people from Government Depots

11. Cattle are reported to be generally healthy except for the prevalence of "Blackquarter' in Chikkakuntanahalli village, Closepet taluk. Water and fodder are reported to be available

12 Plague is reported to have broken out in Chikbanavar village, Bangalore North Taluk and the District Medical Officer has been addressed to take preventive measures in this behalf.

KOLAR

8. Moderately supplied through Government Depots.

9. Weed clearing operations are going on.

Seeds sown —Horsegram is being sown

Crops harvested —Irrigated ragi and jola

Standing crops — Paddy, ragi, avare, thogari, sugarcane and potatoes.

10 There has been good rainfall in this week in all the taluks of this district

11. Cattle are generally healthy except for "Blackquarter' at Rajendrahalli and Vaniganahalli Villages in Mulbagal Taluk

Fodder and water are available

Public health is generally good except for plague at Avani, Batlabavarahalli and rat fall at Agara and small-pox at Sethakal and Pommarahalli villages in Mulbagal Taluk, and plague in Manchanabele and Kamasettihalli villages of Chickballapur Taluk

Cooly classes find sufficient labour.

TUMKUR.

8 Markets are fairly well supplied

9 *Seeds sown* —Horsegram in Tiptur and Pavagada Taluks

Standing crops —Ragi and jola in all the Taluks, paddy in all the Taluks except in Tumkur, Tiptur and Sira, sugarcane in Tumkur, Madhugiri, Gubbi, Kunigal and Turuvekere Taluks, groundnut in Tumkur, Madhugiri, Sira, Gubbi and Tiptur Taluks, togari in Madhugiri, Chiknaikanhalli, Gubbi, Tiptur and Turuvekere Taluks, horsegram in Tumkur, Gubbi and Pavagada Taluks, avare in Chiknaikanhalli, Gubbi, Tiptur, Kunigal and Turuvekere Taluks green gram in Tumkur Taluk, and castor and gingelly in Tiptur Taluk.

Crops harvested.—Jola in Chiknaikanhalli and Gubbi Taluks irrigated ragi in Sira and Gubbi Taluks and paddy in Pavagada Taluk.

10. Fair in general

11 Cattle are reported to be healthy in general except for the prevalence of 'Blackquarter' in Yelagalwadi village, Kunigal Taluk and Mallanaikanahalli village, Madhugiri Taluk Preventive measures are afoot

On account of the recent rainfall fodder conditions are improving Fodder supplies received already are being distributed through fodder depots Labour classes are employed.

Public health is generally good. There is prevalence of plague in Tiptur and Gubbi Towns, Kadagathur Village in Madhugiri Taluk and at Banasandra in Turuvekere Taluk. Preventive measures are being taken.

MYSORE

8 Well supplied.

9 Paddy ragi, avare, til and other millets are the standing crops at present in this District and it is reported that the condition of the standing crops is good.

10. (1) Generally good (2) Nil. (3) Nil. (4) None under relief (5) Sufficient quantities of foodgrains are available

11 Cattle are reported to be healthy. Fodder and water are available in all the parts of this district

MANDYA.

8 Well supplied.

9. *Standing crops.*—Paddy, sugarcane, ragi and other dry crops are reported to be in good condition.

10. *Seeds sown* —Planting of sugarcane and transplantation of paddy are reported to be still in progress in Mandya Taluk.

Crops harvested.—Sugarcane is being harvested.

The prospects of the season are fair. Sufficient quantities of foodgrains were available. No relief works were started

11. Public health is reported to be generally good except for plague at Gowdahalli, Nagunahalli, Koparanakoppal and small pox at Neralakere village in Seringapatam Taluk Necessary action has been taken to arrest the spread of the diseases.

Fodder and water were available in sufficient quantities.

Cattle are reported to be generally healthy.

HASSAN.

8 Well supplied. Rice and ragi are being distributed from Government, Co-operative and Village Panchayet Depots

9. *Crops sown.*—Horsegram in Belur, and Bengalgram in some parts of Hole-Narsipur Taluk have been sown.

Standing crops.—Sugarcane in Hassan, Belur Alur and Channarayapatna Taluks, giddaragi in Hassan, Arkalgud Arsikere and Hole-Narsipur and Alur Taluks, paddy in Manjarabad, Arkalgud, Belur, Channarayapatna and Hole Narsipur Taluks, doddaragi in Hassan, Belur and Channarayapatna Taluks, jolam and horsegram in Belur, Arsikere and Hole-Narsipur Taluks, til, tadagani, greengram, groundnut navane, save, in Arsikere Taluk, chillies and avare in Arsikere and Hole-Narsipur Taluks and togari in Hole Narsipur Taluk are reported to be in good condition It is reported that the paddy crop in Manjarabad Taluk in 42 villages in Belur Taluk and in parts of Alur Taluk has been affected by "Katte Roga that the recent rains have controlled the disease to a great extent and that action is also being taken by the Agricultural Department to check the spread of the same

Crops harvested —Giddaragi in Hassan, Arkalgud, Alur Belur, Hole-Narsipur Taluks, jolam in Belur Taluk are being reaped, and sugarcane is being milled in the Hassan Taluk

10. Prospects of the season are satisfactory

11. Water and fodder are available for cattle. Cattle are reported to be healthy.

SHIMOGA.

8 Markets are fairly well supplied.

9 *Agricultural Operations.*—Nil

Seeds sown.—Horsegram is sown in Chennagiri Taluk.

Wet Crops.—Nil.

State of Standing crops.—Sugarcane is reported to be in fairly good condition in all taluks Paddy crop is reported to be affected with "pest" in some parts of Shimoga, Shikarpur Sagar, Hosnagar and Thirthahalli Taluks and in Kumsi Sub Taluk. Needful action to eradicate the disease is being taken with the help of the Agricultural Department. Sufficient quantities of Kerosene Oil have been made available for spraying to protect the crops from the pest Paddy crop is reported to be in fairly good condition in the other parts of the district

Dry Crops —Ragi, jola, navane togari and horsegram in Chennagiri Taluk, ragi, jola, til and blackgram in Honnali Taluk, ragi, jola and horsegram in Shikarpur Taluk, and ragi and horsegram in Sorab Taluk and in Kumsi Sub-Taluk are reported to be in good condition

Crops harvested — Groundnut and jola in Chennagiri Taluk, and groundnut in Honnali Taluk are being harvested

10 Prospects of the season are reported to be fair in all taluks. Cooly classes find sufficient labour Foodgrains are available throughout the district.

11 Cattle are reported to be generally healthy all over the district. Fodder and water are available to cattle in all taluks.

KADUR.

8 Markets well supplied.

9. *Crops sown* —Coriander is being sown in parts of Kadur Taluk.

Standing crops.—Paddy, ragi, jola and sugarcane in Chikmagalur Taluk, paddy, ragi, jola, avare, castor and groundnut

in Kadur Taluk; paddy, ragi, jola in Tarikere Taluk; paddy and sugarcane in the remaining taluks are the standing crops.

Crops harvested.—Nil.

Public Health.—Public health is generally good in the district, except for the prevalence of plague in Chikmagalur Town and in some villages of Kadur Taluk and in Hadiballi village of Chikmagalur Taluk.

Preventive measures have been taken to check the spread of the disease.

Labour is available and the condition of the labour classes is satisfactory.

10 The seasonal conditions are fair. Paddy crop in some areas of Koppa, Mudgere and in Sringeri Sub-Taluk is reported to have been damaged by pests on account of excessive rains.

11. Cattle are reported to be generally healthy in the district.

Fodder and water are available.

CHITALDRUG.

8. Markets are reported to be well supplied.

9. *Sowing.*—Bilijola, Horsegram in Chellakere, Holalkere Molakalmuru and Jagalur Taluks are reported to be in progress.

Standing Crops.—Paddy in Chitaldrug, Chellakere and Holalkere Taluks, ragi, jola, navane, save, sajje in all the Taluks are reported to be in good condition.

Harvest.—Mungari jola in all the Taluks; giddaragi in Challakere; groundnut and til in Holalkere, Jagalur and Harihar Taluks, are reported to be harvested.

10. Relief works have been started and are in progress in almost all the taluks. Separate special fortnightly report is being sent to Government and the Revenue Commissioner.

11. Cattle are reported to be generally healthy in the district.

Water and fodder are available.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Dated Bangalore,
1st October 1946.

S. NARAYANA RAO,
Revenue Commissioner.

2206

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, SEPTEMBER 26, 1946.

A total of 77 attacks with 42 deaths from Plague was returned from 25 villages in 20 taluks in 7 districts during the week against 53 attacks with 26 deaths in the previous week. Cities of Bangalore and Mysore reported 1 attack with 1 death and 3 attacks with 2 deaths, respectively, while Kolar Gold Field Area reported free from Plague. Comparative figures for the corresponding week in 1945 and 1944 were 520 attacks with 238 deaths and 188 attacks with 94 deaths respectively. Civil and Military Station, Bangalore reported nil attack with 1 death.

A total of 19 attacks with 5 deaths from Small-pox were reported from Bagepalli, Goribidnur, Kolar, Malur, Mulbagal, Nagamangala and Nanjangud Taluks

Eight attacks with 3 deaths from Cholera were reported from Muttakadahalli Village in Kaiwara Hobli in Chintamani Taluk.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore City amounted to 115 (47 in hospitals) representing a calculated death-rate of 20'7 (12'2 excluding hospital deaths) per mille of population as against 32'9 for the corresponding week of last year. Classified according to causes the deaths numbered: 1 under Plague, 2 under Malaria, 2 under Typhoid, 3 under Other Fevers, 9 under Phthisis, 9 under Dysentery and Diarrhœa and 89 under All Other Causes. The reported mortality was low.

During the week the Civil and Military Station, Bangalore, returned 103 deaths (22 in hospitals) representing a calculated death-rate of 31'2 (24'6 excluding hospital deaths) per mille of population as against 33'2 for the corresponding week of last year. Classified according to causes the deaths were: Plague 1, Broncho-Pneumonia 1, Pneumonia 9, Phthisis 4, Dysentery and Diarrhœa 23 and All Other Causes 63.

The total mortality for Mysore City for 3 days was 36 (8 in hospitals) representing a calculated death-rate of 18'3 (12'6 excluding hospital deaths) per mille of population as against 20'3 for the corresponding week of last year. Classified according to causes the deaths were: Plague 2, Other Fevers 2, Phthisis 1, Dysentery and Diarrhœa 3 and All Other Causes 18. The reported mortality was low.

There were 41 deaths (1 in hospitals) from all causes in Kolar Gold Field Area equivalent to a calculated death-rate of 13'3 (12'4 excluding hospital deaths) per mille of population as against 42'5 for the corresponding week of last year. Classified according to causes the deaths numbered: 1 under Malaria, 3 under Other Fevers, 1 under Phthisis, 3 under Dysentery and Diarrhœa and 33 under All Other Causes. The reported mortality was very low.

2249 E. R. SUNDARARAJAN, For *Director.*

DISTRICT REPORTS

8 Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of the season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE

8. Generally well supplied.

Standing crops—Sugarcane, paddy, ragi, avare, etc., are reported to be in good condition

10. There has been sufficient rainfall and the prospects of the future crops are good. On account of adverse seasonal conditions last year, crops were badly affected in parts of Nelamangala, Devanhalli and Anekal Taluks. Arrangements have been made for the supply of foodstuffs to the needy people from Government Depots

11. Cattle are reported to be generally healthy.

Water and fodder are reported to be available.

KOLAR

8. Moderately supplied through Government Depots.

9. Weed clearing operations in wet fields are progressing.

Seeds sown—Paddy, horsegram and same.

Crops harvested.—Thuragi, groundnut and jola.

Standing crops—Ragi, avare, thogari, jola, groundnut, haraka, same, sajje, sugarcane and punaji paddy are reported to be in good condition

10. Many tanks in the District are discharging. Condition of cattle are generally healthy except for *sapperoga* in Moothanoor Village in Bowringpet taluk.

Fodder and water are available.

Public Health.—Public health is generally good except for plague at Jodi Bommaganahalli Village in Bowringpet taluk, in Avani, Kundamale and Agrahara villages in Mulbagal taluk, Manchanabele and Kamasettihalli in Chickballapur Taluk. Preventive measures are adopted by the Medical Department.

Cooly classes find sufficient labour.

TUMKUR.

8. Markets well supplied

9 *Seeds sown*—Horsegram in Tiptur Taluk

Standing crops—Ragi and jola in all the Taluks, paddy in all the Taluks except in Tumkur, Tiptur and Sira, sugarcane in Tumkur, Madhugiri Gubbi, Kunigal and Turuvekere Taluks, groundnut in Tumkur, Madhugiri, Sira, Gubbi and Tiptur Taluks, togari in Madhugiri, Chiknaikanhalli, Gubbi, Tiptur and Turuvekere Taluks, horsegram in Tumkur, Madhugiri, Chiknaikanahalli Sira, and Gubbi Taluks, avare in Madhugiri, Chiknaikanhalli, Tiptur, Kunigal and Turuvekere Taluks, green gram in Tumkur Taluk,, Bengalgram in Madhugiri Taluk Haraka in Chiknayakanahalli and Tiptur Taluks, gingelly and castor in Tiptur Taluk.

Crops harvested.—Groundnuts in Tumkur and Chikanaikanahalli Taluks and Jola in Chiknaikanhalli Taluk.

10. Fair

11. Public health is good generally except for the prevalence of plague in Banasandra, Turuvekere Taluks, in Tiptur, Kodagenahalli, Thadasur and Kyedalla in Tiptur Taluk in Gubbi and in Kadagathur in Madhugiri Taluk. The Health Department is taking necessary action

Cattle are reported to be generally healthy. There is prevalence of "Blackquarter" at Yelagalwadi Village, in Kunigal Taluk. The Veterinary Department is taking preventive measures.

On account of good rains during the week and the previous, fodder condition has improved

Labour classes are finding employment

MYSORE

8 Well supplied.

9. Paddy, ragi, avare, and other pulses are the standing crops in this District. It is reported that the condition of the standing crops is good.

10. (1) Generally good. (2) Nil. (3) Nil. (4) None under relief. (5) Sufficient quantities of foodgrains are available in all the Government Depots.

11. Cattle are reported to be healthy. Fodder and water are available in all the parts of the district.

MANDYA.

8. Well supplied.

9. *Standing crops.*—Sugarcane, paddy, ragi, horsegram and other dry crops are reported to be in good condition.

Seeds sown.—Planting of sugarcane and transplantation of paddy are reported to be still in progress in Mandya Taluk.

Crops harvested.—Sugarcane is being harvested.

10. The prospects of the season are fair. Sufficient quantities of foodgrains were available. No relief works were started.

11. Public health is reported to be generally good except for plague at Gowdahalli, Nagoonahalli, Kaparanakoppal and small-pox at Neralakere Village in Seringapatam Taluk. Necessary action has been taken to arrest the spread of the epidemics.

Fodder and water were available in sufficient quantities.

HASSAN

8. Well supplied. Rice and ragi are being distributed from Government, Co-operative and Village Panchayet Depots.

9. *Crops sown.*—Bengalgram has been sown in some parts of Hole-Narsipur Taluk, horsegram, greengram and black gram have been sown in Belur Taluk.

Standing crops.—Sugarcane in Hassan, Belur, Alur and Channarayapatna Taluks, giddaragi in Hassan, Arsikere, Hole-Narsipur and Alur Taluks, paddy in Manjarabad Arkalgud, Channarayapatna, Belur Alur and Hole-Narsipur Taluks, doddaragi in Hassan, Belur and Channarayapatna Taluks, horsegram in Arsikere and Hole-Narsipur Taluks chillies and avare in Arsikere and Hole-Narsipur Taluks jolam in Hole-Narsipur and Belur Taluks, groundnut, navane, and save, in Arsikere Taluk and togari in parts of Hole-Narsipur Taluk are reported to be in good condition

Crops harvested.—Giddaragi in Hassan, Arkalgud, Hole Narsipur and Alur Taluks, jolam in Belur and Arsikere Taluks til tadagani and greengram in Arsikere Taluk are being reaped.

10 Prospects of the season are satisfactory. The paddy pest 'Katte Roga' in some of the villages of Manjarabad and Belur is being brought under control. With the recent heavy rains the pest is disappearing.

11. Water and fodder are available Cattle are reported to be generally healthy except for the prevalence of "Black quarter" in Chikkadanur Village, in Hallimysore Hobli of Hole-Narsipur Taluk. The Veterinary Inspector is reported to have been addressed for taking remedial measures to check the spread of the disease.

SHIMOGA.

8. Markets are fairly well supplied.

Seeds sown.—Nil.

Standing crops—*Wet Crops.*—Paddy and Sugarcane are reported to be in fairly good condition in all taluks Paddy pest which was prevailing in some parts of the District is reported to have subsided to a great extent having been fairly washed off by the recent rains. Some damage is however reported in Nagar Taluk and the question is being examined Prompt action is being taken to eradicate the disease.

Dry Crops—Ragi, jola in Shimoga Taluk, ragi, jola, navane togari and horsegram in Chennagiri Taluk, ragi, jola, til in Nagar Taluk and blackgram in Honnali Taluk, ragi, jola and horsegram in Shikarpur Taluk, and ragi and horsegram in Kumsi Sub-taluk are reported to be in fairly good condition

9 *Crops harvested*—Ragi and jola in Chennagiri Taluk groundnut in Honnali Taluk and ragi in Shikarpur Taluk are being harvested.

10. Prospects of the season are reported to be fair in all taluks. Cooly classes find sufficient labour. Foodgrains are available throughout the district.

11. Cattle are reported to be generally healthy all over the district. Fodder and water are available in all taluks.

KADUR.

8. Markets well supplied.

9. *Crops sown*—Nil.

Standing crops.—Paddy, ragi, jola and sugarcane in Chikmagalur Taluk, paddy, ragi, jola, avare, castor and groundnut in Kadur Taluk, paddy, ragi, jola in Tarikere Taluk, paddy and sugarcane in the remaining taluks are the standing crops

Crops harvested.—Jola is being harvested in Kadur Taluk.

Public Health.—Public health is generally good in the district, except for the prevalence of plague in Chikmagalur Town and in Hadihalli village of Chikmagalur Taluk and in some villages of Kadur Taluk.

Preventive measures are adopted to check the spread of the disease.

Labour is available and the condition of the labour classes is satisfactory.

10. The seasonal conditions are fair. Paddy crop in some areas of Koppa, Mudgere and Sringeri Sub-taluk is reported to have been damaged by pests on account of excessive rains.

11. Cattle are reported to be generally healthy in the district.

Fodder and water are available

CHITALDRUG.

8. Markets are reported to be well supplied.

9. *Sowing.*—Horsegram and Bilijola in Holalkere is reported to be in progress.

Standing Crops.—Ragi, jola, navane and other millets in all the taluks, paddy in Chitaldrug, Chellakere, Hiriyur and Holalkere are reported to be in good condition.

Harvest.—Giddaragi, jola and groundnut are reported to be harvested in all the taluks and also til in Jagalur, Holalkere and Harihar Taluks.

10. Relief works have been started and are in progress in all the taluks except Davangere and Harihar.

Separate special fortnightly report is being sent to Government and to the Revenue Commissioner.

11. Cattle are reported to be generally healthy throughout the district.

Water and fodder are available.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,

Dated Bangalore 8th October 1946

2331

S. NARAYANA RAO,
Revenue Commissioner.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, 3RD OCTOBER 1946.

A total of 95 attacks with 51 deaths from Plague was returned during the week; against 77 attacks with 42 deaths in the previous week. Cities of Bangalore and Mysore reported 2 attacks (Imp. 1) with 1 death and nil attack with 1 death respectively, while Kolar Gold Field Area reported free from Plague. Comparative figures for the corresponding week in 1945 and 1944 were 365 attacks with 185 deaths and 209 attacks with 129 deaths respectively. C. & M. Station, Bangalore, reported 3 attacks with nil death.

A total of 13 attacks with 2 deaths from Small-pox were reported from Kolar and T.-Narsipur Taluks and from cities of Kolar Gold Field and C. & M Station, Bangalore.

The State remained free from Cholera, Influenza and Relapsing Fever.

The total mortality for Bangalore City, amounted to 131 (34 in hospitals) representing a calculated death-rate of 23·6 (17·5 excluding hospital deaths) per mille of population as against 32·9 for the corresponding week of last year. Classified according to causes, the deaths numbered: 1 under Plague, 1 under Malaria, 3 under Typhoid, 5 under Other Fevers, 8 under Phthisis, 17 under Dysentery and Diarrhœa and 96 under All Other Causes. The reported mortality was normal.

During the week the Civil and Military Station, Bangalore, returned for six days, 67 deaths (12 in hospitals) representing a calculated death-rate of 23·8 (19·6 excluding hospital deaths) per mille of population as against 33·5 for the corresponding week of last year. Classified according to causes, the deaths were: Plague 1, Pneumonia 7, Typhoid 1, Phthisis 2, Dysentery and Diarrhœa 9, and All Other Causes 47.

The total mortality for Mysore City for 6 days was 53 (19 in hospitals) representing a calculated death-rate of 18·6 (11·9 excluding hospital deaths) per mille of population as against 22·4 for the corresponding week of last year. Classified according to causes the deaths were: Plague 1, Malaria 3, Other Fevers 7, Phthisis 1, Dysentery and Diarrhœa 2, and All Other Causes 39. The reported mortality was very low.

There were 37 deaths (8 in hospitals) for 6 days from all causes in Kolar Gold Field Area equivalent to a calculated death-rate of 14·1 (11·1 excluding hospital deaths) per mille of population as against 19·2 for the corresponding week of last year Classified according to causes the deaths numbered: 2 under Other Fevers, 3 under Phthisis, 1 under Dysentery and Diarrhœa and 31 under All Other Causes. The reported mortality was very low.

DISTRICT REPORTS.

8. Markets how supplied.

9 Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities

10 Prospects of the season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE

8 Generally well supplied.

Standing crops—paddy, ragi avare, togari, etc, are reported to be in good condition in all the Taluks

10 There has been sufficient rainfall and the prospects of the future crops are good On account of adverse seasonal conditions last year crops were badly affected in parts of Nelamangala, Devanhalli and Anekal Taluks. Arrangements have been made for the supply of foodstuffs to the needy people from Government Depots

Cooli classes had sufficient Labour

11 Cattle are reported to be generally healthy Water and fodder are reported to be available

12. *Public Health* Plague is reported to prevail in Chickbanavar village Bangalore North Taluk and necessary action is taken to prevent the spread of the disease.

KOLAR.

8. Moderately supplied through Government Depots.

9. Wet lands are being ploughed for sowing paddy

Seeds sown — Paddy and Horsegram

Crops harvested —Thuragi, Groundnut and Jola

Standing crops - Ragi, avare, thogari, jola, haraka, same, sugarcane and punajis paddy are reported to be in good condition.

10 Prospects of the season are hopeful. Rainfall is satisfactory in all the taluks of this district and tanks in all the taluks except Mulbagal have received their supply of water

Condition of Agricultural Stock —Cattle are generally healthy except for blackquarters at Boorajamadagu village in Bagepalli taluk and rinderpest in Moothanoor village in Bowringpet taluk. Fodder and water are available

Public Health —Public health is generally good except for plague at Avani, Kuradumale and Agara villages in Mulbagal taluk, at Kannamanjala village in Sidlaghatta taluk and at Bommasettyhalli and Manchanabele villages in Chickballapur Taluk Preventive measures are being taken by the Medical Department

TUMKUR.

8 Fairly well supplied

9 *Seeds sown* —Paddy in Madhugiri Taluk, horsegram and Paddy in Tiptur Taluk horsegram and Paddy in Pavagada Taluk

Standing crops —Nati ragi sugarcane, greengram, groundnut and horsegram in Tumkur Taluk Ragi, Thogari, Jola, groundnut, sugarcane and Karthiki Paddy in Madhugiri Taluk ragi, paddy, haraka, horsegram, avare, thogari in Chiknaikanhalli Taluk, ragi, jola, navane, groundnut and save in Sira Taluk Ragi, avare, thogari, jola, horsegram, paddy, sugarcane and groundnut in Gubbi Taluk, ragi, jola, avare, thogari, castor, hutchellu, groundnut in Tiptur Taluk Ragi, paddy sugarcane, avare, jola in Kunigal Taluk, paddy, ragi jola in Koratagere Taluk Paddy, sugarcane ragi, jola, thogari and avare in Turuvekere Taluk

Crops harvested.—Groundnut in Tumkur Taluk Navane in Madhugiri Taluk Groundnut and jola in Chikanaikanahalli Taluk Yada ragi in Pavagada Taluk.

10 Fair in general

11. Public health is generally good except for the prevalence of plague at Kadigathur Village in Madhugiri Taluk, Gubbi, Koppa, Tiptur Town, Hosapatna hamlet of Honnavalli hobli of Tiptur Taluk Medical Department is taking necessary preventive measures to check the spread of the epidemic

Cattle are reported to be generally healthy. The recent rains have improved the fodder condition. But scarcity of fodder is still felt in Tiptur Taluk and in some parts of Pavagada Taluk

Labour classes are finding employment

MYSORE.

Well supplied.

9 Paddy, ragi avare, horsegram, and other pulses are the standing crops in this District The condition of these standing crops is reported to be good in all parts of the District

10 (1) Generally good (2) Nil (3) Nil. (4) None under relief (5) Sufficient quantities of foodgrains are available in all the Depots

11. Cattle are reported to be healthy. Fodder and water are available in all the parts of the district.

MANDYA

8. Well supplied

9. *Standing crops* —Ragi in all the taluks, paddy and sugarcane in Maddur Seringapatam, French Rocks and Mandya taluks and jola in Krishnarajpet taluk, are reported to be in good condition

Seeds sown —Planting of sugarcane and transplantation of paddy are reported to be still in progress in Mandya Taluk.

Crops harvested —Sugarcane is being harvested in French-Rocks and Mandya taluks

10 The prospects of the season are fair. Sufficient quantities of foodgrains were available. No relief works were started

The condition of the agricultural stock was generally good.

11 Public health is reported to be generally good except for plague in Nambinayakanahalli and Voddara-ballekere villages of Maddur taluk Necessary action has been taken to check the spread of the epidemic

Fodder and water were available in sufficient quantities.

HASSAN.

8. Well supplied. Rice and ragi are being distributed from Government, Co-operative and Village Panchayet Depots.

9. *Crops sown* —Nil.

Standing crops.—Sugarcane in Hassan Belur and Alur Taluks, giddaragi in Hassan, Arsikere, Alur and Hole-Narsipur Taluks paddy in Manjrabad, Arkalgud, Belur, Channarayapatna Alur and Hole-Narsipur Taluks, doddaragi in Belur and Channarayapatna Taluks, jolam in Belur and Hole-Narsipur Taluks, horsegram in Arsikere, Channarayapatna and Hole-Narsipur Taluks, blackgram and greengram in Belur Taluk chillies and avare in Arsikere and Hole Narsipur taluks save in Arsikere Taluk and togari in parts of Hole Narsipur Taluk are reported to be in good condition.

Crops harvested —Ragi has been reaped in Arkalgud and Hole-Narsipur taluks

10. Prospects of the season are satisfactory

11 Water and fodder are available for cattle. Cattle are reported to be healthy

SHIMOGA.

8 Markets are fairly well supplied.

Seeds sown.—Horsegram is sown in Honnali Taluk

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Dated Bangalore,
15th October 1946.

S. NARAYANA RAO
Revenue Commissioner.

2616

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, 10TH OCTOBER 1946.

total of 77 attacks with 63 deaths from Plague was returned from 25 villages in 17 taluks in 6 districts during the week, against 95 attacks with 51 deaths in the previous week. Cities of Bangalore and Mysore reported nil attacks with 1 death and 8 attacks with 13 deaths respectively, while Kolar Gold Field Area remained free from Plague. Comparative figures for the corresponding week in 1945 and 1944 were 400 attacks with 185 deaths and 215 attacks with 200 deaths respectively.

A total of 4 attacks with nil deaths from Small-pox were reported from Malur, Gundlupet and Kotatagere Taluks.

The State remained free from Cholera, Influenza and Relapsing Fever.

The total mortality for Bangalore City amounted to 107 (22 in hospitals) representing a calculated death-rate of 19·3 (15·3 excluding hospital deaths) per mille of population as against 32·0 for the corresponding week of last year. Classified according to causes the deaths numbered 1 under Plague, 2 under Typhoid, 4 under Other Fevers, 2 under Phthisis, 17 under Dysentery and Diarrhœa and 81 under All Other Causes. The reported mortality was low.

During the week the Civil and Military Station, Bangalore, returned 86 deaths (7 in hospitals) representing a calculated death-rate of 26·1 (21·0 excluding hospital deaths) per mille of population as against 37·9 for the corresponding week of last year. Classified according to causes, the deaths were: Pneumonia 3, Phthisis 5, Dysentery and Diarrhœa 12, and All Other Causes 66.

The total mortality for Mysore City was 93 (35 in hospitals) representing a calculated death-rate of 31·6 (19·3 excluding hospital deaths) per mille of population as against 13·3 for the corresponding week of last year. Classified according to causes the deaths were: Plague 13, Small-pox 1, Malaria 6, Other Fevers 3, Phthisis 3, Dysentery and Diarrhœa 4, and All Other Causes 60. The reported mortality was high under Plague and All Other Causes.

There were 50 deaths (13 in hospitals) from all causes in Kolar Gold Field Area equivalent to a calculated death-rate of 16·3 (12·0 excluding hospital deaths) per mille of population as against 17·6 for the corresponding week of last year. Classified according to causes the deaths numbered: 5 under Other Fevers, 3 under Phthisis, 6 under Dysentery and Diarrhœa and 36 under All Other Causes. The reported mortality was very low.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, 7TH NOVEMBER 1946.

A total of 44 attacks with 35 deaths from Plague was returned from 24 villages in 18 taluks in 8 districts during the week, against 111 attacks with 47 deaths in the previous week. Cities of Bangalore and Mysore reported nil attack with nil death and 5 attacks with 5 deaths respectively, while Kolar Gold Field Area reported free from Plague. Comparative figures for the corresponding week in 1945 and 1944 were 177 attacks with 107 deaths and 170 attacks with 84 deaths, respectively. Civil and Military Station, Bangalore, reported 1 attack with nil death.

A total of 14 attacks with 6 deaths from Small-pox were reported from Chamarajanagar, Hosanagar and Tumkur Taluks and from Kolar Gold Field.

The State remained free from Cholera, Influenza and Relapsing Fever.

The total mortality for Bangalore City amounted to 111 (41 in hospitals) representing a calculated death-rate of 20·0 (12·6 excluding hospital deaths) per mille of population as against 24·2 for the corresponding week of last year. Classified according to causes the deaths numbered 2 under Malaria, 1 under Typhoid, 5 under Other Fevers, 7 under Phthisis, 18 under Dysentery and Diarrhœa and 78 under All Other Causes. The reported mortality was low.

During the week the Civil and Military Station, Bangalore, returned 45 deaths (6 in hospitals) for six days, representing a calculated death-rate of 16·0 (15·9 excluding hospital deaths) per mille of population as against 31·7 for the corresponding week of last year. Classified according to causes, the deaths were Pneumonia 6, Dysentery and Diarrhœa 6, and All Other Causes 33.

The total mortality for Mysore City was 57 (27 in hospitals representing a calculated death-rate of 17·1 (9·0 excluding hospital deaths) per mille of population as against 12·9 for the corresponding week of last year. Classified according to causes the deaths were Plague 2, Malaria 1, Other Fevers 7, Phthisis 4, Dysentery and Diarrhœa 3, and All Other Causes 40. The reported mortality was low.

There were 19 deaths (14 in hospitals) from all causes in Kolar Gold Field Area equivalent to a calculated death-rate of 15·9 (11·4 excluding hospital deaths) per mille of population as against 20·0 for the corresponding week of last year. Classified according to causes the deaths numbered 1 under Small-pox, 2 under Other Fevers, 1 under Phthisis 1 under Dysentery and Diarrhœa and 44 under All Other Causes. The reported mortality was low.

DISTRICT REPORTS.

8 Markets how supplied

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damages done to crops by insects or other natural calamities.

10. Prospects of the season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE.

8. Generally well supplied.

9. Ragi is reported to be harvested in almost all the taluks.

Standing crops.—Ragi, paddy, avare, sugarcane, etc., are reported to be in good condition.

10. There has been sufficient rainfall and the prospects of the crops are good. On account of adverse seasonal conditions last year, crops were badly affected in parts of Nelamangala, Devanhalli and Anekal Taluks. Arrangements have been made for the supply of foodstuffs to the needy people from Government Depots

11. Cattle are reported to be generally healthy. Water and fodder are reported to be available

KOLAR.

8. Moderately supplied through Government Depots.

9. Wet fields are being prepared for sowing Vaishaki paddy and manure is being carted to wet fields

Seeds sown.—Paddy and jola.

Crops harvested.—Ragi, groundnut, same, sajje are being reaped in some parts of the district.

Standing crops.—Ragi, avare, haraka, same, groundnut, horsegram, paddy, sugarcane, and potatoes are reported to be in good condition.

10 Prospects of the season are satisfactory

11 Cattle are reported to be generally healthy and fodder and water are available

12. *Public Health.*—Public health is generally good except for plague at Byadarahalli, Avani and Agara villages of Mulbagal Taluk and at Uppukunte village, Yeldur Hobli in Srinivasapur Taluk Preventive and curative measures have been taken up by the Medical Department. Labour is available for cooly classes

TUMKUR

8 Fairly well supplied

9 *Seeds sown.*—Paddy in Madhugiri Taluk, paddy in some parts of Pavagada Taluk, paddy in Tiptur Taluk.

Standing crops.—Ragi, sugarcane, greengram, groundnut and horsegram in Tumkur taluk; Ragi, jola paddy, avare, thogari and horsegram in Chiknaikanhalli taluk ragi, jola, thogari, avare, navane, groundnut, save, korle and horsegram in Sira taluk, ragi, avare, thogari, jola, horsegram, paddy, sugarcane and groundnut in Gubbi taluk, ragi, jola, avare, thogari, castor, groundnut, hutchellu, horsegram in Tiptur taluk, ragi, paddy, sugarcane, jola and avare in Kunigal taluk, ragi, navane, jola in Koratagere taluk, paddy, sugarcane, ragi, jola, avare, thogari, castor in Turuvekere taluk.

Crops harvested.—Groundnut and ragi in Tumkur taluk, ragi, groundnut and jola in Madhugiri taluk, ragi, groundnut and navane in some parts of Sira taluk, navane, korle and groundnut in Pavagada taluk.

10. Generally fair

11. Public health is generally good except for the prevalence of plague at Edenahalli Village, Tiptur taluk, Turuvekere and Gubbi Towns. Public have been inoculated and the Local Medical Officers are taking necessary preventive measures to check the spread of the epidemic.

Cattle are reported to be generally healthy Drinking water and fodder are available. Labour classes are engaged in agricultural operations

MYSORE

8 Well supplied

9. Paddy, ragi, avare, horsegram and other pulses are the standing crops in this district and it is reported that the condition of these crops is good. It is also reported that ragi is being harvested in T.-Narsipur and Chamarajanagar Taluks.

10. (1) Generally good. (2) Nil. (3) Nil. (4) None under relief. (5) Sufficient quantities of foodgrains are available in all the Depots.

11. Cattle are reported to be healthy; Fodder and water are available for cattle in all the parts of this district.

MANDYA.

8. Fairly well supplied.

9. *Standing Crops.*—Paddy, sugarcane, ragi, horsegram and other dry crops are reported to be in good condition. But, the recent heavy rains have injured the harvested ragi crop as well as some of the ragi crop that is ready for harvest.

Seeds sown.—Sugarcane is being harvested in the Irwin Canal area and ragi in some parts of Krishnarajpet Taluk.

10 The prospects of the season are fair. Sufficient quantities of foodgrains were available. No relief works were started.

11. The condition of the agricultural stock was generally good. Public health is reported to be generally good except for plague at Ganangur and Nagunahalli in Seringapatam Taluk. Effective preventive action is being taken, to arrest the spread of the disease

Cattle are reported to be generally healthy.

Fodder and water were available in sufficient quantities

HASSAN.

8. Well supplied. Rice and ragi are being distributed from Government, Co-operative and Village Panchayet Depots.

Crops sown.—Bengalgram and coriander have been sown in some parts of Hole-Narsipur Taluk.

Standing crops.—Sugarcane in Hassan, Belur, Alur and Chennarayapatna Taluks, thogari in Hassan and Hole-Narsipur Taluks, paddy in Hassan, Manjarabad, Belur Arkalgud, Alur, Channarayapatna and Hole-Narsipur Taluks, Doddaragi and horsegram in Chennarayapatna, Belur, Arsikere and Hole Narsipur Taluk, chillies and avare in Arsikere and Hole-Narsipur Taluks, Navane and save in Arsikere Taluk, and hutchellu in Hole-Narsipur Taluk, are reported to be in good condition.

Crops harvested.—Doddaragi is being reaped in some part of Belur and Chennarayapatna Taluks and sugarcane is being milled in HassanTaluk. It is reported that owing to heavy rains the reaping of doddaragi in Belur Taluk and of paddy in Alur and Belur Taluks, is delayed and that there is a little damage to crops in Belur Taluk.

10. Prospects of the season are satisfactory.

11. Water and fodder are available for cattle.

Cattle are reported to be healthy

SHIMOGA.

8 Markets are fairly well supplied.

9 *Agricultural operation—Seeds sown.*—Bengalgram and white jola are being sown in Chennagiri Taluk

Standing Crops—Paddy and sugarcane are reported to be in good condition in all taluks.

Dry Crops.—Ragi, jola, navane, togari and horsegram in Chennagiri Taluk, horsegram in Honnali and Shikarpur Taluks, and ragi and horsegram in Kumsi Sub-Taluk are reported to be in good condition.

Crops harvested.—Wet crops—Paddy in Shimoga Shikarpur, Sorab, Sagar Taluks and in Kumsi Sub-Taluk is being harvested

Dry Crops—Ragi, jola and navane in Chennagiri Taluk jola in Honnali Taluk are being harvested.

10. Prospects of the season are reported to be fair in all taluks. Cooly classes find sufficient labour. Foodgrains are available throughout the district.

The unusual showers of the past few days have delayed harvesting operations and to some small extent have damaged cut crops There is now a break however and conditions may be expected to return to normal.

11 Cattle are reported to be generally healthy all over the district. Fodder and water are available in all taluks.

KADUR

8. Markets well supplied.

9. *Crops sown.*—Bengalgram is being sown in parts Kadur Taluk

Standing crops.—Paddy, ragi, jola and sugarcane in Chikmagalur Taluk; paddy, ragi, avare, groundnut, castor summer jola and coriander in Kadur Taluk; paddy, ragi, jola Tarikere Taluk, paddy and sugarcane in the remaining taluks are the standing crops.

Crops harvested.—Harvesting of paddy and ragi has commenced in Tarikere Taluk.

Public Health.—Public health is generally good in the district except for the prevalence of plague in Chikmagalur Town and in some villages of Kadur Taluk.

Preventive measures are adopted to check the spread of the disease.

Labour is available and the condition of the labour classes is satisfactory.

10 The seasonal conditions are fair. But paddy crop in parts of Mudigere and Koppa Taluks is damaged by pests on account of excessive rains

11 Cattle are reported to be generally healthy in the district

Fodder and water are available

CHITALDRUG

8 Markets are reported to be well supplied.

9 Sowing of jola and bengalgram in Chellakere Taluk, transplanting of paddy in Molakalmuru Taluk, is reported to be in progress

Standing Crops —ragi, jola, navane and other millets in all the Taluks, tur, greengram, horsegram, cotton, wheat in Harihar Taluk are reported to be in good condition

Harvest —ragi, paddy, navane and sajje in Chellakere Taluk, jola in Davangere Taluk, jola and navane in Jagalur Taluk, jola, ragi and navane in Harihar Taluk, are reported to have been harvested

10 Relief works have been started and are in progress in all the Taluks except Davangere and Harihar Separate special fortnightly report is being sent to Government and to the Revenue Commissioner

11 Cattle are reported to be generally healthy in the District

Water and fodder are available

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,

Dated Bangalore 26th November 1946 }

S. NARAYANA RAO,
Revenue Commissioner.

3749

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, NOVEMBER 21, 1946.

A total of 56 attacks with 34 deaths from Plague was returned from 19 villages in 15 taluks in 7 districts during the week against 18 attacks with 19 deaths in the previous week. Cities of Bangalore and Mysore reported 1 attack with nil death and 7 attacks with 4 deaths, respectively, while Kolar Gold Field area reported free from Plague. Comparative figures for the corresponding week in 1945 and 1944 were 139 attacks with 69 deaths and 190 attacks with 100 deaths respectively.

A total of 6 attacks with nil death from Small-pox were reported from Nanjangud and Shimoga Taluks and from Kolar Gold Field.

The State remained free from Cholera, Influenza and Relapsing Fever.

The total mortality for Bangalore City amounted to 109 (29 in hospitals) representing a calculated death-rate of 19·6 (17·4 excluding hospital deaths) per mille of population as against 30·1 for the corresponding week of last year. Classified according to causes the deaths numbered : 4 under Malaria, 1 under Typhoid, 7 under Other Fevers, 10 under Phthisis, 16 under Dysentery and Diarrhœa and 71 under All Other Causes. The reported mortality was low.

During the week the Civil and Military Station, Bangalore, returned 61 deaths (12 in hospitals) representing a calculated death-rate of 19·4 (15·8 excluding hospital deaths) per mille of population as against 27·1 for the corresponding week of last year. Classified according to causes the deaths were : Malaria 1, Broncho Pneumonia 1, Pneumonia 8, Phthisis 4, Dysentery and Diarrhœa 12 and All Other Causes 38.

The total mortality for Mysore City was 56 (17 in hospitals) representing a calculated death rate of 16·8 (11·7 excluding hospital deaths) per mille of population as against 13·2 for the corresponding week of last year. Classified according to causes the deaths were : Plague 4, Malaria 4, Other Fevers 7, Phthisis 2, Dysentery and Diarrhœa 3, and All Other Causes 34. The reported mortality was very low.

There were 50 deaths (12 in hospitals) for 6 days from all causes in Kolar Gold Field area equivalent to a calculated death-rate of 19·1 (14·5 excluding hospital deaths) per mille of population as against 8·7 for the corresponding week of last year. Classified according to causes the deaths numbered : 2 under Malaria, 3 under Dysentery and Diarrhœa and 45 under All Other Causes. The reported mortality was low.

DISTRICT REPORTS.

8. Markets how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damages done to crops by insects or other natural calamities.

10. Prospects of the season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE.

8. Generally well supplied.

9. Ragi is reported to be reaped and heaped in all the taluks.

Standing crops.—Paddy, avare, sugarcane, etc., are reported to be in good condition.

10. There has been sufficient rainfall and the prospects of the crops are good. On account of the adverse seasonal conditions last year, crops were badly affected in parts of Nelamangala, Devanhalli and Anekal Taluks. Arrangements have been made for the supply of foodstuffs to the needy people from Government Depots.

11. Cattle are reported to be generally healthy. Water and fodder are available.

KOLAR.

8. Moderately supplied through Government Depots.

9. Wet lands are being prepared for sowing Vaishakhi paddy.

Seeds sown.—Paddy, bengalgram, potatoes and coriander in some parts of the District.

Crops harvested.—Ragi, paddy, same, groundnut.

Standing crops.—Ragi, avare thogari, groundnut, horsegram, paddy, sugarcane and potatoes are reported to be in good condition.

10. Good.

11. Cattle are reported to be healthy. Fodder and water are available.

12. *Public Health.*—Public health is generally good except for plague at Byadarahalli, Avani, Agara and Kallarasanahalli and small-pox at Gallur hamlet of Byadarahalli village in Mulbagal Taluk. Cooly class find sufficient labour.

TUMKUR.

8. Fairly well supplied.

9. *Seeds sown.*—Paddy in Madhugiri, Tiptur and Pavagada Taluks.

Standing crops.—Ragi in all the Taluks; paddy in Chiknaikanhalli, Gubbi, Pavagada, Kunigal and Turuvekere Taluks; sugarcane in Tumkur, Gubbi, Kunigal and Turuvekere Taluks; greengram in Tumkur Taluk; groundnut in Tumkur, Sira, Gubbi, Tiptur, Madhugiri and Pavagada Taluks; horsegram in Tumkur, Sira, Chiknaikanhalli, Gubbi, and Tiptur; avare in Madhugiri, Chiknaikanhalli, Sira, Kunigal and Tiptur Taluks; thogari in Chiknaikanahalli, Sira, Gubbi, Tiptur and Turuvekere Taluks; haraka in Sira Taluk; navane in Sira, Pavagada and Koratagere Taluks; jola in Sira, Tiptur, Gubbi, Koratagere and Turuvekere Taluks; castor and gingelly in Tiptur Taluk.

Crops harvested.—Groundnut in Tumkur, Madhugiri, Sira and Pavagada Taluks; ragi in Tumkur, Chiknaikanhalli, Sira, Tiptur, Kunigal, Koratagere and Turuvekere Taluks, paddy in Chiknaikanahalli and Tiptur Taluks; navane in Sira, Pavagada and Koratagere Taluks; jola in Koratagere and korale in Sira and Pavagada Taluks.

10. Fair in general.

11. Public health is good in general. Small-pox is reported to prevail in Byalya in Madhugiri Taluk.

Plague at Chiknaikanahalli, Mallenahalli, Hosapalya and Halepalya in Tiptur taluk and at Banasandra, Turuvekere taluk. The Health Department is taking preventive measures.

Cattle are reported to be generally healthy. Fodder and water are available.

Labour classes are finding employ.

MYSORE.

8. Well supplied.

9. *Standing crops.*—Paddy, ragi, jola, bengalgram and other pulses are reported to be in good condition. Paddy is being harvested in Periyapatna, Chamarajanagar and T.-Narsipur Taluks.

Crops Harvested.—Chamarajnagar—groundnut, blackgram, greengram.

10. (1) Generally good. (2) Nil. (3) Nil. (4) None under relief. (5) Sufficient quantities of foodgrains are available in all the Depots.

11. Cattle are reported to be healthy. Fodder and water is available to cattle in all the parts of this district.

MANDYA.

8. Fairly well supplied.

9. *Standing Crops.*—Paddy, sugarcane, ragi, horsegram and other dry crops are reported to be in good condition. On account of the cloudy atmosphere and slight rains, the harvested ragi crop and the crop ready for harvest are reported to have suffered to some extent during the week. Paddy in Mandya, Malavalli Taluks is reported to be attacked by some kind of pest.

Seeds sown.—Sugarcane in the Irwin Canal area.

Crops harvested.—Sugarcane in the Irwin Canal area and ragi in all the taluks.

10. The prospects of the season are fair. Sufficient quantities of foodgrains were available. No relief works were started. Rains are continuing and are adversely affecting the harvest operations.

11. The condition of the agricultural stock was generally good. Public health was generally good except for plague in Ganangur, Naguvanahalli and Sabbanakuppe Villages in Seringapatam Taluk and Nagamangala Town. Effective preventive action is reported to have been taken to check the spread of the disease. Cattle are reported to be generally healthy except for Black quarter in Banangodi and Manikanahalli in French-Rocks Taluk. Action is stated to have been taken to check the spread of the epidemic. Fodder and water were available in sufficient quantities.

HASSAN.

8. Well supplied. Rice and ragi are being distributed from Government, Co-operative and Village Panchayet Depots.

Crops sown.—Nil.

Standing crops.—Sugarcane in Hassan, Belur, Alur and Channarayapatna Taluks; Paddy in Hassan, Manjarabad, Arkalgud, Belur, Channarayapatna, Alur and Hole-Narsipur Taluks; Horsegram in Arsikere, Channarayapatna and Hole-Narasipur Taluks; Chillies and Avare in Arsikere and Hole-Narsipur Taluks and Doddaragi and Togari in Hole-Narsipur Taluk are reported to be in good condition.

Crops harvested.—Paddy in some parts of Manjarabad and Alur Taluks, Doddaragi in Hole-Narsipur Taluk; Navane and Save in Arsikere Taluk are being reaped and sugarcane is being milled in some parts of Hassan Taluk. It is reported that the continuous rains have affected the standing paddy crop in parts of Manjarabad Taluk.

10. Prospects of the season are satisfactory.

11. Water and fodder are available for cattle.

Cattle are reported to be healthy.

SHIMOGA.

8. Markets are fairly well supplied.

9. *Agricultural operations.—Seeds sown*—Bengalgram and white jola in Chennagiri Taluk and Hombanda seeds in Shikaripur Taluk are being sown.

Standing Crops:—Paddy and sugarcane are reported to be in fairly good conditions in all taluks. The paddy that has been harvested is reported to have suffered slightly in Kumsi Sub-Taluk on account of the recent rains during the week.

Dry Crops.—Ragi, jola, navane, togari and horsegram in Chennagiri Taluk; chillies and horsegram in Honnali Taluk; horsegram in Shikaripur Taluk and ragi and horsegram in Kumsi Sub-Taluk are reported to be in fairly good condition.

Crops harvested.—Harvesting of paddy is going on in all Taluks. Ragi, jola and navane in Chennagiri Taluk and jola in Honnali Taluk are being harvested.

10. Prospects of the season are reported to be fair in all taluks. Cooly classes find sufficient labour. Foodgrains are available in all parts of the district.

11. Cattle are reported to be generally healthy all over the district. Fodder and water are available to cattle in all taluks.

KADUR.

8. Markets well supplied.

9. *Crops sown.*—Nil.

Standing crops.—Paddy, ragi, jola, sugarcane, avare, and bengalgram in Chikmagalur Taluk; paddy, ragi, avare, groundnut and castor in Kadur Taluk; paddy, ragi, jola in

Tarikere Taluk; paddy and sugarcane in the remaining taluks are the standing crops.

Crops harvested.—Ragi and jola in parts of Chikmagalur Taluk; paddy, ragi and groundnut in parts of Kadur Taluk; paddy, ragi and jola in parts of Tarikere Taluk; paddy in parts of Mudigere Taluk are being harvested.

Public Health.—Public health is generally good in the district except for the prevalence of plague in some villages of Kadur Taluk.

Preventive measures are adopted to check the spread of the disease.

Labour is available and the condition of the labour classes is satisfactory.

10 The seasonal conditions are fair. But paddy crops in parts of Mudigere and Koppa Taluks is damaged by pests on account of excessive rains.

11. Cattle are reported to be generally healthy in the district.

Fodder and water are available.

CHITALDRUG.

8. Markets are well supplied.

9. Sowing Nil.

Standing Crops.—Ragi, jola, and navane, in all the taluks; paddy in Chitaldrug, Challakere, Hiriyur and Holalkere taluks; Horsegram, save, kadle and oil-seeds in Challakere Taluk; togari, avare in Davangere Taluk; wheat, cotton and greengram in Haribar Taluk are reported to be in good condition.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE.
Dated Bangalore
3rd December 1946
5983

S. NARAYANA RAO,
Revenue Commissioner.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, 28TH NOVEMBER 1946.

A total of 45 attacks with 32 deaths from Plague was returned from 15 villages in 13 taluks in 6 districts during the week, against 50 attacks with 34 deaths in the previous week. Cities of Bangalore and Mysore reported nil attack with nil death and nil attack with 1 death respectively, while Kolar Gold Field Area reported free from Plague. Comparative figures for the corresponding week in 1945 and 1944 were 196 attacks with 116 deaths and 171 attacks with 84 deaths, respectively. Civil and Military Station, Bangalore, reported 1 attack with nil death.

A total of 13 attacks with nil death from Small-pox were reported from Goribidnur, Hunsur and Nagar Taluks and from Kolar Gold Fields.

The State remained free from Cholera, Influenza and Relapsing Fever.

The total mortality for Bangalore City amounted to 105 (22 in hospitals) representing a calculated death-rate of 18·9 (14·9 excluding hospital deaths) per mille of population as against 32·2 for the corresponding week of last year. Classified according to causes the deaths numbered: 1 under Malaria, 4 under Other Fevers, 6 under Phthisis, 14 under Dysentery and Diarrhœa and 80 under All Other Causes. The reported mortality was low.

During the week, the Civil and Military Station, Bangalore, returned 68 deaths (12 in hospitals) representing a calculated death-rate of 20·6 (17·0 excluding hospital deaths) per mille of population as against 32·3 for the corresponding week of last year. Classified according to causes, the deaths were Broncho Pneumonia 3, Pneumonia 1, Phthisis 3, Dysentery and Diarrhœa 12, and All Other Causes 49.

The total mortality for Mysore City for 5 days was 45 (20 in hospitals,) representing a calculated death-rate of 18·9 (10·5 excluding hospital deaths) per mille of population as against 10·8 for the corresponding week of last year. Classified according to causes the deaths were Plague 1, Malaria 3, Other Fevers 8, Phthisis 5, Dysentery and Diarrhœa 5, and All Other Causes 35. The reported mortality was very low.

There were 29 deaths for 6 days (7 in hospitals) from all causes in Kolar Gold Field Area equivalent to a calculated death-rate of 11·1 (8·4 excluding hospital deaths) per mille of population as against 24·1 for the corresponding week of last year Classified according to causes the deaths numbered: 2 under Phthisis, 3 under Dysentery and Diarrhœa and 24 under All Other Causes. The reported mortality was very very low.

DISTRICT REPORTS.

8 Markets how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damages done to crops by insects or other natural calamities

10. Prospects of the season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE.

8. Generally well supplied.

9. Ragi and paddy is reported to be reaped in almost all the taluks.

Standing crops.—Ragi, paddy, sugarcane, avare, etc., are reported to be in good condition. It is reported that the recent rains have damaged the harvested ragi to some extent.

10. Rainfall is sufficient and the prospects of crops are good, though the recent rains have to some extent damaged the crops. On account of the adverse seasonal conditions last year, crops were badly affected in parts of Nelamangala, Devanhalli and Anekal Taluks. Arrangements have been made for the supply of foodstuffs to the needy people from Government Depots.

11. Cattle are reported to be generally healthy. Water and fodder are reported to be available

KOLAR.

8. Moderately supplied.

9 Ploughing operations for Vaishakhi paddy are reported.

Seeds sown —Vaisakhi Paddy.

Crops harvested.—Ragi and kathika paddy and groundnut in some parts of the District are being harvested.

Standing crops.—Ragi, paddy, groundnut, avare, thogari were in good condition.

10. Fair

11 Cattle are reported to be healthy. Fodder and water are available.

12. *Public Health* —Public health is generally good except for plague at Byadarahalli, Avani, Kurudumale, Agara, Kallasanahalli and Alamgiri villages and small-pox at Gaddur, a hamlet of Byadarahalli, Mulbagal Taluk. Cooly class find labour.

TUMKUR.

8. Fairly well supplied.

9 *Seeds sown* —Paddy in Tiptur and Pavagada Taluks

Standing crops —Ragi, sugarcane, greengram, groundnut, and horsegram in Tumkur Taluk, ragi, avare, togari and groundnut in Madhugiri Taluk, ragi, horsegram, avare, togari in Chikkanayakanhalli Taluk, ragi, paddy, avare, togari, groundnut, kulthi, navane and cotton in Sira Taluk ragi, avare, togari, jola, horsegram, paddy, sugarcane and groundnut in Gubbi Taluk, ragi jola, avare, togari, castor, gingelly, horsegram in Tiptur Taluk, ragi, paddy, groundnut and navane in Pavagada Taluk, paddy, sugarcane, avare, ragi in Kunigal Taluk ragi, navane, and jola in Koratagere Taluk paddy, sugarcane, ragi, jola, avare, togari castor in Turuvekere Taluk.

Much damage has been caused to ragi crops which were ready for harvest on account of recent continuous rains

Crops harvested.—Groundnut and ragi in Tumkur Taluk, ragi, korale, navane and groundnut in Sira Taluk, ragi and paddy in Tiptur Taluk, hathika, horsegram and groundnut in Pavagada Taluk ragi, navane and jola in Koratagere Taluk, ragi in Turuvekere Taluk.

10. Fair

11. Public health is good in general

Plague is prevalent in Chiknayakanahalli, Gubbi and it surrounding Villages, viz., Tippur, Lakkehally and Herur, in Peddihalli in Tiptur Taluk and in Turuvekere Town.

Preventive measures are afoot

Cattle are reported to be healthy. Fodder and water are available.

Labour classes are finding employment.

MYSORE

8 Well supplied.

9. *Standing crops.*—Paddy, ragi, jola, bengalgram and other pulses are reported to be in good condition

Paddy is being harvested in some parts of Chamarajnagar, Periyapatna and T.-Narsipur Taluks.

Ragi is being harvested in Mysore Taluk.

10. (1) Generally good. (2) Rainfall untimely. (3) Nil. (4) None under relief. (5) Sufficient quantities of foodgrains are available in all the parts.

11. Cattle are reported to be healthy. Fodder and water are available to cattle in all the parts of this district

MANDYA.

8. Fairly well supplied.

9. *Standing Crops.*—Sugarcane is reported to be in good condition in the Irwin Canal area. On account of the heavy rains, the harvested ragi crop is reported to have suffered much in all the taluks. Paddy crop is also reported to have suffered to some extent in French-Rocks, Malavalli, and Maddur Taluks.

Seeds sown.—Sugarcane in the Irwin Canal area.

Crops harvested —Sugarcane in the Irwin Canal area. The harvesting of paddy and ragi, is reported to have been delayed owing to the rains in all the taluks.

10 The prospects of the season are fair. Sufficient quantities of foodgrains were available. No relief works were started.

11. The condition of the agricultural stock was good. Public health was generally good except for plague in Nagamangala Town. Action is reported to have been taken to check the spread of the disease. Cattle are reported to be generally healthy. Fodder and water were available in sufficient quantities.

HASSAN.

8. Well supplied. Rice and ragi are being distributed from Government, Co-operative and Village Panchayet Depots.

Crops sown —Bengalgram has been sown in some parts of Belur Taluk.

Standing crops.—Sugarcane in Hassan, Belur, Channarayapatna and Alur Taluks, paddy in Hassan, Manjarabad, Belur, Arkalgud, Hole-Narsipur and Alur Taluks horsegram in Belur, Channarayapatna, Arsikere and Hole-Narsipur Taluks, blackgram and greengram in Belur Taluk, togari, avare, hucheellu, bengalgram and coriander in Hole Narsipur Taluk and chillies in Arsikere and Hole-Narsipur Taluks are reported to be in good condition.

Crops harvested.—Ragi in parts of Arsikere Taluk paddy in some parts of Manjarabad, Arkalgud, Belur and Alur Taluks are being reaped. Sugarcane is being milled in some parts of Hassan Taluk. The cloudy atmosphere and the constant drizzings have very much affected the harvesting of paddy and other crops, especially in Malnad Taluks and likely to damage the standing crops to some extent.

10. Prospects of the season are fair

11. Water and fodder are available for cattle.

Cattle are reported to be generally healthy except for the prevalance of "Black-quarter" in Siddapura village in Kundur Hobli, Alur Taluk The Veterinary Inspectors are reported to have been addressed for taking remedial measures and to check the spread of the disease.

SHIMOGA.

8. Markets are fairly well supplied.

9. *Seeds sown* —Bengalgram and white jola in Chennagiri Taluk and hombanda seeds in Shikarpur Taluk are being sown.

Standing Crops:—Sugarcane is reported to be in fairly good condition in all taluks.

Dry Crops.—Ragi, jola, navane, togari and horsegram in Chennagiri Taluk, chillies and horsegram in Honnali Taluk, horsegram in Shikarpur Taluk, and ragi and horsegram in Kumsi Sub-Taluk are reported to be in fairly good condition. There has been some damage to crops on account of the unusual rains during this part of the year.

Crops harvested.—Paddy in all Taluks. Ragi, jola, navane in Chennagiri Taluk jola in Honnali Taluk are being harvested Standing crop is reported to be damaged to some extent in Chennagiri Taluk on account of heavy rainfall Harvesting of paddy is reported to be affected in Thirthahalli Taluk and Kumsi Sub-Taluk due to recent rains and cloudy weather.

10. Prospects of the season are reported to be generally fair in all taluks. Standing and cut crops have been affected to some extent due to unusual rains in November 1946. Cooly classes find sufficient labour. Foodgrains are available in all taluks

11. Cattle are reported to be generally healthy all over the district Fodder and water are available in all taluks.

KADUR.

8. Markets well supplied.

9. *Crops sown.*—Nil.

Standing crops.—Paddy, ragi, sugarcane, avare, and bengalgram in Chikmagalur Taluk, jola, ragi, avare, bengalgram, castor, groundnut and coriander in Kadur Taluk; paddy, and sugarcane in the remaining Taluks are the standing crops.

Crops harvested.—Paddy and ragi in Chikmagalur Taluk, ragi and groundnut in Kadur Taluk, paddy, ragi, jola in Tarikere Taluk, paddy in parts of Mudgere and Koppa Taluks are being harvested.

All the standing crops and the crops that have been reaped have been badly damaged by unseasonal rains.

Public Health.—Public health is generally good in the district except for the prevalence of plague in Chickmagalur Town and in some villages of Kadur Taluk.

Preventive measures are adopted to check the spread of the diseases.

Labour is available and the condition of the labour classes is satisfactory.

10 The seasonal conditions are unsatisfactory.

11. Cattle are reported to be generally healthy in the district.

Fodder and water are available.

CHITALDRUG.

8. Markets are well supplied.

9. Sowingof Bengalgram in Challakere Taluk is reported to be in progress.

Standing Crops.—Ragi, jola, and navane in all the taluks, paddy in Chitaldrug, Challakere, Hiriyur and Holalkere taluks, horsegram, save, kadle and oil-seeds in Challakere Taluk, togari, avare in Davangere Taluk; Thogari, greengram, cotton, bilijola, wheat in Harihar Taluk are reported to be in good condition.

Harvest.—Mungari jola, ragi, navane and sajje in all the taluks; paddy in Chitaldrug and Challakere are reported to have been harvested.

10 Relief works have been started and are in progress in all the taluks except Davangere and Harihar. Separate special fortnightly report is being sent to Government and the Revenue Commissioner.

11. Cattle are reported to be generally healthy in the District except for the prevalence of (ಗಳಲೆರೋಗ) in Dhulihole Village, Holalkere Taluk. Preventive measures are reported to have been taken by the Veterinary Department to check the spread of the desease.

Water and fodder are available.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Dated Bangalore 10th December 1946

S. NARAYANA RAO,
Revenue Commissioner.

4195

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, THE DECEMBER 5TH 1946.

A total of 44 attacks with 20 deaths from Plague was returned from 17 villages in 13 taluks in 5 districts during the week against 45 attacks with 32 deaths in the previous week. Cities of Bangalore and Mysore and Kolar Gold Field area reported free from Plague Comparative figures for the corresponding week in 1945 and 1944 were 181 attacks with 105 deaths and 250 attacks with 153 deaths respectively.

A total of 8 attacks with 1 death from Small-pox were reported from Nagamangala, Hunsur and Tumkur Taluks.

The State remained free from Cholera, Influenza and Relapsing Fever.

The total mortality for Bangalore City amounted to 126 (40 in hospitals) representing a calculated death-rate of 22·7 (15·5 excluding hospital deaths) per mille of population as against 33·3 for the corresponding week of last year. Classified according to causes the deaths numbered: 6 under Malaria, 2 under Typhoid, 4 under Other Fevers, 5 under Phthisis, 10 under Dysentery and Diarrhœa and 95 under All Other Causes. The reported mortality was low.

During the week the Civil and Military Station, Bangalore, returned 78 deaths (11 in hospitals) representing a calculated death-rate of 23·7 (20·3 excluding hospital deaths) per mille of population as against 26·5 for the corresponding week of last year. Classified according to causes the deaths were, Malaria 1, Broncho Pneumonia 1, Pneumonia 6, Phthisis 1, Dysentery and Diarrhœa 15 and All Other Causes 54.

The total mortality for Mysore City for one day was 15 (10 in hospitals) representing a calculated death rate of 31·5 (10·5 excluding hospital deaths) per mille of population as against 23·4 for the corresponding week of last year. Classified according to causes the deaths were: Malaria 1, Dysentery and Diarrhœa 1, and All Other Causes 13.

There were 32 deaths for 6 days (6 in hospitals) from all causes in Kolar Gold Fields area equivalent to a calculated death-rate of 12·2 (9·9 excluding hospital deaths) per mille of population as against 35·6 for the corresponding week of last year. Classified according to causes the deaths numbered, 2 under Dysentery and Diarrhœa and 30 under All Other Causes. The reported mortality was very very low.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,

Dated Bangalore, 17th December 1946

4420

S. NARAYANA RAO,
Revenue Commissioner.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, 12TH DECEMBER 1946.

A total of 49 attacks with 17 deaths from Plague was returned from 19 villages in 14 taluks in 6 districts during the week, against 44 attacks with 20 deaths in the previous week. Cities of Bangalore and Mysore reported 2 attacks (imported 2) with 1 death (imported 1) and nil attack with 1 death respectively, while Kolar Gold Field Area reported free from Plague. Comparative figures for the corresponding weeks in 1945 and 1944 were 199 attacks with 92 deaths and 250 attacks with 153 deaths, respectively. Civil and Military Station, Bangalore, reported nil attack with 1 death.

A total of 13 attacks with 4 deaths from Small-pox were reported from Nagamangala, Maddur, Malvalli, Chamarajnagar and Channagiri Taluks.

One attack with nil death death from Cholera was reported from Bellala Bommasandra village in Kasaba Hobli in Goribidnur Taluk.

One fatal case of Influenza was reported from the Civil and Military Station, Bangalore.

The State remained free from Relapsing Fever.

The total mortality for Bangalore City amounted to 139 (45 in hospitals) representing a calculated death-rate of 25·0 (16·9 excluding hospital deaths) per mille of population as against 33·3 for the corresponding week of last year. Classified according to causes the deaths numbered 1 under Plague, 1 under Malaria, 6 under Other Fevers, 5 under Phthisis, 15 under Dysentery and Diarrhœa and 111 under All Other Causes. The reported mortality was normal.

During the week, the Civil and Military Station, Bangalore, returned 90 deaths (14 in hospitals) representing a calculated death-rate of 27·3 (25·1 excluding hospital deaths) per mille of population as against 27·7 for the corresponding week of last year. Classified according to causes, the deaths were Plague 1, Broncho Pneumonia 3, Pneumonia 9, Phthisis 1, Dysentery and Diarrhœa 14, and All Other Causes 62.

The total mortality for Mysore City for 6 days was 102 (25 in hospitals), representing a calculated death-rate of 35·8 (27·0 excluding hospital deaths) per mille of population as against 14·4 for the corresponding week of last year. Classified according to causes the deaths were. Plague 2, Malaria 1, Typhoid 1, Other Fevers 4, Phthisis 1, Dysentery and Diarrhœa 3, and All Other Causes 87. The reported mortality was high due to All Other Causes.

There were 34 deaths (1 in hospitals) from all causes in Kolar Gold Fields Area equivalent to a calculated death-rate of 11·1 (10·7 excluding hospital deaths) per mille of population as against 18·8 for the corresponding week of last year. Classified according to causes the deaths numbered: 3 under Dysentery and Diarrhœa and 31 under All Other Causes. The reported mortality was very very low.

No. O. C. 122—1945-46. Sealed tenders duly signed by the contractor will be received by the undersigned up to 4 P.M. on 15th January 1946, for certain Town Improvement works in Krishnarajanagar Town, details of which can be had at the office of the President.

Tenders must be based on percentage basis taking the estimate as a whole and not on individual items, *i.e.*, at percentage less or more than or at estimate rates. In case of non-tendered items usual schedule rates or rates as per data will be allowed.

The final acceptance of the tender will restwith the President, Krishnarajanagar Town Municipal Council, and particulars regarding rates, etc., can be had at the Office of the President, on all working days between 11 A.M. and 5 P.M. The President does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender. The name of the successful contractor will be notified on the notice board of the Town Municipal Office and he should execute the necessary agreement within eight days failing which his tender will be cancelled and the earnest money forfeited to the Municipality.

The works should be completed by the end of June 1946.

The rejected tenderers should apply and get refund of their earnest money.

Each tender should be accompanied by treasury chellan for the earnest money paid to the Treasury to the credit of the Krishnarajanagar Town Municipal Funds.

671 V. SHANKARAPPA, *President.*

SCHEDULE.

I. 1. Electric motor driven unit—Direct driven 80 to 100 gallons per minute against static head of 150 feet maximum (to suit a 20 H. P. Motor detailed below) :—

Size and length of pipe line.

2. Length of C. I. main 2½"—1000 ft. (delivery).
3. G. I. Pipes 2000 ft. 2" to 1½"
   —do—600 ft. 3".
4. Suction 3" or 4".

II. 20 H. P. Motor of specification noted below :—

Type of Motor	A. C. Induction Squirrel Cage
Type of Casing	Drip proof protected
Rating	20 and 25 H. P. continuous with an overload capacity of 25% for two hours
Speed	1450/1500 R. P. M
Volts/Phase	220/Volts, 3 phase
Frequency	The motors should be suitable for use on 25 cycles at present and be capable of being converted for use on 50 cycles system later on but with the same speed

Temperature rise	...	It should not exceed 40°C over an ambient temperature of 35°C
Type of bearings	...	End shield ball or roller bearings
Mounting	...	The motors which are intended to drive centrifugal pumps should be capable of mounted on a common bed-plate along with the pumps.
Drive	...	Direct flexible coupling
Starting current	.	Should not exceed 1·75—times full load current
Frequency variation	..	+2½% — ...
Voltage variation	...	+ ... —5%
Efficiency and Power Factor	...	Should be the maximum at full load and shall not be less than 82% and 0·90 respectively but actual figures should be specified.
Starting Equipment	...	The starters shall be manually operated star-delta, oil immersed, wall mounting type fitted with 3-over-load and no-load releases. It should also be designed to operate on 220 Volt, three phase, 25 cycles system in the first instance and later on, on 220-volts, 3-phase and 50 cycles system and should be provided with an ammeter suitable for both the frequencies. The starter should be simple and foot-proof.

The motors and starters shall fully conform to the latest B. S. S. or A. I. E. E. specifications. The windings of the motors should be specially impregnated to withstand tropical climatic condition and the starter core-slots should be such that in case of a break down the windings can be replaced easily.

The tenderers may offer alternative quotations for the motors and their starters suitable for use on 25 cycles only. They should also furnish full illustrated and detailed specifications of the equipment offered.

III. The following accessories should be included in the quotation :—

1 Two foot valves with strainer (Metal fan type).
2 Two sluice valves (Glenfield and Kennedy).
3 Two non-return valves.
4 One complete set of neck rings and end sleeves, etc.
5 One complete set of roller and ballbearing for pumps as spares
6 One set of glands as spares.
7 One greaseguns.
8 Two pressure and two vacuum gauges with control cocks.
9 One set of set spanners.
10 One set of spare impellers and spare and stand by.

4272 K. RAMASESHAN, *Ex. Engr.*

MISCELLANEOUS DEPARTMENTS

MYSORE DISTRICT.

(DEPARTMENT OF FOOD SUPPLIES).

Notification dated 25th December 1945

No. C. S. 6 496—45-46. It is hereby notified to the information of the public that about 192 bags of Urad and 139 bags of Urad dhal stocked in the Government Central Depot, New Sandipet, Mysore, will be sold by public auction at the Depot at 9 A.M. on the 20th January 1946.

The terms of sale are as follows.—

1. The highest bidder must deposit 25 per cent of the sale amount on the spot, as soon as the sale is concluded and pay up the balance on information of confirmation of the sale. In default thereof, the deposited amount will be forfeited to Government and the commodities will be sold at his risk, without his participating in any profit that may accrue in the resale.

2. The sale will be conducted by the Food Assistant or any other subordinate officer deputed by the Deputy Commissioner, Mysore District, Mysore, and is subject to the confirmation by the Director of Food Supplies in Mysore, Bangalore, who reserves the right of accepting or rejecting any bid without assigning any reason therefor.

3. The removal of the consignment will only be permitted after full payment is made for the same.

4. The commodities may be inspected at the depot by the prospective buyers between 9 A.M. and 5 P.M. on any working day.

5. The purchaser should remove the consignments within three days after he is informed of the confirmation of the sale.

4281

Notification dated 25th December 1945

Tender for Transport of Coorg Paddy during 1946.

No. C S8. 76—45-46. Sealed tenders will be received in the Office of the Deputy Commissioner (Food Supplies Department.) Mysore District, Mysore, up to 5 P.M. on the 10th January 1946, for supply of lorries about 25 to 30 in number for transporting paddy from several centres in Coorg to various places in Mysore District. Tenders received after the time fixed will not be considered.

2. Tenders should be addressed to the Deputy Commissioner, Mysore District (Food Supplies Department), Mysore, in a sealed cover superscribed "Tender for Transport of Coorg paddy from Coorg centres to Mysore District." Each tender must accompany with a treasury challan for a sum of rupee two hundred as earnest money deposited under "Income

Deposit" in any Government Treasury in the name of the Deputy Commissioner, Mysore District, Mysore.

3. Tenders will be opened after the expiry of the time fixed for receiving the tenders, by the Deputy Commissioner, Mysore District, and the name of the successful tenderer will be posted on the notice board, and the earnest money of the successful tenderer will be retained and he should execute necessary agreement in the prescribed form within seven days of acceptance of the tender, failing which the earnest money so deposited by the tenderer is liable to be forfeited to Government. The amount deposited by the unsuccessful tenderers will be refunded to them.

4. The right of accepting or rejecting any tender vests in the Deputy Commissioner, Mysore District, without assigning any reason whatsoever. The successful tenderer must be prepared after executing the agreement to deposit with the Deputy Commissioner, Mysore District, a sum of rupees two thousand, as security for carrying out the terms of the agreement. He must also be prepared to make good any loss to Government in case of failure to execute the terms of the contract, without recourse to any court of law, in addition to the forfeiture of the security amount.

5. The tender should contain, apart from other particulars the number of lorries that can be supplied in a batch of not less than ten lorries, which should be in perfect condition and the lorries should have the capacity to carry not less than four tons in a trip.

6. The tenderer should be prepared to run the lorries every day after the 20th of January 1946, as per instructions of the Food Assistant to the Deputy Commissioner, Mysore District, Civil Supply Inspector, or the Officer in charge of the Government Central Depot, Mysore.

7. The tenderer should keep one or two lorries in reserve with a view to substitute for any lorry that may go out of order or for any other contingency.

8. Each lorry thus supplied, should bring every day a minimum load of sixty bags of 83 seers (Mysore measure) from Coorg to any place in Mysore District or any other place in Mysore State for about four to five months from 20th January 1946.

9. No loads should be carried in the return journey from Mysore District to Coorg, except those given by the undersigned or any officer deputed by him. In case any loads are carried in return trips, the lorry hire payable to the contractor will be deducted proportionately.

10. The rate (for running mile for a unit of sixty bags of 83 seers) for carrying loads from several places in Coorg to Hunsur or to Mysore or any place thereof should be given separately and these rates should not exceed those prescribed by Government (Annas twelve for running mile for trips from Coorg to Mysore and annas ten for running mile for trips within the State).

11. The quantity to be transported will be about 15,000 tons of paddy (approximately).

12. In all matters of disputes of any kind not specially provided in the agreement, the decision of the Deputy Commissioner, shall be final and legally binding.

13. This contract should not be sublet.

14. No claim for damages for any delay caused by the officers of the Department in the execution of the work will be considered, whatever may be the reason for such delay. Extension of time due to delay caused by the department or in the usual course of events will however be considered on the merits of the case.

15. The various places in Coorg from which paddy has to be transported and the mileages from and to places may be verified in the office of the undersigned during the office hours on any working day.

696 R. MADHAVAN, *Ml. Engr.*

CHITALDRUG DIVISION.

Tender Notification dated 29th December 1945.

1. Sealed tenders will be received at the office of the Executive Engineer, Chitaldrug Division, Chitaldrug, up to 3 P.M. on 21st January 1946, for constructing a bridge across Vedavathi River on Hiriyur-Dharmapur road at Byadarahally village.

2. Each tender must be accompanied by a treasury challen for Rs. 3,650 (rupees three thousand six hundred and fifty only) credited to the treasury under "17. (*a*) P.W. Deposits" in cash or Government Promissory Note or Mysore Government bond duly endorsed at the face value or market value, whichever is less as earnest money. The earnest money of the successful tenderer will be retained as security deposit for the fulfilment of the contract.

3. The work must be completed by the end of October 1946 and monthly progress should not be less than Rs. 8,000.

4. Intending contractors wishing to tender should obtain details as to the terms of the tender, etc., by attending in person at the office of the Executive Engineer, Chitaldrug Division and copies of the contract schedule and estimate may be seen at any time on all working days between 11 A.M. to 5 P.M. and copies of abstract forms may be obtained on payment of Re. 0-4-0 per form.

5. The contractors must quote percentages more or less than the sanctioned estimated rates The final acceptance of the tender will rest with the Executive Engineer who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any.

4299 T. C. NAGARUMARIAH, *Ex Engr.*

MISCELLANEOUS DEPARTMENT

OFFICE OF THE COMPILER, *MYSORE GAZETTE.*

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matters intended for publication in Parts I, II, III, IV, V and VI should therefore reach this office not later than *Monday Evening*, and that for Part II not later than *Tuesday Evening* for the following Thursday's issue of the Gazette. All matters received later than those days will be kept by for insertion in the following issue of the Gazette. (G. O. No. P. 988-1040—P. & S. 12-30-2, dated 26th July 1930.)

2. (i) Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its re-setting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect stating the number of copies, should be made at foot of such manuscript.

(ii) Indents for less than 100 spare copies should not be sent to the Press, subject to the exceptions contained in G. O. No. G. 14330-95—P. & S 5-19-9, dated 23rd December 1919, in regard to notices calling for tenders for the purchase of stores or for the execution of works. When a few copies only are required, they may be made available by the use of carbon sheets simultaneously with the preparation of a copy for the Gazette, as laid down in the above Government Order. (Letter No. G. 10382—P. & S. 99-37-2, dated 30th June 1938, received from the Secretary to Government, Development Department.)

(iii) When indents for an unusually large number of spare copies are sent, such instances will be brought to the notice of Government, as per letter No. G. 10382—P. & S. 99-37-2, dated 30th June 1938, received from the Secretary to Government, Development Department.

3. Matter sent for insertion in the Gazette will be published *only once* and the abstract in two issues. (G. O. No. G. 2915-6—P. & S. 44-25-2, dated 18th September 1926).

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. As per G. O. No. E. 1892-1902—P. & S. 12-23-13, dated 8th December 1923, and G. O. No. 5139-95—P. & S. 52-30-1, dated 12th November 1930, the English or the Kanarese portion of the *Mysore Gazette*, consisting only of the five Parts, *viz.*, I, II, III Section 1, III Section 3, IV and V taken together or an entire copy of the English or Kanarese Gazette containing all the parts will be supplied only to Patels, Nad-Patels, Shanbhogs and Sheikdars within the State at *half* rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bona fide* on duty at the time or that he is on leave for a period not exceeding three years. Such subscribers will please note that the Gazette cannot be had *in separate parts* at concession rates under any other conditions and that they have to pay the full subscription for the part or parts required.

6. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such money should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the State.

7. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons. They are requested to insert invariably the name of the Post Office to which their copy should be sent.

8. Communications on post cards or on paper less than quarter sheet of foolscap will not receive attention; and no communication should be sent on Government Service by private parties.

9. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

10. Complaints regarding non-receipt of the Gazette should be forwarded to the undersigned within a week after the date on which it is due.

11. (*a*) The rates of annual subscription to the Gazette, *for subscribers within the Mysore State* which are payable in advance, are as follows :—

(*G. O. No. G.* 6148-204—*P. & S.* 54-30-2, *dated* 15*th December* 1930.) (a)

PART VI
PUBLIC ADVERTISEMENTS

FOREST DEPARTMENT

BANGALORE FOREST DIVISION.

Notification dated 18th December 1946.

It is hereby notified for the information of the public that the right of quarrying stones and slabs in Chickmangudda State Forests, Channapatna Range, from the date of confirmation of the sale till the end of June 1946, will be sold by public auction by the District Forest Officer, Bangalore or any other officer deputed by him at 4 P.M. on 21st January 1946 at the Range Forest Office, Channapatna.

Conditions of the Sale.

(1) Each bidder must deposit Rs. 25-0-0 as earnest money *before he is allowed to bid*

(2) At the close of the sale, the sale amount in full with cesses should be paid deducting the earnest money paid by the highest bidder. If the highest bidder does not pay the full sale amount with cess at 0 1-9 per rupee at the close of the sale, a resale will be held and the money paid by the defaulting bidder will be forfeited to Government The earnest money paid by the unsuccessful bidders will be returned.

(3) Within seven days from the date of receipt of intimation of the confirmation of the sale, the highest bidder should deposit 25 per cent of the sale amount as security and execute a bond on ten annas stamp paper. Failure to do so, will *involve the cancellation of the sale and forfeiture of all money* paid and resale of the lease at the risk of the original purchaser who will be held responsible for any loss in the resale and such resale which will be recovered as arrear of land revenue. The defaulting purchaser will not, on the other hand, be entitled to profit if any realise in the resale.

(4) The lease should not be sublet without the written permission of the District Forest Officer.

(5) The lessee should observe all the rules regarding kindling of fire, etc., He should remove stones only under the passes issued by the Range Officer or authorised by him.

(6) The lessee should keep an account of stones quarried and removed and render monthly copy thereof to the Range *Officer*, Channapatna.

(7) No damage should be caused to the tree growth or grass by cutting or burning it. He shall pay a fine of Rs. 10-0 0 per tree or per acre (in case of grass) damaged if this condition is violated.

4200 MAHAMED AHMED, *D. F. O.*

HASSAN DISTRICT.

Resale Notification dated 5th January 1946

It is hereby notified for the general information that the right of collecting Tangadi and Kakke barks on all State Forests, Minor Forests, Village Forests, Reserved and other Government unoccupied lands from the date of confirmation of this resale to 31th June 1946 in Arsikere Taluk, will be resold at the risk of the original purchaser by public auction by the District Forest Officer, Hassan, at his office at 3 P.M on 25th January 1946, since the original lessee has failed to pay up Khist amount in spite of reminders issued to him.

For detailed sale conditions please refer to Notification No. S. 238-587—4144, dated 12th April 1944 of the Chief Conservator of Forests in Mysore, Bangalore, published in the *Mysore Gazette*, Part VI, page 235, dated the 20th April 1944.
